2. Each member shall be, at the time of his election and continuously thereafter, an enrolled member of the party and a resident of the unit from which he is elected except as hereinafter provided.

2. If such committee or a state convention of the party shall provide by rule for representation by gender on such committee, the rules of such committee relative to additional members, either from election districts or at large, shall be formulated and applied in such manner that the whole membership shall be divided among genders as provided by the rules of such committee. The county committee, upon its organization after the election of its members, or at any time thereafter, may determine that a vacancy or vacancies in such committee exists by reason of an increase in the number of election districts within the county occasioned by a change of the boundaries of one or more election districts, taking effect after such election, and may determine the districts that the elected members shall represent until the next election at which members of such committee are elected. A vacancy so determined to exist shall be filled as provided in subdivision one.

The chairman of the county committee of each party or such person as may be designated by the rules of the county committee shall file with the board of elections not later than two weeks before the first day on which designating petitions for a primary election may be signed, a statement of the party positions to be filled by such party at such primary election, and the number of persons to be elected to each position; provided, however, that failure to file such statement shall not

be construed as a prerequisite to filing designating petitions for such position.

1-a. Expired and deemed repealed Dec. 31, 2022, pursuant to L.2022, c. 17, § 2.

2. If the party positions to be filled are elected from a district which includes parts of two or more counties, the chairman of the state committee of each party or such person as may be designated by the rules of the state committee shall file such statement with the state board of elections and the board of elections for each county within such district.

3. In each county within the city of New York, and in each county outside of such city where the rules of the county committee of a party provide for the election of assembly district leaders, or one assembly district leader and one associate assembly district leader from parts of an assembly district, the statement filed by such committee shall also set forth the election districts contained within each such part of such assembly district.

§ 2-122. National party conventions; delegates, election

Delegates and alternates to a national convention of a party shall be elected from congressional districts, or partly from the state at large and partly from congressional districts, as the rules of the state committee may provide. Such delegates and alternates from the state at large shall be elected by the state committee or by a state convention of the party, as the rules of the state committee shall prescribe. If the rules of a national party provide for representation by gender among delegates elected from districts, such district delegates shall be elected separately by gender. District delegates and alternates to national party conventions and delegates, and alternates, if any, to such a state convention shall be elected at a primary. All delegates and alternates to a national party convention shall be enrolled members of such party. When any such rule provides for representation by gender, the designating petitions and primary ballots shall list candidates for such party positions separately by gender marker. In providing for such

representation, the party shall establish rules that provide for the ability of individuals who do not exclusively identify as a binary gender to serve as delegates and which respect individuals' gender identity.

(L.1976, c. 233, § 1. Amended L.1978, c. 177, § 1; L.2022, c. 231, § 4, eff. June 26, 2022.)

§ 2-122-a. National convention; national party conference

*[Expires and deemed repealed Dec. 31, 2024,
pursuant to L.2023, c. 474, § 18.]*

1. *The rules of the state committee of a party may provide that the delegates and alternate delegates to a national convention or national party conference be elected by a combination of all of the following methods:*

a. By votes cast at a primary election for candidates for the office of president of the United States in which the names of candidates for such office appear on the ballot;

b. By votes cast at a primary election for candidates for the positions of delegate and alternate delegate to a national convention in districts no larger than congressional districts; and

c. By the state committee or a committee of the state committee at a meeting or convention called for such purpose as the rules of the party may provide.

2. *If the rules of a state committee adopted pursuant to the provisions of this section provide for a primary election in which the office of president of the United States appears on the ballot, designation of candidates for such office shall be made pursuant to the provisions of sections 6-100, 6-118, 6-122 (except that such candidates need not be citizens of New York but only citizens of the United States), 6-130, 6-132 (except that references to a committee to fill vacancies shall be deemed references to a committee to receive notices and individuals appointed to such committee to receive notices shall not be required to file a certificate of acceptance), 6-134, 6-144, the provisions with respect to declinations in subdivisions one and two of section 6-146 (except that references to a committee to fill vacancies shall be deemed references to a committee to receive notices and individuals appointed to such committee to receive notices shall not be required to file a certificate of acceptance), 6-154, and*

subdivisions one, one-b and the provision with respect to declinations in subdivision two of section 6-158 (except that such candidates may decline such designations not later than February sixth, two thousand twenty-four) of this chapter. The state board of elections shall forthwith notify the appropriate county boards of elections of any such declination filed.

3. Designating petitions, where required for candidates for the office of president of the United States to be voted on by voters of the entire state in a primary election, must be signed by not less than fifteen thousand of the then enrolled voters of the party in the state.

4. If the rules of a state committee provide for a primary election in which the office of the president of the United States appears on the ballot, in addition to the spaces on the ballot with the names of the candidates designated for such office there may be a space with the word “uncommitted”. The “uncommitted” space shall be listed on the ballot provided that a designating petition for such “uncommitted” space which meets the same requirements as a petition designating a candidate for the office of president of the United States is filed in the same manner as is required for such a petition.

5. a. The form of a petition requesting that an “uncommitted” space be listed on the ballot at a primary election for the office of president of the United States held pursuant to the provisions of this section shall be substantially as follows:

I, the undersigned, do hereby state that I am a duly enrolled voter of the Party and entitled to vote at the next primary election of such party to be held on the day of 20..., that my place of residence is truly stated opposite my signature hereto, and I do hereby request that an “uncommitted” space be listed on the ballot at the primary election of such party for the office of president of the United States.

b. The appointment of a committee to receive notices shall be in the form prescribed for a petition for an opportunity to ballot. The signatures on the petition with all the required information and the signed statement of a witness or authentication by a person authorized to take oaths shall be in the form prescribed for a designating petition for such office.

6. a. *If the rules of a state committee, adopted pursuant to the provisions of this section, provide that the positions of delegate and alternate delegate to a national convention appear on the ballot, designation of candidates for such positions shall be made pursuant to the provisions of sections 6-100, 6-118, 6-122, 6-130, 6-132 (except that references to a committee to fill vacancies shall be deemed references to a committee to receive notices and individuals appointed to such committee to receive notices shall not be required to file a certificate of acceptance), 6-134, 6-144, the provisions with respect to declinations in subdivisions one and two of section 6-146 (except that references to a committee to fill vacancies shall be deemed references to a committee to receive notices and individuals appointed to such committee to receive notices shall not be required to file a certificate of acceptance), 6-147, 6-154, and subdivisions one, one-b and the provision with respect to declinations in subdivision two and subdivision three of section 6-158 of this chapter.*

b. *Candidates for the positions of district delegate and alternate district delegate to a national party convention pursuant to the provisions of this section shall be enrolled members of such party and residents of the district in which they are candidates. The board of elections with which a petition is filed shall conduct a prima facie review of the enrollment status of candidates for district delegate and alternate district delegate to determine ballot eligibility. The congressional districts used for the election of such delegates and alternate delegates shall be those districts in effect for the two thousand twenty-two congressional elections.*

c. *Designating petitions for candidates for such positions must be signed by at least five hundred enrolled voters of the party residing in the district in which such candidates are designated, or by at least one-half of one percent (0.5%) of the then enrolled voters of such party in such district, whichever is less. Such petition signature requirement shall be computed using the official February twenty-first, two thousand twenty-three enrollments published by the state board of elections.*

d. *The designating petition for any such candidate or candidates shall have printed thereon prior to the affixing of any signatures thereto, a legend naming the presidential candidate whom such candidates are pledged to support, or a legend that*

PARTY ORGANIZATION

§ 2-122-a

such candidates are uncommitted. Such legend shall be part of the title of such position.

e. No designating petition containing the names of more than one candidate for either such position shall be valid under this section, for purposes of delegates and alternate delegates, unless all such candidates for such positions have printed on such petition the legend that they are pledged to the same presidential candidate or unless all such candidates for such positions have printed on such petition the legend that they are uncommitted.

f. On the designating petition shall appear, in parenthesis, the letter (M) if the candidate identifies as male, the letter (F) if the candidate identifies as female or the letter (X) if the candidate identifies as any gender other than female or male. No designating petition containing the names of more than one candidate for either such position shall be presumptively valid unless among the candidates for delegate as a group, and among the candidates for alternate as a group, the variance within each group between those identifying as male and those identifying as female shall be no greater than one.

g. In the event that a designating petition is filed for candidates for such positions listed as pledged to support a presidential candidate or as uncommitted, and the name of such presidential candidate, or the word uncommitted, will not appear on the ballot at the presidential primary election in two thousand twenty-four, then the petition designating such candidates for such positions shall be null and void and the names of such candidates for such positions shall not appear on the ballot.

h. Every board of elections with which designating petitions are filed pursuant to the provisions of this section shall, not later than four days after the last day to file such petitions, file with the state board of elections by express mail or by electronic transmission, a complete list of all candidates for delegate and alternate delegate together with their residence addresses, the districts in which they are candidates and the name of the presidential candidate whom they are pledged to support or that they are uncommitted. Such boards of elections shall, not later than the day after a certificate of declination or substitution is filed with respect to any such candidate, file such information

with respect to such candidate with the state board of elections by electronic transmission.

7. a. *The rules of a state committee adopted pursuant to the provisions of this section may provide that no candidate for the positions of delegate and alternate delegate may appear on the ballot as pledged to support a particular presidential candidate, or as uncommitted, unless the name of such candidate for such position appears on a certificate listing the names of those candidates for such positions who have filed statements of candidacy for such positions with the secretary of the state committee within the time prescribed by such rules and who, if their statements of candidacy contained a pledge of support of a presidential candidate, were not rejected by such presidential candidate. Such certificate shall also list the address and gender of each such candidate for delegate and alternate delegate and the district in which such candidate may appear on the ballot.*

b. *Such certificate shall be filed by the secretary of such state committee, with the board of elections with which the designating petitions for such candidates for such positions are required to be filed, not later than January twenty-third, two thousand twenty-four.*

c. *In the event that a designating petition for candidates for such positions, listed as pledged to support a presidential candidate, contains the names of one or more persons who have not been permitted by such presidential candidate to appear on the ballot as so pledged pursuant to the provisions of this section, then the names of such candidates shall not appear on the ballot but the names of other candidates on such petition who have been permitted by the presidential candidate to appear on the ballot shall be placed on the ballot provided that such candidates are otherwise eligible and that such petition is otherwise valid.*

d. *The state board of elections shall send a copy of the certificate required by section 4-110 of this chapter to the secretary of the state committee of each party conducting a primary pursuant to the provisions of this section not later than February eighth, two thousand twenty-four. Every other board of elections with which designating petitions for delegate and alternate delegate were filed pursuant to the provisions of this*

section shall, not later than February ninth, two thousand twenty-four, send a list of the names and addresses of those candidates who will appear on the ballot to the secretary of each such state committee.

8. a. If the rules of a state committee adopted pursuant to the provisions of this section provide for an election in which candidates for the office of president of the United States and the word “uncommitted” and candidates for the positions of delegate and alternate delegate to a national convention appear on the ballot, such ballot shall be arranged in the manner prescribed by this section.

b. The name of each candidate for the office of president of the United States who has qualified to appear on the ballot and the word “uncommitted,” if a valid designating petition to place such word on the ballot was filed with the state board of elections, shall appear in a separate row or column. The names of all the candidates for delegate to a national convention who filed designating petitions containing a legend naming the presidential candidate whom they are pledged to support or stating that they are uncommitted shall be listed in such row or column immediately under or adjacent to the name of such presidential candidate or the word “uncommitted,” followed by the names of all candidates for alternate delegate to such convention who filed such petitions. If the number of candidates, or groups of candidates for delegate and alternate delegate who are pledged to support a particular presidential candidate or who are uncommitted is greater than the number who may be listed in one row or column and if there are more rows or columns available on the ballot than are required for the candidates for president who have qualified to appear on the ballot, then the board of elections shall use two rows or columns on such ballot to list the names of such candidates for delegate and alternate delegate.

c. The order of the names of candidates for the office of president and the word “uncommitted” on the ballot and the order of the names of candidates for the positions of delegate or alternate delegate within a particular row or column shall be determined pursuant to the provisions of subdivision three of section 7-116 of this chapter except that names of candidates for such positions who are designated by individual petitions and not in a group shall have their positions determined by lot in the

same drawing as groups and except further that candidates or groups of candidates for delegates and alternate delegates designated by the same petition shall be treated as one group for the purposes of such determination by lot. The provisions of subdivision six of such section 7-116 of this chapter shall not apply to any election conducted pursuant to the provisions of this section.

d. Immediately following the name of each candidate for delegate and alternate delegate on the ballot shall appear, in parenthesis, the letter (M) if such candidate identifies as male, the letter (F) if such candidate identifies as female, or the letter (X) if such candidate identifies as any gender other than female or male.

9. All primary elections conducted pursuant to the provisions of this section shall use only voting systems authorized by title two of article seven of this chapter.

10. Persons entitled to vote pursuant to section 11-200 of this chapter shall be entitled to sign designating petitions for, and vote in, any election held pursuant to the provisions of this section.

11. If the rules of a state committee provide for a primary election in which the office of president of the United States and the positions of delegate and alternate delegate to a national convention appear on the ballot pursuant to the provisions of this section, the state board of elections and the county boards of elections as the case may be shall canvass the results of such primary election for such office and positions pursuant to the provisions of sections 9-200 and 9-202 of this chapter, and shall certify to the secretary of the state committee of such party the votes cast for each candidate for such office and positions in such primary election and the votes cast for the "uncommitted" preference, tallied separately by congressional districts, except that no candidate or "uncommitted" preference shall be certified as nominated or elected to any such office or position.

12. Except as provided in this section and party rules and regulations, all provisions of the election law, except any provisions of section 2-122 of this article which are inconsistent with this section and those sections and subdivisions of article six of

this chapter not specified in this section, shall apply to elections conducted pursuant to this section.

§ 2-122-b. Presidential primary

*[Expires and deemed repealed Dec. 31, 2024,
pursuant to L.2023, c. 474, § 18.]*

1. *Applicability. The selection of delegates and alternate delegates from New York state to the national convention of the Republican party in each year in which electors of president and vice-president of the United States are to be elected shall be conducted pursuant to the provisions of this section. The state committee of any other political party may, by rule or resolution, opt to conduct the selection of delegates and alternate delegates in any such year in accordance with the provisions of this section. A certified copy of such rule or resolution shall be filed with the state board of elections no later than twenty weeks prior to the date of such election.*

2. *General provisions. The awarding of delegates and alternate delegates to a national convention or conference of a political party pursuant to this section shall be determined by the votes cast at a statewide primary election for candidates for the office of president of the United States in which the names of candidates for such office appear on the ballot and the names of delegates and alternate delegates do not appear on such ballot. The total number of delegates and alternate delegates shall be determined by the call for the national convention. Three delegates and three alternate delegates shall be awarded from every congressional district in the state, unless the rules of the national Republican party and/or the call for the national convention provide differently. The total number of delegates and alternate delegates as established by the call for the national convention minus the number of delegates and alternate delegates to be awarded from the congressional districts shall be designated at-large delegates and at-large alternate delegates.*

A political party shall certify to the state board of elections, at least sixteen weeks prior to the date of the presidential primary, the number of delegates to which such party is entitled pursuant to its rules.

Congressional district delegates and alternate delegates shall be awarded based upon the results of separate and distinct primary elections held within each congressional district of the state. Congressional district delegates and alternate delegates shall be awarded to presidential candidates pursuant to paragraph b of subdivision four of this section and elected pursuant to paragraph c of subdivision four of this section. At-large delegates and alternate delegates shall be elected by the state committee and allocated to presidential candidates pursuant to subdivision five of this section.

3. Ballot access methods. Candidates shall be eligible to appear on the ballot in a primary election of a political party for the office of president of the United States pursuant to any of the following provisions:

a. Any candidate who has been certified as eligible to receive presidential primary matching fund payments pursuant to the provisions of 11 Code of Federal Regulations Part 9033, or any candidate who meets the eligibility criteria regarding matchable contributions established in 11 Code of Federal Regulations Part 9033.2(b)(3) regardless of whether such candidate actually applied for such matching fund payments, may request, by certificate filed and received by the state board of elections no sooner than sixteen weeks and not later than nine weeks prior to the date of the presidential primary, that the name of such candidate appear on the ballot at the primary of such party in the state of New York for that year.

b. Any candidate may request, by certificate filed and received by the state board of elections no sooner than sixteen weeks and not later than nine weeks prior to the date of the presidential primary, that the name of such candidate appear on the ballot at the primary of such party in the state of New York for the office of president of the United States. Such candidate shall be eligible to appear on the ballot of such party in the state of New York at the primary election for that year if the state board of elections determines that the person is a nationally known and recognized candidate and the candidacy of such person for the party nomination for president is generally and seriously advocated or recognized according to reports in the national or state news media. Notwithstanding any inconsistent provision of law to the contrary, a request by a candidate to

appear on the presidential primary ballot of a major political party shall be determined solely upon a joint recommendation by the commissioners of the state board of elections who have been appointed on the recommendation of such political party or the legislative leaders of such political party, and no other commissioner of the state board of elections shall participate in such determination. The state board of elections shall act upon any such request no later than fifty-six days before the presidential primary.

c. Any candidate shall be eligible to appear on the ballot pursuant to the provisions of article six of this chapter. Designating petitions shall be signed by not less than five thousand or five percent, whichever is less, of the then enrolled voters of the party in the state.

d. Presidential candidates determined eligible to appear on the primary ballot may have their name removed from such primary ballot by filing a certificate with the state board of elections and received no later than fifty-six days before such primary election. After such date but before the seventh day before the primary, presidential candidates may file a certificate with the state board of elections deeming any vote for such presidential candidate to be a void vote.

4. Election of delegates and alternate delegates from congressional districts. a. Each congressional district shall conduct a separate and distinct primary election. Enrolled Republican voters from a congressional district shall vote for a presidential candidate who has qualified for the primary ballot pursuant to subdivision three of this section.

b. All three delegates and all three alternate delegates from a congressional district shall be awarded to a presidential candidate who receives a majority of the total votes cast for presidential candidates in such congressional district. If no presidential candidate receives a majority of the votes in a congressional district, the presidential candidate receiving the most votes in the congressional district shall be awarded two delegates and two alternate delegates and the presidential candidate who receives the second most votes in the congressional district shall be awarded one delegate and one alternate delegate, provided however, that a presidential candidate must receive at least twenty percent of the total votes cast for presidential candidates in the

congressional district in order to be awarded any delegates and alternate delegates from that congressional district. If only one presidential candidate receives twenty percent or more of the total votes cast for presidential candidates in a congressional district, such presidential candidate shall be awarded all three delegates and all three alternate delegates. If no presidential candidate receives twenty percent or more of the total votes cast for presidential candidates in a congressional district, the three delegate and three alternate delegate positions from such district shall be deemed vacant and filled pursuant to the rules of the national Republican party.

c. All congressional district delegates and alternate delegates shall be elected by the members of the New York Republican state committee representing each such congressional district and awarded to presidential candidates pursuant to paragraph b of this subdivision. The congressional district delegates and alternate delegates shall be elected by the members of the New York Republican state committee representing each such congressional district at meetings called by the state chairman and scheduled in compliance with Rules 16 and 20 of the Rules of the Republican Party (National) but, if practicable, following the certification of the results of the presidential primary by the New York state board of elections. The notices of call issued by the state chairman shall designate New York Republican state committee members to serve as chairs and secretaries of the congressional district meetings. At these congressional district meetings, the members of the New York Republican state committee shall each cast votes equal to the Republican enrollment for their unit of representation that is within the congressional district. Voting by proxy at the congressional district meeting shall be valid. The chair and secretary of each congressional district meeting shall file a certificate with the New York state board of elections stating the names and addresses of the individuals elected as congressional district delegates and alternate delegates within five days of the meeting.

5. Election of at-large delegates and at-large alternate delegates. At-large delegates and at-large alternate delegates shall be selected by the New York Republican state committee and awarded to presidential candidates based upon the statewide vote results of the presidential primary election. All at-large dele-

gates and at-large alternate delegates shall be awarded to the presidential candidate who receives a majority of the statewide total votes cast for presidential candidates. If no presidential candidate receives a majority of the statewide total votes cast for presidential candidates, at-large delegates and at-large alternate delegates shall be allocated and awarded as follows: based on the ratio of the total statewide vote received by each presidential candidate in relation to the total statewide vote for all presidential candidates receiving at least twenty percent of the statewide vote in the presidential primary election, the New York Republican state committee shall apportion pro-rata the number of at-large delegates and at-large alternate delegates that each presidential candidate is entitled to receive rounded to the nearest whole number: provided however, that a presidential candidate must receive at least twenty percent of the total statewide vote of the presidential primary election in order to be awarded any at-large delegates by the New York Republican state committee. In the event the pro-rata apportionment of delegates leaves one or more delegates unawarded by process of mathematical distribution, then any such delegate or delegates, shall be awarded to the presidential candidate with the most statewide votes for all presidential candidates. In the event pro-rata apportionment entitles presidential candidates by process of mathematical distribution to more delegates than are authorized pursuant to the rules of the national Republican party and the call for the national convention, then the number of delegates awarded for the candidate receiving the least statewide votes among those presidential candidates otherwise entitled to be awarded delegates, shall be decreased to the extent necessary to conform to the number of authorized delegate positions.

6. All provisions of this chapter which are not inconsistent with this section shall be applicable to a primary election conducted pursuant to this section.

§ 2-124. Party names and emblems; provision for

1. The state committee of a party shall select a name and emblem to distinguish the candidates of the party for public office in all districts of the state, and shall file in the office of the state board of elections, a certificate executed by its chair-

2. The name of a party shall be in the English language and shall not include the words “American”, “United States”, “National”, “New York State”, “Independence” or “Independent”, or “Empire State”, or any abbreviation or plural thereof, nor the name or part of the name, or an abbreviation of the name, of an existing party. The emblem chosen may be a star, an animal, an anchor, or any other proper symbol, but may not be the same as or similar to any emblem, insignia, symbol or flag used by any political or governmental body, agency or entity nor any religious emblem, insignia, symbol or flag, nor the portrait of any person, nor the representation of a coin or of the currency of the United States. The name and emblem chosen shall not be similar to or likely to create confusion with the name or emblem of any other existing party or independent body.

3. If the name of any party shall contain more than fifteen letters, the state committee shall similarly select and certify an abbreviated form thereof, containing not more than fifteen letters, to be used upon the ballot whenever the necessities of space so require.

§ 3-100. New York state board of elections; membership; organization

1. There is hereby created within the executive department a New York state board of elections, hereafter referred to as the “state board of elections”, composed of four commissioners appointed by the governor: two commissioners, one each from among not fewer than two persons recommended by the chairman of the state committee of each of the major political parties; and two other commissioners, one upon the joint recommendation of the legislative leaders, of one major political party, in each house of the legislature and one upon the joint recommendation of the legislative leaders, of the other major political party, in each house of the legislature. The commissioners shall be appointed for terms of two years each and in the same manner as their respective predecessors. A commissioner appointed to the board to fill a vacancy caused other than by expiration of a term, shall serve for the balance of the unexpired term. In the event that there is a vacancy in the office of the commissioner appointed on the recommenda-

tion of such legislative leaders caused by expiration of term or otherwise, such legislative leaders responsible for making the joint recommendation to fill such vacancy shall jointly recommend an individual to fill such vacancy and the governor shall make the appointment from such joint recommendation within thirty days of receiving such joint recommendation. In the event the governor does not act on such joint recommendation within thirty days or objects to such joint recommendation, then the legislative leaders making such joint recommendation shall have the option of: (a) appointing the individual so jointly recommended as a commissioner, or (b) jointly recommending another individual for appointment by the governor according to the procedure outlined in this subdivision.

2. The two commissioners of the board appointed upon the recommendation of the legislative leaders shall be co-chairs of the state board of elections.

3. The commissioners of the state board of elections shall have no other public employment. The commissioners shall receive an annual salary of twenty-five thousand dollars, within the amounts made available therefor by appropriation. The board shall, for the purposes of sections seventy-three and seventy-four of the public officers law, be a “state agency”, and such commissioners shall be “officers” of the state board of elections for the purposes of such sections. Within the amounts made available by appropriation therefor, the state board of elections shall appoint two co-executive directors, and such other staff members as are necessary in the exercise of its functions, and may fix their compensation. The commissioners or, in the case of a vacancy on the board, the commissioner of each of the major political parties shall appoint one co-executive director. Each co-executive director shall serve a term of four years. Any vacancy in the office of co-executive director shall be filled by the commissioners or, in the case of a vacancy on the board, the commissioner of the same major political party as the vacating incumbent for the remaining period of the term of such vacating incumbent.

3-a. There is established within the state board of elections the office of chief enforcement counsel to head the division of election law enforcement. Such counsel shall serve in said office for a fixed term of five years commencing September

first, two thousand fourteen, and may only be removed by the governor for substantial neglect of duty, gross misconduct in office, or the inability to discharge the powers or duties of office, upon notice with an opportunity to be heard. The chief enforcement counsel shall have sole authority over personnel decisions within the enforcement division. All hiring decisions made by the chief enforcement counsel shall be made without regard to political affiliation. 1. The state board of elections shall promulgate rules and regulations setting minimum standards for computerized record keeping systems maintained by county boards of elections. 3. The commissioner of motor vehicles shall enter into an agreement with the federal commissioner of social security whereby the social security administration will provide the commissioner of motor vehicles information to allow local

§ 3–104. State board of elections; enforcement powers

1. (a) There shall be a unit known as the division of election law enforcement established within the state board of elections. The head of such unit shall be the chief enforcement counsel.

(b) The state board of elections shall have jurisdiction of, and be responsible for, the execution and enforcement of the provisions of article fourteen of this chapter and other statutes governing campaigns, elections and related procedures; provided however that the chief enforcement counsel shall have sole authority within the state board of elections to investigate on his or her own initiative or upon complaint alleged violations of such statutes and all complaints alleging violations shall be forwarded to the division of election law enforcement.

2. (a) Whenever a local board of elections shall determine, on its own initiative or upon complaint, or otherwise, that there is substantial reason to believe a violation of this chapter or any code or regulation promulgated thereunder has been committed by a candidate or political committee or other person or entity that files statements required by article four-

teen of this chapter solely with such local board, it shall expeditiously make an investigation which shall also include investigation of reports and statements made or failed to be made by the complainant and any political committee supporting his candidacy if the complainant is a candidate or, if the complaint was made by an officer or member of a political committee, of reports and statements made or failed to be made by such political committee and any candidates supported by it. The local board shall report the results of its investigation to the division of election law enforcement chief enforcement counsel within ninety days of the start of such investigation. The chief enforcement counsel may direct the local board of elections at any time to suspend its investigation so that the division of election law enforcement can investigate the matter.

(b) The chief enforcement counsel may request, and shall receive, the assistance of the state police in any investigation it shall conduct.

3. Upon receipt of a complaint and supporting information alleging any violation of this chapter, or upon his or her own initiative, the chief enforcement counsel shall determine if an investigation should be undertaken. The chief enforcement counsel shall, if necessary, obtain additional information from the complainant or from other sources to assist such counsel in making this determination. Such analysis shall include the following: first, whether the allegations, if true, would constitute a violation of this chapter and, second, whether the allegations are supported by credible evidence. The chief enforcement counsel may at any time ask that the board authorize him or her to exercise the powers which the board is otherwise authorized to exercise pursuant to subdivisions five and six of section 3-102 of this title. The board shall vote on whether to grant or refuse to grant such authority no later than twenty days after the chief enforcement counsel makes such request. For purposes of considering and voting on such request, the chief enforcement counsel shall be entitled to participate in all matters related thereto and shall vote on the board's granting or refusal to grant such request only when there is a tie. Should the board not vote on such request within twenty days of its submission, or grant the chief en-

forcement counsel's request, the chief enforcement counsel shall be so empowered to act pursuant to subdivisions five and six of section 3-102 of this title.

4. If the chief enforcement counsel determines that the allegations, if true, would not constitute a violation of this chapter or that the allegations are not supported by credible evidence, he or she shall issue a letter forthwith to the complainant dismissing the complaint and notice to the board.

5. (a) If, an individual has failed to cure pursuant to section 3-104-a of this title, or the chief enforcement counsel determines that substantial reason exists to believe that a person, acting as or on behalf of a candidate or political committee under circumstances evincing an intent to violate such law that does not otherwise warrant criminal prosecution, or has unlawfully violated any provision of this chapter, the board shall assign a hearing officer, randomly from a list of prospective hearing officers each of whom shall have been approved by a majority vote of the board. The chief enforcement counsel shall provide a written report to such hearing officer as to: (1) whether substantial reason exists to believe a violation of this chapter has occurred and, if so, the nature of the violation and any applicable penalty, based on the nature of the violation; (2) whether the matter should be resolved extra-judicially; and (3) whether a special proceeding should be commenced in the supreme court to recover a civil penalty. The hearing officer shall make findings of fact and conclusions of law based on a preponderance of the evidence as to whether a violation has been established and, if so, who is guilty of such violation on notice to and with an opportunity for the individual or entity accused of any violations to be heard. However, if the hearing officer finds that on balance, the equities favor a dismissal of the complaint, the hearing officer shall dismiss the charges. In determining whether the equities favor a dismissal, the hearing officer shall consider the following factors: (1) whether the complaint alleges a de minimis violation of article fourteen of this chapter; (2) whether the subject of the complaint has made a good faith effort to correct the violation; and (3) whether the subject of the complaint has a history of similar violations. For purposes of making any such findings under this subdivision, proceedings before the hearing officer

shall be governed by article three of the state administrative procedure act. The chief enforcement counsel shall adopt the report of the hearing officer and may, in his or her discretion, commence a special proceeding in the supreme court pursuant to sections 16-100, 16-114 and 16-116 of this chapter should the findings of fact and conclusions of law support the commencement of such proceeding or enter into an agreement to settle such matter with the subject of the complaint. In the event the chief enforcement counsel commences a special proceeding, the court shall afford the subject of the complaint¹ an opportunity to be heard and shall be empowered to accept, reject or modify the findings of fact and conclusions of law made by the hearing officer. If the board fails to produce a list of eligible hearing officers, the chief enforcement counsel may commence a special proceeding as provided herein in accordance with recommendations made in his or her report.

(b) If the chief enforcement counsel determines that reasonable cause exists to believe a violation warranting criminal prosecution has taken place, the chief enforcement counsel shall present such findings to the board. Within thirty days of such submission, the board shall vote on whether to accept or reject such findings. For purposes of voting on acceptance or rejection of findings by the chief enforcement counsel, the chief enforcement counsel shall be entitled to participate in all matters related to the review of his or her report and shall vote on its acceptance or rejection only when there is a tie. Should the board fail to vote to either accept or reject the findings within thirty days of submission of such findings, or should the board accept the findings by the chief enforcement counsel that there is reasonable cause to believe that a violation warranting criminal prosecution has taken place, the chief enforcement counsel shall, forthwith, and in any event no later than seven calendar days of such failure to accept or reject the findings by the board, refer such matter to the attorney general or district attorney with jurisdiction over such matter to commence a criminal action as such term is defined in the criminal procedure law.

6. Upon notification that a special proceeding has been commenced by a party other than the state board of elections, pursuant to section 16-114 of this chapter, the chief enforce-

§ 3-104

ELECTION LAW

ment counsel shall investigate the alleged violations unless otherwise directed by the court.

7. The chief enforcement counsel shall prepare a report to be included in the annual report of the board to the governor, the state board of elections and legislature, summarizing the activities of the unit during the previous year.

8. The state board of elections may promulgate rules and regulations consistent with law to effectuate the provisions of this section.

(L.1976, c. 233, § 1. Amended L.1978, c. 9, § 15; L.2014, c. 55, pt. H, subpt. B, § 4, eff. June 29, 2014.)

¹ So in original. (“compliant” should be “complaint”).

§ 3-104-a. Compliance unit; compliance procedures

1. There shall be a compliance unit within the board of elections. The compliance unit shall examine campaign finance statements required to be filed pursuant to article fourteen of this chapter. If such statements are found to be deficient, the compliance unit shall notify the person required to file such statement of such deficiency. Such notice shall be in writing and mailed to the last known residence or business address of such person by certified mail, return receipt requested, or mailed to such address by first class mail if an affidavit attesting to such mailing is created to evidence such mailing. If the person required to file such statement is a treasurer who has stated that the committee has been authorized by one or more candidates, a copy of such notice shall be sent to each candidate by first class mail.

2. Upon a failure to remedy the deficiencies identified by the compliance unit within thirty days of the receipt of such notice the chief enforcement counsel may proceed pursuant to subdivision five of section 3-104 of this title. If such notice is received within thirty days of an election, failure to remedy the deficiencies identified within seven days of the receipt of such notice the chief enforcement counsel may proceed pursuant to subdivision five of section 3-104 of this title.

§ 3-105. Administrative complaint procedure

1. The state board of elections shall establish and maintain a uniform, nondiscriminatory administrative complaint procedure pursuant to which any person who believes that there is a violation (including a violation which has occurred or is occurring or is about to occur) of any provision of title three of the federal Help America Vote Act of 2002 (HAVA),¹ may file a complaint.

2. Initially, any such complaint may be made orally, in person or by telephone, or in writing. Such complaints may be made to the state board of elections or with any local board of elections. A toll-free number shall be made available therefor for telephone calls to the state board of elections. Complaints shall be addressed by election officials expediently and informally whenever possible.

3. All formal complaints shall be filed with the state board of elections. All formal complaints shall be written, signed and sworn by the complainant. The complainant shall use a complaint form promulgated by the state board of elections. The state board of elections or a local board of elections shall assist any person with a disability who requests assistance to file a complaint. Complaints raising similar questions of law and/or fact may be consolidated by the state board of elections.

4. Upon the written request of the complainant, there shall be a hearing on the record, unless prior to the hearing, the state board of elections, in accordance with subdivision four of section 3-100 of this article, sustains the formal complaint as being uncontested. Any party to the hearing may purchase a transcript of such hearing.

5. The evidentiary standard applied to all formal complaints shall be a preponderance of the evidence.

6. Hearings shall be conducted by a panel of two commissioners of the state board of elections of opposite parties or senior staff members of opposite parties as selected by the commissioners of that party. If the panel does not agree to sustain the complaint, the formal complaint shall be deemed dismissed and shall constitute the determination of the panel.

7. The determination of the hearing panel will be final unless changed by the state board of elections pursuant to

subdivision four of section 3–100 of this article, within ninety days of the filing of the formal complaint. A final determination shall be filed and published by the state board of elections within ninety days after the filing of the formal complaint, unless the complainant agrees to a longer period of time. When a violation has been found, the final determination shall include an appropriate remedy for any violation of Title III of the Help America Vote Act of 2002 (HAVA)² found by the state board of elections. A final determination dismissing a formal complaint may be filed by any one member of the hearing panel.

8. Whenever a final determination of a formal complaint is not made within ninety days, or any other longer agreed upon time period, the state board of elections shall refer the formal complaint to an independent, alternative dispute resolution agency. Such hearings and determinations shall be conducted by the alternative dispute resolution agency pursuant to regulations promulgated by the state board of elections pursuant to subdivision four of section 3–100 of this article. Such agency shall have sixty days, from the expiration of the original ninety day time period, or any other longer agreed upon time period, to make a final determination. The state board of elections shall contract, pursuant to subdivision four of section 3–100 of this article with one or more such alternative dispute resolution entities for this specific purpose.

9. No provision of this section shall be construed to impair or supersede the right of an aggrieved party to seek a judicial remedy including a judicial remedy concerning any final determination made pursuant to subdivision eight of this section. The state board of elections shall provide notice to all complainants of the provisions of this subdivision.

§ 3–106. Fair campaign code

1. In addition to the powers and duties elsewhere enumerated in this article, the state board of elections, after public hearings, shall adopt a “fair campaign code” setting forth ethical standards of conduct for persons, political parties and

committees engaged in election campaigns including, but not limited to, specific prohibitions against practices of political espionage and other political practices involving subversion of the political parties and process.

2. Copies of such code shall be sent to each candidate, political party or political committee, upon request, by the board of elections with which such candidate, party or committee is required to file statements of campaign financial disclosure pursuant to article fourteen of this chapter.

3. The state board of elections, on its own initiative, or upon complaint or otherwise, may investigate any alleged violation of the fair campaign code and, in appropriate cases, may apply for an order, as provided in this article.

4. In addition to any other civil or criminal penalty which may be provided for by law, the state board may impose a civil penalty, not to exceed one thousand dollars, upon any person found by the board, after a hearing, to have violated any of the provisions of such code.

5. Any such finding by the board may only be had after a hearing conducted by it upon reasonable written notice, as the board may determine, to such person and affording such person a reasonable opportunity to be heard and present and examine witnesses thereat.

Authority is hereby conferred upon the state board of elections to appoint a special investigator to take charge of the investigation of cases arising under the election law, and to appoint such additional special investigators and employees as it may deem necessary, and fix their compensation, within the limits of appropriation available therefor, and assign them to any election district or districts for the purpose of enforcing the provisions of the election law. Moneys appropriated for carrying out the provisions of this section shall be paid out of

the state treasury on the audit and warrant of the comptroller upon the certificate of the state board.

Such special investigators shall, when directed by the state board of elections, investigate qualifications of persons to register or vote and violations of the election law. Any such special investigator may:

4. Procure warrants of arrest and cause to be taken into custody the person or persons named in such process.

5. Go within the guard-rail at any polling place at any election.

Any such special investigator also shall have all of the powers of a peace officer as set forth in section 2.20 of the criminal procedure law, for the purpose of enforcing the provisions of this chapter.

§ 3-108. Disaster; additional day for voting

1. A county board of elections, or the state board of elections with respect to an election conducted in a district in the jurisdiction of more than one county board of elections, may determine that, as the direct consequence of a fire, earthquake, tornado, explosion, power failure, act of sabotage, enemy attack or other disaster, less than twenty-five per centum of the registered voters of any city, town or village, or if the city of New York, or any county therein, actually voted in any general election. Such a determination by a county board of elections shall be subject to approval by the state board of elections. If the state board of elections makes such a determination, it shall notify the board of elections having jurisdiction in that county that an additional day of election shall be held, which notice shall show: the nature of the disaster; the county, city, town or village affected thereby; the number of persons duly registered to vote therein at such general election; and the number of persons who voted therein at such general election.

2. The county board of elections shall thereafter set a date for an additional day for voting in the county, city, town or village affected by the statement, which shall not be more than twenty days after the original date of the general election and shall determine the hours during which the polls shall remain open on such additional day for voting; provided, however, that in any event the polls shall remain open for not less than eleven hours. The county board of elections shall publish notice thereof not less than twice in each week preceding the date for the additional day for voting, in newspapers as designated in this chapter, and shall notify all registered voters by mail. Such notice shall also direct attention to any change of polling places and shall contain such other and additional information as in the judgment of the board of elections shall be necessary and proper.

3. Official ballots shall be provided at public expense at each polling place for such additional day of election. In any election district in which voting machines were used upon the original day of voting, they shall be used for the additional day for voting. The original seal on such machines shall not be removed nor shall the machines be unlocked until the opening of the polls on the additional day for voting and the board of elections shall provide an additional seal to be used as soon as the polls are closed on such day.

4. Only those persons duly registered to vote upon the original date of the general election who did not vote on such date shall be entitled to vote on the additional day for voting. Voting on the additional day provided for in this section shall be accomplished solely by physically appearing at the polling place and nothing contained in this section shall be construed to extend the time set by law for casting or canvassing a military, *early mail*, absentee or special presidential ballot; provided, however, that nothing contained herein shall be deemed to invalidate any *early mail*, absentee, military or special presidential ballot duly received on the original date of the general election.

5. A county board of elections, or the state board of elections with respect to an election conducted in a political subdivision in the jurisdiction of more than one county board of elections, may determine that, as the direct consequence of

a fire, earthquake, tornado, explosion, power failure, act of sabotage, enemy attack or other disaster, the ability to make a filing with respect to any provision of this chapter was substantially impaired. Upon making such a finding, a county board of elections, or the state board of elections shall extend for a reasonable time the period for making such filing. An extension pursuant to this subdivision granted by a county board of elections shall be subject to the approval of the state board of elections if such extension is longer than one business day.

§ 3-110. Time allowed employees to vote

1. If a registered voter does not have sufficient time outside of his or her scheduled working hours, within which to vote on any day at which he or she may vote, at any election, he or she may, without loss of pay for up to two hours, take off so much working time as will, when added to his or her voting time outside his or her working hours, enable him or her to vote.

2. If an employee has four consecutive hours either between the opening of the polls and the beginning of his or her working shift, or between the end of his or her working shift and the closing of the polls, he or she shall be deemed to have sufficient time outside his or her working hours within which to vote. No such records shall be handled at any time by any person other than a member of a registration board or board of inspectors of elections or board of elections except as provided by rules imposed by the board of elections.

2. The central file registration records shall be kept in locked filing cabinets in the office of the board of elections or, in the appropriate branch offices of the board of elections. Such records shall be taken from such file and handled only where necessary to make entries thereon or take other action in connection therewith as required by this article. The board of elections may cause to be made, photostatic copy or copies of the registration poll records of registered voters in any election district and shall cause such photostatic copies to be placed in one or more ledgers in the same manner and in the same order as the original registration poll records appear in the ledger or ledgers containing the registration poll records for such election district. If such copies in the computer readable record do not include the backs of those registration poll records which have been used at one or more elections, then all such poll records which have been used at one or more elections may, with the permission of the state board of elections, be so destroyed subsequent to the expiration of two years after such copy is entered in the computer readable record, or subsequent to the expiration of four years after the last election at which such poll record was used, whichever is later.

5. Any such photostatic, microphotographic or photographic film copy made pursuant to this section or any such computer readable record shall be deemed to be an original record for all purposes and, when satisfactorily identified, may be introduced in evidence in any judicial or administrative proceeding. An enlargement, facsimile or certified copy thereof shall, for all purposes, be deemed to be an enlargement, facsimile or certi-

The introduction in evidence of a film copy or a copy of a computer readable record, or an enlargement, facsimile or certified copy thereof, shall not preclude introduction of the original record.

6. All petitions, certificates, objections or papers filed or deposited with a board or officer before an election or primary and relating to designations or nominations, and all registers, books, statements, returns or papers so filed or deposited after registration, enrollment, election or primary at which they were used or to which they relate, not including, however, the voted, unused, protested, void or wholly blank ballots, shall be preserved by such board or officer for at least two years after the receipt thereof and until the determination of any action or proceeding touching the same or in which they are ordered to be preserved pending the action or proceeding and at the expiration of such time they may be either destroyed or sold. Lists of registered voters with computer generated facsimile signatures used in lieu of registration poll records at any election shall be preserved until the end of the second calendar year after the year of such election. In all jurisdictions, the original statements of results made by the state board of canvassers or a county or city board of canvassers and any original record specifying the name of a person declared to have been elected to a public office shall not be destroyed or sold but shall be preserved, as part of the records of such board or officer, until otherwise provided by law.

6-a. During the period prescribed by subdivision six of this section, no petition shall be removed from the office of the board of elections for copying or any other purpose except while in the custody, or under the supervision of a member or employee of such board or pursuant to court order.

7. Except as hereinafter provided, boxes containing voted paper ballots, if any shall be preserved inviolate for four months after the election, or until one month before the next election occurring within five months after a preceding election if such boxes are needed for use at such next election and if the officer or board in charge of such voted paper ballots is required by law to furnish ballot boxes therefor. Provided, however, that such ballot boxes and such packages may be opened, and their contents and the *early mail*, absentee and military, special federal, special presidential and emergency ballots and ballot envelopes may be examined, upon the order of any court or justice of competent jurisdiction. Boxes and envelopes containing *early mail*, absentee, military and emergency ballots voted at a general or special election, for the office of member of the senate or assembly, packages of void, protested and wholly blank ballots, unopened *early mail*, absentee and military ballot envelopes and the packages of unused ballots, in connection with such election, also may be opened, and their contents and such envelopes also may be examined, by direction of a committee of the senate or assembly to investigate and report on contested elections of members of the legislature. Unless otherwise ordered or directed by such a court, justice or committee, such boxes shall be opened and their contents and such packages and the envelopes containing voted ballots and ballot envelopes shall be destroyed, at the expiration of the period during which they are required by the provisions of this section to be preserved, except that instead of being destroyed, they may be sold and the proceeds paid over in the manner provided with respect to the sale of books, records and papers pertaining to an election.

4. § 4-100. Election districts; creation and alteration

1. The State of New York shall be divided into election districts which shall be the basic political subdivision for purposes of registration and voting as provided in this chapter.

2. The creation, consolidation, division or alteration of election districts shall be done by the board of elections.

3. a. Each election district shall be in compact form and may not be partly within and partly without a ward, town, city, a village which has five thousand or more inhabitants and is wholly within one town, the contiguous property of a college or university which contains three hundred or more registrants

who are registered to vote at any address on such contiguous property, or a county legislative, assembly, senatorial or congressional district. Except as provided in paragraph b of this subdivision, election district boundaries, other than those boundaries which are coterminous with the boundaries of those political subdivisions and college or university properties mentioned in this paragraph, must be streets, rivers, railroad lines or other permanent characteristics of the landscape which are clearly visible to any person without the need to use any technical or mechanical device. An election district shall contain not more than nine hundred fifty registrants (excluding registrants in inactive status) or, with the approval of the county board of elections, not more than two thousand registrants (excluding registrants in inactive status), but any election district may be divided for the convenience of the voters.

b. An election district in a city or town may divide a block, provided that the board of elections prepares an alphabetical list of all the streets in such city or town with the election district for each such street. If any such street is divided between two or more election districts, then such list must contain the lowest and highest street numbers in each such district and if the odd and even numbers on a street are in different districts, such list must contain separate listings for such odd and even numbers and if there are both odd and even numbers in such different election districts, such list must contain separate listings for such numbers. Copies of such lists shall be filed and kept open to public inspection in the offices of such board. One copy of each such list shall be delivered, upon request, to the state board of elections and to a person or officer designated jointly by the speaker of the assembly and the temporary president of the senate. Surplus copies shall be sold at cost.

4. Any election district must be realigned when the total number of registrants, excluding registrants in inactive status, at the time of the preceding general election, exceeds the maximum number permitted by this section by at least fifty registered voters.

5. Any creation, consolidation, division or alteration of election districts in any calendar year shall be made on or before February fifteenth, and shall take effect on April first,

except that when required by the creation or alteration of a political subdivision, other than an election district, in which candidates are to be voted for at the next election, such creation, consolidation, division or alteration shall be made and shall take effect immediately upon creation or alteration of such political subdivision. No such creation, consolidation, division or alteration shall be made between February twentieth of a calendar year ending in seven and December first of a calendar year ending in zero unless required by the creation or alteration of a political subdivision.

§ 4-102. Maps; congressional, senatorial, assembly and election districts

1. The state board of elections, at the expense of the state, shall publish maps showing the county or counties contained in each of the congressional districts, senatorial districts and assembly districts of the state.

2. Where a portion of a county is contained in any congressional, senatorial or assembly district, the state board shall publish a map showing the portion of such county contained in each such respective district. Such map or maps shall show the extreme boundaries of the portion of the county so contained, as described by the street boundary and shall have printed thereon the names of the streets or public ways bounding the district; provided however, that where the extreme boundary consists of the boundary line of any city, town or village, it shall be sufficient to so indicate, without showing or naming individual streets or public ways.

3. The state board shall also publish three individual maps of each borough of the city of New York, which shall show all of the congressional districts or parts thereof, all of the senatorial districts or parts thereof, and all of the assembly districts or parts thereof contained in such borough. Each such map

shall show the extreme boundaries of the districts to which it refers, as described in the street boundary and shall have printed thereon the names of the streets or public ways bounding the district.

4. All such maps shall be to scale. Pertinent copies of such maps shall be filed and kept open to public inspection as follows: one in the office of the town or city clerk, except in the city of New York; one in the office of every board of elections, and each branch office, if any. Surplus copies if any, may be sold at cost and the proceeds remitted to the state board of elections. Whenever the boundaries of any congressional, senatorial, or assembly district are altered, the state board of elections shall publish revised copies of those maps affected by such boundary alteration and make the distribution required in this subdivision.

5. a. A map or separate maps of uniform scale of election districts within a town or ward, or, in the city of New York and the county of Nassau, within an assembly district, wholly within such city or county or within that portion of any assembly district within such city or county, shall be made by the board or body creating or altering the districts so that the map or maps on file at any time will show the existing election districts in such town, ward, assembly district, or the appropriate portion of such assembly district.

b. In a city, street corner numbers of the block or blocks defining the extreme boundaries of each election district shall be printed on the map or maps, within or outside the block line or lines, so as to show plainly the highest and lowest street numbers within the election district of every street bounding the district.

c. Copies of such maps or descriptions shall be filed and kept open to public inspection as follows: one in the office of the town or city clerk, except in the city of New York; one in the office and each branch office, if any, of the board of elections.

d. One copy of each map shall be delivered, upon request, to the state board of elections and to a person or officer designated jointly by the speaker of the assembly and the temporary president of the senate. Each time an election

district boundary is changed a copy of the new map shall be sent to each such board, person or officer who has requested such maps. Surplus copies of maps of election districts in a city or town may be sold at cost and the proceeds paid to the county, city or town which incurred the expense of preparing the maps.

e. Copies of such maps shall be posted on the board of elections' website. In addition, each board of elections shall make such maps available in *downloadable digital file formats compatible with geographic information system (GIS) software, such as shapefile, geodatabase, KML, or other similar vector based GIS file types.*

6. In a town, after the creation or alteration of any election district therein, the board of elections shall furnish to the inspectors of election in each election district, on the first day of registration or election occurring after such change, a map or description¹ showing such election district.

(L.1976, c. 233, § 1. Amended L.1978, c. 9, § 20; L.1978, c. 373, § 28; L.1984, c. 467, § 3, eff. July 20, 1984; L.2022, c. 644, § 1, eff. May 22, 2023; L.2023, c. 89, § 1, eff. May 22, 2023.)

§ 4-104. Registration and polling places; designation of

1. Every board of elections shall, in consultation with each city, town and village, designate the polling places in each election district in which the meetings for the registration of voters, and for any election may be held. The board of trustees of each village in which general and special village elections conducted by the board of elections are held at a time other than the time of a general election shall submit such a list of polling places for such village elections to the board of elections. A polling place may be located in a building owned by a religious organization or used by it as a place of worship. If such a building is designated as a polling place, it shall not be required to be open for voter registration on any Saturday if this is contrary to the religious beliefs of the religious organization. In such a situation, the board of elections shall designate an alternate location to be used for voter registration. Such polling places must be designated by March fifteenth, of each year, and shall be effective for one year thereafter. Such a list

required to be submitted by a village board of trustees must be submitted at least four months before each general village election and shall be effective until four months before the subsequent general village election. No place in which a business licensed to sell alcoholic beverages for on premises consumption is conducted on any day of local registration or of voting shall be so designated. If, within the discretion of the board of elections a particular polling place so designated is subsequently found to be unsuitable or unsafe or should circumstances arise that make a designated polling place unsuitable or unsafe, then the board of elections is empowered to select an alternative meeting place. In the city of New York, the board of elections shall designate such polling places and alternate registration places if the polling place cannot be used for voter registration on Saturdays.

1-a. Each polling place shall be accessible to citizens with disabilities and comply with the accessibility guidelines of the Americans with Disabilities Act of 1990. The state board of elections shall publish and distribute to each board of elections with the power to designate poll sites, a concise, non-technical guide describing standards for poll site accessibility, including a polling site access survey instrument, in accordance with the Americans with Disabilities Act accessibility guidelines (ADAAG) and methods to comply with such standards. Such guide and procedures shall be developed in consultation with persons, groups or entities with knowledge about public access as the state board of elections shall determine appropriate.

1-b. The county board of elections shall cause an access survey to be conducted for every polling site to verify substantial compliance with the accessibility standards cited in this section. Completed surveys shall be submitted to the state board of elections and kept on file as a public record by each county. Each polling site shall be evaluated prior to its designation or upon changes to the facility. A site designated as a polling place prior to the effective date of this subdivision shall be evaluated within two years of the effective date of this subdivision by an individual qualified to determine whether or not such site meets the existing state and federal accessibility standards. Any polling place deemed not to meet the existing accessibility standards must make necessary changes and/or

modifications, or be moved to a verified accessible polling place within six months.

1-c. The state board of elections shall promulgate any rules and regulations necessary to implement the provisions of this section.

2. If the board of elections, after designating a polling place, and after sending written notice of such polling place to each registered voter, designates an alternative polling place, it must, at least five days before the next election or day for registration, send by mail a written notice to each registered voter notifying him of the changed location of such polling place. If such notice is not possible the board of elections must provide for an alternative form of notice to be given to voters at the location of the previous polling place.

3. A building exempt from taxation shall be used whenever possible as a polling place if it is situated in the same or a contiguous election district, and may contain as many distinctly separate polling places as public convenience may require. The expense, if any, incidental to its use, shall be paid like the expense of other places of registration and voting. If a board or body empowered to designate polling places chooses a public school building for such purpose, the board or agency which controls such building must make available a room or rooms in such building which are suitable for registration and voting and which are as close as possible to a convenient entrance to such building and must make available any such room or rooms which the board or body designating such building determines are accessible to physically disabled voters as provided in subdivision one-a. Notwithstanding the provisions of any general, special or local law, if a board or body empowered to designate polling places chooses a publicly owned or leased building, other than a public school building, for such purposes the board or body which controls such building must make available a room or rooms in such building which are suitable for registration and voting and which are as close as possible to a convenient entrance to such building, and must make available any such room or rooms which the board or body designating such building determines are accessible to physically disabled voters unless, not later than thirty days after notice of its designation as a polling

place, the board or body controlling such building, files a written request for a cancellation of such designation with the board or body empowered to designate polling places on such form as shall be provided by the board or body making such designation. The board or body empowered to so designate shall, within twenty days after such request is filed, determine whether the use of such building as a polling place would unreasonably interfere with the usual activities conducted in such building and upon such determination, may cancel such designation.

3-a. Any person or entity which controls a building for which a tax exemption, tax abatement, subsidy, grant or loan for construction, renovation, rehabilitation or operation has been provided by any agency of the state or any political subdivision thereof on or after the effective date of this subdivision shall agree to make available for registration and voting purposes the room or rooms in such building which the board or body empowered to designate polling places determines are suitable for registration and voting, are accessible to physically disabled voters and are as close as possible to a convenient entrance to such building. Notwithstanding any other provision of law, any agency of the state or any political subdivision thereof may deny a tax exemption, tax abatement, subsidy, grant or loan for construction, renovation, rehabilitation or operation to a building which is otherwise eligible for such exemption, abatement, subsidy, grant or loan if the person or entity which controls such building refuses to agree to make available for registration and voting purposes the room or rooms in such building which the board or body empowered to designate polling places determines are suitable for registration and voting, are accessible to physically disabled voters and are as close as possible to a convenient entrance to such building. The provisions of this subdivision shall not apply to buildings used solely for residential purposes which contain twenty-five dwelling units or less.

3-b. Any person or entity conducting any program, activity or service for which a loan, grant, contract, subsidy or reimbursement has been provided by any agency of the state or a political subdivision thereof on or after the effective date of this subdivision shall make available for registration and voting

purposes the room or rooms under the control of such person or entity in a building in which such program, activity or service is conducted which the board or body empowered to designate polling places determines are suitable for registration and voting, are accessible to physically disabled voters and are as close as possible to a convenient entrance to such building. Any such person, organization or entity shall agree to facilitate the use of such room or rooms, to the maximum extent possible, by making efforts to obtain the permission and cooperation of any person or entity which controls the building in which such room or rooms are located. Notwithstanding any other provision of law, any agency of the state or any political subdivision thereof may deny a loan, grant, contract, subsidy or reimbursement to any such person or entity otherwise eligible for such loan, grant, contract, subsidy or reimbursement unless such person or entity agrees to make available for registration and voting purposes the room or rooms in such building which the board or body empowered to designate polling places determines are suitable for registration and voting, are accessible to physically disabled voters as provided in subdivision one-a of this section and are as close as possible to a convenient entrance to such building and agrees to facilitate the use of such room or rooms, to the maximum extent possible, by making efforts to obtain the permission and cooperation of any person or entity which controls the building in which such room or rooms are located.

3-c. Notwithstanding the provisions of subdivisions three-a and three-b of this section, no person, board, agency, body or entity shall be required to make available for registration or voting by persons other than the residents of such building, any room or rooms in a building, other than a publicly owned building, which contains correctional, health, mental hygiene, day care, drug or addiction treatment, or emergency services or other services for the public safety, or in a building used for religious services.

3-d. Notwithstanding any inconsistent provision of section 3-506 or section 4-134 of this chapter, and in the absence of a specific written agreement to the contrary, if the board or body empowered to designate polling places has authorized the use of a portable ramp, or ramp and platform, at a polling site for

purposes of compliance with subdivision one-a of this section, the person or entity in control of a building or portion thereof in which such polling site is designated shall install, remove, store, and safeguard each such ramp, or ramp and platform, at such times and dates as may be required by the board or body empowered to designate polling places.

4. Where an election district is so situated or the only facilities available therein are such that public convenience would be served by establishing a polling place outside such district, the board or body empowered by this chapter to establish election districts may designate a polling place in a contiguous district.

4-a. Notwithstanding any conflicting provisions of this section, the common council of the city of Little Falls may adopt a resolution determining that there is no building within an election district within such city available and suitable for the meetings for the registration of voters or for any election, or that for reasons of efficiency or economy it is desirable to consolidate the polling places for two or more, or all districts, in such city, in one place, regardless of whether or not such district adjoins the district to which such meeting or polling place is moved, and there may be as many distinctly separate election districts lawfully located in the same building as public convenience may require. Such a resolution shall be subject to the approval of the county board of elections. Every such building chosen shall meet all other requirements of this section and all federal requirements for accessibility for the elderly and the disabled.

5. (a) Whenever the number of voters eligible to vote in an election in any election district is less than one hundred, the polling place designated for such district may be the polling place of any other district which could properly be designated as the polling place of the first mentioned district pursuant to the provisions of this chapter, except that the polling place designated for any such district may be the polling place of any other district in such city or town provided that the distance from such first mentioned district to the polling place for such other district is not unreasonable pursuant to rules or regulations prescribed by the state board of elections and provided that the total number of persons eligible to vote in such other

district in such election, including the persons eligible to vote in such first mentioned districts, is not more than five hundred. The inspectors of election and poll clerks, if any, of such other election district shall also act in all respects as the election officers for such first mentioned districts and no other inspectors shall be appointed to serve in or for such first mentioned districts. A separate poll ledger or computer generated registration list, separate voting machine or ballots and separate canvass of results shall be provided for such first mentioned districts, except that if the candidates and ballot proposals to be voted on by the voters of such districts are the same, the election districts shall be combined and shall constitute a single election district for that election. However, if the first mentioned district contains fewer than ten voters eligible to vote in such election, there shall be no limitation on the total number of persons eligible to vote in such combined district. If the polling place for any election district is moved for any election, pursuant to the provisions of this subdivision, the board of elections shall, not later than ten nor more than fifteen days before such election, mail, by first class mail, to each voter eligible to vote in such election district at such election, a notice setting forth the location of the polling place for such election and specifying that such location is for such election only.

(b) Whenever the total number of voters eligible to vote in any primary or special election, in any two election districts whose polling places are regularly located in the same building, is less than four hundred, the board of elections may assign the inspectors of election of the election district which contains the greater number of such voters, to act also, in all respects, as the election officers of the other such election district and no other election officers shall be appointed to serve in or for such other election district at such primary or special election. A separate poll ledger or computer generated registration list, separate voting machine or ballots and separate canvass of results shall be provided for each such election district.

(c) Whenever all the candidates to be voted upon at a primary election, except a primary election in the city of New York, or all the candidates and ballot proposals to be voted

upon at a special election, or at a school board election conducted by the board of elections, or at a general election in the city of New York in a year in which there is no election for electors of president and vice-president of the United States or governor of the state or mayor of such city, by the voters of any two or more election districts whose polling places are regularly located in the same building are identical, the board of elections may combine such election districts for that election, provided that the total number of voters eligible to vote in any such combined election district does not exceed one thousand two hundred in a primary election or does not exceed two thousand in a special election or a general election in the city of New York.

(d) Notwithstanding any other provision of this section, polling places designated for any one such election district that will be utilizing any voting machine or system certified for use in New York state pursuant to chapter one hundred eighty-one of the laws of two thousand five, may be the polling place of any other contiguous district or districts, provided the voting system used in such polling place produces separate and distinct vote totals for each election district voting in such polling place on such voting machine or system.

5-a. Whenever a contiguous property of a college or university contains three hundred or more registrants who are registered to vote at any address on such contiguous property, the polling place designated for such registrants shall be on such contiguous property or at a nearby location recommended by the college or university and agreed to by the board of elections.

6. Each polling place designated, whenever practicable, shall be situated on the main or ground floor of the premises selected. It shall be of sufficient area to admit and comfortably accommodate voters in numbers consistent with the deployment of voting systems and privacy booths, pursuant to 9 NYCRR 6210.19. Such deployment of voting systems, election workers and election resources shall be in a sufficient number to accommodate the numbers of voters eligible to vote in such polling place.

6-a. Each polling place designated, whenever practicable, shall be situated directly on a public transportation route.

7. No polling place shall be located on premises owned or leased by a person holding public office or who is a candidate for public office at a primary or general election.

8. Whenever the board of elections shall determine that there is no building within an election district available and suitable for the meetings for the registration of voters or for any election, or that for reasons of efficiency or economy it is desirable to consolidate such meetings of one or more districts in one place, such board may designate a building for such purpose in an adjoining district in the same village, city or town and there may be as many distinctly separate meetings or polling places lawfully located in the same building as public convenience may require. Wherever possible, public schools, fire houses, municipal buildings or other buildings exempt from taxation shall be designated for such meetings and polling places. Such a determination shall be made only after notice to the chairpersons of the county committees of all political parties and reasonable opportunity for them to be heard.

During such period, in the city of New York and in counties having a population of three hundred thousand or more, the board shall hold two meetings each year, including at least one on a Saturday. During such period, in all other counties, the board shall hold one meeting each year, on a Saturday, except that in years in which a president of the United States is to be elected, the board shall hold two such meetings, including at least one on a Saturday. If the polling place of an election district is located in a building owned by a religious organization or used by it as a place of worship, the building will not be required to be open for voter registration on any Saturday if this is contrary to the religious beliefs of the religious organization. The dates of such meetings and any additional meetings that the board of elections may, in its discretion, direct to be held shall be determined by the board of elections except that no such meeting shall be held on the religious holidays of Yom Kippur, Rosh Hashana,¹ Simchas Torah, Shmini Atzereth or Succoth. The board of elections shall also determine the hours for conducting all such meetings, provided, however, that there

shall be not less than seven consecutive hours for registration on a Saturday and not less than three and one-half consecutive hours on any other meeting day. The days and hours of registration shall be uniform throughout the county and in the city of New York throughout the city, and meetings shall begin not earlier than six o'clock in the morning and continue not later than half-past ten o'clock in the evening and no Saturday meeting shall end before nine o'clock in the evening.

2. Local registration shall always be received by two members of the local board of inspectors, representing respectively the two political parties as provided herein for the appointment of inspectors.

3. The last day of local registration shall be uniform throughout the state and such registration day shall be designated by the state board of elections not later than the first day of June preceding the general election in each year. Such statewide registration day shall be one of the registration days hereinabove provided in this section, provided, however, that in any year in which presidential and vice-presidential electors are to be elected such day shall not be more than thirty days before the general election. In towns, the board of elections shall cause notice of such action with the location of the registration place designated for such election district to be posted in five conspicuous public places within each affected election district or to be published in the manner provided by this chapter for the optional publication of places of registration. In all cases where notice is given by publication, the board of elections shall cause notice of such action, with the location of the registration place designated for such election district to be posted, on the days of registration, at the entrance to the regular polling place for each affected election district.

6. Notwithstanding any provision of law to the contrary, any board of elections, and in the city of New York, the board of elections of the city of New York, may, by resolution adopted not later than the first day of July in any year, except a year in which presidential and vice presidential electors are to be elected, provide that no meeting for local registration shall be held in the county or the city of New York. If a board of elections or the board of elections of the city of New York adopts a resolution eliminating meetings for local registration, such resolution shall remain in effect for such year and each succeeding year, except years in which presidential and vice presidential electors are to be elected, unless it is thereafter repealed by a resolution adopted at least sixty days prior to the first day for holding local registrations as provided for under the provisions of this article.

If the notice of change of address did not contain the voter's signature, such notice shall include a postage paid return card, in a form prescribed by the state board of elections, on which the voter may notify the board of elections of any correction of address, together with a statement on such notice and on the return card that the voter should return such card only if the address to which the notice was sent is not the voter's current address.

6. If a notice sent pursuant to subdivision five of this section is returned by the postal service as undeliverable and without a forwarding address, the board of elections shall return the registration of such voter to the original address, send such voter a confirmation notice pursuant to the provisions of subdivision one of section 5-712 of this title and place such voter in inactive status.

7. The board of elections shall preserve such notices of change of address for as long as registration records are otherwise required to be preserved or, if the computer readable records maintained by the board of elections include a complete copy of such notice, the board shall preserve the original notice for a period of at least two years or such longer period as the state board of elections may require.

8. If the board of elections receives notice of a change of address within New York state from, or with respect to, a person who it determines is not registered in New York state, it shall forthwith send such person a notice to that effect in a form approved by the state board of elections at the new address set forth in such notice of change of address, together with a voter registration form.

9. The state board of elections shall promulgate regulations as to the procedures for transferring a voter from one county to another.

(xiii) A space for the applicant to register in the New York state donate life registry for organ and tissue donations established pursuant to section forty-three hundred ten of the public health law.

(l) The mail voter registration application form developed by the federal election commission pursuant to the provisions of section nine of the National Voter Registration Act of 1993 42 USC 1973gg-7 shall be deemed to meet the requirements of this section. Any application for registration received on such an application form shall be accepted if the applicant is otherwise eligible to register to vote pursuant to the provisions of this article. A voter whose registration is accepted pursuant to the provisions of this paragraph shall be permitted to furnish an e-mail address to the board of elections, which furnishing

shall carry the same notice and have the same effect as provided by subparagraph (iii) of paragraph (k) of this subdivision.

(m) The form of affidavit prescribed by the state board of elections for requests for affidavit ballot pursuant to subdivision three of section 8-302 of this chapter shall be deemed to meet the requirements of this section. Any application for registration received on the form of affidavit shall be accepted if the applicant is otherwise eligible to register to vote pursuant to the provisions of this article, however the failure to complete the voter registration application appearing on such affidavit envelope shall not otherwise invalidate the affidavit ballot.

6. A person who willfully makes a material false statement in any application for registration and enrollment and/or transfer of registration and enrollment or special enrollment by mail, or who knowingly makes a false affirmation, or who offers or attempts to offer any application for registration and enrollment or transfer of registration and enrollment or special enrollment knowing that the applicant is not qualified to register or enroll, or transfer *their* registration and enrollment or to specially enroll, shall be guilty of a class E felony.

7. Each county board of elections shall deliver a sufficient number of such uniform statewide application forms to each local post office within its county and keep such post office so supplied, with the request that the postmaster thereof make them available to the public for its use in participating in the electoral process.

8. Upon its receipt by the county board of elections, each application form shall be reviewed and examined by such board. If the application shall contain substantially all the required information indicating that the applicant is legally qualified to register and/or enroll as stated in *their* application, the county board of elections shall transfer all information on such application to the appropriate registration records. If requested by any member of the board, the application form of any voter, or group of voters, must be reviewed and examined by two such board members or two employees of the board representing different political parties. Such members or employees shall place their initials or other identifying information on the registration poll record of such voter or on a

computer generated list of such registrations. Such lists shall be preserved in the same manner, and for the same time, as such registration poll records. If the application indicates that the voter does not have a driver's license or department of motor vehicles non-driver photo ID number or a social security number, the state board of elections shall, upon the transmission of voter information to the statewide voter registration list as required by section 5-614 of this article, assign such voter a unique identifier.

9. The county board of elections shall, *as soon as practicable* and in any event, not later than *seven* days after receipt by it of the application, verify the identity of the applicant. In order to do so, the county board of elections shall utilize the information provided in the application and shall attempt to verify such information with the information provided by the department of motor vehicles, social security administration and any other lawful available information source. If the county board of elections is unable to verify the identity of the applicant within *seven* days of the receipt of the application, it shall immediately take steps to confirm that the information provided by the applicant was accurately utilized by such county board of elections, was accurately verified with other information sources and that no data entry error, or other similar type of error, occurred. Following completion of the preceding steps, the county board of elections shall mail (a) a notice of its approval, (b) a notice of its approval which includes an indication that such board has not yet been able to verify the identity of the applicant and a request for more information so that such verification may be completed, or (c) a notice of its rejection of the application to the applicant in a form approved by the state board of elections. Notices of approval, notices of approval with requests for more information or notices of rejection shall be sent by nonforwardable first class or return postage guaranteed mail on which is endorsed such language designated by the state board of elections to ensure postal authorities do not forward such mail but return it to the board of elections with forwarding information, when it cannot be delivered as addressed and which contains a request that any such mail received for persons not residing at the address be dropped back in the mail. The voter's registration and enrollment shall be complete upon receipt of the

application by the appropriate county board of elections. The failure of a county board of elections to verify an applicant's identity shall not be the basis for the rejection of a voter's application, provided, however, that such verification failure shall be the basis for requiring county board of elections to take the additional verification steps provided by this chapter. The notice shall also advise the registrant of the date when *their* registration and enrollment is effective, of the date and the hours of the next regularly scheduled primary or general election in which *such registrant* will be eligible to vote, of the location of the polling place of the election district in which *such registrant* is or will be a qualified voter, whether such polling place is accessible to physically handicapped voters, an indication that *any registered voter may vote early by mail and information on how to obtain an early mail ballot, that physically handicapped voters or voters who are ill or voters who will be out of the city or county on the day of the primary or general election, may obtain an absentee ballot and the phone number to call for absentee ballot applications, the phone numbers to call for location of polling places, to obtain registration forms and the phone number to call to indicate that the voter is willing to serve on election day as an inspector, poll clerk or interpreter.* The notice of approval, notice of approval with request for more information or notice of rejection shall also advise the applicant to notify the board of elections if there is any inaccuracy. The form of such mail notification shall be prescribed by the state board of elections and shall contain such other information and instructions as it may reasonably require to carry out the purposes of this section. The request for more information shall inform the voter that "THE FAILURE TO CONTACT THE BOARD OF ELECTIONS AND CORRECT ANY INACCURACIES IN THE APPLICATION OR PROVIDE REQUESTED ADDITIONAL INFORMATION MAY RESULT IN A REQUEST FOR IDENTIFICATION AT THE POLLS IN ORDER TO CAST A VOTE ON A VOTING MACHINE." If such notice is returned undelivered without a new address, the board shall forthwith send such applicant a confirmation notice pursuant to the provisions of section 5-712 of this article and place such applicant in inactive status. The state board of elections shall prepare uniform notices by this

section as provided for in subdivision eight of section 3-102 of this chapter.

10. If the board of elections has been unable to verify the identity of the applicant within forty-five days of the application, the board shall mail a second request for more information to the applicant. This notice shall inform the voter that “THE FAILURE TO CONTACT THE BOARD OF ELECTIONS AND CORRECT ANY INACCURACIES IN THE APPLICATION OR PROVIDE REQUESTED ADDITIONAL INFORMATION MAY RESULT IN A REQUEST FOR IDENTIFICATION AT THE POLLS IN ORDER TO CAST A VOTE ON A VOTING MACHINE.” If the board of elections remains unable to verify the identity of the voter it shall so indicate with a notation next to the voter’s name in the registration list. Such a voter may provide information to assist the county board to verify *their* identity at any time and such notation shall be removed by the board of elections upon such verification.

11. If the county board of elections suspects or believes that for any reason the applicant is not entitled to registration and enrollment, it shall make inquiry in reference thereto. If the board of elections shall find that the applicant is not qualified to register and enroll, the application shall be rejected and the applicant notified of such rejection and the reason therefor, no later than *seven* days before the day of the first primary or general election occurring at least *ten* days after the filing of the application.

12. Whenever the county board of elections is not satisfied from an examination of an application for registration and enrollment, or after its initial inquiry, that the applicant is entitled to such registration or enrollment, it may order an investigation through any officer or employee of the state or county board of elections, police officer, sheriff or deputy sheriff.

13. An affidavit or a signed statement by any officer or employee of the state or county board of elections or any police officer, sheriff or deputy sheriff, that such person visited the premises claimed by the applicant as *their* residence and interrogated an incarcerated individual, house-dweller, keeper, caretaker, owner, proprietor or landlord thereof or therein as to such applicant’s residence therein or thereat, and that *they*

were informed by one or more such persons, naming them, that they knew the persons residing upon such premises and that the applicant did not reside upon such premises as set forth in *their* application, shall be sufficient authority for a determination by the board that the applicant is not entitled to registration or enrollment; but this provision shall not preclude the board from making such other determination, as the result of other inquiry, as it may deem appropriate.

14. Notwithstanding the entry by the county board of elections on the registration poll record of the information contained on an application form prescribed by this section, such entry shall not preclude the county board of elections from subsequently rejecting the application if it is not satisfied that the applicant is entitled to register and enroll as provided by this section, provided that the applicant is notified of such rejection and reasons therefor no later than *seven* days before the day of the first primary or general election occurring at least *ten* days after the filing of such application form.

15. a. The county board of elections shall keep a record of applications for registration as they are received and at least once each month, shall, upon request of the chairman of a political party in the county, give such chairman a complete list of the persons whose applications were approved together with their addresses and telephone numbers, and their election and assembly districts or wards, if any.

b. Not more than four times a year, on dates determined by the state board of elections, the county board of elections shall send to the chairman of each political party in the county a complete list of the persons whose applications were approved together with their addresses, their election and assembly districts or wards, if any, their party enrollments and an indication of whether such persons are eligible to vote in the primary elections to be held in that calendar year. Not more than twice a year, in even numbered years, on dates determined by the state board of elections, the county board of elections shall send a copy of such list to the state board of elections. In counties of over one hundred thousand population, each such list shall be, and in other counties each such list may be, cumulative and include the names of all such persons whose names do not appear in the annual enrollment

lists last published by such board of elections, together with an indication of which such names did not appear on the previous list. Such lists may also include the names of those persons whose names do appear in the annual enrollment lists. Such lists shall be arranged in the same manner as the annual enrollment lists. Additional copies of such lists shall be available to the public at a charge not exceeding the cost of publication or reproduction.

¹ 52 USCA § 20901 et seq.

§ 5-211. Agency assisted registration

Each agency designated as a participating agency under the provisions of this section shall implement and administer a program of distribution of voter registration forms pursuant to the provisions of this section. The following offices which provide public assistance and/or provide state funded programs primarily engaged in providing services to persons with disabilities are hereby designated as voter registration agencies: designated as the state agencies which provide public assistance are the office of children and family services, the office of temporary and disability assistance and the department of health. Also designated as public assistance agencies are all agencies of local government that provide such assistance. Designated as state agencies that provide programs primarily engaged in providing services to people with disabilities are the department of labor, office for the aging, department of veterans' services, office of mental health, office of vocational and educational services for individuals with dis-

abilities, commission on quality of care for the mentally disabled, office for people with developmental disabilities, commission for the blind, office of addiction services and supports, the office of the advocate for the disabled and all offices which administer programs established or funded by such agencies. Additional participating agencies designated as voter registration offices are the department of state and the district offices of the workers' compensation board. Such agencies shall be required to offer voter registration forms to persons upon initial application for services, renewal or recertification for services and upon change of address relating to such services. Such agencies shall also be responsible for providing assistance to applicants in completing voter registration forms, receiving and transmitting the completed application form from all applicants who wish to have such form transmitted to the appropriate board of elections. The state board of elections shall, together with representatives of the United States department of defense, develop and implement procedures for including recruitment offices of the armed forces of the United States as voter registration offices when such offices are so designated by federal law. The state board of elections shall also make request of the United States Citizenship and Immigration Services to include applications for registration by mail with any materials which are given to new citizens.

1. The state board of elections shall adopt such rules and regulations as may be necessary to carry out the requirements of this section and shall prepare and distribute to participating agencies written instructions as to the implementation of the program and shall be responsible for establishing training programs for employees of participating agencies involved in such program. The state board of elections shall provide a toll free telephone to answer registration questions.

2. Strict neutrality with respect to a person's party enrollment shall be maintained and all persons seeking voter registration forms and information shall be advised that government services are not conditioned on being registered to vote. No statement shall be made nor any action taken to discourage the applicant from registering to vote.

3. If a participating agency provides services to a person with a disability at the person's place of residence, the agency

shall offer the opportunity to complete a voter registration form at such place of residence.

4. Each participating agency shall provide to each applicant who does not decline to register to vote the same degree of assistance with regard to the completion of the registration application form as is provided by the agency with regard to the completion of its own form unless the applicant refuses such assistance.

5. Employees of a voter registration agency who provide voter registration assistance shall not:

(a) seek to influence an applicant's political preference or party designation;

(b) display any political preference or party allegiance;

(c) make any statement to an applicant or take any action the purpose or effect of which is to discourage the applicant from registering to vote; or

(d) make any statement to an applicant or take any action the purpose or effect of which is to lead the applicant to believe that a decision to register or not to register has any bearing on the availability of services or benefits.

6. The state board of elections shall coordinate and monitor the distribution of voter registration forms by those state agencies, departments, divisions and offices selected to participate in the program to maximize the efficient and non partisan distribution of voter registration information and forms. The board shall also adopt such rules and regulations as may be necessary to require county boards and participating agencies to provide the state board with such information and data as the board deems necessary to assess compliance with this section and to compile such statistics as may be required by the federal elections commission.

7. Each participating agency, department, division and office that makes available voter registration forms shall prominently display promotional materials designed and approved by the state board of elections, informing the public of the existence of voter registration services.

8. Each participating agency, department, division or office that makes available voter registration forms pursuant to this

section shall offer with each application for the services or assistance of such agency, department, division or office and with each recertification, renewal or change of address form relating to such service or assistance, a registration form together with instructions relating to eligibility to register and for completing the form except that forms used by the department of social services for the initial application for services, renewal or recertification for services and change of address relating to such services shall physically incorporate a voter registration application in a fashion that permits the voter registration portion of the agency form to be detached therefrom. Such voter registration application shall be designed so as to ensure the confidentiality of the source of the application. Included on each participating agency's application for services or assistance or on a separate form shall be:

(a) the question, "If you are not registered to vote where you live now, would you like to apply to register here today?"

(b) The¹ statement, "applying to register or declining to register to vote will not affect the amount of assistance that you will be provided by this agency."

(c) boxes for the applicant to check to indicate whether the applicant would like to register or decline to register to vote.

(d) the statement in prominent type, "IF YOU DO NOT CHECK EITHER BOX, YOU WILL BE CONSIDERED TO HAVE DECIDED NOT TO REGISTER TO VOTE AT THIS TIME."

(e) the statement, "If you would like help in filling out the voter registration application form, we will help you. The decision whether to seek or accept help is yours. You may fill out the application form in private."

(f) the statement, "If you believe that someone has interfered with your right to register or decline to register to vote, your right to privacy in deciding whether to register or in applying to register to vote, or your right to choose your own political party or other political preference, you may file a complaint with the state board of elections (address and toll free telephone number)."

(g) a toll free number at the state board of elections that can be called for answers to registration questions.

9. Disclosure of voter registration information, including a declination to register, by a participating agency, its agents or employees, for other than voter registration purposes, shall be deemed an unwarranted invasion of personal privacy pursuant to the provisions of subdivision two of section eighty-nine of the public officers law and shall constitute a violation of this chapter.

10. The form containing the declination to register to vote shall be retained by the recipient agency for the same period of time as such agency retains the accompanying application for services or for such shorter period of time as may be approved by the state board of elections.

11. The participating agency shall transmit the completed applications for registration and change of address forms to the appropriate board of elections not later than ten days after receipt except that all such completed applications and forms received by the agency *after the twentieth day prior to an election and by the twelfth day before such election* shall be transmitted in such manner and at such time as to assure their receipt by such board of elections *as soon as practicable and not later than the tenth day before such election*.

12. Completed application forms, when received by a participating agency not later than the *twelfth day* before the next ensuing primary, general or special election and transmitted by such agency to the appropriate board of elections so that they are received by such board not later than the *tenth day* before such election shall entitle the applicant to vote in such election provided the board determines that the applicant is otherwise qualified.

13. The state board of elections shall provide application forms for use pursuant to this section except that any agency which uses a form other than such registration form shall be responsible for providing such form. Forms which vary in design and or content from the form approved by the state board of elections may only be used with the approval of such board.

14. Applications shall be processed by the board of elections in the manner prescribed by section 5-210 of this title or, if the applicant is already registered to vote from another

address in the county or city, in the manner prescribed by section 5-208 of this title. The board shall send the appropriate notice of approval or rejection as required by either subdivision nine of such section 5-210 or subdivision five of such section 5-208.

15. The head of each participating agency shall take all actions which are necessary and proper for the implementation of this section. Each agency head shall designate one person within the agency as the agency voter registration coordinator who will, under the direction of the state board of elections, be responsible for the voter registration program in such agency.

16. The state board shall develop and distribute public information and promotional materials relating to the purposes and implementation of this program.

17. Each agency designated as a participating agency under this section shall conduct a study and prepare a report to determine the feasibility, practicality and cost-effectiveness of designing their agency intake forms to serve also as voter registration forms that comply with state and federal law. Such study and report shall be completed by December 1, 1996. Copies of such reports shall be provided to the governor, the temporary president of the senate, the speaker of the assembly and the state board of elections. After submission of the report, participating agencies that determine that it is feasible, practical and cost-effective to have such forms also serve as voter registration forms shall do so upon the approval of the state board of elections. § 5–212. Motor vehicle registration

1. In addition to any other method of voter registration provided for in this article, any qualified person may apply for registration and enrollment by application made simultaneously and integrated with an application for a motor vehicle driver’s license, a driver’s license renewal or an identification card if such a card is issued by the department of motor vehicles in its normal course of business.

2. The department of motor vehicles, with the approval of the state board of elections, shall design a form or forms which shall, in addition to eliciting such information as may be required by the department of motor vehicles for a driver’s license, a driver’s license renewal, a change of address notification or an identification card, serve as an application for registration and enrollment, or a registration necessitated by a change of residence. The cost of such forms shall be borne by the department of motor vehicles.

3. The voter registration portion of such forms:

(a) shall not require any information that duplicates the information required on the application for the driver license portion and shall require only such additional information, including the applicant’s signature, as will enable election officials to assess the applicant’s eligibility to register to vote, prevent duplicate registration and to administer voter registration and other parts of the election process.

(b) shall include a statement of the eligibility requirements for voter registration and shall require the applicant to attest by his signature that he meets those requirements under penalty of perjury.

(c) shall inform the applicant, in print identical to that used in the attestation section of the following:

- (i) voter eligibility requirements;
- (ii) penalties for submission of false registration application;

(iii) that the office where applicant registers shall remain confidential and the information be used only for voter registration purposes;

(iv) if the applicant declines to register, his declination shall remain confidential and be used only for voter registration purposes;

4. Included on the form or on a separate form shall be:

(a) the question, "If you are not registered to vote where you live now, would you like to apply to register here today?"

(b) boxes for the applicant to check to indicate whether the applicant would like to register or decline to register to vote.

(c) the statement in prominent type, "IF YOU DO NOT CHECK EITHER BOX, YOU WILL BE CONSIDERED TO HAVE DECIDED NOT TO REGISTER TO VOTE AT THIS TIME."

(d) the statement, "If you would like help in filling out the voter registration application form, we will help you. The decision whether to seek or accept help is yours. You may fill out the application form in private."

(e) the statement, "If you believe that someone has interfered with your right to register or decline to register to vote, your right to privacy in deciding whether to register or in applying to register to vote, or your right to choose your own political party or other political preference, you may file a complaint with the state board of elections (address and toll free telephone number)."

(f) a toll free number at the state board of elections that can be called for answers to registration questions.

5. The form containing the declination to register to vote shall be retained by the department of motor vehicles for the same period of time as such department retains the accompanying application for services or for such shorter period of time as may be approved by the state board of elections.

6. The department of motor vehicles shall transmit that portion of the form which constitutes the completed application for registration or change of address form to the appropriate board of elections not later than ten days after receipt except that all such completed applications and forms received

by the department *after the twentieth day prior to an election and by the twelfth day before such election* shall be transmitted in such manner and at such time as to assure their receipt by such board of elections *as soon as practicable and not later than the tenth day before such election*. All transmittals shall include original signatures.

7. Completed application forms received by the department of motor vehicles not later than the *twelfth day* before the next ensuing primary, general or special election and transmitted by such department to the appropriate board of elections so that they are received not later than the *tenth day* before such election shall entitle the applicant to vote in such election provided the board determines that the applicant is otherwise qualified.

8. Disclosure of voter registration information, including a declination to register, by the department of motor vehicles, its agents or employees, for other than voter registration purposes, shall be deemed an unwarranted invasion of personal privacy pursuant to the provisions of subdivision two of section eighty-nine of the public officers law and shall constitute a violation of this chapter.

9. Application forms shall be processed by the board of elections in the manner prescribed by section 5-210 of this title or, if the applicant is already registered to vote from another address in such county or city, in the manner prescribed by section 5-208 of this title. The board shall send the appropriate notice of approval or rejection as required by either subdivision nine of such section 5-210 or subdivision five of such section 5-208.

10. Strict neutrality with respect to a person's party enrollment shall be maintained and all persons seeking voter registration forms and information shall be advised that government services are not conditioned on being registered to vote.

11. No statement shall be made nor any action taken to discourage the applicant from registering to vote.

12. The department of motor vehicles shall provide to each person who chooses to register to vote the same level of assistance provided to persons in connection with the comple-

§ 5-212**ELECTION LAW**

tion of the agency's own forms, unless such person refuses such assistance.

13. The state board shall adopt such rules and regulations as may be necessary to carry out the requirements of this section. The board shall also adopt such rules and regulations as may be necessary to require county boards and the department of motor vehicles to provide the state board with such information and data as the board deems necessary to assess compliance with this section and to compile such statistics as may be required by the federal elections commission.

14. The state board shall develop and distribute public information and promotional materials relating to the purposes and implementation of this program.

15. The state board shall prepare and distribute to the department of motor vehicles written instructions as to the implementation of the program and shall be responsible for establishing training programs for employees of the department of motor vehicles involved in such program.

16. The commissioner of motor vehicles shall take all actions which are necessary and proper for the implementation of this section. The commissioner of motor vehicles shall designate one person within the agency as the agency voter registration coordinator who will, under the direction of the state board of elections, be responsible for the voter registration program in such agency.

(Added L.1994, c. 659, § 15. Amended L.1996, c. 200, §§ 10, 11; L.2023, c. 113, § 4, eff. Jan. 1, 2023.)

§ 5-213. Inactive status

1. When a voter is sent a confirmation notice pursuant to the provisions of this article, the voter's name shall be placed in inactive status.

2. The registration poll records of all such voters shall be removed from the poll ledgers and maintained at the offices of the board of elections in a file arranged alphabetically by election district. If such board uses computer generated registration lists, the names of such voters shall not be placed on such lists at subsequent elections other than lists prepared

pursuant to the provisions of section 5-612 of this article but shall be kept as a computer record at the offices of such board.

3. The board of elections shall restore the registration of any such voter to active status if such voter notifies the board of elections that *they reside* at the address from which *they are* registered, or the board finds that such voter has validly signed a designating or nominating petition which states that *they reside* at such address, or if such voter casts a ballot in an affidavit envelope which states that *they reside* at such address, or if the board receives notice that such voter has voted in an election conducted with registration lists prepared pursuant to the provisions of section 5-612 of this article. If any such notification or information is received *ten* days or more before a primary, special or general election, the voter's name must be restored to active status for such election.

4. As soon as practicable, after it restores a voter's registration to active status, the board of elections shall send the voter, by first class forwardable mail, a notice advising him of the restoration in a form which is similar to the notice sent to new registrants pursuant to the provisions of section 5-210 of this title and which has been approved by the state board of elections.

5. If the board of elections receives notice, which complies with the requirements of this article, that a voter in inactive status is residing at another address within the jurisdiction of such board, it shall transfer the registration and enrollment of such voter to such other address pursuant to the provisions of section 5-208 of this title.

(Added L.1994, c. 659, § 16. Amended L.1994, c. 659, § 17; L.1996, c. 200, § 12; L.2023, c. 113, § 5, eff. Jan. 1, 2023.)

§ 5-214. Registration cards for identification

A board of elections may provide identification cards for use in any city or town in such county in which the board deems it necessary to facilitate voting. However, the failure of a voter to present such card shall not deprive such voter of the right to exercise the franchise, or any other right provided under this chapter.

(L.1976, c. 233, § 1. Amended L.1978, c. 9, § 31, eff. Mar. 7, 1978.)

§ 5-215. Veterans' absentee registration

1. The board of elections in the county in which a veterans' hospital is located shall appoint a board of registration which shall attend each veterans' hospital between the hours of nine o'clock in the morning and five o'clock in the evening on the seventh Thursday before each general election and, in the event that it be necessary for the completion of its duties, on the seventh Friday before such election except that if any of the religious holidays of Yom Kippur, Rosh Hashanah, Simchas Torah, Shmini Atzereth or Succoth shall fall on such days, such registration shall be held on the next regular business day which does not fall on any of such religious holidays, and shall receive from residents or patients therein, or their spouses, parents and children, the applications of such of them as desire and are qualified to be registered by absentee registration.

2. After the applicant completes and signs the application, or has it signed for him, it shall be deposited by or for him in an envelope and sealed. Before receiving the next application the board shall address the envelope to the board of elections in the county where the applicant resides and note upon a form provided for such purpose the date of the application, the name and residence address of the applicant and the name of the hospital at which the application was received.

3. At the end of each day each member of such board shall sign the form containing the list of applicants with their names and addresses and they shall, no later than the next day, return the list and the sealed envelopes to the board of elections in the county where such hospital is located.

4. The board of elections upon receipt of such applications shall immediately mail those applications that are addressed to another board of elections and shall process those applications addressed to it.

5. If a veterans health administration hospital in which any veteran entitled to vote in this state is a resident or patient, is located outside the State of New York, an application for an *early mail or* absentee ballot signed by such veteran or his or her spouse, parent or child accompanying or being with him or her, if a qualified voter and a resident of the same election district, shall constitute permanent personal registration.

6. All applications made and received pursuant to this section shall be processed in the manner provided herein for personal registration by mail.

7. The cost incurred by the county in which such veterans' hospital is located, for the registration of voters as herein provided, may be apportioned to the counties in which such voters reside in proportion to the number of applicants for such registration residing in such counties.

8. The board of elections shall not be required to send a board of central registration to each veterans' hospital in such county, pursuant to the provisions of this section, if, in lieu thereof, it shall provide such hospital with mail registration application forms in sufficient quantity so that each resident or patient of such hospital who wishes to register will be able to do so. A complete application received from a resident or patient whose residence is in a county other than the county in which the hospital is located shall be immediately transmitted to the appropriate board of elections.

§ 5–216. Registration; assistance to applicant

1. If any person entitled to be registered shall declare to the board of inspectors that he is unable to read or write by reason of illiteracy or disability, the board shall provide assistance in registering. Such person shall, if unable to write, be excused from signing and the board shall enter the words “unable to sign” in each space reserved for his signature. The board shall also enter in the remarks space on the face of the registration records the reason for his inability to write his name.

2. If the applicant be a person who does not speak the English language, he may be assisted by a relative who can interpret for him. If the applicant registers with this assistance the board shall put in the remarks space of the registration forms the name and address, and the relationship, of the person so doing the interpreting and the interpreter shall sign his name in the remarks space.

3. If the registrant needs assistance with registration, he may also have the same assistance in order to mark the enrollment blank.

(L.1976, c. 233, § 1. Amended L.1978, c. 373, § 43, eff. June 19, 1978.)

§ 5-218. Registration; challenges

1. Any person who applies for registration may be challenged by any qualified voter, watcher, or inspector of election if such person has reason to suspect that the applicant is not qualified to be registered to vote.

2. When an applicant is challenged the person making the challenge must first state the reason for the challenge and complete the challenger's part of the challenge form. The board shall then administer to such applicant the following oath: "You do solemnly swear (or affirm) that you will give true answers to the questions which may be put to you to establish your qualifications to register and vote". A member of such board shall then read to the challenged person the questions printed upon the form of the challenge affidavit which relate to the reason given for the challenge, and such other questions on the form as in its discretion it may deem appropriate, and shall enter in ink, opposite each question, the answer thereto given by such applicant. After answering, the applicant shall sign his name to such challenge affidavit. The inspector or member of such board who writes the answers shall enter in the place provided on the challenge affidavit, information identifying the person challenged and the name and address of the person challenging, and shall sign the certificate at the end thereof. The other inspectors present shall also sign such certificate at the end thereof.

3. The applicant shall be registered by the board if a majority of such board shall be satisfied with the answers of the registrant. If not satisfied, they shall notify him of the qualifications which they believe he lacks as a voter, and shall furnish him a duplicate of the challenge affidavit as completed. They shall also advise him of his right to apply to the board of elections for registration.

4. When a person who has been challenged is registered, the board shall enter in the remarks column the word "Challenged".

5. The state board of elections shall prescribe forms for challenge affidavits for use pursuant hereto, which forms shall elicit such information from the applicant as it deems appropriate.

(L.1976, c. 233, § 1.)

§ 5-220. Registration; challenge after registered

1. Any person may challenge the registration of a voter by executing and delivering to the board of elections or a board taking registrations, his affidavit that he had reason to believe that such voter's registration should be cancelled. Such affidavit shall contain the affiant's full name, residence, and business address, the name of his employer, the registration serial number of the person challenged and a recital of the reasons and the facts supporting affiant's belief that the person challenged lacks the qualifications for voting prescribed in this chapter and specified in such affidavit. The affidavit shall state if the reasons for challenge are based upon the affiant's personal knowledge, or upon information received from another person. If the affiant's belief is based upon information furnished by another, the affidavit shall recite the name of the person furnishing the information and the basis for his information. After the affiant has signed such affidavit a member of such board shall read to him and request him to sign the following oath, which shall be subscribed by such affiant: "I do solemnly swear (or affirm) that the foregoing statement made by me on (insert day, month and year) is a truthful disclosure of the reasons for my belief that the registered voter therein named is not qualified to continue to be registered in the election district in which he is now registered." If the affiant shall take and sign such oath, the members of the board shall sign their names as witnesses below the affiant's subscription to such oath. Each such affidavit shall be directed toward the challenge of only one registrant. The board shall give full assistance to any person desiring to execute such an affidavit. The board of elections shall furnish the necessary forms. Upon receipt of such affidavit the board of elections forthwith shall conduct an investigation of the voter's qualifications to remain registered in the same manner as provided for applications for personal registration by mail. Any person whose

§ 5-220

ELECTION LAW

registration is so challenged shall be notified thereof by the board of elections by registered or certified mail within five days after the affidavit is received by it.

2. If the board of elections cannot complete its investigation, or cannot make a determination before the next election at which the registrant could vote, it shall place his name on a challenge list as a person to be challenged when voting.

(L.1976, c. 233, § 1. Amended L.1978, c. 373, § 44, eff. June 19, 1978.)

§ 5-222. Statement of temporary absence

1. A voter who has removed from his residence but who is still eligible to vote from that address for any of the reasons enumerated in this chapter shall, at the time of his registration, or at the time of his removal, or upon request of the board of elections, file with such board, in person or by mail, a statement of temporary absence.

2. Such statement shall set forth where the voter actually resides, where he claims to be legally domiciled, the nature of his occupation or employment, the name and address of his employer, or the school he attends, or the institution at which he is resident, the class to which he claims to belong and such other information as the board shall deem appropriate.

3. When such a statement is filed, the board of elections shall enter the words "Statement of temporary absence filed" in the "remarks" space on the face of such voter's registration poll record. The registration serial number of the voter shall be placed on such statement and it shall be preserved with the other records of the board of elections.

4. The state board of elections may prescribe a form of statement of temporary absence.

(L.1976, c. 233, § 1.)

§ 5-224. Registration of voters unlawfully denied the right to register

1. If any voter applies personally for registration and is unlawfully denied the right to register, the county board of elections may, upon the application of the voter in person or by mail to such board within two weeks after the last day of registration, or within five days after the date of the voter's

receipt of notice of the rejection of his application, upon proper proof, and upon such notice to the chairman of the county committees of the several parties as the board shall prescribe, direct that he be registered in the election district in which he is a qualified voter. The directions of the county board of elections shall be carried out by the board itself, by its clerks, or by the proper inspectors of elections, as the board may prescribe. The county board of elections shall make a final determination of such application not later than one week after the application is made by the voter.

2. If the board of elections has reason to believe that any applicant has been wrongfully denied the right to register, it shall notify him by mail and such person, upon application in person or by mail to the board of elections, within two weeks of the date of such notice, may be registered by the board of elections.

3. The board of elections shall make a final determination on such application not later than one week after it is made.

4. If any applicant is registered pursuant to the provisions of this section, such registration shall be deemed effective as of the date of the wrongful denial of the right to register.

(L.1976, c. 233, § 1. Amended L.1978, c. 9, § 32; L.1991, c. 90, § 21, eff. Dec. 1, 1991.)

§ 5-226. Registration; voter registered in wrong district

1. If any voter has been registered in a wrong election district, the board of elections shall, if he is a qualified voter in any election district within the jurisdiction of such board, change his registration to the correct election district. The board of elections shall thereupon give immediate notice by mail to such voter that his registration has been corrected, and also the location of the polling place of the election district in which he is a qualified voter.

2. If such voter does not reside in any election district within the jurisdiction of the board, his registration shall be cancelled and he shall be notified of the cancellation and the reason therefor.

3. The board shall maintain a list of all such corrections and cancellations as a public record in its office and shall

deliver a copy of such list to the chairman of each political party seven days before each election.

(L.1976, c. 233, § 1.)

§ 5-228. Registration; certificates of local registration

1. At the close of local registration, each board of inspectors shall mail, or, if the board of elections directs, shall deliver to the board of elections a certificate, signed by the members of such board, stating the name, present residence address of each registrant and such other information as the board of elections shall require and a certificate stating the name and address of each person whom the board refused to register for any reason other than that he was already registered, and, in each instance, the reason for such refusal. The names and addresses shall be entered on such certificates during the day of registration as the voters concerned are registered or refused registration.

2. At the end of each period of local registration, the board of inspectors shall sign a certificate containing a tabulation of the following information:

a. The total number of voters registered on each day of local registration;

b. The total number of voters registered during such period of registration;

c. Such other information as shall be deemed appropriate by the county board of elections and the state board of elections.

Such certificate shall be mailed or delivered to the board of elections as it may direct, by the board taking registrations. In any city having therein an office of the board of elections, the board of elections may direct that such certificate shall be delivered to the police at the place of registration or the nearest police stationhouse. In such event, the police shall forthwith deliver the certificate to the board of elections at its nearest office.

3. The state board of elections shall prescribe the form of the certificates required by this section.

(L.1976, c. 233, § 1. Amended L.1976, c. 234, § 24, eff. Dec. 1, 1977.)

§ 5–230. Local registration; disposition of records and supplies

1. At the end of each day of registration, the chairman of each board of inspectors shall deliver the ledgers locked in the carrying case, if any, the flag and all other supplies to the police at the place of registration, or, if directed, to the officer charged by this chapter with the duty of delivering such articles to the board. The police or such other officer shall return all such articles on the next day of registration to the chairman of such board at the place of registration immediately prior to the opening hour for registration.

2. If allowed by the board of elections, at the end of each day of registration, the chairman may, after locking and sealing the same, leave the registration poll records in the custody of a member of the board of one political party and the corresponding central file registration records with a member of the board of the opposite political party and himself retain custody of all other articles, or securely store such other articles in the place of registration if the same be a public building.

3. If allowed by the board of elections, at the end of each day of registration, the registration poll records and all other articles may be securely stored in the place of registration if the same be a public building.

4. At the close of the last day on which any board of inspectors is authorized to take registrations such board shall seal the ledgers and lock them in the carrying case; enclose all keys in a sealed package and enclose all executed forms in a sealed package. The chairman of such board shall deliver the sealed material, unused forms and all equipment and material furnished by the board of elections to a person designated by the board of elections to take custody of these items. The person designated shall deliver all such articles to the board of elections within twenty-four hours after the polls close.

5. The members of each board taking registrations shall sign all seals and shall affix their signatures to each in such a manner that the article sealed cannot be opened without breaking their signatures.

§ 5-230

ELECTION LAW

Such poll record shall be removed from such poll ledger or computer generated registration list immediately after such special election.

5. During the period preceding the ensuing primary election, the board of elections shall maintain as a public record a list of all enrollments entered, transferred or corrected, and not contained in the last published enrollment list. § 5–304. Enrollment; change of enrollment or new enrollment by previously registered voters

1. A registered voter may change his enrollment in the manner prescribed by this section.

2. The term “change of enrollment” shall apply to applications by a registered voter already enrolled in one party to enroll in a different party, or to delete his enrollment in any party, or an application by a registered voter not enrolled in any party to enroll in a particular party.

3. A change of enrollment received by the board of elections will take effect immediately, provided however, any

change of enrollment received by the board of elections after February fourteenth and before or on seven days after the June primary shall take effect on the seventh day after the June primary.

4. Registered voters may apply for change of enrollment personally by mail to or by appearing before a county board of elections or by appearing before a board of inspectors. If the applicant has appeared in person and if the board finds that he or she is properly registered, it shall provide the applicant with an application form for voter registration by mail which shall be treated as an application for change of enrollment filed pursuant to this section. If the voter has applied personally by mail, the county board of elections shall mail him or her an application form for voter registration by mail as provided by this chapter. If a registered voter submits an application form for registration or enrollment as provided by this chapter, from the residence address from which he or she is then registered, and such form reflects a change of enrollment, the county board of elections shall treat such form as an application for change of enrollment filed pursuant to this section. If such application form also sets forth a new address within the same city or county, the board of elections shall also treat such form as an application for transfer of registration pursuant to section 5–208 of this article. If a voter has cast a ballot in an affidavit ballot envelope on which such voter claims a party enrollment different from the enrollment in the records of the board of elections, such affidavit shall be treated as an application for change of enrollment.

§ 5–306. Enrollment; correction of

1. If, after being regularly registered in an election district, a voter discovers he has made a mistake when enrolling, he may within one year from the date of his last registration apply to the board of elections of the county or city in which he resides for a correction of the mistake made by him when marking his enrollment blank, by filing his affidavit setting

forth substantially as follows: how he is enrolled, and the town or city, election district, and when required, the ward or assembly district, in which he is registered, the street address, if any, from which he was registered, a statement, in substance, that his current enrollment blank was not marked correctly and that he did not intend to be so enrolled; the name of the party with which he did intend to enroll and which he desires to be entered on the registration records; a statement that he has been duly and regularly enrolled with the party whose name he desires entered on his registration records for at least five years immediately preceding the registration at which such mistake occurred or that he was not registered for all or part of such five year period; the county or counties and the addresses at which he resided when he was so enrolled; that he is in general sympathy with the principles of the party with which he requests to be enrolled and intends to support generally its nominees at the next general election, and a statement that he has not enrolled in any party or participated in any primary election or convention of any party during the past five years, other than the one with which he requests to be enrolled.

2. If the applicant's certificate or, the registration records in the office of such board show the applicant to have been registered during such five year period elsewhere in the state of New York the board shall require the applicant to produce a certified transcript of his enrollment, if any, in such other jurisdiction within the state accompanied with proof, by affidavit, showing his identity with the person whose name appears in such transcript. If the records of any board of elections within the state show the applicant to have been enrolled during such five year period in any party other than the one with which he requests to be enrolled, or to have been registered but not enrolled, the application for correction of enrollment shall be denied.

3. A voter may correct *their* enrollment pursuant hereto on any of the days the board is open for registration. A correction made during the *nine-day* period preceding a primary election shall not be effective for such election.

4. Where such application for correction of enrollment is approved, the board of elections shall enter the date of filing of

the voter's affidavit along with the new party of enrollment in the spaces provided for entering enrollments on the back of his registration poll record or in the computer file from which the computer generated registration lists are prepared and the words "Enrollment Corrected" shall be entered in the remarks space therein. If requested by any member of the board, the correction of enrollment of any voter, or group of voters, must be approved by two such board members or two employees of the board representing different political parties. Such members or employees shall place their initials or other identifying information on the registration poll record of such voter, or on a computer generated list of such corrections of enrollment. Such lists shall be preserved in the same manner, and for the same time, as such registration poll records. The board shall file such affidavit in a file specially maintained for that purpose.

Such notice shall offer the voter the opportunity to enroll with a party or to decline to enroll with a party and contain the following statement in prominent type "ONLY ENROLLED MEMBERS OF A POLITICAL PARTY MAY VOTE IN THAT PARTY'S PRIMARIES." Such form shall provide a clear alternative for the applicant to decline to affiliate with any party.

2. Notwithstanding subdivision two of section 5–304 of this title, if a voter who registered to vote for the first time (or pre-registered) pursuant to title nine of this article responds to the notice required by subdivision one of this section and elects to enroll in a party, such enrollment shall take effect immediately. However, any pre-registrant's registration shall remain classified as "pending" until the voter reaches the age of eligibility.

§ 5-308

ELECTION LAW

3. If a voter appears at a primary election and votes by affidavit ballot indicating the intent to enroll in such party, such affidavit ballot shall cause the voter to be enrolled immediately in that party if the board of elections determines that the voter registered (or pre-registered) to vote for the first time pursuant to title nine of this article.

4. If a voter appears at a primary election and votes by affidavit ballot indicating the intent to enroll in such party, such affidavit ballot shall be cast and counted if the board of elections determines that the voter registered (or pre-registered) to vote at least *ten* days before that primary pursuant to title nine of this article and such voter is otherwise qualified to vote in such election.

(Added L.2020, c. 350, § 3, eff. Jan. 1, 2023. Amended L.2021, c. 37, § 2, eff. Jan. 1, 2023; L.2023, c. 113, § 8, eff. Jan. 1, 2023.)

The board shall prepare forms for the various applications and affidavits required under this title and, upon application, shall furnish a copy of the appropriate form to or for any voter desiring to use the same, and an additional copy if required. Copies also may be sold by the board, at cost, to any qualified voter.

2. Except when a voter is expressly required to file a paper in person, such paper may be filed either in person, by agent or sent by mail. Mailing within the state and within the times prescribed for filing shall be sufficient if the affidavit be received by the board. The postmark shall be sufficient proof of the date of mailing. If mailed outside of the state or if the postmark is omitted or illegible the affidavit must be received by the board within the times so prescribed for filing.

§ 5-402. Cancellation of registration; generally, notice to voter

1. The board of elections shall cancel the registration of a voter when he is no longer qualified to vote or as required herein.

2. Whenever the board has reason to believe that a registered voter is no longer qualified to vote, it shall, before cancelling his registration, notify him, in a form approved by the state board of elections, by first class forwardable mail to the address from which he was last registered that he may appear before the board or answer in writing by mail, stating the reasons why his registration should not be cancelled. Such notice shall also state that if the voter does not appear or answer in writing within fourteen days after such notice is mailed, his registration will be cancelled. Such notice shall also advise the voter of his right to reregister pursuant to the provisions of this chapter and shall contain the phone number to call for the days and hours of local registration and the location of local registration places, the deadline for personal registration by mail for the next general election and the phone number to call to obtain additional applications for personal registration by mail. The card shall also inform the voter of how to reregister if the voter has moved out of the county or city. If such registered voter shall fail to appear or answer in writing within such time or if, after he so appears or writes, the board is not satisfied that he is qualified to remain registered, the board shall cancel his registration.

Between elections it shall be kept in the main office or a branch office of the board of elections. The other record shall be kept constantly in such main office or branch office and shall be known as the “central file registration record”. The two types of records shall be prepared in different colors.

2. The face of each registration record, at or before its use, shall have entered at the top the name of the county in which it is to be used and a registration serial number, which shall be different for each voter but the same for the two records of each voter.

3. The central file registration records shall be printed on one side only, and shall be identical in substance, printing and arrangement with the face of the registration poll records.

4. The central file registration records and the face of the registration poll records shall contain a space for the voter’s signature, preceded by the words, “The foregoing statements are true”, and followed by the signature of the two members of the board of inspectors or central registration board by whom the voter is registered. 5. On each registration poll record shall be spaces appropriately entitled and arranged for the voting record and signature of each voter. Each line above the last shall be reserved for the entries for each election at which the voter casts his vote. Such arrangement shall allow for the entry of the following information with reference to each election at which the registrant shall vote; the year, month and day of the election; the voter’s number recorded on the public-counter, and the designation of the particular machine used if there be more than one in the district, if voting machines are used; the number on the ballot delivered and voted by the voter, if paper ballots are used; the signature of the voter; and the signatures or initials of the election inspectors by whom the voter is admitted to vote. Such terminals must have the capacity to display a series of names arranged in such

alphabetical order without an inquiry for each such name having to be entered into the computer separately.

4. After such inquiry as it deems appropriate, the state board of elections shall approve the applications of those boards of elections whose systems meet the requirements established by this section and the regulations of the state board. Such boards may then discontinue preparation, use and maintenance of central file registration records.

5. If the state board of elections amends its regulations, a board of elections whose system was previously approved by the state board shall have a reasonable time to conform to the new regulation.

3. Such requirements shall include, but not be limited to the following:

Such record may also include a copy of the entire registration poll record or application for registration of each such voter.

b. The board of elections maintains at least two copies of such computer readable records, which it stores in two different buildings.

c. The computer generated registration list prepared for each election in each election district shall be prepared in a manner which meets or exceeds standards for clarity and speed of production established by the state board of elections, shall be in a form approved by such board, shall include the names of all voters eligible to vote in such election and shall be in alphabetical order, except that, at a primary election, the names of the voters enrolled in each political party may be placed in a separate part of the list or in a separate list, as the board of elections in its discretion, may determine. Such list shall contain, adjacent to each voter's name, or in a space so designated, at least the following: street address, date of birth, party enrollment, year of registration, a computer reproduced facsimile of the voter's signature or an indication that the voter is unable to sign his name, a place for the voter to sign his name at such election and a place for the inspectors to mark the voting machine number, the public counter number if any, or the number of any paper ballots given the voter.

d. The board of elections preserves, for as long as registration records are otherwise required to be preserved, the original application for registration or registration poll record of every registered voter filed in a manner which makes such records available for examination or, if the computer readable record for each registered voter maintained by the board of elections includes a copy of the entire registration poll record or application for registration of each such voter, the board of elections preserves the original of each such poll record or application in such a manner for a period of at least two years, or such longer period as the state board of elections may require, after such copy is entered in the computer readable record or if such computer readable records do not include the

backs of those registration poll records which have been used at one or more elections, the board preserves the original of each such poll record for a period of at least two years after such copy is entered in such computer readable record or four years after the last election at which such poll record was used, whichever is later, or such longer period as the state board of elections may require.

4. After such inquiry as it deems appropriate, the state board of elections shall approve the applications of those boards of elections whose systems meet the requirements established by this section and the regulations of the state board. Such boards may then discontinue preparation, use and maintenance of registration poll records.

5. If the state board of elections amends its regulations, a board of elections whose system was previously approved by the state board shall have a reasonable time to conform to the new regulation.

6. If the state board of elections determines on its own initiative, or upon investigation of a complaint, that the system being used by a board of elections is not in compliance with the requirements of this section and the regulations of the state board, it shall order such board of elections to comply forthwith.

7. If such a board of elections does not comply with the provisions of subdivision six of this section, the state board shall issue an order withdrawing permission to discontinue use of registration poll records and such board of elections shall be required to reinstitute use of such records on the first day of December following issuance of such an order.

8. No computer tape, computer disc or other record which can be used to reproduce such computer generated facsimile signatures shall be sold or otherwise distributed other than for use by a board of elections or upon the order of a court of competent jurisdiction. However all other data contained on any such tape, disc or record shall be sold or otherwise distributed in the same manner as other records of the board of elections.

1. The board of elections shall keep all registration records, when not in use at the polls for an election, at its main office, or a branch office designated by it. Such records shall be kept in locked ledgers or locked filing cabinets and shall not be removed from the office or branch office of the board of elections, except that the registration poll records of all voters entitled to vote at an election shall be delivered as provided in this chapter to the appropriate election district polling places for use at such election.

2. The central file registration records shall be filed for the entire county using a system permitting location by name. Cancelled registration records shall be filed separately and shall be arranged in the same manner as current registration records.

3. The registration poll records shall be classified by election districts, the records for each election district being filed according to street, by number, and alphabetically within any address or in the discretion of the board of elections they may be filed alphabetically by name of voter.

4. Any registration record not completed because of the refusal of a board of inspectors to register an applicant shall be filed by the board of elections with the cancelled registration records as if the person affected had registered and his registration had been cancelled.

5. After receipt thereof from a board of inspectors at the close of a period of local registration, the board of elections, before removing any records or blank forms from any ledger containing registration records of voters registered during such period, shall compare such records and blanks with the certificate filed by such board of inspectors. It shall investigate any discrepancy between such returned material and the information contained on such certificate and if such discrepancy is not satisfactorily resolved, it shall, at the request of any commissioner, make a written report thereof in triplicate and send one copy of such report to the district attorney and one to the state board of elections and keep the third copy on file at its office as a public record. The board of elections shall then

remove the records and blanks from the ledgers and shall file them as provided herein.

(L.1976, c. 233, § 1.)

§ 5-601. Registration records; physically disabled voters

1. A physically disabled voter whose polling place is located in a building that is not accessible shall be entitled to vote in any other election district whose polling place is located in a building which is accessible, provided that the candidates and ballot proposals on the ballot in such other election district are the same as those on the ballot in the election district in which such voter resides.

2. A written application by a disabled voter to have his registration record transferred to an election district which has an accessible polling place shall be valid for an election occurring more than fourteen days after it is received by the board of elections and, if the voter is permanently disabled, for all subsequent elections. Such application may specify the election district to which the voter wishes his registration records transferred.

3. The board of elections shall keep all such applications from permanently disabled voters on file at its office. Not later than twelve days before each election, the board shall transfer the records of each voter for whom it has such an application and who continues to be registered from the address on such application to an election district in the polling place specified in such application. If the application does not specify such an election district, or if the election district so specified is not one to which such records properly may be transferred for such election, the board of elections shall transfer such record to the election district among those to which it may properly be transferred for such election, which is located in the accessible polling place closest to the residence of the applicant.

4. If such registration records are in the form of registration poll records, the board of elections, before transferring any such registration record, shall make a photocopy thereof. Such photocopies shall be kept on file in the offices of such board in case such registration poll record is lost.

5. Upon removing such a registration poll record from a poll ledger, the board of elections shall insert in such poll ledger, at the place where such registration poll record was filed, a form giving the name and address of the voter, stating that the registration poll record was moved pursuant to the provisions of this section and giving the number of the election district to which such registration poll record was moved and the location of the polling place for such election district.

6. If such registration records are kept in the form of computer generated registration lists, the board of elections at the time such registration record is transferred, shall cause to be entered on the computer generated registration at the place where such registration record would have appeared, the name and address of the voter but without the computer reproduced facsimile of the voter's signature and either a notation that such record was moved pursuant to the provisions of this section together with the number of the election district to which such record was moved and the location of the polling place for such election district or a notation stating where, in such computer generated registration list, such information is provided.

7. Not later than ten days before each election, the board of elections shall mail to each voter who has made application pursuant to the provisions of this section, by first class mail, information specifying the number and location of the election district to which his records have been transferred or that there is no election district to which such records may properly be transferred which is located in an accessible polling place.

8. If the board determines that there is no election district in an accessible polling place to which such voter's record may properly be transferred for a particular election, it shall treat the application of such voter as an application for an absentee ballot for such election and forthwith mail such absentee ballot to such voter at his residence address together with the notice required by subdivision seven of this section.

9. The board of elections shall compile a list, arranged by election districts of residence, of the names and addresses of all voters whose registration records have been moved pursuant to the provisions of this section and the number of the

election district to which such registration record was moved. Not later than six days before election day, the board of elections shall send a copy of such list to the county chairman of each party. Such list shall be a public record at the office of such board of elections.

10. The state board of elections shall prescribe a standard form of application for use under this section and all forms necessary to carry out the provisions of this section.

§ 5-602. Lists of registered voters; publication of

After the last day of local registration and before the *fifth* day before the next ensuing general election in each year, the board of elections shall cause to be published a complete list of names and residence addresses of the registered voters for each election district over which the board has jurisdiction. The names for each election district may be arranged according to street and number or alphabetically. Each list shall be prepared in such a manner as to indicate the registrants whose names did not appear on the list of registered voters last published pursuant to the provisions of this section and the registrants who are in inactive status. The board of elections, in its discretion, may publish the names of the registrants in inactive status as a separate list. In lieu of publishing such a registration list, such board of elections may publish a complete list of the names and residence addresses of all registered voters whose names do not appear in the annual enrollment lists published in such year by such board, in the same form as such enrollment lists, and a list of the registered voters whose names appear in such annual enrollment lists but who have been placed in inactive status or whose registrations have been cancelled since the publication of such annual enrollment lists. Lists for all election districts in a ward or assembly district may be bound together in one volume.

2. The board of elections shall cause a list to be published for each election district over which it has jurisdiction.

3. The board of elections shall prepare such number of copies of such lists as it determines will be sufficient to meet the demand for such lists and shall send at least one copy of

§ 5-602**ELECTION LAW**

each such list to the state board of elections, and shall keep at least five copies for public inspection at each main office or branch of the board. Other copies shall be sold at a charge not exceeding the cost of publication.

Such list shall, in addition to the information required for registration lists, include the party enrollment of each voter. At least as many copies of such list shall be prepared as the required minimum number of registration lists.

Lists for all the election districts in a ward or assembly district may be bound together in one volume. The board of elections shall also cause to be published a complete list of names and residence addresses of the registered voters, including the party enrollment of each voter, for each town and city over which the board has jurisdiction. The names for each town and city may be arranged according to street and number or alphabetically. Such lists shall be published before the twenty-first day of February. The board shall keep at least five copies for public inspection at each main office or branch office of the board. Surplus copies of the lists shall be sold at a charge not exceeding the cost of publication.

2. Immediately after the publication of such lists the board shall send at least one true copy, duly certified, of each such list to the state board of elections.

(L.1976, c. 233, § 1. Amended L.1996, c. 176, § 2; L.1996, c. 709, § 1, eff. June 18, 1996; L.2010, c. 28, § 1, eff. March 30, 2010; L.2019, c. 5, § 9, eff. Jan. 24, 2019; L.2019, c. 316, § 2, eff. Sept. 26, 2019.)

1. The board of elections shall certify to the correctness of any transcript of original registration or enrollment entries, or of any part thereof, on the payment of one cent for every twenty names contained in the transcript.

2. The board of elections shall on request give to any enrolled voter a certificate of enrollment which shall specify the name of the party with which he is enrolled, the date of enrollment and the election district in which such voter is enrolled.

(L.1976, c. 233, § 1.)

§ 5-608. Replacement of registration and enrollment records; damaged, unusable or lost

1. If the registration or enrollment records of any voter shall be lost, mutilated, defaced or destroyed, the board of elections shall, except as provided in subdivision two hereof, require him to reregister or reenroll. Such reregistration or reenrollment shall be deemed to have taken effect as of the date of the original registration or enrollment.

2. If one or both of the registration records of the voter are still in the possession of the board of elections and it is possible therefrom to duplicate the lost or damaged record, the board of elections shall prepare a new record containing all the information required, using the original serial number, and shall paste photostatic copies of the voter's signature in each space on the new record where his signature was placed on the original record.

3. When the spaces for signature or for other entries, on a registration poll record are filled so as to render a record no longer usable, the board of elections shall prepare a second poll record. All pertinent information shall be copied from the original poll record on to the second poll record. The registration signature on the original poll record shall be photostated and pasted on the back in the space for the registration signature on the second poll record. Within the space reserved for remarks shall be imprinted "Record Continued—2nd Poll Record", or "3rd Poll Record", as appropriate.

4. The active but unusable poll record shall be kept in a special file for active continued registrations until such time as the next poll record may be cancelled, at which time the poll records are stamped "cancelled" and fastened together when placed in the cancellation file.

5. All mutilated or defaced registration records which are replaced by new records under the provisions of this section

§ 5-608

ELECTION LAW

shall be stamped across the face with the words "Record Replaced", without obliterating any of the entries thereon and shall be kept on file by the board of elections.

6. If the records of an entire election district or a large segment thereof are lost, mutilated, defaced or destroyed, or are determined by the board of elections to be so inaccurate or incomplete as to be unusable, such board may, upon due notice, require re-registration of all qualified voters resident within such district. In such event, the board shall fix and determine additional days of local registration for such re-registration.

(L.1976, c. 233, § 1.)

§ 5-610. Registration records; new election district

At least twenty days before the next election, after such new plan of election districts has been effected, the board of elections shall mail a written notice to each affected registered voter notifying him of the designation of the new political subdivision, if any, and the number of the election district to which his registration record has been transferred, and if available, the address of his polling place.

village election purposes to the board of inspectors of the several polling places in the election districts as provided by this chapter. The board of elections shall indicate on such list, or on a separate accompanying list, the names of those voters whose registration records have been marked “permanently disabled”. The names of voters in inactive status shall appear on a separate accompanying list. Voters listed in inactive status who appear at the polls to vote shall be challenged in the manner provided by section 8-504 of this chapter.

2. Notwithstanding the provisions of sections nineteen hundred six, twenty hundred fourteen and twenty-six hundred six of the education law with respect to registration of voters, any person, otherwise qualified to vote who is registered under the provisions of this article shall be entitled to vote at all school district meetings or elections without further registration.

3. Whenever a school district meeting or election is scheduled, the board of elections for the appropriate county or counties shall deliver the registration lists, indicating on such list, or on a separate accompanying list, the names of those voters whose registration record has been marked “permanently disabled”, and, on a separate accompanying list, the names of voters in inactive status who shall be challenged if they appear at the polls to vote, for the appropriate election districts or those portions of the election districts encompassing the school district to the appropriate officials of such school district as soon as possible upon request of the appropriate officials, but no later than the thirty days immediately prior to the regularly scheduled school district election, provided further, that such board of elections shall deliver no later than ten days prior to each such special or regular school district election supplemental registration lists containing the names of those voters who have registered after delivery of the first registration lists and who are eligible to vote in such elections, indicating on such list or on a separate accompanying list the names of those voters whose registration record has been marked “permanently disabled”.

4. Within five days of the adoption by a board of education of a resolution in accordance with subdivisions one and three of section two thousand fourteen of the education law, such board of education shall notify the appropriate board of elections of such adoption.

Any voter listed in inactive status who appears at the polls to vote, shall be challenged.

7. The appropriate official of each town, village, school district, improvement district or fire district which obtains a list of registered voters from the board of elections pursuant to the provisions of this section shall deliver the list containing the names of the voters in inactive status or, at the discretion of such official, a photocopy of such list to the board of elections not later than one week after the election at which the list was used with an indication of which voters listed in inactive status on such list voted at the election for which the list was prepared. If such official delivered the original list, the board of elections shall return such list to the official from whom it was received within three weeks thereafter.

§ 5-614. Statewide voter registration list

1. There shall be one official record of the registration of each voter. Such record shall be maintained in an interactive,

statewide, computerized, voter registration list. Such statewide voter registration list shall constitute the official list of voters for the state of New York. Such list shall be in the custody of the state board of elections and administered and maintained by the state board of elections, subject to rules and regulations promulgated by the state board of elections in accordance with subdivision four of section 3-100 of this chapter. Local boards of elections shall comply with all the rules and regulations promulgated by the state board of elections pursuant to this section.

2. The official statewide voter registration list shall be created by combining the existing voter registration list maintained by each local board of elections into a single integrated list. The state board of elections, pursuant to subdivision four of section 3-100 of this chapter, shall promulgate rules and regulations, which shall be binding upon each local board of elections, concerning the combining of each existing voter registration list into a single integrated list. Such rules and regulations shall be designed, to the maximum extent practicable, to allow each local board of elections to continue to use its existing computer infrastructure, computer software and database applications to access data from and transmit data to the statewide voter registration list. To create such list, each local board of elections shall transmit to the state board of elections a certified copy of the voter registration records of such board in an electronic format prescribed by the state board of elections. The state board of elections shall on an ongoing basis compile such records from the local boards of elections into a statewide voter registration list. The computer infrastructure of such list shall be maintained and administered by the state board of elections and such board shall, in accordance with subdivision four of section 3-100 of this chapter, promulgate uniform rules and regulations for the maintenance of voter registration records not inconsistent with this chapter. The state board of elections shall make accessible to each local board of elections the statewide voter registration list. Such list shall be maintained in a computerized form which permits different user interfaces.

3. The statewide voter registration list shall:

a. serve as the single system for storing and managing the official list of registered voters throughout the state which local boards of elections shall use for creating the computer generated registration list prepared for each election for each election district as provided by this chapter;

b. contain the name and registration information of every legally registered voter in the state, as provided by section 5-500 of this article and such other information as may be deemed necessary by the state board of elections in accordance with subdivision four of section 3-100 of this chapter;

c. contain a unique identifier for each legally registered voter in the state;

d. be coordinated and referenced with other state and federal identification records;

e. provide timely electronic access to the information contained therein to election officials;

f. provide that all voter registration information obtained by a local board of elections shall be electronically entered into such list on an expedited basis at the time the information is provided to such board;

g. ensure that the state board of elections provides such support as may be required so that local boards of elections are able to enter the information described in paragraph f of this subdivision;

h. serve as the official voter registration list for the conduct of all elections in the state which are administered by local boards of elections; and

i. allow local boards of elections, using their own systems, to perform essential election functions including but not limited to processing of *early mail voters*, absentee voters, administration of poll workers and polling places, assignment of election jurisdictions based on residence and address and other functions necessary for the conduct of elections using voter registration information from the official statewide voter registration list.

4. Adding, changing, canceling or removing voter registration records shall be conducted only by local boards of elections as provided by this chapter.

5. For purposes of removing names of ineligible voters from the list of eligible voters, the state board of elections shall obtain and transmit to local boards of elections (a) the list of persons who have died maintained by the New York city department of health and the state department of health, and (b) the list of persons subject to forfeiture of the right to vote pursuant to section 5-106 of this article maintained by the office of court administration or by a court having made such determination.

6. Each local board of elections shall, within twenty-five days after receiving such list of decedents or list of persons subject to forfeiture of the right to vote pursuant to section 5-106 of this article, use such lists to identify and remove decedents and persons subject to forfeiture of the right to vote pursuant to section 5-106 of this article from the list of eligible voters.

7. The local board of elections shall electronically file with the state board of elections a cancellation and removal report indicating all cancellations and removal actions taken by the local board of elections from the list of eligible voters. Such report shall be filed in a format and at such intervals as directed by the state board of elections.

8. If the information received by the board of elections through the statewide voter registration list indicates that a voter is currently registered to vote more than once, the local board of elections containing the registration record of the earlier dated registration record shall send such voter the confirmation notice prescribed by section 5-712 of this article and place such voter in inactive status pursuant to section 5-213 of this article.

9. The state board of elections shall, in accordance with subdivision four of section 3-100 of this chapter, promulgate rules and regulations to ensure compliance with the adding, changing, canceling or removing of voters from the single, official, statewide voter registration list.

10. Any person may bring a challenge pursuant to this chapter against any board of elections to compel the removal of an ineligible voter from the list of eligible voters or to compel the correction of a registration record in the case of a

voter wrongfully canceled or removed from the statewide, single, official voter registration list.

§ 5-700. Checks on registration

The board of elections shall permit only those persons to register or to remain registered who have the qualifications prescribed by this article.

(L.1976, c. 233, § 1.)

§ 5-702. Voters' check cards; investigation

1. The board of elections shall cause a bipartisan team of regular or special employees of such board to conduct an investigation of the qualifications to register and vote, or cause a voter's check card to be prepared for each voter who was registered after being challenged or who was challenged after registration and, if requested by any member of the board, for any other voter. The board shall forthwith deliver each such voter's check card to the head of the police department in the city, town or village in which the voter resides, or, if there be no such police department, to the sheriff or head of the police department of the county. The board shall make and retain an inventory list of all cards so delivered.

2. The head of the police department or sheriff, forthwith shall cause an investigation to be made to determine, in each instance, whether the registrant resides, and how long he has resided, at the address at which he claims a residence, and to check the facts relating to why the voter was challenged. Such investigation shall be completed within five days after receipt of such check cards. Each check card shall be signed with the title or rank, badge number, if any, and signature of the police officer, sheriff or deputy making the investigation, who shall note above such signature whether he personally interviewed the registrant and, if not, the full name of at least one other person whom he personally interviewed at the registrant's

claimed residence or place of employment; the place, date and hour of such interview; the family relationship, if any, between the registrant and the person interviewed; and any reason he may have to believe that the registrant does not reside at the address given or does not possess the qualifications prescribed by this chapter for eligibility for registration. If he is satisfied that the registrant resides at such address and does possess such qualifications he shall write the word "valid" above his signature. If the officer charged with or actually making such investigation knows of his personal knowledge that the registrant is a qualified voter in the election district in which such registrant claims a residence, he may, without further investigation, endorse on such check card, above his title or rank, badge number, if any, and signature, the words "Valid; Personal knowledge." Such endorsement shall be considered for all purposes as a statement under oath by such officer that the registrant is qualified to vote from the residence claimed.

3. No later than the sixth day after receipt of such check cards from the board of elections the head of the police department or sheriff shall return them, in sealed wrappers and in each instance endorsed as required by subdivision two of this section, to the board of elections. Each wrapper shall contain all of the check cards for a single election district, alphabetically arranged in two groups. The first group shall contain all the check cards marked "Valid" or "Valid: Personal knowledge." The second group shall contain the remainder of such check cards. On the face of the wrapper such forwarding officer shall cause to be noted his name and the title of his office, the city, town or village, assembly district or ward, if any, and the election district of the cards in the wrapper, the total number of check cards marked "Valid" and "Valid; Personal knowledge", the number of other check cards, and the total of all check cards contained in such wrapper. With each such wrapper the forwarding officer shall present to the board of elections a receipt, containing the information required to be stated on such wrapper. The original of such receipt shall be retained by the forwarding officer. The duplicate of such receipt shall be filed in the board of elections.

4. The board of elections forthwith shall compare such check cards for each election district with the inventory list

prepared as directed by subdivision one of this section, the certificates executed by the registration board, the challenge affidavits executed in such district and returned to the board of elections and the registration cards of all applicants for whom check cards were executed and shall investigate any discrepancies.

5. The board of elections shall file all such check cards which are marked "Valid" or "Valid: Personal knowledge" in a separate file maintained by it for such purpose. Within such file, all cards shall be arranged by election districts and alphabetically within such districts.

6. The board of elections shall likewise file all such check cards which are not marked "Valid" or "Valid: Personal knowledge" in a separate file or ledgers maintained by it for such purpose.

6-a. Repealed.

7. If it appears from the check card that the registrant does not reside at the address from which he is registered, the board shall proceed in the manner prescribed by section 5-402 of this article.

8. Whenever it appears to the satisfaction of a board of elections that any voter or witness has made a false statement, whether or not under oath, affecting his qualifications to be registered or has given false testimony at any hearing affecting such registration, such board forthwith shall forward such statement or testimony to the district attorney and the district attorney forthwith shall present the matter to the grand jury.

(i) voter eligibility requirements;

(ii) penalties for submission of a false registration application;

(v) if the applicant signs the application and does not check the box declining to register to vote, such applicant thereby consents to the use of any information required to complete the voter registration application;

(vi) if the applicant declines to register, such applicant's declination shall remain confidential and be used only for voter registration purposes; and

(vii) that applying to register or declining to register to vote will not affect the amount of assistance that the applicant will be provided by this agency;

(c) include a box for the applicant to check to indicate whether the applicant would like to decline to register to vote along with the following statement in prominent type, "IF YOU DO NOT CHECK THIS BOX, AND YOU PROVIDE YOUR SIGNATURE ON THE SPACE BELOW, YOU WILL HAVE APPLIED TO REGISTER OR PRE-REGISTER TO VOTE, AND YOU WILL HAVE ATTESTED TO YOUR ELIGIBILITY TO REGISTER OR PRE-REGISTER TO VOTE."

(d) include the following warning statement in prominent type, "IF YOU ARE NOT A CITIZEN OF THE UNITED STATES, YOU MUST CHECK THE BOX BELOW. NON-CITIZENS WHO REGISTER OR PRE-REGISTER TO VOTE MAY BE SUBJECT TO CRIMINAL PENALTIES AND SUCH VOTER REGISTRATION OR PRE-REGISTRATION MAY RESULT IN DEPORTATION OR REMOVAL, EXCLUSION FROM ADMISSION TO THE UNITED STATES, OR DENIAL OF NATURALIZATION.";

(e) include a space for the applicant to indicate the applicant's choice of party enrollment, with a clear alternative provided for the applicant to decline to affiliate with any party and the following statement in prominent type "ONLY ENROLLED MEMBERS OF A POLITICAL PARTY MAY VOTE IN THAT PARTY'S PRIMARIES".

(f) include a statement that if an applicant is a victim of domestic violence or stalking, the applicant may contact the state board of elections before or after registering or pre-registering to vote in order to receive information regarding the address confidentiality program for victims of domestic violence under section 5-508 of this article.

7. Information from the voter relevant to both voter registration and the agency application shall be entered by the voter only once upon an electronic application.

8. The agency shall redact or remove from the completed integrated application to be transmitted to the state board of elections any information solely applicable to the agency application.

DO NOT FORWARD MY INFORMATION TO THE BOARD OF ELECTIONS.”

11. The voter shall be able to sign the voter registration application and the agency application by means of a single manual or electronic signature unless the agency requires more than one signature for other agency purposes.

12. No application for voter registration shall be submitted if the applicant declines registration or fails to sign the integrated application, whether on paper or online.

13. Beginning January first, two thousand twenty-three, designated agencies for purposes of this section shall include the department of motor vehicles. Beginning January first, two thousand twenty-four, designated agencies for the purposes of this section shall also include the department of health, the office of temporary and disability assistance, the department of labor, the office of adult career and continuing education services - vocational rehabilitation, county and city departments of social services, and the New York city housing authority, as well as any other agency designated by the governor. Each designated agency shall enter into an agreement with the state board of

elections finalizing the format and content of electronic transmissions required by this section. The state board of elections shall prepare and distribute to designated agencies written instructions as to the implementation of the program and shall be responsible for establishing training programs for employees of designated agencies listed in this section. Such instructions and such training shall ensure usability of the integrated application for low English proficiency voters. Any such designated agency shall take all actions that are necessary and proper for the implementation of this section, including facilitating technological capabilities to allow transmission of data through an interface with the electronic voter registration transmittal system in a secure manner.

14. Every other year, the governor shall conduct a review of each participating agency under section 5-211 of this article not already designated as an automatic voter registration agency pursuant to this subdivision in order to determine whether designation is appropriate. The governor shall designate each participating agency that collects information or documents that would provide proof of eligibility to vote unless the governor determines that there are compelling reasons why automatic voter registration is not feasible at the agency. If the governor should determine that there are compelling reasons why automatic voter registration is not feasible at an agency, the governor shall prepare a report explaining those reasons to the legislature by the end of the calendar year in which that determination is made. Any agency designated by the governor pursuant to this subdivision shall provide automatic voter registration upon the earlier occurrence of: (a) two years after designation by the governor, or (b) five days after the date of certification by the state board of elections that the information technology infrastructure to substantially implement the provisions of this section at the agency is functional.

15. The state board of elections shall promulgate rules and regulations for the creation and administration of an integrated electronic voter registration process as provided for by this section.

16. Each participating agency shall provide an opportunity through rulemaking for public notice and comment regarding the plans for implementation in the agency. Such opportunity

must be provided sufficiently in advance of implementation to allow for adjustment of agency plans to take public comment into account. Agency plans for implementation shall provide for sufficient testing of the process in the agency prior to implementation in order to ensure the technology is functioning properly, the process is usable and understandable for applicants and agency employees, and reasonable precautions have been put in place to minimize error or the possibility of discouraging applications for services, assistance, or registration.

§ 6-102. Party nominations; electors, presidential

Party nominations of candidates for the office of elector of president and vice president of the United States, one for each congressional district and two at large, shall be made by the state committee.

(L.1976, c. 233, § 1.)

§ 6-104. Party designation; statewide office

1. Party designation of a candidate for nomination for any office to be filled by the voters of the entire state shall be made by the state committee.

2. The state committee shall make a decision by majority vote. The person receiving the majority vote shall be the party's designated candidate for nomination, and all other persons who shall have received twenty-five percent or more of the vote cast on any ballot shall have the right to make written demand, duly acknowledged, to the state board of elections that their names appear on the primary ballot as candidates for such nomination. Such demand shall be made not later than seven days after such meeting and may be withdrawn in the same manner within fourteen days after such meeting.

3. In the absence of a party rule forming and designating the members of a committee to fill any vacancy in designations which may occur after the state committee has adjourned its meeting and before the primary election, the state committee shall also enact a resolution forming such a committee and selecting the members of same.

4. Upon the vote for such designation, each member of the state committee shall be entitled to cast a number of votes which shall be in accordance with the ratio which the number of votes cast for the party candidate for governor on the line or

column of the party at the last preceding general state election in the unit of representation of such member bears to the total vote cast on such line or column at such election for such candidate in the entire state. The apportionment of such votes as so prescribed shall be determined by the rules of the party.

5. Enrolled members of the party may make other designations by petition for a member of the same party.

6. The meeting of the state committee for the purpose of designating candidates shall be held not earlier than twenty-one days before the first day to sign designating petitions and not later than the first day to sign designating petitions for the primary election.

(b) The names of the persons selected as the committee to fill vacancies or a certified copy of the party rule forming and empowering such a committee to fill vacancies.

8. No person may be designated by a state committee for more than one statewide office pursuant to the provisions of this section.

In any other town, nominations of candidates for town offices shall be made by caucus or primary election as the rules of the county committee shall provide, except that the members of the county committee from a town may adopt by a two-thirds vote, a rule providing that the party candidates for town offices shall be nominated at the primary election. If a rule adopted by the county committee of a political party or by the members of the county committee from a town, provides that party candidates for town offices, shall be nominated at a primary election, such rule shall not apply to nor affect a primary held less than four months after a certified copy of the rule shall have been filed with the board of elections. After the filing of such a rule, the rule shall continue in force until a certified copy of a rule revoking the same shall have been filed with such board at least four months before a subsequent primary. Such a caucus shall be held no earlier than the first day on which designating petitions for the primary election may be signed.

2. In the event that there is no town committee with a chairman, the chairman of the county committee or such other person or body as the rules of such committee may provide, shall designate an enrolled member of the party who is a qualified voter of such town as the town caucus chairman to convene such caucus and give notice thereof.

3. A notice of any party caucus held for making party nominations of candidates for town offices shall be given by proper party authorities by posting such notice in the public areas at the offices of the town clerk and the board of elections and filing a copy of such notice with such clerk and such board at least ten days preceding the day of the caucus and, either by newspaper publication thereof once within the town at least one week and not more than two weeks preceding the caucus, or by posting in ten public places in the town at least ten days preceding the day of the caucus. The notice shall specify the time and place or places, and the purpose of the caucus. 1. A petition, except as otherwise herein provided, for the purpose of designating any person as a candidate for party nomination at a primary election shall be valid only if the person so designated is an enrolled member of the party referred to in said designating petition at the time of the filing of the petition.

2. Except as provided in subdivisions three and four of this section, no party designation or nomination shall be valid unless the person so designated or nominated shall be an enrolled member of the political party referred to in the certificate of designation or nomination at the time of filing of such certificate.

3. The members of the party committee representing the political subdivision of the office for which a designation or nomination is to be made, unless the rules of the party provide for another committee, in which case the members of such other committee, and except as hereinafter in this subdivision provided with respect to certain offices in the city of New York, may, by a majority vote of those present at such meeting provided a quorum is present, authorize the designation or nomination of a person as candidate for any office who is not enrolled as a member of such party as provided in this section. In the event that such designation or nomination is for an office to be filled by all the voters of the city of New York, such authorization must be by a majority vote of those present at a joint meeting of the executive committees of each of the county

§ 6–120**ELECTION LAW**

committees of the party within the city of New York, provided a quorum is present at such meeting. The certificate of authorization shall be filed not later than four days after the last day to file the designating petition, certificate of nomination or certificate of substitution to which such authorization relates, provided, however, such certificate shall be filed not later than nine days following the issuance of a proclamation of a special election held pursuant to paragraph b of subdivision three of section forty-two of the public officers law. The certificate of authorization shall be signed and acknowledged by the presiding officer and the secretary of the meeting at which such authorization was given.

§ 6–122. Designation or nomination; eligibility, restrictions

A person shall not be designated or nominated for a public office or party position who (1) is not a citizen of the state of New York; (2) is ineligible to be elected to such office or position; or (3) who, if elected will not at the time of commencement of the term of such office or position, meet the constitutional or statutory qualifications thereof or, with respect to judicial office, who will not meet such qualifications within thirty days of the commencement of the term of such office.

(L.1976, c. 233, § 1. Amended L.1978, c. 373, § 55; L.1993, c. 511, § 9, eff. July 26, 1993.)

§ 6–124. Conventions; judicial

A judicial district convention shall be constituted by the election at the preceding primary of delegates and alternate delegates, if any, from each assembly district or, if an assembly district shall contain all or part of two or more counties and if the rules of the party shall so provide, separately from the part of such assembly district contained within each such county. The number of delegates and alternates, if any, shall be deter-

mined by party rules, but the number of delegates shall be substantially in accordance with the ratio, which the number of votes cast for the party candidate for the office of governor, on the line or column of the party at the last preceding election for such office, in any unit of representation, bears to the total vote cast at such election for such candidate on such line or column in the entire state. The number of alternates from any district shall not exceed the number of delegates therefrom. The delegates certified to have been elected as such, in the manner provided in this chapter, shall be conclusively entitled to their seats, rights and votes as delegates to such convention. When a duly elected delegate does not attend the convention, his place shall be taken by one of the alternates, if any, to be substituted in his place, in the order of the vote received by each such alternate as such vote appears upon the certified list and if an equal number of votes were cast for two or more such alternates; the order in which such alternates shall be substituted shall be determined by lot forthwith upon the convening of the convention. If there shall have been no contested election for alternate, substitution shall be in the order in which the name of such alternate appears upon the certified list, and if no alternates shall have been elected or if no alternates appear at such convention, then the delegates present from the same district shall elect a person to fill the vacancy.

(L.1976, c. 233, § 1. Amended L.1977, c. 876, § 1, eff. Dec. 1, 1977.)

§ 6-126. Conventions; rules for holding

1. The time and place of meeting of a convention shall be fixed, within the times prescribed herein, by a committee appointed pursuant to the rules of the state committee. The room designated for the meeting place of a convention shall have ample seating capacity for all delegates and alternates. Every convention shall be called to order by the chairman of the committee from which the call originates or by a person designated in writing for that purpose by such chairman, or, if he fails to make such designation, then, by a person designated in such manner as the rules of the party shall prescribe. Such chairman or person designated shall have the custody of the roll of the convention until it shall have been organized. No

such convention shall proceed to the election of a temporary chairman or transact any business until the time fixed for the opening thereof nor until a majority of the delegates or respective alternates named in the official roll shall be present. The roll call upon the election of a temporary chairman shall not be delayed more than one hour after the time specified in the call for the opening of the convention, provided a majority of delegates, including alternates sufficient to make up such majority by substitution, are present. The person who calls the convention to order shall exercise no other function than that of calling the official roll of the delegates upon the vote for temporary chairman and declaring the result thereof.

2. The temporary chairman shall be chosen upon a call of the official roll. The committees of the convention shall be appointed by the convention, or by the temporary chairman, as the convention may order. Where only one candidate is placed in nomination for any office, the vote may be taken viva voce. When more than one candidate is placed in nomination for an office the roll of the delegates shall be called and each delegate when his name is called shall arise in his place and announce his choice, except that the chairman of a delegation from any unit of representation provided for by party rules, unless a member of such delegation objects, may announce the vote of such delegation. The convention may appoint a committee to nominate candidates to fill vacancies in nominations made by the convention and caused by the death, declination or disqualification of a candidate. The permanent officer shall keep the records of the convention.

5. The use of titles, initials or customary abbreviations of given names by the signers of, or witnesses to, designating petitions or the use of customary abbreviations of addresses of such signers or witnesses, shall not invalidate such signatures or witness statement provided that the identity of the signer or witness as a registered voter can be established by reference to the signature on the petition and that of a person whose name appears in the registration poll ledgers, provided, however, nothing in this section shall prevent a court from receiving sworn testimony or other admissible evidence as to the authenticity of a signature when such signature would otherwise be invalidated for not matching the signature on file with the board of elections.

6. An alteration or correction of information appearing on a signature line, other than the signature itself and the date, shall not invalidate such signature.

7. A signer need only place his signature upon the petition, and need not himself fill in the other required information.

8. Notwithstanding any other provision of this chapter, the failure to list a committee to fill vacancies or the failure to list at least three eligible voters as a committee to fill vacancies shall not invalidate the petition unless a vacancy occurs which, under law, may be filled only by such a committee.

9. A person other than the subscribing witness may insert the information required by the subscribing witness statement, provided that all subscribing witness information required above the subscribing witness' signature is inserted either before such subscribing witness signs the statement or in the presence of such subscribing witness.

10. The provisions of this section shall be liberally construed, not inconsistent with substantial compliance thereto and the prevention of fraud.

11. If the number of signatures on any petition sheet is understated in the witness statement, such petition sheet shall not be invalid solely because of such understatement, but such petition sheet will be deemed to contain the number of signatures indicated on such witness statement and the signatures at the end of such petition sheet that are in excess of the number so indicated shall be deemed not to have been filed.

12. A signature on a petition sheet shall not be deemed invalid solely because the address provided is the post office address of the signer provided that proof that such address is the accepted address of such signer is provided to the board of elections no later than three days following the receipt of specific objections to such signature.

13. In addition to the requirement for the signature, the printed name of the signer may be added, provided that the failure to provide a place to print the name or failure to print a name if a space is provided shall not invalidate the signature or petition.

§ 6–138. Independent nominations; rules

1. Independent nominations for public office shall be made by a petition containing the signatures of registered voters of the political unit for which a nomination is made who are registered to vote. The name of a person signing such a petition for an election for which voters are required to be registered shall not be counted if the name of a person who has signed such a petition appears upon another valid and effective petition designating or nominating the same or a different person for the same office.

2. Except as otherwise provided herein, the form of, and the rules for a nominating petition shall conform to the rules and requirements for designating petitions contained in this article.

3. a. The name selected for the independent body making the nomination shall be in English characters and shall not

include the name or part of the name or an abbreviation of the name or part of the name, nor shall the emblem or name be of such a configuration as to create the possibility of confusion with the emblem or name of a then existing party, or the emblem or name of an independent body selected by a previously filed independent nominating petition for the same office. Such name selected for such independent body shall continuously remain the name of such party as defined in subdivision three of section 1-104 of this chapter.

b. Notwithstanding the requirements of paragraph a of this subdivision, if the emblem or name selected for an independent body on any independent nominating petition is the same as that selected by any previously filed independent nominating petition for the same office, the board of elections with which such later petition was filed shall, not later than two days after the filing of such later filed petition, send notice of such duplicate selection of emblem or name by first-class mail, to the candidate for such office who was nominated by such later filed petition, and that the candidate to whom such notice is required to be sent may file with such board of elections, not later than seven days after such notice was mailed, a certificate selecting a different emblem or name.

c. A person who has been nominated or who expects to be nominated as the candidate of an independent body for the office of President of the United States at any election for such office may, not later than three days after the last day to file nominating petitions, file with the state board of elections, a special certificate which shall be irrevocable, stating that such person does not wish to permit candidates for any other office, except the office of Vice-President of the United States, to appear on the ballot with the same name and emblem as the independent body which has nominated or will nominate such candidate for the office of President.

d. Not later than seven days after the last day to file nominating petitions, the state board of elections shall notify each local board of elections of the name of each candidate for President of the United States who has filed such a special certificate, together with the name and emblem of the independent body selected on the petition which nominated such candidate.

e. If any candidate has been nominated for any other office by a petition which selected the same name or emblem for an independent body as the name or emblem selected on the petition which nominated a candidate for President of the United States who has filed a special certificate pursuant to paragraph c of this subdivision, the board of elections with which the petition nominating such candidate for such other office was filed shall, not later than ten days after the last day to file nominating petitions, send to each such candidate, by first class mail, notice that a special certificate pursuant to paragraph c of this subdivision has been filed and that the candidate to whom such notice is sent may file with such board of elections, not later than seven days after such notice was mailed, a certificate selecting a different name and emblem.

f. If such a petition shall not show an emblem, or if the petition shall fail to select a name for such independent body, or if pursuant to the provisions of paragraph b or paragraph e of this subdivision, a candidate shall fail to select another emblem or name for such independent body, the officer or board in whose office the petition is filed shall select an emblem or name or both to distinguish the candidates nominated thereby. The name and emblem shown upon such petition or selected by a candidate authorized to make such selection by paragraph b or paragraph e of this subdivision, or selected by an officer or board shall also conform to the requirements of this chapter with respect to names or emblems permitted to be selected by a party.

g. Nothing contained in this subdivision shall preclude a court of competent jurisdiction from rejecting an independent nominating petition if the court determines that fraud was involved in the selection of a name or emblem.

4. A signature made earlier than six weeks prior to the last day to file independent petitions shall not be counted. A signature on an independent petition for a special election made earlier than the date of the proclamation calling the special election shall not be counted.

§ 6-154. Nominations and designations; objections to

1. Any petition or certificate filed with the officer or board charged with the duty of receiving it shall be presumptively

valid if it is in proper form and appears to bear the requisite number of signatures, authenticated in a manner prescribed by this chapter.

2. Written objections to any certificate of designation or nomination or to a nominating or designating petition or a petition for opportunity to ballot for public office or to a certificate of acceptance, a certificate of authorization, a certificate of declination or a certificate of substitution relating thereto may be filed by any voter registered to vote for such public office and to a designating petition or a petition for opportunity to ballot for party position or a certificate of substitution, a certificate of acceptance or a certificate of declination relating thereto by any voter enrolled to vote for such party position. Such objections shall be filed with the officer or board with whom the original petition or certificate is filed within three days after the filing of the petition or certificate to which objection is made, or within three days after the last day to file such a certificate, if no such certificate is filed except that if any person nominated by an independent nominating petition, is nominated as a party candidate for the same office by a party certificate filed, or a party nomination made after the filing of such petition, the written objection to such petition may be filed within three days after the filing of such party certificate or the making of such party nomination. When such an objection is filed, specifications of the grounds of the objections shall be filed within six days thereafter with the same officer or board and if specifications are not timely filed, the objection shall be null and void.

3. (a) Any person filing general objections to any designating petition, independent nominating petition or certificate of nomination or ballot access document who thereafter files specifications of his or her objections to any such document shall do so in accordance with the provisions of this subdivision. All such specifications shall substantially comply with the following requirements:

(i) for specifications relating to any petition, the volume number, page number, and line number of any signature objected to on any petition shall be set forth in detail. In addition, any portion of any petition or any signature line or

witness statement objected to shall be specifically identified and reasons given for any such objection;

(ii) the total number of signatures objected to shall be set forth and all objections relating to a single signature line should be grouped together; and

(iii) symbols and/or abbreviations may be used to set forth objections, provided that a sheet explaining the meaning of any such symbols and/or abbreviations is attached to the specifications.

(b) No specifications of objections to any petition, certificate of nomination or ballot access document will be considered unless the objector filing the specifications personally delivers or mails by overnight mail a duplicate copy of the specification to each candidate for public office named on the petition. Objections and specifications to a petition for an opportunity to ballot must be served on the persons named as the committee to receive notices. In the case of a petition containing candidates for party positions, service of the specifications shall be made on either the named candidates or the first person named on the petition's committee to fill vacancies. Service shall be made on or before the date of filing of any specifications with the officer or board. Proof of service shall accompany the specifications or be received by the end of two business days following the filing of the specifications, whichever is later.

4. (a) Such officer or board shall give notice by overnight mail to the objector and the candidate named in such petition or certificate of the date or dates on which such officer or board shall consider the specifications filed, and board findings, the result of and research of the specifications, and shall make a determination as to the sufficiency of such petition or certificate. Copies of the board's research of specifications shall accompany such notice. *Such notice may be given by electronic correspondence in lieu of overnight mail with the consent of the objector or the candidate in accordance with subdivision seven of this section. Such officer or board shall provide the objector and candidate or their agent or agents an opportunity to be heard as to the validity of each specific objection.* Such opportunity may be by written submission or oral presentation in the discretion of such officer or board.

Such officer or board shall not deny the objector or the candidate or their agent or agents an opportunity to be present when the determination as to validity is made.

(b) For objections and specifications made to ballot access documents filed with the state board of elections, the provisions of paragraph (a) of this subdivision shall apply. However, the opportunity to be heard as to the validity or invalidity of such specifications shall be provided in a hearing which precedes any meeting of the state board's commissioners at which determinations will be rendered.

5. When any determination is made that a certificate or petition is sufficient or insufficient, such officer or board shall give notice of the determination forthwith by mail to each candidate named in the petition or certificate, and, if the determination is made upon specified objections, the objector shall be notified. *Such notice may be given by electronic correspondence in lieu of mail with the consent of the candidate or the objector in accordance with subdivision seven of this section.* Such candidate or objector may designate an attorney or agent to receive any such notice and/or determination on his or her behalf. Any such designation shall be in writing and include the name, address, email and telephone number of any such attorney or agent, and any such attorney and/or agent shall be eligible to represent any such candidate or objector in any proceeding relating to the specifications.

6. Nothing in this section shall be construed to require an objection or hearing if the board of elections by majority vote determines that a filing does not meet the criteria of subdivision one of this section to be presumptively valid.

7. *For the purposes of this section, a candidate or objector shall be deemed to have consented to electronic correspondence if, having been advised conspicuously that enrollment or registration is voluntary and that they may continue to receive notices by mail as provided in this section, they instead affirmatively choose to receive such notices by electronic correspondence only.*

(L.1976, c. 233, § 1.)

§ 7-102. Ballot; placing names and ballot proposals thereon

1. The names of all candidates and the form of submission of all duly certified ballot proposals shall be printed upon the official ballot except that at a primary election, no ballot proposals or names of candidates for uncontested offices or party positions shall be printed upon the official ballot.

2. In the event that two or more persons with identical names are designated as candidates for the same office or

position at any primary election, a different number shall be included with the name of every candidate for such office or position on such ballot. Such number shall be in arabic numerals and shall be placed at the beginning of each such candidate's name. The board of elections with which the certificates or petitions of designation for such candidates are filed shall determine such numbers by lot not later than ten days after the last day to file such certificates or petitions upon at least five days written notice by first class mail to each such candidate. Such notice shall also contain information concerning the provisions of subdivision four of this section and the deadlines for filing the information provided for in such subdivision four.

3. a. In the event that a candidate in a primary election believes that the name of another candidate for the same office or position at such election is sufficiently similar to his or hers so as to cause confusion among the voters, such candidate may, not later than five days after the last day to file the certificates or petitions of designation, file with the board of elections with which such certificates or petitions of designation are filed, a request that such board determine that such a sufficient similarity exists.

b. The board of elections shall meet to hear arguments on, and make a determination with respect to such a request, not later than seven days after the last day to make such request, upon five days written notice by first class mail to every candidate for such office or position. Such notice shall also contain information concerning the provisions of subdivision four of this section and the deadlines for filing the information provided for in such subdivision four.

c. If such board makes a determination that such a similarity exists, it shall forthwith assign a different number, which it shall determine by lot, to be included with the name of every candidate for such office or position on such ballot. Such number shall be in arabic numerals and shall be placed at the beginning of each such candidate's name.

4. a. If such board assigns numbers to candidates' names pursuant to the provisions of subdivision two or three of this section it shall also prepare for distribution at such election, a leaflet which contains biographical information on each such

candidate, on one side of a single sheet of paper in the order of the numbers it has assigned to such candidates. If such leaflet is published in a second language in addition to English, the two language versions shall appear on opposite sides of the same sheet of paper. Such biographical information may not exceed one hundred words and may only include such candidate's name, address, present and past public offices held, present and past occupations and employers, other public service experience, educational background and organizational affiliations.

b. Each candidate for an office or position for which such numbers are assigned may file with such board, not later than fourteen days after such determination, any or all of the information permitted by paragraph a of this subdivision in the form in which such candidate wishes such information to appear in such leaflet. If such board determines that such filing does not comply with the requirements of this subdivision, it shall notify such candidate forthwith by first class mail. Such candidate may file revised information with such board not later than ten days after such notice was mailed. If a candidate does not make a filing within the times prescribed by this paragraph, the words "no information supplied" shall appear next to his name on such leaflet.

§ 7-104. Ballots; form of

1. All ballots shall be printed and/or displayed in a format and arrangement, of such uniform size and style as will fit the ballot, and shall be in as plain and clear a type or display as the space will reasonably permit, using only sans serif print fonts. Such type or display on the ballot shall satisfy all requirements and standards set forth pursuant to the federal Help America Vote Act.

2. The names of parties or independent bodies which contain more than fifteen letters may, whenever limitations of space so require, be printed on the ballot in an abbreviated form. In printing the names of candidates whose full names contain more than fifteen letters, only the surname must be

printed in full. The officer or board charged with the duty of certifying the candidates for such office shall request each such candidate to indicate, in writing, the shortened form in which, subject to this restriction, his or her name shall be printed. If no such indication is received from such candidate within the time specified in the request, such officer or board shall make the necessary determination.

3. (a) The party name or other designation shall be affixed to the name of each candidate, or, in case of presidential electors, to the names of the candidates for president and vice-president of such party.

(b) A column/row designating number may be affixed to the name of each candidate, or in the case of presidential electors, to the names of the candidates for president and vice-president of such party.

(c) The titles of offices may be arranged horizontally, with the names of candidates for an office and the space, slot or device for write-in votes for such office arranged vertically under the title of the office, or the titles of offices may be arranged vertically, with the names of candidates for an office and the space, slot or device for write-in votes for such office arranged horizontally opposite the title of the office.

(d) Each office shall occupy as many columns or rows on the ballot as the number of candidates to be elected to that office, except where candidate placements due to cross endorsements require additional columns or rows.

4. (a) The names of all candidates nominated by any party or independent body for an office shall always appear in the row or column containing generally the names of candidates nominated by such party or independent body for other offices except as hereinafter provided.

(b) When the same person has been nominated for an office to be filled at the election by more than one party, the voting machine shall be so adjusted that his or her name shall appear in each row or column containing generally the names of candidates for other offices nominated by any such party.

(c) If such candidate has also been nominated by one or more independent bodies, his or her name shall appear only in each row or column containing generally the names of candi-

dates for other offices nominated by any such party and the name of each such independent body shall appear in one such row or column to be designated by the candidate in a writing filed with the officer or board charged with the duty of certifying the candidates for such office, or if such person shall fail to so designate, the names of such independent bodies shall appear in such row or column as such officer or board shall determine.

(d) If any person shall be nominated for any office by one party and two or more independent bodies his or her name shall appear on the ballot twice; once in the row or column containing generally the names of candidates for other offices nominated by such party, and once in the row or column containing generally the names of candidates nominated by the independent body designated by such person in a writing filed with the officer or board charged with the duty of certifying the candidates for such office and in connection with the name of such person in such row or column shall appear the name of each independent body nominating him or her or, if such person shall fail to so designate, the name of such candidate and the names of such independent bodies shall appear in such row or column as such officer or board shall determine.

(e) If any person is nominated for any office only by more than one independent bodies,¹ his or her name shall appear but once upon the machine in one such row or column to be designated by the candidate in a writing filed with the officer or board charged with the duty of providing ballots, or if the candidate shall fail to so designate, in the place designated by the officer or board charged with the duty of certifying the candidates for such office, and in connection with his or her name there shall appear the name of each independent body nominating him or her, but, where the capacity of the ballot will permit, the name of such person shall not appear or be placed in a column or on a horizontal line with the names of persons nominated by a party for other offices.

5. Notwithstanding the provisions of subdivision four of this section, the name of a person who is nominated for the office of governor, or state senator, or member of assembly, shall appear on the ballot as many times as there are parties or independent bodies nominating him or her, and there shall be

a separate voting position at each place in which such name shall appear.

6. If any type of machine used in any county or city contains any feature approved by the state board of elections, the use of which is neither required nor prohibited by the provisions of this chapter, the board of elections may, by resolution, require that one or more of such features shall be used in such county. Thereafter all machines of such type used in such county or city shall be operated in conformity with any such resolution. Any such resolution may thereafter be rescinded by such board and after being so rescinded may be re-adopted. Once re-adopted by any board of elections, such a resolution may not be rescinded again by such board.

7. The ballot shall have printed upon it in black ink for each party or independent row, at the head of the column or the beginning of the row containing the names of candidates, the name of the party or independent body and the designating letter of the row or column.

8. With respect to candidates for the offices of governor and lieutenant governor of a party or independent body, ballots shall be printed so that the names of such candidates for both offices shall appear in the same row or column, with the name of the candidate for governor appearing first and the ballot shall be so adjusted that both offices are voted for jointly and have but one designating number if such column/row designating numbers are utilized.

9. In those counties in which ballots are required by federal law, or otherwise, to be provided in a language other than English, there shall be versions of the ballot printed in English and in each of the additional languages required so that each version of the ballot shall contain English and no more than two other languages. The county board of elections in such counties shall instruct, in their poll worker training and materials, the procedures to be followed to ensure that each voter receives a ballot with the appropriate language as determined by the state board.

10. Each ballot shall contain instructions for marking the ballot. The instructions shall be printed in line lengths no wider than five inches. Ballot instructions may be printed on

the front or back of the ballot or on a separate sheet or card. If such instructions are not printed on the front of the ballot, there shall be printed on the ballot, in the largest size type practicable, the following legend: "See instructions on the other side" or "See instructions (insert where instructions are found)", whichever is appropriate.

11. The offices appearing on all ballots shall be listed in the customary order.

12. If two or more candidates are nominated for the same office for different terms, the term for which each is nominated shall be printed as a part of the title of the office.

13. The text for ballot instructions shall be substantially as follows, so that it accurately reflects the ballot layout:

INSTRUCTIONS

Mark the (insert "oval" or "square") to the left of the name of your choice. (Provide illustration of correctly-marked voting position here.) To vote for a candidate whose name is not printed on the ballot, (insert "mark the oval (or square) to the left of 'write-in' and print the name clearly" or "print the name clearly in the box labeled 'write-in'"), staying within the box. Any mark or writing outside the spaces provided for voting may void the entire ballot. The number of choices is listed for each contest. Do not mark the ballot for more candidates than allowed. If you do, your vote in that contest will not count. If you make a mistake, or want to change your vote, ask a poll worker for a new ballot.

14. The state board of elections shall provide line drawing illustrations to supplement these instructions. At a minimum, an illustration of the correct way to mark the ballot shall be provided, but nothing in this section shall be construed to limit the board in providing additional illustrations.

15. When a question or proposal is included on the ballot, instructions substantially like the following shall be included:

Instructions for Voting on Questions and Proposals

To vote on a question or proposal, mark the (insert "oval" or "square") to the (insert "left", "above" or "below") of your choice. If you make a mistake, or want to change your vote, ask a poll worker for a new ballot.

16. When a question or proposal appears on the back of the ballot, there shall appear on the front of the ballot words or a symbol indicating that the voter should turn over the ballot.

17. The voting oval or square shall be to the left of the name of the candidate.

18. All text, including the name of each candidate as provided in subdivision three of this section, shall be printed using standard capitalization in accordance with instructions provided by the state board of elections and shall not be printed using all capital letters.

19. The ballot shall use one font or font family with enough variations for all text needs.

20. "Vote for one" or "Vote for up to" (the blank space to be filled with the number of persons to be nominated for the office or elected to the position), as applicable, shall be printed immediately below each office title appearing on the ballot.

21. No party emblems shall be printed on the ballot.

22. The names of candidates for the same office shall appear on the same page and in the same column or columns or row or rows of that page of a printed ballot, and may not be separated by a perforation.

23. All text, including the title of each office and the name of each candidate, shall be printed flush left and shall not be centered on the ballot or in any column or row appearing on the ballot; provided however, in a multi-column or multi-row contest, the title and number of allowable selections to be made for each such office may be centered.

24. If used, shading shall be used consistently, so as to differentiate instructions from ballot section dividers and contest information.

25. Above, below, or to the right of the name of each candidate, shall be printed, in less prominent type face than that in which the candidate's name is printed, the name of the political party or independent body by which the candidate was nominated or designated.

26. All paper ballots of the same kind for the same polling place shall be identical.

§ 7-104

§ 7-105. Ballot accountability

1. Notwithstanding the provisions of this chapter requiring ballots to include a numbered stub separated from the ballot by a line of perforations, such numbered stubs shall not be required if the board of elections implements a ballot accountability process as prescribed by the New York State Board of Elections which (i) accounts for the number of each ballot style received by the election inspectors, (ii) retains a running count of ballots distributed and spoiled which would permit an interim reconciliation at any time during voting; and (iii) provides for ballot reconciliation at the close of polls to verify that the number of ballots distributed to voters or spoiled when added to unvoted ballots equals the number of ballots received by the inspectors for the election.

2. Notwithstanding the provisions of this chapter requiring that a ballot consisting of two or more sheets be provided to the voter as a single ballot divided by a line of perforations, such perforated ballots shall not be required and such ballot may be provided to the voter as separate, unconnected sheets provided: (i) the ballots clearly inform a voter that the voter must receive the number of ballot sheets the voter is entitled to, specifying such number, and (ii) each such ballot sheet shall be prominently labeled as “ballot sheet (here insert the number

of the ballot sheet) of (here insert the total number of sheets comprising the ballot).”

3. The state board of elections shall promulgate regulations for ballot accountability consistent with this section which shall include specific ballot accountability requirements applicable to any ballot on demand printing process.

2. Paper ballots which are to be counted by a ballot scanner may consist of two or more sheets which are divided into perforated sections which can be separated at the time the ballot is scanned. Such ballots shall be printed on paper of a quality, size, color, and weight specified in the voting system’s technical requirements documentation and shall be clearly distinguishable from sample ballots by size, color or other means.

(c) The ballot shall not contain a space for voting for candidates for uncontested offices and positions, and no ballot shall be printed for a party for which there is no contested office or position unless a petition for opportunity to ballot has been filed.

2. (a) on the official primary election ballot, the ballot endorsement shall include the name of the party for which such ballot is valid.

(b) where two or more candidates are to be elected to a party position, the names of candidates designated by each petition shall be grouped together, and may be referred to collectively on the ballot as a group.

§ 7-116. Ballots; order of names on

1. In printing the names of candidates on the ballot, the candidate or candidates of the party which polled for its candidate for the office of governor at the last preceding election for such office the highest number of votes, shall be row or column A or one and the candidates of the other parties shall be placed on such ballot in descending order of such votes.

2. The officer or board who or which prepares the ballot shall determine the order in which shall appear, below the names of party candidates the nominations made only by independent bodies. Such officer or board also shall determine the order in which shall be printed the names of two or more candidates nominated by one party or independent body, for an office to which two or more persons are to be elected; provided, however, that any such candidate may, by a writing

filed with such board or officer not later than three business days after the adjournment of the convention or one week after the primary election nominating him or her, or otherwise not later than two days after the filing of the petition or certificate nominating him or her, demand that such order be determined by lot, and in that case such order shall be so determined, upon two days notice by mail given by such board or officer to each candidate for such office. The state board of elections shall perform the duties required by this subdivision in all cases affecting nominations filed in its office.

3. The officer or board with whom or which are filed the designations for a public office or party position shall determine by lot, upon two days notice by mail given by such board or officer to each candidate for such office or position and to the committee, if any, named in the designating petition, the order in which shall be printed on the official primary ballot, under the title of the office or position, the names of candidates for public office, the names of candidates for a party position to which not more than one person is to be elected, and the groups of names of candidates for party position where two or more persons are to be elected thereto and any petition designates two or more persons therefor, provided, however, that whenever groups of names for more than one party position are designated by the same petition, the order in which they shall be printed on the official primary ballot shall be determined by a single lot. Candidates for delegate or delegates and alternate delegate or delegates to conventions designated by the same petition shall, for the purpose of this subdivision, be treated as one group. The names of candidates, if any, for a party position to which two or more persons are to be elected, who are designated by individual petitions and not in a group shall be printed after such group or groups, in such order between themselves, as such officer or board shall determine by lot upon the notice specified in this subdivision. The names within a group of candidates designated for party position by one petition shall be printed in the same order in which they appear in the petition, unless they appear in a different order on different pages of the petition, in which case their order within the group shall be determined by such officer or board by lot upon the notice specified in this subdivision. Candidates for members of a state committee designated by a single

petition shall, for the purposes of this subdivision, be treated as one group. However, the notice to a committee of the drawing need not be mailed to more than five members, if there be that many, and as to offices or party positions for which designating petitions are filed with the board of elections of the city of New York the notice shall be given to the committees only.

3-a. The state board of elections shall prescribe the method, or two or more alternative methods, for making the determinations by lot required by subdivisions two and three of this section. Each county board of elections shall adopt one of such methods at least ninety days before any election to which such method shall apply.

4. If a vacancy in a designation or nomination be filled after the making, in the manner provided in this section, of a determination of the order in which the names of candidates for the office or position are to be printed, to the extent practicable, the name of the candidate designated or nominated to fill such vacancy shall be printed in the place so determined for the original candidate.

5. The titles of public offices shall appear on ballots for primary elections in the same consecutive order that they will appear on the general election ballot. The titles of the party positions shall appear in the following order: member of state committee, assembly district leader, associate assembly district leader, members of county committee in the city of New York, delegate or delegates to conventions, alternate delegate or delegates to conventions, and members of county committee in counties outside of the city of New York. Where, pursuant to the rules of the county committee, the party position involved is that of assembly district leader or associate assembly district leader for a part of an assembly district, such part shall be so indicated in the title on the ballot.

6. (a) In cases where a name is added to or removed from the ballot by court order too late to make a complete adjustment to these requirements feasible, the name may be added at the end of the list of candidates in all election districts, or removed from the ballot in all election districts without changing the previously arranged order of other names and without invalidating the election. Any inadvertent error in the order of

§ 7-116**ELECTION LAW**

names discovered too late to correct the order of the names on the ballots concerned shall not invalidate an election.

(b) Except where a contest or candidate is removed from the ballot by court order too late to make complete compliance with this paragraph feasible, the title of each public office or party position and the names of the candidates for such office or position appearing on any ballot used for primary elections over which the county board of elections has jurisdiction shall appear on such ballot immediately adjacent to one another, either horizontally or vertically; and no blank spaces shall separate the names of candidates actually running for an office or party position on such ballot, and no blank spaces shall separate any two such offices or positions which appear on such ballot in the same column or row.

7. Whenever a county board of elections or the board of elections in the city of New York must conduct a primary election in the respective county or the city of New York in which separate contests for candidates of different genders for the same party position are to be printed upon the ballots, and when rules require these positions be listed separately on the ballot, the respective county board of elections or the board of elections in the city of New York shall determine by lot the order of the various gendered contests. This lottery will be conducted separately for each election that is separated by gender.

§ 7-118. Ballots; facsimile and sample

1. The board of elections shall provide facsimile and sample ballots which shall be arranged in the form of a diagram showing such part of the face of the voting machine or ballots as shall be in use at that election. Such facsimile and sample ballots shall be distinguishable from the official ballot by size, color, or other means and shall contain suitable illustrated directions for voting on the voting machine or ballot.

2. Such facsimile ballots shall be mounted and displayed for public inspection at each polling place during election day.

3. Sample ballots may be mailed by the board of elections to each eligible voter at least three days before the election, or in lieu thereof, a copy of such sample ballot may be published at least once within one week preceding the election in newspapers or on a website maintained by the board of elections. Each county board of elections shall transmit electronically in a format to be determined by the state board of elections, as it is available, a copy of the candidate and contest information contained on each of its ballot styles to the state board of elections. The state board shall create a system to allow such information to be made publicly available via its website, as well as the website of any county board of elections, and in such a way as to be accessible with a computer screen-reading program.

4. One copy of such facsimile shall be sent to each school in the county, providing the ninth through the twelfth years of compulsory education, and in the city of New York to each such school in the city of New York, at least one week before each general election for posting at a convenient place in such school. The board of elections shall also send a facsimile ballot to any other school requesting such a ballot. In the alternative, the requirements of this subdivision may be fully satisfied by publishing such facsimile on a website maintained by the board of elections and notifying each such school of such publication.

1. The board of elections of the city of New York and other county boards of elections may adopt any kind of voting machine or system approved by the state board of elections, or the use of which has been specifically authorized by law; and thereupon such voting machine or system may be used at any or all elections and shall be used at all general or special elections held by such boards in such city, town or village and in every contested primary election in the city of New York and in every contested primary election outside the city of New York in which there are one thousand or more enrolled voters qualified to vote. single election. Notwithstanding the other provisions of this subdivision, any local board of elections may borrow or lease for use on an experimental basis for a period of not more than one year each, voting machines or systems of any type approved by the state board of elections.

2. For five years after any voting machine or system of a type approved by the state board of elections pursuant to the election reform and modernization act of 2005 is first used in any election district, the local board of elections which owns such machine or system shall provide a model or diagram of such voting machine or system for each polling place in which any such election district is located. Such models or diagrams shall meet the standards set forth in regulations promulgated by the state board of elections.

§ 7-201. Voting machines and systems; examination of

1. Any person or corporation owning or being interested in any voting machine or system may apply to have the state board of elections examine such machine or system. Such applicant shall pay to the board before the examination a fee equal to the cost of such examination. The state board of elections shall cause the machine or system to be examined and a report of the examination to be made and filed in the office of the state board. Such examination shall include a determination as to whether the machine or system meets the requirements of section 7-202 of this title and a thorough review and testing of any electronic or computerized features of the machine or system. Such report shall state an opinion as to whether the kind of machine or system so examined can safely and properly be used by voters and local boards of

elections at elections, under the conditions prescribed in this article and the requirements of the federal Help America Vote Act. If the report states that the machine or system can be so used, and the board after its own examination so determines, in accordance with subdivision four of section 3-100 of this chapter, the machine or system shall be deemed approved, and machines or systems of its kind may be adopted for use at elections as herein provided. The voting machine or system shall be examined by examiners or testing laboratories to be selected for such purpose by the state board. Each examiner or laboratory shall receive compensation and expenses for making an examination and report as to each voting machine or system examined by him or it. Neither any member of the state board of elections nor any examiner or owner or employee of any testing laboratory, shall have any pecuniary interest in any voting machine or system. Any form of voting machine or system not so approved, cannot be used at any election.

2. When any change is made in the operation or material of any feature or component of any machine or system which has been approved pursuant to the provisions of this section, such machine or system must be submitted for such re-examination and reapproval pursuant to the provisions of subdivision one of this section as the state board of elections deems necessary.

3. If at any time after any machine or system has been approved pursuant to the provisions of subdivision one or two of this section, the state board of elections has any reason to believe that such machine or system does not meet all the requirements for voting machines or systems set forth in this article, it shall forthwith cause such machine or system to be examined again in the manner prescribed by subdivision one of this section. If the opinions in the report of such examinations do not state that such machine or system can safely and properly be used by voters at elections under the conditions prescribed by this article, the state board of elections shall forthwith rescind its approval of such machine or system. After the date on which the approval of any machine or system is rescinded, no machines or systems of such type may be purchased for use in this state. The state board of elections

shall examine all machines or systems of such type which were previously purchased, to determine if they may continue to be used in elections in this state.

4. The state board of elections may authorize, for use on an experimental basis, one or more types of voting machine, system or equipment not previously approved by such board pursuant to the provisions of this section and may authorize a local board of elections to rent or borrow a limited number of one such type of machine, system or equipment for use in a primary, special, general or village election. Authorization for such use of such a machine, system or equipment may be given for all or part of any city, town or village for any such election.

m. be provided with a screen and hood or curtain or privacy features with equivalent function which shall be so made and adjusted as to conceal the voter and his or her action while voting;

n. contain a device which enables all the election inspectors and poll watchers at such election district to determine when the voting machine or system has been activated for voting and when the voter has completed casting his or her vote;

o. permit the primaries of at least five parties to be held on such machine or system at a single election, and accommodate such number of multiple ballots at a single election as may be required by the state board of elections but in no case less than five;

q. permit inspectors of elections to easily and safely place the voting machine or system in a wheelchair accessible position;

r. ensure the integrity and security of the voting machine or system by:

(i) being capable of conducting both pre-election and post-election testing of the logic and accuracy of the machine or system that demonstrates an accurate tally when a known quantity of votes is entered into each machine; and

(ii) providing a means by which a malfunctioning voting machine or system shall secure any votes already cast on such machine or system;

s. permit alternative language accessibility pursuant to the requirements of section 203 of the Voting Rights Act of 1965 (42 U.S.C. 1973aa-1a) such that it must have the capacity to display the full ballot in the alternative languages required by the federal Voting Rights Act if such voting machine or system is to be used where such alternative languages are required or where the local board deems such feature necessary; and

t. not include any device or functionality potentially capable of externally transmitting or receiving data via the internet or via radio waves or via other wireless means.

2. The state board of elections shall approve, for use at each polling place at least one voting machine or system at such polling place which, in addition to meeting the requirements in subdivision one of this section, shall:

a. be equipped with a voting device with tactile discernible controls designed to meet the needs of voters with limited reach and limited hand dexterity;

b. be equipped with an audio voting feature that communicates the complete content of the ballot in a voice which permits a voter who is blind or visually impaired to cast a secret ballot using voice-only or tactile discernible controls; and

c. be capable of being equipped with a pneumatic switch voting attachment which can be operated orally by gentle pressure or the creation of a vacuum through the inhalation or exhalation of air by the voter including, but not limited to, a sip-and-puff switch voting attachment.

3. The state board of elections may, in accordance with subdivision four of section 3-100 of this chapter, establish by regulation additional standards for voting machines or systems not inconsistent with this chapter.

4. Local boards of elections which obtain voting machines pursuant to this chapter may determine to purchase direct

recording electronic machines or optical scan machines in conformance with the requirements of this chapter.

(Added L.2005, c. 181, § 6, eff. July 12, 2005.)

2. Notwithstanding any provision of law to the contrary, the state board of elections shall establish, in accordance with subdivision four of section 3-100 of this chapter, for each election, the minimum number of voting machines required in each polling place and the maximum number of voters that can vote on one voting machine. Such minimum number of voting machines shall be based on the voting machine in use, taking into account machine functionality and capability, including the ability to tabulate multiple official ballots and the need for efficient and orderly elections and, in the case of a general or special election, the number of registered voters, excluding voters in inactive status, in the election district or, in the case of a primary election, the number of enrolled voters, excluding voters in inactive status, therein.

The expense of making and entering into such contracts, including the preparation and printing of specifications, and also all payments for voting machines to be made thereunder, shall be chargeable to the county, except in the city of New York where such expense shall be chargeable to such city, and it shall be the duty of the comptroller or other chief fiscal officer of the county or city, as the case may be, to pay the same upon the certificate of the officer making such contract, or upon the certificate of the state board of elections in the event that such contract be made by it. No provision of

Nothing in this section shall be construed to prevent the state board of elections from distributing voting machines to boards of elections pursuant to other provisions of this chapter without charge.

notifies the local board of elections which submitted such contract that such contract does not meet requirements of this chapter or the regulations of the state board of elections.

(Added L.1986, c. 262, § 11, eff. Oct. 29, 1986. Amended L.2005, c. 181, § 7, eff. July 12, 2005.)

§ 7-205. Voting machines; use of at primaries

1. The board of elections of any county outside the city of New York may adopt, and shall adopt when required by local law in any city or by action of the county legislative body in any county, the use of voting machines for contested primary elections in any or all parts of such city or county for any office or position for which such board is not required to use such machines. Wherever voting machines are used for primary elections, the board of elections having jurisdiction over elections in the city, county or town concerned shall issue directions for such use for each primary election which shall be in conformity with the provisions of this section and of all other applicable provisions of this chapter and which shall be binding on all election officials in the area involved.

2. Additional voting machines may be acquired for this purpose. If the voting machines used are equipped with a mechanism by which a voter of one party may be permitted to vote for any candidate of his own party but prevented from voting for any candidates of other parties, the same machines may be used for the primaries of all parties or of more than one party. In the use of such a machine an inspector assigned for the purpose by the board of inspectors shall set the machine before each voter enters the voting booth so that it can be operated only for candidates of the party in which the voter is enrolled. If the face of a single machine will not hold the candidates of all parties, two or more machines may be used in a single election district, but all the candidates of any one party for whose primary contests voting machines are used must appear on the same machine except as provided in subdivision five of this section.

3. If the voting machines are not thus adapted to use for the primary contests of more than one party on the same machine, a separate voting machine shall be provided for the primary contests of each party for which such voting machines

are used. Voting machines of both types may be used in the same primary election in different election districts or in the same election district for different parties.

4. Wherever voting machines are used for primary elections, they shall be used in accordance with the following provisions of this section for all primary contests so far as the available supply of voting machines will permit, except that the use of voting machines in all contested primary elections in the city of New York shall be mandatory except as provided in subdivision five. Outside the city of New York, if the available supply of voting machines is insufficient to contain all primary contests, paper ballots shall be used insofar as necessary. If there are not enough voting machines to cover all election districts for all parties therein, preference shall be given in the use of machines, first to contests for nomination for public office over contests for election to party position and, second to the contests which are held in the greatest numbers of election districts. If a voting machine used for a party in a particular election district will not accommodate all the candidates of the party therein, as many as possible of the contests of such party shall be carried on the voting machine subject to the following priorities: first to contests for nomination for public office, and second to offices voted for in such party in the most election districts. Subject to these requirements, the board of elections of any county outside the city of New York shall designate which election districts and which parties therein shall use voting machines for primary contests, and which contests shall appear on a voting machine when the machine will not accommodate all the contests of a party.

5. To provide an opportunity for voting for offices or party positions for which more candidates have been designated than can be accommodated on the voting machines, the board of elections may provide for the use of a separate paper ballot for such offices and positions when other offices and positions are voted for on voting machines by voters of the same party.

6. When voting machines are used for primary elections the provisions of the other sections of this article shall be observed so far as applicable, except that the provisions for party rows or columns and the use of party names and emblems for each individual candidate shall be disregarded. When primary can-

didates of more than one party appear on the same voting machine, the candidates of each party shall appear together on one part of the machine distinctly and prominently separated from the part or parts used for candidates of other parties and prominently labeled with the name of the party. When a voting machine is used for the primary candidates of one party only, the machine shall be prominently labeled with the name of that party.

7. The state board of elections shall have power to issue supplementary instructions for the use of voting machines in primary elections in accordance with the provisions of this section. Subject to such instructions and to the provisions of this section the board of elections shall have power to make all necessary or desirable provisions for such use.

(Formerly § 7-204, L.1976, c. 233, § 1. Amended L.1978, c. 587, § 1. Renumbered § 7-205 and amended L.1986, c. 262, §§ 8, 9, eff. Oct. 29, 1986.)

§ 7-206. Testing of voting and ballot counting machines

1. The state board of elections shall test every voting machine of a type approved after September first, nineteen hundred eighty-six and every ballot counting machine to insure that each such machine functions properly before such machines may be used in any election in this state.

2. Such testing shall include, but not be limited to, a verification of the authenticity and integrity of the resident vote tabulation programming in open, encrypted, compiled, assembled, or any other form, in each voting machine of such types, by comparison of such resident vote tabulation programming with the programming which was in the machine of such type which was approved for use in this state and the recording of at least eight hundred votes on each such voting machine and a sufficient number of votes on each such ballot counting machine, by a method which may be mechanical or electronic, to determine if such machine accurately records such votes.

3. At least annually, the board of elections of each county in which any such voting or ballot counting machines are in use shall test each such machine in a manner prescribed by the state board of elections under conditions supervised by such

state board. Such tests shall include, but not be limited to the tests required by subdivision two of this section.

4. Upon the discovery of a discrepancy during the recanvass required by subdivision three of section 9-208 of this chapter, the ballot scanner shall be retested pursuant to 9 NYCRR 6210.2. No ballot scanner shall be returned to service until any such discrepancy has been resolved.

(Added L.1986, c. 262, § 11. Amended L.1986, c. 352, § 7, eff. Oct. 29, 1986; L.2010, c. 163, § 1-a, eff. July 7, 2010.)

§ 7-207. Voting and ballot counting machines; preparation of, party representatives

1. It shall be the duty of the board of elections to cause the proper ballot labels to be prepared and placed on those voting machines which require ballot labels, to cause the machines and any removable electronic or computerized devices which operate such machines or record the vote thereon to be placed in proper order for voting, to examine all voting machines and all such electronic or computerized devices before they are sent out to the different polling places, to see that all the registering counters are set at zero, to cause a printed record of all the ballot label programming data, for each election, which is entered into each voting machine of a type approved after September first, nineteen hundred eighty-six, or which is entered into any removable electronic or computerized device which operates such machine or records the vote thereon, to be produced directly from the device on which such ballot label programming data was entered and to lock all voting machines so that the counting machinery can not be operated and to seal each one with a numbered seal.

2. (a) Before preparing or programming the voting and ballot counting machines and any removable electronic or computerized devices which operate such machines or record the vote thereon for any election, written notices shall be mailed to the chairman of the county committees of the major political parties, stating the times when and place or places where the machines and devices will be prepared or programmed; at which times and place or places, one representative of each of such political parties, certified by the respective chairmen of the county committees of such parties, shall be

entitled to be present and see that the machines and devices are properly prepared and placed in proper condition and order for use at the election. The party representatives shall take the constitutional oath of office, which shall be filed in the office of the board of elections.

(b) It shall be the duty of such party representatives to be present at the preparation of the voting machines for election and see that the machines are properly prepared and that all registering counters are set at zero by examining such counters or by examining the printed or photographic record produced by such voting machine or by examining the printed record of the ballot label programming data on such machine. When the machines have been prepared for election, it shall be the duty of the custodian or custodians of voting machines and party representatives, to make a certificate in writing which shall be filed in the office of the board of elections, stating the number of machines, whether or not all the machines are set at zero, the number registered on the protective counter, and the number on the seal with which the machine is sealed.

3. No custodian or other employee of the board of elections shall in any way prevent free access to and examination of all voting machines that are to be used at the election, by the duly appointed party representatives. The board of elections and its employees shall afford the party representatives every facility for the examination of all voting machines and devices and the registering counters, the printed or photographic record of the counters or the printed record of the ballot label programming data on such machines, if any, the protective counters and the public counters of each and every voting machine. All such printed or photographic records shall be public records at the offices of the boards of elections.

4. It shall be the duty of the board of elections to cause such voting machine or machines, prepared as provided pursuant to this section to be delivered at each of the respective polling places in which they are to be used, at least one hour before the time set for the opening of the polls. After the machine has been delivered, it shall be set up in the proper manner for use at the election, and it shall be the duty of the local authorities to provide ample protection against tampering with the machines.

§ 7-207

ELECTION LAW

5. The party representatives shall be paid for their services an amount that shall be fixed by the board of elections, such amount shall, however, be approved by the governing body of the municipality wherein said machines are used and paid by such municipality.

§ 7-208. Escrow requirements

Prior to the use of any voting machine or system in any election in the state, on or after September first, two thousand six, the state board of elections and the local board of elections using such voting machine or system shall:

1. 2. Require that the manufacturer and/or vendor of such voting machine, system or equipment file with the state board of elections and the appropriate local boards of elections a waiver, prepared by the state board of elections, which shall waive all rights of the vendor or manufacturer to assert intellectual property or trade secret rights in any court of competent jurisdiction hearing a challenge to the results of any election and requesting that programming source coding, firmware, and software as well as voting machines or systems be tested by independent experts under court supervision and at the conclusion of such proceeding shall be sealed.

3. Require that the manufacturer and/or vendor of such equipment file with the state board of elections and the appropriate local boards of elections a consent to having and cooperating in the testing of any programming, source coding, firmware, or software, pursuant to an order of any board of elections or court of competent jurisdiction. § 8–102. Polls; opening of

1. The inspectors of election, and clerks, if any, shall meet at the polling place at least one-half hour before the time set for opening the polls of election. The inspectors of election shall:

- (a) See that the American flag is displayed.
- (b) Cause the facsimile ballots and voter information posting to be posted conspicuously within the polling place.
- (c) Cause the distance markers to be placed at a distance of one hundred feet from the polling place.
- (d) Establish a guard-rail by delineating and marking out the voting area by a suitable means. The ballot scanner, ballot marking device, ballot boxes and secure storage containers, privacy booths, all ballots and all equipment shall be kept within such guard-rail.
- (e) Place the books, ballots and sample ballots, blanks, stationery and supplies so that they will be ready and convenient for use.
- (f) Affix or attach to their clothing and cause the clerks, if any, to affix or attach to their clothing the proper identification buttons, badges or emblems issued by the board of elections pursuant to the provisions of this chapter. The inspectors and clerks shall wear no other buttons, badges or emblems which are similar in design.
- (g) See that the privacy booths contain conspicuous instructions on how to properly mark ballots and that voters are provided with appropriate writing instruments for marking ballots.
- (h) Unlock all ballot boxes and secure storage containers to be used to hold election day paper ballots, see that they are empty, allow them to be examined by the watchers present,

and lock them up again in such a manner that the watchers and the persons just outside the guard-rail may see that the boxes are empty when re-locked; provided, however, the ballot boxes or secure storage containers holding unused ballots shall be inspected to confirm that only the number of unused election day paper ballots provided by the board of elections are contained therein.

(i) Inspect the ballot scanner and ballot marking device to see that it is in good working order. Inspect the placement of privacy booths to preserve the secrecy of voting; inspect the screen of the ballot scanner and ballot marking device; inspect the polling place to make certain there is no way that anyone can view any voting action by a voter at the ballot scanner, ballot marking device, or in a privacy booth; and affix a conspicuous notice, in the form prescribed by the state board of elections, in a prominent place near the ballot scanner and in the privacy booth, instructing the voter on how to properly mark a ballot in order to have his or her vote counted. Such notice shall be printed in English and such other languages as the board of elections may determine to be appropriate.

(j) Announce that the polls are open for voting and the time when the polls will close.

(k) Voting at each polling place for early voting shall be conducted in a manner consistent with the provisions of this article, with the exception of the tabulation and proclamation of election results which shall be completed according to subdivisions eight and nine of section 8-600 of this article.

2. The envelope containing the keys shall not be opened until at least one inspector from each of the two parties shall be present in the polling place and shall have examined the envelope to see that it has not been opened. Before opening the envelope, such election inspectors present shall examine the serial number on the machine, and shall see if they are the same as the numbers written on the envelope containing the

keys. If found not to agree, the envelope must not be opened until the voting machine custodian, or other authorized person, shall have been notified and shall have arrived at the polling place for the purpose of re-examining such machine and shall certify that it is properly arranged. If the serial number on the machine is found to agree with the number on the envelope, the inspectors, except as hereinafter provided, shall turn on the machine. The inspectors shall carefully examine the printed record produced by the machine to see that each counter registers zero, and shall allow watchers to examine the printed record. The inspectors shall then sign a certificate showing the delivery of the keys in a sealed envelope, the serial number on the machine, the number registered on the protective counter, that all the counters are set at zero and that the public counter is set at zero. The machine shall remain secured against voting until the polls are formally opened and shall not be operated except by voters when voting or by election officials upon the instructions of the board of elections. If any counter is found not to register zero, the inspectors of election shall immediately notify the board of elections.

Facsimile ballots, voter information posting and distance markers shall not be taken down, torn or defaced during the election. While the polls are open no person shall do any electioneering within the polling place, or in any public street, within a one hundred foot radial measured from the entrances designated by the inspectors of election, to such polling place or within such distance in any place in a public manner; and no political banner, button, poster or placard shall be allowed in or upon the polling place or within such one hundred foot radial. While the polls are open no person shall consume any alcoholic beverages within the polling place. While the polls are open no person shall make any change, alteration or modification to any entrance to or exit from the polling place unless such change, alteration or

modification allows for increased access for persons with disabilities or is necessary to maintain public safety due to the occurrence of an emergency. Any such change, alteration or modification shall be clearly marked on signage placed adjacent to the former entrance or exit.

1-a. The election inspectors shall conspicuously post in the polling place before the opening of the polls, a voter information posting, which shall include: (a) the sample ballot and instructions for the use of ballot scanners and ballot marking devices required pursuant to section 7-118 of this chapter; (b) a statement that "today is election day" and the hours during which polling places will be open; (c) instructions on how to cast an affidavit ballot and a concise statement of a voter's right to such a ballot; (d) instructions relating to requirements for voting on ballot scanners by those registrants who must provide identification pursuant to the federal Help America Vote Act of 2002; (e) instructions for first-time voters; (f) a voter's bill of rights describing voter's rights under applicable federal and state law, including the right of accessibility and alternate language accessibility; (g) information pertaining to voting by election day paper ballot, including information about the consequence of casting an overvote, steps to prevent unintentional undervoting and spoiled ballots; (h) instructions on how to contact the appropriate officials if a voter's right to vote or right to otherwise participate in the electoral process has been violated; and (i) general information on federal and state laws regarding prohibitions on acts of fraud and misrepresentation. The state board of elections shall prescribe the form and content of the voter information posting, which may be comprised of one or more pages, provided each page shall be posted separately. The state board of elections shall prescribe an official version of such voter information posting for every language which appears on any general, primary or special election ballot in any election district in the state and for such other languages as such board, in its opinion, determines is appropriate. Such posting shall be used in all jurisdictions, and a separate posting shall be made by election inspectors for each language appearing on the ballot and for such additional languages as the board of elections may require. A board of elections may modify or supplement the voter information posting used in its jurisdiction to provide

additional or local information; provided, however, any such modification or supplementation shall be submitted to the state board of elections for prior approval.

2. The ballot boxes, other secure storage containers and all official ballots shall be kept within the guard-rail, and at least six feet therefrom, from the opening of the polls until the announcement of the result of the canvass and the signing of the inspectors' returns thereof. No person shall be admitted within the guard-rail during such period except the election officers, authorized watchers, persons admitted by the inspectors to preserve order or enforce the law, voters duly admitted for the purpose of voting and children under the age of sixteen accompanying their voting parents or guardians; provided, however, that candidates voted for at the polling place may be within the guard-rail during the canvass.

3. The provisions of this chapter concerning the preservation of order and apprehension for crime on a day of registration, shall apply to a day of election, but a person taken into custody shall not be prohibited thereby from voting.

4. After a ballot box or other secure storage container has been locked for the purposes of election, it shall not be opened until it is opened at the close of the polls for purposes of canvass or by election officials upon the instructions of the board of elections. Each inspector shall be responsible personally for the custody of each ballot box and other secure storage container and its contents from the time the election begins until the box or container is delivered, according to law, to the person entitled to receive it.

5. Voters entitled to vote who are on line or in the polling place at the time fixed by law for the closing of the polls shall be allowed to vote.

6. In the city of New York, during days of primary, general, special and community school board elections, at each premises wherein a polling place or places are located, at least one police officer or peace officer designated by the police commissioner of such city pursuant to the provisions of article two of the criminal procedure law shall be assigned for duty from the opening until the closing of the polls. Additional police offi-

2. Notwithstanding any inconsistent provision of law, each board of elections may provide a spare voting machine inside any polling place or in a room adjacent to any polling place for the educational use of students in grades eight to twelve, inclusive. Each such board shall establish procedures for the use of the machine including, but not limited to, location and preparation of the machine and duties of the machine tenders. At least four weeks prior to an election, each board intending to provide a voting booth for the educational use of students shall notify each school district within its jurisdiction of the location of the spare voting machine. Upon such notice, but not later than two weeks prior to such election, each school district intending to utilize the spare voting machine made available for educational use as herein provided shall notify the board of such intention. Such notice shall be posted on the date of the election or on the first day of early voting prior to the opening of the polls.

§ 8–202. Board of inspectors; conduct of

1. The chair of the board of inspectors theretofore appointed shall continue to act as such, and the inspectors shall act as a board, and a majority thereof shall decide questions. Two inspectors who are not of the same political faith shall have charge of the registration poll ledgers or computer generated registration lists, subject to inspection thereof by any inspector and his or her participation in the decision of any question. Of the inspectors in charge of the registration poll ledgers or computer generated registration lists, one shall be assigned to

the duty of comparing the signatures of voters. Inspectors shall be assigned to the foregoing duties by majority vote of the board of inspectors, before the opening of the polls. Such assignments shall be by lot if a majority cannot agree. The duties of an inspector or clerk may be changed during the day. If there be clerks, the board of inspectors may direct a clerk, who is not otherwise engaged, to perform any duty of an inspector of the same party, except to vote upon a question to be decided by such board. Where an oath is required or permitted by this article at any election, any inspector may administer it. Where ballot scanners, ballot marking devices, privacy booths, ballot boxes or other secure storage containers are used, clerks or inspectors shall attend such ballot scanners, ballot marking devices, privacy booths, boxes or containers.

2. The exterior of any ballot scanner, ballot marking device and privacy booth and every part of the polling place shall be in plain view of the election inspectors and watchers. The ballot scanners, ballot marking devices, and privacy booths shall be placed at least four feet from the table used by the inspectors in charge of the poll ledger or computer generated registration list. The guard-rail shall be at least three feet from the machine and the table used by the inspectors. The election inspectors shall not themselves be, or allow any other person to be, in any position or near any position, that will permit one to see or ascertain how a voter votes, or how he or she has voted nor shall they permit any other person to be less than three feet from the ballot scanner, ballot marking device, or privacy booth while occupied. The election inspectors or clerks attending the ballot scanner, ballot marking device, or privacy booth shall regularly inspect the face of the ballot scanner, ballot marking device, or the interior of the privacy booth to see that the ballot scanner, ballot marking device, or privacy booth has not been damaged or tampered with. During elections the door or other covering of the counter compartment of the machine shall not be unlocked or opened except by a member of the board of elections, a voting machine custodian or any other person upon the specific instructions of the board of elections.

§ 8-300. Voting; manner of

1. The inspectors shall admit within the voting area only two voters at a time for each ballot scanner, ballot marking device, or privacy booth and shall ascertain whether each such voter is entitled to vote. If he or she is found to be entitled to vote, he or she shall be permitted to proceed to the ballot scanner, ballot marking device, or privacy booth to vote.

2. The operating of the ballot scanner by the voter while voting or the use of a privacy booth or ballot marking device for marking a ballot shall be secret and obscured from all other persons except as provided by this chapter in cases of voting by assisted voters or in cases of children under the age of sixteen accompanying their voting parents or guardians.

3. No voter shall remain within a privacy booth or at a ballot scanner longer than a reasonable amount of time and if he or she shall refuse to leave after the lapse of such time, he or she shall be removed by the inspectors.

(L.1976, c. 233, § 1. Amended L.1996, c. 158, § 2; L.2005, c. 181, § 13, eff. July 12, 2005; L.2010, c. 164, § 4, eff. July 7, 2010.)

§ 8-302. Voting; verification of registration

1. At all elections held pursuant to the provisions of this chapter two inspectors representing different political parties shall act together at all times in supervising the use of the registration records and in verifying the rights of persons to vote on the basis of such records.

2. The voter shall give the voter's name and the voter's residence address to the inspectors. An inspector shall then

loudly and distinctly announce the name and residence of the voter.

2-a. If a voter's name appears in the ledger or computer generated registration list with a notation indicating that the board of elections has issued the voter an *early mail*, absentee, military or special ballot, such voter shall not be permitted to vote on a voting machine at an early voting site or on election day but may vote by affidavit ballot.

2-b. (a) If a voter's name appears in the ledger or computer generated registration list with a notation indicating that the voter's identity was not yet verified as required by the federal Help America Vote Act, the inspector shall require that the voter produce one of the following types of identification before permitting the voter to cast his or her vote on the voting machine:

(i) a driver's license or department of motor vehicles non-driver photo ID card or other current and valid photo identification;

(ii) a copy of a current utility bill, bank statement, government check, paycheck or other government document that shows the name and address of the voter.

(b) If the voter produces an identification document listed in paragraph (a) of this subdivision, the inspector shall indicate so in the ledger or computer generated registration list, the voter will be deemed verified as required by the federal Help America Vote Act and the voter shall be permitted to cast his or her vote on the voting machine.

(c) If the voter does not produce an identification document listed in paragraph (a) of this subdivision, the voter shall only be entitled to vote by affidavit ballot unless a court order provides otherwise.

3. (a) If an applicant is challenged, the board, without delay, shall either enter his name in the second section of the challenge report together with the other entries required to be made in such section opposite the applicant's name or make an entry next to the voter's name in the computer generated registration list or in the place provided in the computer generated registration list.

(b) A person who claims to have moved to a new address within the election district in which he or she is registered to vote shall be permitted to vote in the same manner as other voters unless challenged on other grounds. The inspectors shall enter the names and new addresses of all such persons in either the first section of the challenge report or in the place provided in the computer generated registration list and shall also enter the new address next to such person's address on such computer generated registration list. When the registration poll records of persons who have voted from new addresses within the same election district are returned to the board of elections, such board shall change the addresses on the face of such registration poll records without completely obliterating the old addresses and shall enter such new addresses and the new addresses for any such persons whose names were in computer generated registration lists into its computer records for such persons.

(c) A person who claims a changed name shall be permitted to vote in the same manner as other voters unless challenged on other grounds. The inspectors shall either enter the names of all such persons in the first section of the challenge report or in the place provided in the computer generated registration list, in the form in which they are registered, followed in parentheses by the name as changed or enter the name as changed next to such voter's name on the computer generated registration list. The voter shall sign first on the registration poll record or in the computer generated registration list, the name under which the voter is registered and, immediately above it, the new name, provided that in such registration list, the new name may be signed in the place provided. When the registration poll record of a person who has voted under a new name is returned to the board of elections, such board shall change the voter's name on the face of each registration record without completely obliterating the old one, and thereafter such person shall vote only under his or her new name. If a voter has signed a new name in a computer generated registration list, such board shall enter such voter's new name and new signature in such voter's computer record.

(d) If an applicant requests assistance in voting and qualifies therefor, the board shall provide assistance as directed by this

chapter, and shall without delay either enter such applicant's name and the other entries required in the third section of the challenge report or make an entry next to such applicant's name in the computer generated registration list or in the place provided in such registration list.

(e) Whenever a voter presents himself or herself and offers to cast a ballot, and he or she claims to live in the election district in which he or she seeks to vote but no registration poll record can be found for him or her in the poll ledger or his or her name does not appear in the computer generated registration list or his or her signature does not appear next to his or her name in such registration list or his or her registration poll record or the computer generated registration list does not show him or her to be enrolled in the party in which he or she claims to be enrolled, a poll clerk or election inspector shall consult a map, street finder or other description of all of the polling places and election districts within the political subdivision in which said election district is located and if necessary, contact the board of elections to obtain the relevant information and advise the voter of the correct polling place and election district for the residence address provided by the voter to such poll clerk or election inspector. Thereafter, such voter shall be permitted to vote in said election district only as hereinafter provided:

(i) He or she may present a court order requiring that he or she be permitted to vote. At a primary election, such a court order must specify the party in which the voter is permitted to vote. The voter shall be required to sign their full name on top of the first page of such order, together with the voter's registration serial number, if any, and the voter's name and the other entries required shall then be entered without delay in the fourth section of the challenge report or in the place provided in the computer generated registration list, or, if such person's name appears on such registration list, the board of elections may provide a place to make such entry next to his or her name on such list. The voter shall then be permitted to vote in the manner otherwise prescribed for voters whose registration poll records are found in the ledger or whose names are found on the computer generated registration list; or

(ii) *They* may swear to and subscribe an affidavit stating that *they have* duly registered to vote, the address in such election district from which *they* registered, that *they remain* a duly qualified voter in such election district, that *their* registration poll record appears to be lost or misplaced or that *their* name and/or *their* signature was omitted from the computer generated registration list or such record indicates the voter already voted when *they* did not do so or that *they have* moved within New York state since *they* last registered, the address from which *they were* previously registered and the address at which *they* currently *reside*, and at a primary election, the party in which *they are* enrolled, or that *such voter is eligible to vote pursuant to section 8-604 of this article*. The inspectors of election shall offer such an affidavit to each such voter whose residence address is in such election district. Each such affidavit shall be in a form prescribed by the state board of elections, shall be printed on an envelope of the size and quality used for an *early mail* ballot envelope, and shall contain an acknowledgment that the affiant understands that any false statement made therein is perjury punishable according to law. Such form prescribed by the state board of elections shall request information required to register such voter should the county board determine that such voter is not *yet* registered and shall constitute an application to register to vote. The voter's name and the entries required shall then be entered without delay and without further inquiry in the fourth section of the challenge report or in the place provided in the computer generated registration list, with the notation that the voter has executed the affidavit hereinabove prescribed, or, if such person's name appears in such registration list, the board of elections may provide a place to make such entry next to *their* name in such list. The voter shall then, without further inquiry, be permitted to vote an affidavit ballot provided for by this chapter. Such ballot shall thereupon be placed in the envelope containing *their* affidavit, and the envelope sealed and returned to the board of elections in the manner provided by this chapter for protested official ballots, including a statement of the number of such ballots. *If a voter registration application for a voter who casts an affidavit ballot pursuant to this subparagraph was received by a board of elections by the tenth day prior to the election, the board shall cast and count an*

affidavit ballot from such voter, if otherwise valid, notwithstanding the fact that the voter's name was omitted from a registration poll record or list of registered voters.

3-a. The inspectors shall also give to every person whose address is in such election district for whom no registration poll record can be found and, in a primary election, to every voter whose registration poll record does not show him to be enrolled in the party in which he wishes to be enrolled or who claims to be incorrectly identified as having already voted, a copy of a notice, in a form prescribed by the state board of elections, advising such person of his right to, and of the procedures by which he may, cast an affidavit ballot or seek a court order permitting him to vote, and shall also give every such person who does not cast an affidavit ballot, an application for registration by mail.

3-b. In every election district in which the candidates for any office or position in a primary election have been assigned numbers by the board of elections because of identical or similar names, the inspectors shall also give to every person eligible to vote in such primary, a copy of a leaflet prepared by the board of elections which contains biographical information about such candidates.

3-c. At the time that an individual casts an affidavit ballot, the appropriate state or local election official shall give the individual written information that states that any individual who casts an affidavit ballot will be able to ascertain under the system established under subdivision four of section 9-212 of this chapter whether the vote was counted, and, if the vote was not counted, the reason that the vote was not counted.

4. At a primary election, a voter whose registration poll record is in the ledger or computer generated registration list shall be permitted to vote only in the primary of the party in which such record shows the voter to be enrolled unless the voter shall present a court order pursuant to the provisions of subparagraph (i) of paragraph (e) of subdivision three of this section requiring that the voter be permitted to vote in the primary of another party, or unless the voter shall present a certificate of enrollment issued by the board of elections, not earlier than one month before such primary election, pursuant to the provisions of this chapter which certifies that the voter is

enrolled in a party other than the one in which such record shows the voter to be enrolled, or unless he or she shall subscribe an affidavit pursuant to the provisions of subparagraph (ii) of paragraph (e) of subdivision three of this section.

5. Except for voters unable to sign their names, no person shall be permitted to vote without first identifying himself or herself as required by this chapter.

§ 8-303. Initial voter identification

1. Applicability. Each board of elections, in a uniform and nondiscriminatory manner, shall require a voter to meet the requirements of subdivision two of this section if:

(a) the individual registered to vote in a jurisdiction by mail on or after January first, two thousand three; and

(b) the individual has not previously voted in an election for federal office in the jurisdiction of the board of elections.

2. Requirements. (a) In general. An individual meets the requirements of this subdivision if the individual:

(1) in the case of an individual who votes in person: (i) presents to the appropriate election inspector, clerk or coordinator a current and valid photo identification; or

(ii) presents to the appropriate election inspector, clerk or coordinator a copy of a current utility bill, bank statement, government check, paycheck, or other government document that shows the name and address of the voter; or

(2) in the case of an individual who votes by mail, submits in the outer envelope with the envelope containing the ballot: (i) a copy of a current and valid photo identification; or

(ii) a copy of a current utility bill, bank statement, government check, paycheck, or other government document that shows the name and address of the voter.

(b) Fail-safe voting. (1) An individual who desires to vote in person, but who does not meet the requirements of subparagraph one of paragraph (a) of this subdivision, may cast an affidavit ballot, and notwithstanding this section of law, such affidavit ballot shall be duly cast and counted, even though such individual does not meet the requirements of subparagraph one of paragraph (a) of this subdivision, provided such individual casting such ballot is an otherwise eligible voter pursuant to law, provided further that such ballot otherwise complies with the requirements of law.

(2) An individual who desires to vote by mail but who does not meet the requirements of subparagraph two of paragraph (a) of this subdivision may cast such a ballot by mail and such ballot shall be duly cast and counted, notwithstanding this section, provided the voter is determined to be an eligible voter and provided further that such ballot otherwise complies with the requirements of law.

3. Inapplicability. Subdivisions one and two of this section shall not apply in the case of a person: (a) who registers to vote by mail and submits as part of such registration either:

- (1) a copy of a current and valid photo identification; or
- (2) a copy of a current utility bill, bank statement, government check, paycheck, or government document that shows the name and address of the voter;

(b)(1) who registers to vote by mail and submits with such registration either:

- (i) a driver's license or a department of motor vehicles non-driver photo ID number; or
- (ii) at least the last four digits of the individual's social security number; and

(2) with respect to whom a local board of elections matches the information submitted under subparagraph one of this paragraph with an existing state identification record bearing the number, name and date of birth of such voter; or

(c) who is: (1) entitled to vote by absentee ballot under the Uniformed and Overseas Citizens Absentee Voting Act (42 U.S.C. 1973ff-1 et seq.);

(2) provided the right to vote otherwise than in person under section 3 (b) (2) (B) (ii) of the Voting Accessibility for the Elderly and Handicapped Act (42 U.S.C. 1973ee-1 (b) (2) (B) (ii)); or

(3) entitled to vote otherwise than in person under any other federal law.

(Added L.2004, c. 420, § 1, eff. Sept. 7, 2004. Amended L.2005, c. 160, § 1, eff. June 30, 2005.)

§ 8-304. Voters; signature identification

1. A person before being allowed to vote shall be required, except as provided in this chapter, to sign his or her name on the back of his or her registration poll record on the first line reserved for his or her signature at the time of election which is not filled with a previous signature, or in the space provided in the computer generated registration list reserved for the voter's signature. The two inspectors in charge shall satisfy themselves by a comparison of this signature with the voter's registration signature and by comparison of the voter's appearance with the descriptive material on the face of the registration poll record that the voter is the person registered. If they are so satisfied they shall enter the other information required for the election on the same line with the voter's latest signature, shall sign their names or initials in the spaces provided therefor, and shall permit the applicant to vote. Any inspector or inspectors not satisfied shall challenge the applicant forthwith.

2. If a person who alleges an inability to sign his or her name presents himself or herself to vote, the board of inspectors shall permit such person to vote, unless challenged on other grounds, provided the voter had been permitted to register without signing the voter's name. The board shall enter the words "Unable to Sign" in the space on the voter's registration poll record reserved for the voter's signature or on the line or space the computer generated registration list reserved for the voter's signature at such election. If the voter's signature appears upon the voter's registration record or in the

computer generated registration list the board shall challenge the voter forthwith, except that if such a person claims that he or she is unable to sign his or her name by reason of a physical disability incurred since the voter's registration, the board, if convinced of the existence of such disability, shall permit him or her to vote, shall enter the words "Unable to Sign" and a brief description of such disability in the space reserved for the voter's signature at such election. At each subsequent election, if such disability still exists, the voter shall be entitled to vote without signing their name and the board of inspectors, without further notation, shall enter the words "Unable to Sign" in the space reserved for the voter's signature at such election.

3. The voter's facsimile signature shall be effectively concealed from the voter by a blotter or other means until after the voter shall have completed the signature.

4. In any case where a person who has heretofore voted has placed his voting signature on the back of his registration poll record on the first or any succeeding line or lines at the time or times of an election, instead of on the last line of the space thereon required to be reserved for such voting signatures and on any lines next running upward therefrom, the inspectors of election shall obliterate such misplaced signature or signatures, initial the obliteration and require such voter to sign his name again in the correct place on such registration poll record.

5. Any person who has heretofore registered and who at such time placed his or her registration signature on the back of the registration poll record otherwise than in the space required to be provided therefor at the bottom of such poll record, shall, before being permitted to vote at any election thereafter, subscribe a new registration signature for himself on the last line at the bottom of such poll record, and, at the same time, if the inspectors of election are satisfied that the signatures were made by the same person, obliterate his original registration signature placed elsewhere than on the bottom of such record. Such obliterations may be made by crossing out the signature so as to completely efface the same or by affixing thereover a piece of gummed tape of a size sufficient

only to cover such signature and of a type adequate to fully conceal the same.

(L.1976, c. 233, § 1. Amended L.1978, c. 9, § 65; L.1986, c. 425, § 4, eff. Nov. 18, 1986; L.2019, c. 55, pt. XX, § 9, eff. April 12, 2019.)

§ 8-306. Voters; assistance to

1. A voter who states under oath to the board of inspectors that he requires assistance may be assisted in the manner and subject to the conditions and requirements provided for in this section.

2. A board of inspectors of election shall assist any voter:

(a) who informs such board, under oath, that he cannot read and therefore requires assistance, or

(b) who cannot even with the aid of glasses see the names printed on the official ballot, or

(c) who is so physically handicapped that he cannot do what is needed at that election to turn down the levers or use a write-in slot on a voting machine, or mark a paper ballot, or

(d) who, unless aided by another person, cannot enter a voting booth.

3. Any voter who requires assistance to vote by reason of blindness, disability or inability to read or write may be given assistance by a person of the voter's choice, other than the voter's employer or agent of the employer or officer or agent of the voter's union. A voter entitled to assistance in voting who does not select a particular person may be assisted by two election inspectors not of the same political faith. The inspectors or person assisting a voter shall enter the voting machine or booth with the voter, help the voter in the preparation of the voter's ballot and, if necessary, in the return of the voted ballot to the inspectors for deposit in the ballot box. The inspectors shall enter in the space provided for such voter in the computer generated registration list, the name of each officer or person rendering such assistance.

4. An election officer or other person assisting a voter shall not in any manner request or seek to persuade or induce the assisted voter to vote any particular ticket, or for any particular candidate, or for or against any particular ballot proposal,

and shall not keep or make any memorandum or entry of anything occurring within the voting booth and shall not, directly or indirectly, reveal to any other person the name of any candidate voted for by such voter, or which ticket he has voted, except when required pursuant to law to give testimony as to such matter in a judicial proceeding.

5. A person other than an inspector, who assists a voter in voting, shall make an oath before entering the booth that he "will not in any manner request, or seek to persuade or induce the voter to vote any particular ticket or for any particular candidate, and that he will not keep or make any memorandum or entry of anything occurring within the booth, and that he will not, directly or indirectly, reveal to any person the name of any candidate voted for by the voter, or which ticket he had voted, or anything occurring within the voting booth, except when required pursuant to law to give testimony as to such a matter in a judicial proceeding."

6. If a voter makes any false representation to obtain assistance in voting, he shall be punishable therefor as prescribed by law.

7. For the instruction of voters, there may be so far as practicable, in each polling place, a mechanically operated model of a portion of the face of the voting machine. Such model, if furnished, shall be located during the election on the inspectors' table or in some other place which the voters must pass to reach the machine. Each voter, before entering the machine, shall, upon request, be instructed regarding its operation and such instruction illustrated on the model and the voter given opportunity personally to operate the model. The voter's attention shall also be called to the facsimile ballot so that the voter can become familiar with the location of the ballot proposals, if any, and the location of the respective offices to be filled at the election. If any voter, after entering the voting machine booth and before the closing of such booth, shall ask for further instructions concerning the manner of voting, two inspectors of opposite political faith shall give such instructions to him. No inspector or other election officer or other person instructing a voter, shall, in any manner, request, suggest or seek to persuade or induce any such voter to vote any particular ticket, or for any particular candidate or for or

§ 8-306

ELECTION LAW

against any particular ballot proposal. After giving such instructions, the inspectors shall retire and such voter shall then close the booth and vote as in the case of an unassisted voter.

8. In no event shall an inspector or any other person enter a voting machine or booth for the purpose of giving instructions to a voter, after the voter has closed such booth, except as permitted herein.

9. Any voter requesting a sample ballot shall be furnished one if available and he may take it away from the polling place. (L.1976, c. 233, § 1. Amended L.1978, c. 8, § 19; L.1978, c. 9, § 66; L.1982, c. 647, § 10; L.1986, c. 425, § 5; L.1991, c. 154, § 1, eff. May 31, 1991; L.2019, c. 55, pt. XX, § 10, eff. April 12, 2019.)

§ 8-308. Voting; voting write-in

1. Ballots voted for any person whose name does not appear on the ballot as a nominated or designated candidate for public office or party position are referred to in this article as write-in ballots.

2. *Any write-in vote for a candidate whether or not such candidate's name is on the ballot for that contest shall be counted for such candidate unless such write-in vote creates an invalid overvote in the contest.*

3. A write-in ballot must be cast in its appropriate place on the ballot, or it shall be void and not counted.

4. A write-in ballot cast in a party primary for a candidate not enrolled in such party shall be void and not counted.

5. A write-in ballot may also be cast by the use of a name stamp. The use of name stickers, labels or pasters is prohibited.

(L.1976, c. 233, § 1. Amended L.1978, c. 9, § 67; L.1988, c. 13, § 2; L.1994, c. 156, § 4, eff. June 7, 1994; L.2015, c. 395, § 1, eff. Oct. 26, 2015; L.2021, c. 480, § 3, eff. Oct. 8, 2021; L.2023, c. 474, § 10, eff. Sept. 20, 2023.)

§ 8-310. Repealed by L.2009, c. 464, § 2, eff. Sept. 16, 2009

§ 8-312. Voting; election day paper ballots, marking and casting, delivery to voter

1. On receiving his or her ballot, the voter forthwith shall retire alone, unless he or she is entitled to assistance in voting

or is accompanied by a child under sixteen years of age, to an unoccupied privacy booth and mark his or her ballot using a writing instrument supplied by the board of elections. He or she shall not occupy a privacy booth more than five minutes if other voters are waiting to occupy it. If the voter wrongly marks, defaces or tears a ballot, he or she may successively obtain others, one ballot at a time, not exceeding three ballots in all, upon returning to the inspectors or clerks each ballot already received.

2. When the voter shall have marked the ballot, he or she shall leave the privacy booth with the ballot, proceed at once to the ballot scanner, insert such ballot into the ballot scanner and wait for the notice that the ballot has been successfully scanned. If no such notice appears, the voter shall seek the assistance of an election inspector.

3. Upon voting, the voter forthwith shall pass outside the guardrail, unless he or she is a person authorized to remain for other purposes than voting.

4. Any reference to "board of elections" in the remaining provisions of this section, except with respect to the furnishing and obtaining of applications for absentee ballots, means only the board of elections of the county or city in which the applicant is a qualified voter.

(b) Applications may be filed with the board of elections, through the electronic absentee ballot application transmittal system or in person with the board of inspectors of the election district in which the applicant is a qualified voter on one of the days provided for local registration.

(c) All applications requesting an absentee ballot by mail or through the electronic absentee ballot application transmittal system must be received by the board of elections not later than the *tenth* day before the election for which a ballot is first requested. Applications for an absentee ballot that will be delivered in person at the board of elections to the voter or to an agent of the voter must be received by such board not later than the day before such election.

§ 8–402. Absentee voting; review of application by board of elections

1. Upon receipt of an application for an absentee ballot the board of elections shall forthwith determine upon such inquiry as it deems proper whether the applicant is qualified to vote and to receive an absentee ballot, and if it finds the applicant is not so qualified it shall reject the application after investigation as hereinafter provided.

2. The county board of elections, whenever it is not satisfied from an examination of an application for an absentee ballot that the applicant is entitled to such a ballot, may order an investigation through any officer or employee of the state or county board of elections, police officer, sheriff or deputy sheriff, or a special investigator appointed by the state board of elections pursuant to the provisions of this chapter and, if it deems necessary, may exercise the powers to issue subpoenas and administer oaths which are conferred upon it by this chapter.

3. An affidavit or a signed statement executed by any person authorized to conduct an investigation pursuant to this section which indicates that the applicant for an absentee ballot meets or fails to meet any of the requirements entitling the applicant to same shall be sufficient authority for a determination by the board as to the applicant's right to an absentee voter's ballot, but shall not preclude the board from making such other determination as it shall deem proper. Such affidavit or statement shall contain sufficient information to permit verification of the information contained in the statement and identification of the source.

4. Any investigation shall be concluded and determination made as to all applicants not later than the day before the election for which a ballot is first requested, or if such ballot is to be sent by mail, such determination shall be made at a time which will afford sufficient time for the transmission of the ballot to the voter, one secular day for the voter to mark such

ballot and execute the statement of absentee voter, and time for the return of such ballot to the board of elections by the deadline for its receipt. If the board can not complete its investigation within the time provided for herein, it shall, if it finds the voter to be duly registered, deliver to such applicant an absentee ballot.

5. If the board shall determine that the applicant is not entitled to an absentee ballot it shall immediately notify the applicant, giving him the reason for such rejection.

6. In the case of a primary election, the board shall deliver only the ballot of the party in which the records of the board of elections show the applicant to be enrolled. In the event a primary election is uncontested in the applicant's election district for all offices or positions except the party position of member of the ward, town, city or county committee, no ballot shall be delivered to such applicant for such election; and the applicant shall be advised why he is not being sent a ballot.

7. The board shall keep a record of applications for absentee ballots as they are received, showing the names and residences of the applicants, and their party enrollment in the case of primary elections, and, as soon as practicable shall, when requested, give to the chairman of each political party or independent body in the county, and shall make available for inspection to any other qualified voter upon request, a complete list of all applicants to whom absentee voters' ballots have been delivered or mailed, containing their names and places of residence as they appear on the registration record, including the election district and ward, if any, and in the city of New York and the county of Nassau, the assembly district, and their party enrollment in the case of primary elections.

(L.1976, c. 233, § 1. Amended L.1976, c. 234, § 43-b; L.1978, c. 223, § 2; L.1978, c. 373, § 77; L.1980, c. 666, § 2, eff. June 30, 1980.)

§ 8-404. Absentee voting; hospitalized veterans, special provisions

1. After entering upon the registration records, the application for registration of a resident or patient of a veterans health administration hospital as to whom the medical superintendent or medical head of such hospital has attested that he or she expects that he or she will not be discharged prior to the day

following the next general or special village, primary, special, general or New York city community school board district or city of Buffalo school district election, and the application for registration by the spouse, parent or child of such resident or patient, accompanying or being with him or her, if a qualified voter and a resident of the same election district, the board of elections, without further investigation and without further application by the applicant, shall send to him or her at such hospital an absentee ballot and shall record in the signature column on the back of his or her permanent personal registration poll record that such ballot has been sent.

(a) Any voter who is duly registered and whose registration records are marked "Hospitalized Veteran" or "Hospitalized Veteran's Relative" need not thereafter make application for an absentee ballot. Sixty days before each election, the board of elections shall compile and send a list to each veterans health administration hospital of all residents and patients of veterans health administration hospitals who appear by the records of such board to be "hospitalized veterans" entitled to receive absentee ballots at each such hospital pursuant to the provisions of this section. Each veterans health administration hospital shall no later than fifteen days following the receipt of such list, return it with notations made thereon showing whether the resident or patient continues to be confined therein or has been discharged therefrom. Upon the receipt of such returned list from each veterans health administration hospital with the proper notations showing that a "hospitalized veteran" continues to be confined in such hospital, the board of elections, by mail addressed to such "hospitalized veteran" at his or her last known hospital address and by mail addressed to such "hospitalized veteran's relative" at his or her last known address shall send an absentee ballot for the ensuing election to such "hospitalized veteran" and such "hospitalized veteran's relative" an absentee ballot in the same manner as provided in this section for a qualified voter entitled to an absentee ballot because of permanent disability. The board shall record on the back of his or her registration poll record in the space reserved for his or her signature at such election, the fact that such ballot has been sent.

(b) If the returned list from a veterans' administration hospital contains a notation showing that a "hospitalized veteran" is

no longer a resident or patient at the veterans health administration hospital where he or she is recorded as staying, or if such letter containing an absentee voter's ballot for a "hospitalized veteran" or a "hospitalized veteran's relative" is returned by the post office as undeliverable, the board of elections shall ascertain whether the "hospitalized veteran" or "hospitalized veteran's relative" is residing at the address given on his or her registration records as his or her permanent address. If he or she is residing there, the board shall not send him or her any further absentee ballots unless he or she applies therefor in the regular way. If he or she is not residing at the place of residence given on his or her registration records but the board ascertains that he or she has been transferred to another veterans health administration hospital, the board shall cause a central board of registration to make the necessary changes of temporary address on his or her registration records and shall continue sending him or her absentee ballots at the veterans health administration hospital where he or she is staying. If he or she is not residing at the place of residence given on his or her registration records and the board cannot ascertain that he or she has been transferred to another veterans health administration hospital, the board shall cancel his or her registration. Whenever a registration is cancelled pursuant to this paragraph notice shall be mailed to the veteran or his or her relative at his or her permanent residence address and last temporary address.

2. The board of elections shall furnish to each party county chairman in such county a list of the names and residence addresses of the hospitalized veterans and hospitalized veterans' relatives to whom absentee ballots have been sent.

3. Such ballots shall be mailed, voted, returned, counted, and canvassed as provided in this chapter for other absentee voters' ballots.

(L.1976, c. 233, § 1. Amended L.1978, c. 373, § 78; L.1980, c. 446, § 2; L.1980, c. 446, § 2; L.1980, c. 447, § 2; L.1989, c. 359, § 21, eff. Nov. 15, 1989; L.2015, c. 375, § 4, eff. Oct. 26, 2015.)

§ 8-406. Absentee ballots, delivery of

1. If the board shall find that the applicant is a qualified voter of the election district containing his residence as stated

in his statement and that his statement is sufficient, it shall, as soon as practicable after it shall have determined his right thereto, mail to him at an address designated by him, or deliver to him, or to any person designated for such purpose in writing by him, at the office of the board, such an absentee voter's ballot or set of ballots and an envelope therefor. If the ballot or ballots are to be sent outside of the United States to a country other than Canada or Mexico, such ballot or ballots shall be sent by air mail. However, if an applicant who is eligible for an absentee ballot is a resident of a facility operated or licensed by, or under the jurisdiction of, the department of mental hygiene, or a resident of a facility defined as a nursing home or residential health care facility pursuant to subdivisions two and three of section two thousand eight hundred one of the public health law, or a resident of a hospital or other facility operated by the Veteran's Administration of the United States, such absentee ballot need not be so mailed or delivered to any such applicant but, may be delivered to the voter in the manner prescribed by section 8-407 of this chapter if such facility is located in the county or city in which such voter is eligible to vote.

2. When mailing an absentee ballot to a voter the board of elections shall provide a domestic postage paid return envelope. When providing an absentee ballot to a voter in-person, the board of elections shall offer the voter a domestic postage paid return envelope and provide one if requested.

(L.1976, c. 233, § 1. Amended L.1976, c. 234, § 44; L.1980, c. 666, § 3; L.1988, c. 296, § 1, eff. July 25, 1988; L.2022, c. 55, pt. HH, § 2, eff. July 1, 2022.)

Such board may, in its discretion, provide that the procedure described in this subdivision shall be applicable to all such facilities in such county or city without regard to the number of absentee ballot applications received from the residents of any such facility.

2. Such a board of elections shall appoint, in the same manner as other inspectors, one or more bi-partisan boards of inspectors, each composed of two such inspectors. Such inspectors may be regular employees of such board of elections.

4. Each such board of inspectors may attend at more than one facility, provided, however, that no such board of inspectors shall be assigned to attend at more facilities than it reasonably can be expected to complete within the time specified by this section.

5. The board of elections shall deliver to each board of inspectors all the absentee ballots in the custody of such board of elections which are addressed to residents of the facilities which such board of inspectors is assigned to attend, together with one or more portable voting booths of a type approved by the state board of elections and such other supplies as such board of inspectors will require to discharge its duties properly.

The board of elections shall keep a list of the day and time at which the board of inspectors will attend at each such facility as a public record at its office.

7. It shall be the duty of each such superintendent, administrator or director to assist the board of inspectors attending such facility in the discharge of its duties, including, but not limited to making available to such board of inspectors space within such facility suitable for the discharge of its duties.

If a voter is unable to mark the ballot and unable to communicate how he wishes such ballot marked, such ballot shall not be cast. No person who assists a voter to mark his ballot pursuant to the provisions of this section, shall disclose to any other person how any such ballot was marked.

11. Except as otherwise provided in this section, all ballots cast pursuant to this section shall be cast in the manner provided by this chapter for the casting of absentee ballots.

§ 8-408. Electronic absentee ballot application transmittal system

1. Establishment. In addition to any other means of applying for an absentee ballot, the state board of elections shall establish and maintain an electronic absentee ballot application transmittal system through which voters may apply for an absentee ballot online. The state board of elections shall electronically transmit such applications to the applicable board of elections of each county or the city of New York for processing consistent with this chapter. In accordance with technical specifications provided by the state board of elections, each board of elections shall maintain an absentee ballot application system capable of receiving and processing electronic absentee ballot applications, including, but not limited to, electronic signatures, from the electronic absentee ballot application transmittal system established by the state board of elections pursuant to this section. Such transmittal system shall be fully integrated with each county board of elections and the city of New York board of elections so that a voter may apply online directly either through the website of his or her board of elections or the state board of elections. Notwith-

standing any other inconsistent provision of this chapter, applications filed using such system shall be considered filed with the applicable board of elections on the calendar date the application is initially transmitted by the voter through the electronic absentee ballot application transmittal system.

2. Online absentee ballot application. (a) A voter shall be able to apply for an absentee ballot using a personal online voter registration application submitted through the electronic absentee ballot application transmittal system when the voter:

(i) completes an electronic absentee ballot application promulgated by the state board of elections which shall include all of the information required by section 8-400 of this title; and

(ii) affirms, subject to penalty of perjury, by means of electronic or manual signature, that the information contained in the absentee ballot application is true; and

(iii) consents to the use of an electronic copy of the individual's manual signature that is in the custody of the department of motor vehicles, the state board of elections, or other agency designated by section 5-211 or 5-212 of this chapter, as the individual's absentee ballot exemplar signature, or provides such a signature by direct upload in a manner that complies with the New York state electronic signature and records act and the rules and regulations promulgated by the state board of elections.

(b) The board of elections shall provide the personal online absentee ballot application in any language required by the federal Voting Rights Act of 1965 (52 U.S.C. Sec. 10503) in any county in the state.

(c) The online absentee ballot application process shall provide reasonable accommodations to improve accessibility for persons with disabilities and shall be compatible for use with standard online accessibility assistance tools for persons with visual, physical or perceptive disabilities.

(d) The state board of elections shall promulgate rules and regulations for the creation and administration of an online absentee ballot registration system pursuant to this section.

3. Failure to provide exemplar signature not to prevent application. (a) If an absentee ballot exemplar signature is not provided by an applicant who submits an absentee ballot

application pursuant to this section, the local board shall seek to obtain such exemplar signature from the statewide voter registration database, the state board of elections, or a state or local agency designated by section 5-211 or 5-212 of this chapter.

(b) If such exemplar signature is not available from the statewide voter registration database, the state board of elections, or a state or local agency designated by section 5-211 or 5-212 of this chapter, the local board of elections shall, absent another reason to reject the application, require the voter to provide an exemplar signature by any one of the following methods: in person, by electronic mail, or by electronic upload to the board of elections through the electronic absentee ballot application transmittal system.

(c) If such voter does not provide the required exemplar signature, the board of elections shall proceed to issue an absentee ballot to the voter along with an absentee ballot application form requiring such voter to submit a signature upon such application form and return it to the board of elections with the voter's ballot.

(Added L.2021, c. 746, § 2, eff. April 1, 2022.)

§ 8-410. Absentee voting; method of

The absentee voter shall mark an absentee ballot as provided for paper ballots or ballots prepared for counting by ballot counting machines. He or she shall make no mark or writing whatsoever upon the ballot, except as above prescribed, and shall see that it bears no such mark or writing. He or she shall make no mark or writing whatsoever on the outside of the ballot. In cases where the express intent of the voter is unambiguous, any stray marks or writing shall not be a basis for voiding a ballot. After marking the ballot or ballots he or she shall fold each such ballot and enclose them in the envelope and seal the envelope. He or she shall then take and subscribe the oath on the envelope, with blanks properly filled in. The envelope, containing the ballot or ballots, shall then be mailed or delivered to the board of elections of the county or city of his or her residence.

(L.1976, c. 233, § 1. Amended L.1986, c. 352, § 9, eff. Nov. 14, 1986; L.2022, c. 228, § 1, eff. June 24, 2022.)

§ 8-412. Absentee ballots; deadline for receipt, and delivery to polling place

1. The board of elections shall cause all absentee ballots received by it before the close of the polls on election day and all ballots contained in envelopes showing a cancellation mark of the United States postal service or a foreign country's postal service, or showing a dated endorsement of receipt by another agency of the United States government, with a date which is ascertained to be not later than the day of the election and received by such board of elections not later than seven days following the day of election to be cast and counted except that the absentee ballot of a voter who requested such ballot by letter, rather than application, shall not be counted unless a valid application form, signed by such voter, is received by the board of elections with such ballot. For purposes of this section, any absentee ballot received by the board of elections by mail that does not bear or display a dated postmark shall be presumed to have been timely mailed or delivered if such ballot bears a time stamp of the receiving board of elections indicating receipt by such board on the day after the election.

2. Absentee ballots received by the board of elections shall be retained at the board of elections and cast and canvassed pursuant to the provisions of section 9-209 of this chapter.

1. The state board of elections shall establish and maintain an electronic absentee ballot tracking system. In accordance with technical specifications provided by the state board of elections, each local board of elections shall maintain an absentee ballot tracking system integrated with the state

board’s system, and which may be integrated with the United States postal service tracking system, to allow a voter who has submitted an application for an absentee ballot to track the status of an absentee application and an absentee ballot on the state board or local board website.

2. Such website shall not require users to create an account but shall require verification that the user is accessing his or her own record through the inclusion of data identifying the voter and the board of elections at which the voter is registered, and any other information required by the state board of elections.

§ 8-502. Challenges; generally

Before his vote is cast at an election any person may be challenged as to his right to vote, or his right to vote by *early mail*, absentee, military, special federal or special presidential ballot. Such challenge may be made by an inspector or clerk, by any duly appointed watcher, or by any registered voter

properly in the polling place. An inspector shall challenge every person offering to vote, whom he shall know or suspect is not entitled to vote in the district, and every person whose name appears on the list of persons to be challenged on election day which is furnished by the board of elections.

(L.1976, c. 233, § 1. Amended L.1978, c. 9, § 72, eff. Mar. 7, 1978; L.1978, c. 373, § 80, eff. June 19, 1978; L.2023, c. 481, § 19, eff. Jan. 1, 2024.)

§ 8-504. Challenges; of voter at the polling place

1. When an applicant is challenged, an inspector shall administer to him the following oath, which shall be known as “The preliminary oath”: “You do solemnly swear (or affirm) that you will make true answers to such questions as may be put to you concerning your qualifications as a voter”. If the applicant shall refuse to take such oath he shall not be permitted to vote.

2. If the applicant shall take the preliminary oath, the inspector shall ask the applicant such questions as may pertain to the reason his right to vote at such election in such district was challenged. If any applicant shall refuse to answer fully any questions which may be put to him, he shall not be permitted to vote.

3. After receiving the answers as above specified, of any applicant, the board shall, if it believes the applicant to be qualified or the challenge is withdrawn, permit him to vote. Otherwise, the board shall point out to him the qualifications, if any, in respect of which he shall appear deficient. If, after such deficiencies have been so indicated, the applicant shall persist in his claim to vote, an inspector shall administer to him the following oath, which shall be known as “The Qualification Oath”: “You do swear (or affirm) that you are eighteen years of age, that you are a citizen of the United States and that you have been a resident of this state, and of this county (of the city of New York) (village) for thirty days next preceding this election, that you still reside at the same address from which you have been duly registered in this election district, that you have not voted at this election, and that you do not know of any reason why you are not qualified to vote at this election. You do further declare that you are aware that it is a crime to make any false statement. That all the statements you

have made to the board have been true and that you understand that a false statement is perjury and you will be guilty of a misdemeanor.”

4. If the applicant shall be challenged for the causes stated in section three of article two of the constitution of this state, which would exclude him from the right to vote, such inspector shall administer to him the following additional oath, which shall be known as “The Bribery Oath”: “You do swear (or affirm) that you have not received or offered, do not expect to receive, have not paid, offered or promised to pay or contributed, offered or promised to contribute to another, to be paid or used; any money or any other valuable thing as a compensation or reward for the giving or withholding of a vote at this election, and have not made any promise to influence the giving or withholding of any such vote, and that you have not made, or become directly or indirectly interested in any bet or wager depending upon the result of this election.”

5. If the applicant shall be challenged on the ground of having been adjudged incompetent, such inspector shall administer to him the following additional oath, which shall be known as “The Incompetency Oath”: “You do swear (or affirm) that you have not been adjudged incompetent by order of competent judicial authority, or if so adjudged, that you have since been adjudged competent which fully warrants your right to vote.”

6. If any person shall refuse to take any oath so tendered he shall not be permitted to vote, but if he shall take the oath or oaths tendered to him he shall be permitted to vote.

7. The inspectors shall enter the challenge date in the space reserved therefor on the back of the voter’s registration poll record and shall make a record of each challenge on the challenge report as required herein. Where registration poll records are not being used, the inspectors shall in the remarks column for the election opposite the name of the voter enter a note of the challenge and shall make a record of each challenge on the challenge report.

8. *Renumbered 7 by L.2021, c. 103, § 4, eff. May 4, 2021.*

§ 8-506. Challenges; *early mail*, absentee, military, special federal and special presidential ballots

1. During the examination of *early mail*, absentee, military, special federal and special presidential voters' ballot envelopes, any inspector shall, and any watcher or registered voter properly in the polling place may, challenge the casting of any ballot upon the ground or grounds allowed for challenges generally, or (a) that the voter was not entitled to cast an *early mail*, absentee, military, special federal or special presidential ballot, or (b) that notwithstanding the permissive use of titles, initials or customary abbreviations of given names, the signature on the ballot envelope does not correspond to the signature on the registration poll record, or (c) that the voter died before the day of the election. *A challenge to an early mail ballot may not be made on the basis that the voter should have applied for an absentee ballot. A challenge to an absentee ballot may not be made on the basis that the voter should have applied for an early mail ballot.*

2. The board of inspectors forthwith shall proceed to determine each challenge. Unless the board by majority vote shall sustain the challenge, an inspector shall endorse upon the envelope the nature of the challenge and the words "not sustained", shall sign such endorsement, and shall proceed to cast the ballot as provided herein. Should the board, by majority vote, sustain such challenge, the reason and the word "sustained" shall be similarly endorsed upon the envelope and an inspector shall sign such endorsement. The envelope shall not be opened and such envelope shall be returned unopened to the board of elections. If a challenge is sustained after the ballot has been removed from the envelope, but before it has been deposited in the ballot box, such ballot shall be rejected without being unfolded or inspected and shall be returned to the envelope. The board shall immediately enter the reason for sustaining the challenge on such envelope and an inspector shall sign such endorsement.

3. If the board of inspectors determines by majority vote that it lacks sufficient knowledge and information to determine the validity of a challenge, the inspectors shall endorse upon the ballot envelope the words "unable to determine", enter the reason for the challenge in the appropriate section of the

challenge report and return the envelope unopened to the board of elections. Such ballots shall be cast and canvassed pursuant to the provisions of section 9-209 of this chapter.

(L.1976, c. 233, § 1. Amended L.1978, c. 8, § 21; L.1978, c. 9, § 74; L.1985, c. 153, § 1; L.2009, c. 40, § 2, eff. Jan. 1, 2010; L.2023, c. 481, § 20, eff. Jan. 1, 2024.)

1. The board of elections shall furnish to the board of inspectors of election in each election district on each election day a challenge report. Such report shall be divided into four sections and shall contain the following information and space to insert the information herein required.

2. (a) The first section of such report shall be reserved for the inspectors of election to enter the name, address and registration serial number of each person who claims a change in name, or a change of address within the election district, together with the new name or address of each such person. In lieu of preparing section one of the challenge list, the board of elections may provide, next to the name of each voter in the computer generated registration list, a place for the inspectors of election to record the information required to be entered in such section one, or provide elsewhere in such registration list, a place for the inspectors of election to enter such information.

(b) The second section of such report shall be reserved for the board of inspectors to enter the name, address and registration serial number of each person who is challenged at the time of voting together with the reason for the challenge. If no voters are challenged, the board of inspectors shall enter the words "No Challenges" across the space reserved for such names. In lieu of preparing section two of the challenge report, the board of elections may provide, next to the name of each voter in the computer generated registration list, a place for the inspectors of election to record the information required to be entered in such section two, or provide elsewhere in such registration list, a place for the inspectors of election to enter such information.

(c) The third section of such report shall be reserved for the board of inspectors to enter the name, address and registration serial number of each voter given assistance, together with the

reason the voter was allowed assistance, the name of the person giving such assistance and his address if not an inspector. If no voters are given assistance, the board of inspectors shall enter the words "No Assistance" across the space reserved for such names. In lieu of providing section three of the challenge report, the board of elections may provide, next to the name of each voter in the computer generated registration list, a place for the inspectors of election to record the information required to be entered in such section three, or provide elsewhere in such registration list, a place for the inspectors of election to enter such information.

(d) The fourth section of such report shall be reserved for the board of inspectors to enter the name, address and registration serial number of each person who was permitted to vote pursuant to a court order, or to vote on a paper ballot which was inserted in an affidavit envelope. If there are no such names, such board shall enter the word "None" across the space provided for such names. In lieu of providing section four of such report, the board of elections may provide, next to the name of each voter in the computer generated registration list, a place for the inspectors of election to record the information required to be entered in such section four, or provide elsewhere in such registration list, a place for the inspectors of election to enter such information.

(e) At the foot of such report or at the end of any such computer generated registration list, if applicable, shall be a certificate that such report or list contains the names of all persons who were challenged on the day of election, and that each voter so reported as having been challenged took the oaths as required, that such report or list contains the names of all voters to whom such board gave or allowed assistance and lists the nature of the disability which required such assistance to be given and the names and family relationship, if any, to the voter of the persons by whom such assistance was rendered; that each such assisted voter informed such board under oath that he required such assistance and that each person rendering such assistance took the required oath; that such report or list contains the names of all voters who were permitted to vote although their registration poll records were missing; that the entries made by such board are a true and

accurate record of its proceedings with respect to the persons named in such report or list.

(f) Upon the return of such report or lists to the board of elections, it shall complete the investigation of voting qualifications of all persons named in the second section thereof or for whom entries were placed in such computer generated registration lists in lieu of the preparation of the second section of the challenge report, and shall forthwith proceed to cancel the registration of any person who, as noted upon such report, or in such list, was challenged at such election and refused either to take a challenge oath or to answer any challenge question.

(g) The state board of elections shall prescribe a form of challenge report for use pursuant to the provisions of this section. Such form may require the insertion of such other information as the state board shall deem appropriate.

§ 8-510. Challenge report; completion of and procedure after

1. If it has made no entries in section two, three or four of such report it shall write across or note in such section the words "No challenges", "No assistance" or "None", as the case may be, as directed in this chapter.

2. After completing such report the inspectors shall sign a certificate in the spaces provided by the county board of elections for such report.

3. The inspectors shall place such completed report, and each court order, if any, directing that a person be permitted to vote, in the secure container provided by the county board of elections for such ledger of registration records or computer

generated registration lists and then shall close and seal each ledger of registration records or computer generated registration lists, lock such ledger in the carrying case furnished for that purpose and enclose the keys in a sealed package or seal such list in the envelope provided for that purpose.

TITLE VI—EARLY VOTING

Section

8-600. Early voting.

8-602. State board of elections; powers and duties for early voting.

8-604. Registration during early voting.

§ 8-600. Early voting

1. [Eff. until Dec. 31, 2024, pursuant to L.2023, c. 474, § 18. See, also, subd. 1 below.] *(a)* Beginning the tenth day prior to any general, primary, run-off primary pursuant to subdivision one of section 6-162 of this chapter or special election for any public or party position except for such an election held pursuant to title two of article six or article fifteen of this chapter, and ending on and including the second day prior to such general, primary, run-off primary or special election for such public office or party position, persons duly registered and eligible to vote at such election shall be permitted to vote as provided in this title. The board of elections shall establish procedures, subject to approval of the state board of elections, to ensure that persons who vote during the early voting period shall not be permitted to vote subsequently in the same election.

(b) Notwithstanding the other provisions of this subdivision, early voting for the presidential primary held on the second day of April in the year two thousand twenty-four shall begin on the twenty-third day of March of such year and shall end on the thirtieth day of March of such year.

1. [Eff. Dec. 31, 2024, pursuant to L.2023, c. 474, § 18. See, also, subd. 1 above.] Beginning the tenth day prior to any general, primary, run-off primary pursuant to subdivision one of section 6-162 of this chapter or special election for any public or party position except for such an election held

CONDUCT OF ELECTIONS

§ 8-600

pursuant to title two of article six or article fifteen of this chapter, and ending on and including the second day prior to such general, primary, run-off primary or special election for such public office or party position, persons duly registered and eligible to vote at such election shall be permitted to vote as provided in this title. The board of elections shall establish procedures, subject to approval of the state board of elections, to ensure that persons who vote during the early voting period shall not be permitted to vote subsequently in the same election.

2. (a) The board of elections shall designate polling places for early voting, which may include the offices of the board of elections, for persons to vote early pursuant to this title.

(b) The largest city in the county or, if there is no city in the county, the municipality with the highest population in each county based on the latest federal decennial census, or the county seat in Washington county, shall have at least one polling place designated for early voting, and to the extent practicable if such city or municipality has public transportation routes, such polling place shall be situated along such transportation routes.

(c) In counties with at least five hundred thousand registered voters, there shall be so designated at least one early voting polling place for every full increment of forty thousand registered voters.

(d) In all other counties with less than five hundred thousand registered voters, there shall be so designated at least one early voting polling place for every full increment of thirty thousand registered voters; provided, however, the number of early voting polling places in counties with less than five hundred thousand registered voters shall not be required to be greater than ten nor less than one.

(e) For any special, primary or run-off primary election at which no voters of the municipality with the highest population within the county are eligible to vote, the board of elections may, in lieu of having an early voting polling place in such municipality, designate a polling place for early voting in the municipality with the highest population within the county

within which the voters are eligible to vote at such special, primary, or run-off primary election.

(f) The board of elections of each county or the city of New York may establish additional polling places for early voting in excess of the minimum number required by this subdivision for the convenience of eligible voters.

(g) Notwithstanding the minimum number of early voting poll sites otherwise required by this subdivision, for any primary or special election, upon majority vote of the board of elections, the number of early voting sites may be reduced when the board of elections determines a lesser number of sites is sufficient to meet the needs of early voters.

(h) Polling places for early voting shall be located so that voters in the county have adequate and equitable access, taking into consideration population density, travel time to the polling place, proximity to other early voting poll sites, public transportation routes, commuter traffic patterns and such other factors the board of elections deems appropriate. The provisions of section 4-104 of this chapter, except subdivisions four and five of such section, shall apply to the designation of polling places for early voting except to the extent such provisions are inconsistent with this section.

3. Any voter may vote at any polling place for early voting established pursuant to subdivision two of this section in the county where such voter is registered to vote; provided, however, if it is impractical to provide each polling place for early voting all of the election district ballots or if early voting at any such polling place makes ensuring that no voter has not previously voted early during such election, the board of elections may assign election districts to a particular early voting poll site. All voters in each county shall have one or more polling places at which they are eligible to vote throughout the early voting period on a substantially equal basis. If the board of elections does not agree by majority vote to plan to assign election districts to early voting poll sites, all voters in the county must be able to vote at any poll site for early voting in the county.

4. (a) Polls shall be open for early voting for at least eight hours between seven o'clock in the morning and eight o'clock in the evening each week day during the early voting period.

CONDUCT OF ELECTIONS

§ 8-600

(b) At least one polling place for early voting shall remain open until eight o'clock in the evening on at least two week days in each calendar week during the early voting period. The board of elections shall secure all ballots and scanners used for early voting from the beginning of the early voting period through the close of the polls on election day; provided, however, the state board of elections may by regulation duly adopted by a majority of such board establish a procedure whereby ballot scanners used for early voting may also be used on election day if the portable memory devices used during early voting containing the early voting election information and vote tabulations are properly secured apart from the scanners, and the results therefrom shall be duly canvassed after the close of polls on election day.

10. After the close of polls on election day, inspectors or board of elections employees appointed to canvass ballots cast during early voting shall follow all relevant provisions of article nine of this chapter that are not inconsistent with this section, for canvassing, processing, recording, and announcing results of voting at polling places for early voting, and securing ballots, scanners, and other election materials. Such canvass may occur at the offices of the board of elections, at the early voting polling place or such other location designated by the board of elections.

Such transmittal system shall be fully integrated with each county board of elections and the city of New York board of elections so that a voter may apply online directly either through the website of their board of elections or the state board of elections. Notwithstanding any other inconsistent provision of this chapter, applications filed using such system shall be considered filed with the applicable board of elections on the calendar date the application is initially transmitted by the voter through the electronic early mail ballot application transmittal system.

2. (a) A voter shall be able to apply for an early mail ballot using a personal online application submitted through the elec-

(b) If such exemplar signature is not available from the statewide voter registration database, the state board of elections, or a state or local agency designated by section 5-211 or 5-212 of

this chapter, the local board of elections shall, absent another reason to reject the application, require the voter to provide an exemplar signature by any one of the following methods: in person, by electronic mail, or by electronic upload to the board of elections through the electronic early mail ballot application transmittal system.

(c) If such voter does not provide the required exemplar signature, the board of elections shall proceed to issue an early mail ballot to the voter along with an early mail ballot application form requiring such voter to submit a signature upon such application form and return it to the board of elections with the voter's ballot.

After marking the ballot or ballots they shall fold each such ballot and enclose them in the envelope and seal the envelope. They shall then take and subscribe the oath on the envelope, with blanks properly filled in. The envelope, containing the ballot or ballots, shall then be mailed or delivered to the board of elections of the county or city of their residence.

For purposes of this section, any early mail ballot received by the board of elections by mail that does not bear or display a dated postmark shall be presumed to have been timely mailed or delivered if such ballot bears a time stamp of the receiving board of elections indicating receipt by such board on the day after the election.*

2. *Early mail ballots received by the board of elections shall be retained at the board of elections and cast and canvassed pursuant to the provisions of section 9–209 of this chapter.*

(Added L.2023, c. 481, § 2, eff. Jan. 1, 2024.)

§ 8–712. *Online early mail ballot tracking system*

1. *The state board of elections shall establish and maintain an electronic early mail ballot tracking system. In accordance with technical specifications provided by the state board of elections, each local board of elections shall maintain an early mail ballot tracking system integrated with the state board's system, and which may be integrated with the United States postal service tracking system, to allow a voter who has submitted an application for an early mail ballot to track the status of an early mail ballot application and an early mail ballot on the state board or local board website.*

2. *Such website shall not require users to create an account but shall require verification that the user is accessing their own record through the inclusion of data identifying the voter and the board of elections at which the voter is registered, and any other information required by the state board of elections.*

If any election day paper ballots were hand counted pursuant to this section and subdivision two of section 9-110 of this title, an inspector shall, under the scrutiny of an inspector of a different political party, either post or read and announce the results of such hand count. The tally sheet of any such hand counting shall be signed by the inspectors conducting same and affixed to or recorded on the return of canvass. The return of canvass and tabulated results tape shall be signed by two inspectors of each major political party.

(c) The results tape shall include a certificate which the inspectors shall sign, stating the number of voters as shown on the public counter and the number on the protective counter.

(d) If the machine is provided with a removable electronic or computerized device which records the total of the votes cast on such machine (for purposes of this section a "portable memory device"), such device shall be removed from the machine after copies of the results tape, sufficient to meet the requirements of this chapter and the regulations of the board of elections, have been produced. After the portable memory device is removed from the machine, the inspectors shall place such device in the secure envelope or other secure container provided for its return to the board of elections. Such secure container shall be signed by the inspectors upon the securing of the device therein.

3. (a) During the canvass time any candidate or duly accredited watcher who may desire to be present shall be admitted to the polling place. During the proclamation of the result, ample opportunity shall be given to any person lawfully present to compare the results so posted or announced with the sum of the votes appearing on the tabulated results tape and any hand counted election day ballots, if any, and any necessary corrections shall then and there be made on the return of canvass by the inspectors. Thereafter, the voting machine shall be closed and locked. The first copy of the results tape for each voting machine should be posted on the wall of the polling place forthwith; provided, however, that if only one copy of such results tape can be printed by any such machine at any election, such copy shall be used in preparation of the returns of canvass required by this title.

(b) Election day paper ballots that have not been scanned shall be canvassed and tallied pursuant to this section and sections 9-108 and 9-110 of this title.

(c) At a primary election, the ballots of the parties represented on the board of inspectors shall be canvassed before the ballots of other parties are canvassed.

4. All types of ballots, enclosed in properly sealed envelopes respectively, and properly endorsed shall be filed with the original return of canvass, as provided for in section 9-106 of this title.

§ 9-106

5. The inspector or other courier assigned by the board filing the returns shall deliver to the board or officer from whom received, the keys of the voting machine, enclosed in a sealed envelope having indorsed thereon a certificate of the inspectors stating the number of the machine, the election district(s), ward(s) or assembly district(s) where it has been used, the number on the seal and the number on the protective counter. In the city of New York, police officers or peace officers designated by the police commissioner of such city shall provide such delivery of the devices.

6. The room in which such canvass is made shall be clearly lighted, ingress and egress through the main entrance thereto shall be freely permitted, and such canvass shall be made in plain view of those entitled to be present. The ballots shall at all times be kept on top of the table and in plain view of all persons entitled to examine them, until they have been re-packaged and sealed for return to the board of elections as elsewhere provided. If requested by any person entitled to be present the inspectors shall, during the canvass of any ballots, exhibit to him or her the ballot then being canvassed, fully opened and in such a condition that he or she may fully and carefully read and examine it, but no inspector shall allow any ballot to be taken from his or her hand or to be touched by any person but an inspector.

§ 9-106. Official ballots; accounting for number used

After the polls of the election are closed and before any boxes or envelopes containing voted ballots are opened, the clerks, or if there be no clerks, two inspectors representing different parties designated by the chair, shall account for all of the paper ballots furnished to the election district or poll site. On a reconciliation form supplied by the board of elections, they shall count, verify and record on such form the

number of unused ballots, the number of ballots spoiled before delivery to voters in the poll site, the number of ballots spoiled and returned by voters and the number of affidavit ballots cast. These numbers shall be added to the number of ballots cast as recorded by the public counter number appearing on the ballot scanner screen(s) or results tape(s). The sum shall be recorded on the ballot reconciliation form. This resulting number shall be deducted from the number of ballots originally delivered to the election district or poll site, and the remainder number shall be determined to be the number of ballots secured in the emergency ballot box(es) or other secure storage container(s) provided by the board of elections. This remainder number shall be recorded on the ballot reconciliation form. If such remainder number is zero and there are no ballots in the emergency ballot box(es) or other such secure container(s), inspectors shall initiate the ballot scanners' close the polls mechanism and produce results tapes. The clerks or inspectors shall then separate, label and place each type of ballot in the box or container provided by the board of elections, and securely lock or seal each such box or container and record such seal number on the ballot reconciliation form. They shall then sign such reconciliation form. If such remainder number is not zero or there are unscanned voted election day ballots in the emergency ballot box(es) or other such secure container(s), the inspectors or clerks shall proceed with the process provided for in section 9–108 and 9–110 of this title. Upon completion of such process, the clerks or inspectors shall then separate, label and place each type of ballot in the box(es) or container(s) provided by the board of elections, and securely lock or seal each such box(es) or container(s). They shall then sign such amended reconciliation form.

(L.1976, c. 233, § 1. Amended L.2010, c. 163, § 6, eff. July 7, 2010; L.2013, c. 334, § 4, eff. Aug. 21, 2013; L.2019, c. 437, § 3, eff. Oct. 30, 2019.)

§ 9–108. Canvass; ballots, verifying number cast

1. For all election day paper ballots cast when a ballot scanner is not available, ballots abandoned by a voter at the ballot scanner, as defined in 9 NYCRR 6210.13(a)(11)(a) or ballots submitted by the voter which are otherwise non-machine processable, as defined in 9 NYCRR 6210.13(a)(8), the board of inspectors, at the beginning of the canvass, shall

count the number of unscanned ballots found in each emergency box or other secure storage container provided by the board of elections, ascertaining that each ballot is single, and shall compare the number of ballots found in such box or container with the remainder number of ballots, as determined pursuant to section 9-106 of this title.

2. If the ballots found in any box shall be more than the number of ballots so shown to have been deposited therein, such ballots shall all be replaced, without being unfolded, in the box from which they were taken, and shall be thoroughly mingled therein, and one of the inspectors shall, with his or her back to the box, publicly draw out as many ballots as shall be equal to such excess and, without unfolding them forthwith shall enclose them in an envelope which he or she shall then and there seal and endorse "excess ballots for the general election, presidential electors, or party ballots or otherwise", as the case may be, and shall sign his or her name thereto, and place such envelope in the box for defective or spoiled ballots.

3. If two or more ballots shall be found in a ballot box so folded together as to present the appearance of a single ballot, and if the whole number of ballots in such box exceeds the whole number of ballots so shown to have been deposited therein, those ballots, or enough of them to reduce the ballots to the proper number, selected without examination of any voting mark thereon, shall be similarly removed as excess ballots.

4. If, however, there lawfully be more than one ballot box for the reception of ballots, no ballot found in the wrong ballot box shall for that reason be rejected, but it shall be placed in its proper box by the inspectors upon the count of the ballots before the canvass, and counted in the same manner as if it was found in the proper ballot box, if such ballot shall not, together with the ballots found in the proper ballot box, make a total of more ballots than are shown to have been deposited in such box.

5. No ballot that is not an official ballot prepared for the election shall be counted except for those ballots voted in accordance with the provisions for emergency ballots.

(L.1976, c. 233, § 1. Amended L.1976, c. 234, § 47, eff. Dec. 1, 1997; L.2010, c. 163, § 7, eff. July 7, 2010; L.2013, c. 334, § 5, eff. Aug. 21, 2013.)

§ 9-110. Canvass; election day paper ballots that have not been scanned; method of

1. Election day paper ballots that have not been scanned because a ballot scanner was not available or because the ballot has been abandoned by a voter at the ballot scanner shall be canvassed as follows: a bipartisan team of inspectors shall cast such ballots on a ballot scanner, if one is available, at the close of the polls before the tabulated results tape is printed. If a ballot does not scan because of an overvote or blank ballot warning on the ballot scanner screen, the inspectors shall cause the ballot scanner to eject such ballot to be hand counted pursuant to subdivision two of this section.

2. Election day paper ballots that cannot be scanned, as provided in subdivision one of section 9-102 of this title as applicable and subdivision one of this section shall be canvassed as follows: The inspectors shall unfold each ballot of the kind then to be canvassed and shall place all such ballots upon the table in one pile face down. The chair shall take up each ballot in order, turn it face up and announce loudly and distinctly the vote registered on each section, in the order of the sections upon the ballot, or that the ballot is void or the section blank, as the case may be. If more than one person is to be elected to the same office or party position the chair, if the ballot is void or the ballot or section is wholly blank, shall announce as many void or blank votes as there are persons to be elected to the office or party position. On a primary ballot a "section," as the term is used above, shall mean the space occupied by the title of an office or party position, names of candidates therefor and the voting squares therewith. The canvass of each ballot must be completed before the next ballot is taken up. When the tallies of the votes of all such ballots are proven, and the results announced, the inspectors shall affix tally sheets to or record the results from same on the return of canvass.

3. Nothing in this section shall be construed to require or permit *absentee* or affidavit ballots to be canvassed at the poll

site on election day. *Such ballots shall be canvassed pursuant to section 9-209 of this article.*

§ 9-112. Canvass ballots; validity of ballot

1. The whole ballot is void if the voter (a) does any act extrinsic to the ballot such as enclosing any paper or other article in the folded ballot or (b) defaces or tears the ballot except that a ballot card which is in perforated sections shall not be void because it has been separated into sections or (c) makes any erasure thereon or (d) makes any mark thereon other than a cross X mark or a check V mark in a voting square, or filling in the voting square, or (e) writes, other than in the space provided, a name for the purpose of voting; except that an erasure or a mark other than a valid mark made in a voting square shall not make the ballot void, but shall render it blank as to the office, party position or ballot proposal in connection with which it is made. No ballot shall be declared void or partially blank because a mark thereon is irregular in form. The term “voting square” shall include the voting space provided for a voter to mark his or her vote for a candidate or ballot proposal.

2. A cross X mark or a check V mark, made by the voter, in a voting square at the left of a candidate’s name, or the voter’s filling in such voting square, shall be counted as a vote for such candidate.

3. A vote shall be counted for a person whose name is written in under the title of an office or party position only if such name is written by the voter upon the ballot in the proper space provided therefor and only if such name is not printed under the title of such office or position. A voting mark before or after such written in name shall not invalidate the vote.

4. If, in the case of a candidate whose name appears on the ballot more than once for the same office, the voter shall make a cross X mark or a check V mark in each of two or more voting squares before the candidate’s name, or fill in two or more such voting squares only the first vote shall be counted

for such candidate. If such vote was cast for the office of governor, such vote shall not be recorded in the tally sheet or returns in a separate place on the tally sheet as a vote not for any particular party or independent body.

5. If a voter makes a cross X mark or a check V mark in a voting square following the word "Yes" or the word "No", before a ballot proposal, or fills in such square, such mark shall be counted in the affirmative or negative, as so indicated.

6. If the voter marks more names than there are persons to be elected or nominated for an office, or elected to a party position, or makes a mark in a place or manner not herein provided for, or if for any reason it is impossible to determine the voter's choice of a candidate or candidates for an office or party position or his or her vote upon a ballot proposal, his or her vote shall not be counted for such office or position or upon the ballot proposal, but shall be returned as a blank vote thereon.

(L.1976, c. 233, § 1. Amended L.1976, c. 234, § 49; L.1978, c. 9, § 79; L.1982, c. 647, § 13; L.1986, c. 352, § 10, eff. Nov. 14, 1986; L.2013, c. 334, § 7, eff. Aug. 21, 2013; L.2019, c. 437, § 5, eff. Oct. 30, 2019.)

§ 9-114. Counting ballots; objections to

1. If objection be made to the counting of any ballot or as to any section of any such ballot, the board of inspectors shall forthwith and before canvassing any other ballot or section thereof, rule upon the objection. If the objection be continued after this ruling, the chair or an inspector under the scrutiny of an inspector of the opposite party shall write in ink upon the back of the ballot a memorandum of the ruling and objection. The memorandum of the ruling shall be in the words "Counted void", or "Counted blank", or "Counted for (naming the candidate or candidates or the presidential ticket)", or, in the case of a ballot proposal "Counted for Proposal No.," or "Counted against Proposal No.", as the case may be. The memorandum of the objection shall be in the words "Objected to", followed by a brief statement of the nature of the objection, the name and address of the challenger and the signature of the chair or inspector.

2. Any ballot to which objection is not taken but which is wholly blank or is void shall be indorsed in ink by the chair of

CANVASS OF RESULTS

§ 9-116

the board of inspectors or an inspector under the scrutiny of an inspector of the opposite party with the words “Wholly blank” or “Void”, as the case may be, and signed by the chair or inspector.

3. When all the ballots of any one kind shall have been canvassed, the inspectors shall ascertain the total number of all such ballots and the number of ballots to which any objection was taken and shall enter such numbers in the place provided therefor in the inspectors’ returns of such canvass.

(L.1976, c. 233, § 1. Amended L.1982, c. 647, § 14, eff. Jan. 1, 1983; L.2013, c. 334, § 8, eff. Aug. 21, 2013; L.2019, c. 437, § 6, eff. Oct. 30, 2019.)

§ 9-116. Tallying ballots; generally

1. As each vote for any office or position, or upon any ballot proposal, is announced, a clerk, or, if there be no clerks, an inspector, under the scrutiny of a clerk or inspector of opposite political party immediately shall tally it in ink, with a downward stroke from right to left upon the official tally sheet. Each such clerk or inspector, as he or she tallies a vote, shall announce clearly the name of the person for whom he or she tallies it, or that he or she tallies the vote blank or void as the case may be, or, in the case of a ballot proposal, that he or she tallies the vote “yes” or “no”. When the name of a person voted for is not printed on the tally sheet, such clerks or inspectors shall write it in full thereon in ink in the place provided therefor.

2. When all the votes upon the same office, position or ballot proposal shall have been canvassed the tally thereof shall be verified by adding together all the votes tallied thereupon. Whenever the total number of votes tallied (including blank and void votes) for any office or party position, divided by the number of persons to be nominated or elected thereto, or tallied for any ballot proposal, does not exactly equal the number of ballots cast (including blank and void ballots), a recanvass must be made immediately in order to correct the error.

In applying this section to a primary election the term “ballots” means the ballots of the party whose tallied votes for an office or party position are counted as above provided.

§ 9–116**ELECTION LAW**

Upon a recanvass the clerks or inspectors must keep the tally in ink from left to right across the previous tally marks.

3. When the errors if any have been corrected such clerks or inspectors shall indicate the last tally opposite each name by forthwith drawing in ink a long horizontal line immediately after the last tally mark opposite such name. Such tally sheets having thus been prepared, verified and closed, such clerks or inspectors shall sign their initials on each sheet, in any blank space thereof.

(L.1976, c. 233, § 1. Amended L.1978, c. 140, § 2; L.1982, c. 647, § 15; L.1988, c. 13, § 3, eff. Mar. 11, 1988; L.2013, c. 334, § 9, eff. Aug. 21, 2013.)

§ 9–118. Repealed by L.1988, c. 13, § 4, eff. Mar. 11, 1988

§ 9–120. Returns of canvass; generally

1. Upon completing the canvass, the inspectors shall prepare their returns of the canvass on a printed form supplied to them by the board of elections. The results tape(s) and the tally sheet(s) for any office, party position or ballot proposal, if separate from such form, shall be securely attached by the chair or an inspector under the scrutiny of an inspector of the opposite party to such form returns and it shall not be necessary to transcribe information provided by such results tapes onto such form. Results tape(s) or a tally sheet(s), when so annexed, or forming part of the same paper as the return, shall be treated as part of the return. The inspectors, and clerks, if any, shall subscribe in ink the certificate at the end of the set of returns. Each set of returns shall be securely sealed in an envelope properly endorsed on the outside by the inspectors. At an election at which voting machines are not used, the ballot boxes, if any, supplied by the board of elections, may when securely locked be used instead of sealed envelopes.

2. The form for the return or returns of the canvass shall be printed in a format approved by the state board of elections. The form of such return of canvass shall provide for the total number of votes for each candidate in each contest, or upon each ballot proposal, including the total number of unscanned voted ballots canvassed in accordance with section 9–110 of this title.

3. In the event that there is more than one election district at a polling place, the board of elections may authorize the use of one or more returns of canvass that consolidate the report of the number of votes for each candidate, or upon each ballot proposal, for more than one election district or more than one ballot scanner, provided that such consolidated returns of canvass have attached to them the results tape(s) produced by the ballot scanner(s) that identify the number of votes for each candidate, or upon each ballot proposal, within each such election district and each such ballot scanner.

(L.1976, c. 233, § 1. Amended L.1978, c. 140, § 3; L.1982, c. 647, § 16; L.1986, c. 262, § 14, eff. Oct. 29, 1986; L.2013, c. 334, § 10, eff. Aug. 21, 2013.)

§ 9-122. Proclamation of result

Upon the completion of the canvass and of the returns of the canvass, the chair of the board of inspectors or an inspector under the scrutiny of an inspector of the opposite party shall make public oral proclamation of the total number of votes cast at the election at the polling place for all candidates for each office, or, if it be a primary election, the total number of party votes of each party so cast for all candidates for each office or party position; upon each ballot proposal, if any and the total number of write-in votes recorded for each office. As an alternative to such oral proclamation, such chair or inspector may cause to be posted the results tape(s), tally sheet(s), and any other materials necessary to ascertain such total numbers of votes cast.

(L.1976, c. 233, § 1. Amended L.1982, c. 647, § 17, eff. Jan. 1, 1983; L.2013, c. 334, § 11, eff. Aug. 21, 2013.)

§ 9-124. Returns of canvass, procedure after

1. After the returns of the canvass are made out and signed, the inspectors shall enclose the ballot stubs, protested and void ballots and the ballots cast in affidavit envelopes in separate sealed envelopes or containers and endorse thereon a certificate signed by each of them stating the number of the district and the number of ballots contained in such envelopes or containers. The inspectors shall enclose the unscanned voted ballots canvassed in accordance with section 9-110 of this title

in a separate sealed envelope or container and endorse thereon a certificate signed by each of them stating the number of the district, ballot scanner identification information and the number of ballots contained in such envelope or container. The inspectors shall then package and seal the other voted ballots and place them in one or more boxes or containers, and include within such boxes or containers one portable memory device from each ballot scanner pursuant to paragraph (d) of subdivision two of section 9-102 of this title, and any *early mail*, absentee, military, special federal, or special presidential ballots which may have been delivered to the poll site during election day, and securely lock and seal such boxes or containers. Notwithstanding the preceding sentence, such portable memory device from each ballot scanner with the corresponding results tape may be enclosed in a sealed container and transported prior to and separately from other materials referenced in this section for the purpose of using such device to provide an unofficial tally of results as required by section 9-126 of this title.

2. Each box, envelope, or container containing the ballots and stubs, if any, and all items described in subdivision one of this section shall be deposited by an inspector designated for that purpose with the officer or board from whom or which the board of inspectors received it. In the city of New York, every such box, envelope, or container shall be delivered at the polling place to police or peace officers designated by the police commissioner of such city, who shall deposit them with the board of elections.

3. (a) Except in the city of New York, the registration poll records or computer generated registration lists, the returns of canvass with results tapes and tally sheets, if any, annexed, the voted ballots, stubs, opened packages of unused ballots and ballot envelopes, any *early mail*, absentee, military, special federal, or special presidential ballots which may have been delivered to the poll site during election day, the challenge report records, keys and the package of protested and void ballots shall be filed with the board of elections.

(b) Records and supplies to be filed with a city, town or village clerk shall be so filed or delivered immediately after the completion of the returns of the canvass, by an inspector

designated by the board of inspectors. Returns, papers and registration poll records or computer generated registration lists to be filed with the board of elections shall be so filed by the chairman of the board of inspectors within twenty-four hours after the completion of such returns. The person receiving such returns in the board of elections shall give to the person delivering the returns a receipt stating therein the date and hour of delivery, the name of the person making the delivery, and to whom said returns were delivered and shall keep a duplicate of said receipt on file in the office of the board of elections.

(c) In the city of New York, the board of inspectors shall deliver to police or peace officers designated by the police commissioner of such city, at the polling place the registration poll records or computer generated registration lists, challenge report, records, keys, other election supplies, including two copies of the returns of the canvass and any *early mail*, absentee, military, special federal, or special presidential ballots which may have been delivered to the poll site during election day, voted ballots, stubs, open packages of unused ballots and ballot envelopes. Such police or peace officers shall file the returns, the package of void and protested ballots, if any, and the *early mail*, absentee, military, special federal, or special presidential ballots which may have been delivered to the poll site during election day; and emergency ballots, stubs and ballot envelopes, if any, within twenty-four hours after the close of the polls, in the office of the board of elections or its branch office within the borough, as the case may be.

(L.1976, c. 233, § 1. Amended L.1978, c. 9, § 80; L.1978, c. 140, § 4; L.1989, c. 359, § 22; L.1991, c. 413, §§ 71, 72; L.1992, c. 91, § 7; L.1994, c. 659, § 48; L.2013, c. 334, § 12, eff. Aug. 21, 2013; L.2019, c. 437, § 7, eff. Oct. 30, 2019; L.2023, c. 481, § 21, eff. Jan. 1, 2024.)

§ 9-126. Unofficial tally of election results

1. In an election district of the county of Nassau, the chair of the board of inspectors, upon the completion of the return of canvass, and the announcement thereof in a primary or general election, shall deliver to the police officer on duty at the polling place a statement signed by the board of inspectors stating the number of votes received by each person voted for

and the number of votes cast for and the number of votes cast against each ballot proposal. Such officer forthwith shall convey the statement to the stationhouse of the police precinct in which such place of canvass is located, and shall deliver it inviolate to the officer in command thereof, who shall immediately transmit by telegraph, telephone or messenger, the contents of such statement to the officer commanding the police department of such county who shall immediately make the contents of such statement available for the press. The chair of the board of inspectors in each election district of such county shall make two copies of the statement hereinbefore provided for, which shall be taken to the police station, whence one such copy shall be transmitted without delay to police headquarters, or such other location as may be designated by the officer commanding the police department, where it shall be made immediately available to the press for purposes of tabulation. The other copy shall be transmitted within twenty-four hours to the board of elections. All statements made pursuant to this section shall be preserved for six months by the police and shall be presumptive evidence of the result of such canvass.

2. (a) Except in the county of Nassau, the chair of the board of inspectors, upon completion of the return of canvass and the announcement thereof, in a general or primary election, shall immediately communicate such results by telephone, or delivery, to the board of elections. Such results shall include the number of votes received by each person voted for and the number of votes cast for and against each ballot proposal.

(b) The board of elections shall remain open after the close of the polls and shall receive and tabulate the voting results as they are received. The board of elections shall make such unofficial results available to the media and the state board of elections, and shall post running totals in a public place and on the internet as the results become known to it.

3. The results made public pursuant to this section shall be released as the unofficial tally.

4. A county board of elections may require the chair of the board of inspectors in each election district to report unofficial election night results by telephone, fax or other means. Such

results shall include the total aggregate number of votes received by each person voted for, the total aggregate number of write-ins and the number of votes cast for and against each ballot proposal.

5. (a) The board of elections of counties in which voting machines which have portable memory devices are used, may establish written procedures consistent with the provisions of this section and filed with the state board of elections by which such devices may be used to provide the unofficial tally of results required by this section.

(b) Such procedures may include: the installation, at the board of elections or at town or city halls, police stations, sheriff's offices or other public buildings, of machines which record and transmit the totals recorded in such devices to the board of elections or directly to a representative of the press; the delivery of the devices from the polling places to such locations and the removal of such devices, by at least two clerks or other agents of such board of elections of opposite political parties, from the containers or envelopes in which they were sealed at the polling places and the insertion of such devices into such machines.

(c) In the city of New York, unless the board of elections of such city designates two clerks or other agents of opposite political parties for delivery of the devices from the polling places to such locations, police officers or peace officers designated by the police commissioner of such city shall provide such delivery as soon as practicable.

(d) The board of elections shall provide containers, at all such locations other than the offices of such board, into which all such devices shall be placed by the clerks or other agents of such board of elections after they are removed from such machines. Such containers shall be sealed by such clerks or agents who shall also enter on a certificate which shall be printed on each such container, the total number of such devices placed in such container and the election districts from which such devices came. Such clerks shall also sign such certificate in the places provided.

(e) Such containers shall be delivered to the board of elections by the public officials in whose offices such machines

were installed within twenty-four hours after the closing of the polls. In the city of New York, unless the board of elections of such city designates two clerks or other agents of opposite political parties for delivery of such containers to the board of elections, police officers or peace officers designated by the police commissioner of such city shall deliver such containers. The board of elections shall give such officials, police officers, or peace officers a receipt therefor which states therein the date and hour of delivery, the name of the person making the delivery and the name of the person to whom such delivery was made. The board of elections shall keep a duplicate of such receipt on file at the office of such board.

(f) The cost of installing such machines at locations other than the board of elections and the cost of transmitting the results from such machines may be paid by the board of elections or by a representative of the press. If such results are transmitted from a location other than the board of elections directly to a representative of the press, such cost shall be paid by such representative of the press.

§ 9-200. Canvass of primary returns by board of elections; notices to delegates; certificates

1. The board of elections shall canvass the returns of primary elections filed with it. It shall canvass first the votes of the delegates and alternates to judicial district conventions and complete such canvass at the earliest time possible. It shall complete the canvass otherwise within thirteen days from the day upon which the primary election is held. Upon the completion of the canvass the board shall make and file in its office tabulated statements, signed by the members of such board or a majority thereof, of the number of votes cast for all the candidates for nomination to each public office or for election to each party position, and the number of votes cast for each such candidate. The candidate receiving the highest number of votes for nomination for a public office or for election to a party position voted for wholly within the political unit for which such board is acting, shall be the nominee of his party for such office or elected to such party position and the board, if requested by a candidate elected to a party position, shall furnish to him a certificate of election.

2. The board forthwith upon the completion of the canvass for members of a state committee and delegates and alternates to a national, state or judicial district convention, shall transmit to the state board of elections a certificate stating the name and residence of each member of a state committee and delegate and alternate elected from a district wholly within the jurisdiction of such board, except that, in respect to a judicial district convention in the first, second, eleventh, twelfth and thirteenth judicial districts, the board of elections, instead of transmitting such certificate, shall compile the roll of the convention and transmit it to the chairman or secretary of the committee which, by party rules, is empowered to fix the time and place of the convention. The board of elections shall send by mail to each delegate and alternate elected a notice of his election. The certificate or roll of the convention shall list the

delegates and alternates elected at a primary in the order of the votes received by each delegate or alternate, with the delegate or alternate receiving the highest number of votes listed first. Tie votes shall be indicated in a manner prescribed by the state board of elections. If there shall have been no contested election for alternates, the names of the alternates shall appear on the certificate or roll in the order in which their names appeared on the petition which designated them.

3. The board forthwith, upon the completion of the canvass, shall file with the state board of elections a certified copy of its tabulated statement of the votes cast for each nomination or party position in a district extending beyond the political unit for which the board is acting.

4. The state board of elections, upon the request of the chairman of the state committee of any political party, shall furnish to him a list of the duly elected members of the state committee of such party.

5. There shall be included in the official compilation of the canvass of the returns, the names of the persons who shall have been nominated for public office or elected to party position without balloting, and in each such case the word "uncontested" shall be placed in such compilation wherever the vote cast for such a candidate is required to be stated.

(L.1976, c. 233, § 1. Amended L.1976, c. 234, § 50; L.1977, c. 876, § 2; L.1978, c. 8, § 24; L.1978, c. 9, § 82; L.1983, c. 29, § 2; L.1984, c. 250, § 1, eff. June 19, 1984; L.2016, c. 42, § 1, eff. June 1, 2016; L.2019, c. 5, § 15, eff. Jan. 24, 2019.)

§ 9-202. Canvass of primary returns by state board of elections; convention rolls

The state board of elections upon receipt by it from boards of elections of the tabulated statements of votes at a primary election required to be filed with it shall proceed forthwith to canvass such statements. Upon the completion of the canvass it shall make, certify and file in its office tabulated statements of the number of votes cast for all the candidates for nomination to each public office or for election to each party position, and the number of votes cast for each such candidate. The candidate receiving the highest number of votes shall be the nominee of his party for such office or shall be elected to such

party position, as the case may be, and the board, if requested, shall furnish to the elected candidates a certificate of election. From such certified statements of the votes for delegates and alternates elected to a state or judicial district convention of any party, other than a judicial district convention in the first, second, eleventh, twelfth and thirteenth judicial districts, the state board shall forthwith compile the roll of each such convention in duplicate and transmit it, if for a state convention, to the chairman and secretary of the state committee of the party, and if for a judicial district convention, to the chairman and secretary of the committee which, by party rules, is empowered to fix the time and place of the convention. The roll of the convention shall list the candidates elected at a primary in the order of the votes received by each candidate together with the number of votes received by each such candidate. If there shall have been no contested election for alternates, the names of the alternates shall appear on the roll in the order in which their names appear on the petition which designated them. The state board of elections shall transmit copies of the certified statements of the votes for delegates and alternates to a national convention of a party to the chairman and secretary of the state committee of such party.

§ 9-204. County boards of canvassers

The board of elections of each county or city shall be the county board of canvassers of such county, or each county within such city. Such board also shall be the city board of canvassers of any city or cities within the county for a city election. Such board shall also be the board of canvassers of the towns of the county. Such board shall also be the board of canvassers of villages in which village elections are conducted by the board of elections. The secretary of the board of elections, or, if he is absent, or unable to act, a member or chief clerk designated by the board shall be the secretary of the canvassing board. Each canvassing board shall meet at the place where it usually meets in other capacities on the day

following the election, but its duties may be performed in any or all of the offices of the board of elections.

(L.1976, c. 233, § 1. Amended L.1989, c. 359, § 23, eff. Nov. 15, 1989.)

§ 9-206. Canvass of election district returns of general and special elections

The canvassing board shall canvass the votes cast within the county for state, county, city and town offices; also the vote cast on any ballot proposal. The canvass by the county board of canvassers relating to the offices of president and vice president of the United States, governor, lieutenant-governor, state comptroller, attorney-general, United States senator, member of the house of representatives, member of the state senate, member of the assembly and any ballot proposal shall show in each election district the total number of persons voting at such election, the number of votes cast for each candidate, the number of unrecorded or blank votes for each of the above-mentioned offices and each ballot proposal. Write-in votes cast for president or vice president for persons who were not certified by the state board of elections as write-in candidates for such offices shall not be canvassed for such candidates but such votes shall be canvassed as void votes. If, during the canvass, there shall clearly appear to be any omission or clerical mistake in the return for any district filed with the board of elections, the canvassing board may summon the election officers before the board, and such officers shall meet forthwith and make any necessary correction, in order that their canvass may be correctly stated, but they shall not alter any decision theretofore made by them.

(L.1976, c. 233, § 1. Amended L.1978, c. 9, § 83; L.1978, c. 140, § 6; L.1982, c. 647, § 20; L.1986, c. 262, § 16; L.1988, c. 13, § 5, eff. Mar. 11, 1988.)

§ 9-208. Provisions for recanvass of vote in every election district in the state; procedure in case of discrepancy

1. Within fifteen days after each general or special election, and within twenty days after a primary election, and within seven days after every village election conducted by the board of elections at which ballot scanners are used, the board of

elections, or a bipartisan committee of or appointed by said board shall, in each county using ballot scanners, make a record of the serial number of each ballot scanner used in each election district in such general, special or primary election. No person who was a candidate at such election shall be appointed to membership on the committee. Such board of elections or bipartisan committee shall recanvass the tabulated result tape from each ballot scanner used in each election district by comparing such tape with the numbers as recorded on the return of canvass. The said board or committee shall also make a recanvass of any election day paper ballots that have not been scanned and were hand counted pursuant to subdivision two of section 9-110 of this article and compare the results with the number as recorded on the return of canvass. The board or committee shall then recanvass write-in votes, if any, on ballots which were otherwise scanned and canvassed at polling places on election night. The board or committee shall validate and prove such sums. Before making such canvass the board of elections, with respect to each election district to be recanvassed, shall give notice in writing to the voting machine custodian thereof, to the state and county chair of each party or independent body which shall have nominated candidates for the said general or special election or nominated or elected candidates at the said primary election and to each individual candidate whose name appears on the office ballot, of the time and place where such canvass is to be made; and the state and county chair of each such party or independent body and each such individual candidate may send a representative to be present at such recanvass. Each candidate whose name appears on the official ballot, or his or her representative, shall have the right personally to examine and make a record of the vote recorded on the tabulated result tape and any ballots which were hand counted.

2. If upon such recanvass, it shall be found that the original canvass of the returns of an election district has been incorrectly made from any tabulated result tape plus any ballots which were hand counted, a statement in writing shall be prepared giving the details for any corrections made for such election district. The result of the recanvass, and such statement shall be witnessed by the persons required to be present

and shall be filed with the board of elections. Such recanvass of votes made pursuant hereto shall thereupon supersede the returns filed by the inspectors of election of the election district in which the canvass was made.

3. If upon the recanvass of an election district, it shall be found that a discrepancy exists between the number of voters who cast a vote in an election district and the number of votes recorded on the tabulated results tape plus any election day paper ballots counted by hand the board of elections, or the committee thereof, shall proceed thoroughly to examine all the election day paper ballots in that election district to determine the result from such election district. The result of this examination of election day ballots shall supersede the returns filed by the inspectors of election of the election district in which the canvass was made. After the completion of such examination, the board of elections, or the committee thereof, shall then and there prepare a statement in writing giving in detail the result thereof, and such statement shall be witnessed by the persons required to be present and shall be filed in the office of the board of elections.

4. (a) The board of elections or a bipartisan committee appointed by the board shall conduct a full manual recount of all ballots for a particular contest:

- i. Where the margin of victory is twenty votes or less; or
- ii. Where the margin of victory is 0.5% or less; or
- iii. In a contest where one million or more ballots have been cast and the margin of victory is less than 5,000 votes.

(b) For the purposes of this section, the term margin of victory shall mean the margin between all votes cast in the entire contest following the recanvass of votes.

(c) Where the contest involves portions of two or more counties, the margin of victory shall be determined by the state board of elections based on the most recent recanvass results for the contest submitted by the boards of elections of the counties involved.

(d) *No board of elections shall commence a full manual recount of a particular contest unless and until such board of elections has completed and announced the results of the recan-*

vass required by subdivision one of this section, for each applicable election district.

(e) The result of the manual recount of ballots shall supersede the returns filed by the inspectors of election of the election district in which the canvass was initially made.

(L.1976, c. 233, § 1. Amended L.1976, c. 234, § 51; L.1978, c. 9, § 84; L.1978, c. 373, § 85; L.1986, c. 262, § 17; L.1986, c. 352, § 11; L.1989, c. 359, § 24, eff. § 9-209. Canvass of *early mail*, absentee, military and special ballots, and ballots cast in affidavit envelopes

Before completing the canvass of votes cast in any primary, general, special, or other election at which voters are required to sign their registration poll records before voting, the board of elections shall proceed in the manner hereinafter prescribed to review, cast and canvass *early mail*, any absentee, military, special presidential, special federal or other special ballots and any ballots cast in affidavit envelopes, *including ballots cast by voters pursuant to section 8-604 of this chapter*. Each such ballot shall be retained in the original envelope containing the voter's affidavit and signature, in which it is delivered to the board of elections until such time as it is to be reviewed, in order to be cast and canvassed.

1. Central board of canvassers. Within four days of the receipt of an *early mail*, absentee, military or special ballot, the board of elections shall designate itself or such of its employees as it shall deem appropriate as a set of poll clerks to review such ballot envelopes. The board may designate additional sets of poll clerks and if it designates more than one such set shall apportion among all such sets the election districts from which such ballots have been received, provided that when reviewing ballots, all ballots from a single election district shall be assigned to a single set of clerks, and that each such set shall be divided equally between representatives of the two major political parties. Each such set of clerks shall be deemed a central board of canvassers for purposes of this section.

2. Review of *early mail*, absentee, military and special ballot envelopes. Within four days of the receipt of an *early mail*, absentee, military or special ballot before the election, and within one day of receipt on or after the election, each central board of canvassers shall examine the ballot affirmation envelopes as nearly as practicable in the following manner:

(a) If a person whose name is on a ballot envelope as a voter is not on a registration poll record, the computer-generated list of registered voters or the list of special presidential voters, or if there is no name on the ballot envelope, or if the ballot envelope was not timely postmarked or received, or if the ballot envelope is completely unsealed, such ballot envelope shall be set aside unopened for review pursuant to subdivision eight of this section with a relevant notation indicated on the ballot envelope notwithstanding a split among the central board of canvassers as to the invalidity of the ballot; provided, however, if the ballot envelope is completely unsealed, such voter shall receive notice pursuant to paragraph (h) of subdivision three of this section.

(b) If there is more than one timely ballot envelope executed by the same voter, the one bearing the later date of execution shall be accepted and the other rejected. If it cannot be determined which ballot envelope bears the later date, then all such ballot envelopes shall be rejected. When the board of elections has issued a second ballot it shall set aside the first ballot unopened to provide the voter time to return the second ballot. Notwithstanding the foregoing, if a ballot envelope for a voter was previously reviewed and opened, then the subsequently received ballot envelope shall be set aside unopened.

(c) If such person is found to be registered, the central board of canvassers shall compare the signature, if any, on each ballot envelope with the signature, if any, on the registration poll record, the computer-generated list of registered voters, or the list of special presidential voters, of the person of the same name who registered from the same address. If the signatures are found to correspond, such central board of canvassers shall certify thereto in a manner provided by the state board of elections.

(d) If such person is found to be registered and has requested a ballot, the ballot envelope shall be opened, the ballot or ballots withdrawn, unfolded, stacked face down and deposited in a secure ballot box or envelope. Upon such processing of the ballot, the voter's record shall be updated with a notation that indicates that the voter has already voted in such election. The board of elections shall adopt procedures, consistent with regulations of the state board of elections, to prevent voters from voting more than once and to secure ballots and prevent public release of election results prior to election day. Such procedures shall be filed with the state board of elections at least ninety days before they shall be effective.

(e) In the case of a primary election, the ballot shall be deposited in the box only if the ballot is of the party with which the voter is enrolled according to the entry on the back of his or her registration poll record or in the computer-generated registration list; if not, the ballot shall be rejected without inspection or unfolding and shall be returned to the ballot envelope which shall be endorsed "not enrolled".

(f) If the central board of canvassers determines that a person was entitled to vote at such election it shall prepare such ballot to be stacked face down and deposited in a secure ballot box or envelope consistent with paragraph (d) of this subdivision if such board finds that ministerial error by the board of elections or any of its employees caused such ballot envelope not to be valid on its face.

(g) If the central board of canvassers splits as to whether a ballot is valid, it shall prepare such ballot to be cast and canvassed pursuant to this subdivision.

(h) As each ballot envelope is opened, if one or more of the different kinds of ballots to be voted at the election are not found therein, the central board of canvassers, shall make a memorandum showing what ballot or ballots are missing. If a ballot envelope shall contain more than one ballot for the same offices, all the ballots in such ballot envelope shall be rejected. When the review of such ballots shall have been completed, the central board of canvassers shall ascertain the number of such ballots of each kind which have been deposited in the ballot box by deducting from the number of ballot envelopes opened with the number of missing ballots, and shall make a return

thereof. The number of voters' ballots deposited in the ballot box shall be added to the number of other ballots deposited in the ballot box, in order to determine the number of all ballots of each kind to be accounted for in the ballot box.

3. Curing ballots. (a) At the time a ballot affirmation envelope is reviewed pursuant to subdivision two of this section, the board of elections shall determine whether it has a curable defect.

(b) A curable defect includes instances where the ballot envelope: (i) is unsigned; (ii) has a signature that does not correspond to the registration signature; (iii) has no required witness to a mark; (iv) is returned without a ballot affirmation envelope in the return envelope; (v) has a ballot affirmation envelope that is signed by the person that has provided assistance to the voter but is not signed or marked by the voter; (vi) contains the signature of someone other than the voter and not of the voter; *or (vii) is returned by mail between two and seven days after the election without a postmark.*

(c) The board shall indicate the issue that must be cured on the ballot envelope and, within one day of such determination, send to the voter's address indicated in the registration records and, if different, the mailing address indicated on the ballot application, a notice explaining the reason for such rejection and the procedure to cure the rejection. The board shall also contact the voter by either electronic mail or telephone, if such information is available to the board in the voter's registration information, in order to notify the voter of the deficiency and the opportunity and the process to cure the deficiency.

(d) The voter may cure the aforesaid defects by filing a duly signed affirmation attesting to the same information required by the ballot affirmation envelope and attesting that the signer of the affirmation is the same person who submitted such ballot envelope; *provided, however, that for the defect described in subparagraph (vii) of paragraph (b) of this subdivision, such affirmation shall also include an attestation that the voter mailed the ballot envelope on or before the day of the election.* The board shall include a form of such affirmation with the notice to the voter. The affirmation shall be in a form prescribed by the state board of elections.

(e) Such cure affirmation shall be *received by* the board no later than seven business days after the board's mailing of such curable rejection notice or the day before the election, whichever is later. Provided the board determines that such affirmation addresses the curable defect, the rejected ballot shall be reinstated and prepared for canvassing pursuant to subdivision two of this section. If the board of elections is split as to the sufficiency of the cure affirmation, such envelope shall be prepared for canvassing pursuant to paragraph (d) of subdivision two of this section.

(f) If the ballot envelope contains one or more curable defects that have not been timely cured, the ballot envelope shall be set aside for review pursuant to subdivision eight of this section.

(g) Ballot envelopes are not invalid and do not require a cure if: (i) a ballot envelope is undated or has the wrong date, provided it is postmarked on or prior to election day or is otherwise received timely by the board of elections; (ii) the voter signed or marked the ballot affirmation envelope at a place on the envelope other than the designated signature line; (iii) a voter used a combination of ink (of any color) or pencil to complete the ballot envelope; (iv) papers found in the ballot envelope with the ballot are materials from the board of elections, such as instructions or an application sent by the board of elections; (v) an extrinsic mark or tear on the ballot envelope appears to be there as a result of the ordinary course of mailing or transmittal; (vi) *the ballot envelope is sealed using tape, paste or any other binding agent or device and there is no indication of tampering; or (vii) the ballot envelope is partially unsealed but there is no ability to access the ballot.*

(h) When the board of elections invalidates a ballot affirmation envelope and the defect is not curable, the ballot envelope shall be set aside for review pursuant to subdivision eight of this section and the board shall notify the voter by mail, sent within three business days of such rejection, and by either electronic mail or telephone, if such information is available to the board in the voter's registration information, and notify the voter of other options for voting, and, if time permits, provide the voter with a new ballot.

(i) If a ballot affirmation envelope is received by the board of elections prior to the election and is found to be completely unsealed and thus invalid, the board shall notify the voter by mail, sent within three business days of such determination, and by either electronic mail or telephone, if such information is available to the board in the voter's registration information, and notify the voter of other options for voting, and, if time permits, provide the voter with a new ballot.

4. Review of federal write-in absentee ballots. (a) Such central board of canvassers shall review any federal write-in absentee ballots validly cast by an *early mail voter*, an absentee voter, a military voter or a special federal voter for the offices of president and vice-president, United States senator and representative in congress. Such central board of canvassers shall also review any federal write-in absentee ballots validly cast by a military voter for all questions or proposals, public offices or party positions for which a military voter is otherwise eligible to vote as provided in section 10-104 of this chapter.

(b) Federal write-in absentee ballots shall be deemed valid only if: (i) an application for an *early mail*, absentee, military or special federal ballot was received from the *early mail*, absentee, military or special federal voter; (ii) the federal write-in absentee ballot was submitted from inside or outside the United States by a military voter or was submitted from outside the United States by a special federal voter; (iii) such ballot is received by the board of elections not later than thirteen days following the day of election or seven days after a primary election; and (iv) the *early mail*, absentee, military or special federal ballot which was sent to the voter is not received by the board of elections by the thirteenth day following the day of a general or special election or the seventh day after a primary election.

(c) If such a federal write-in absentee ballot is received after election day, the envelope in which it is received must contain: (i) a cancellation mark of the United States postal service or a foreign country's postal service; (ii) a dated endorsement of receipt by another agency of the United States government; or (iii) if cast by a military voter, the signature and date of the

voter and one witness thereto with a date which is ascertained to be not later than the day of the election.

(d) If such a federal write-in absentee ballot contains the name of a person or persons in the space provided for a vote for any office, such ballot shall be counted as a vote for such person or persons. A vote for a person who is the candidate of a party or independent body either for president or vice-president shall be deemed to be a vote for both the candidates of such party or independent body for such offices. If such a ballot contains the name of a party or independent body in the space provided for a vote for any office, such ballot shall be deemed to be a vote for the candidate or candidates, if any, of such party or independent body for such office. In the case of the offices of president and vice-president a vote cast for a candidate, either directly or by writing in the name of a party or independent body, shall also be deemed to be votes for the electors supporting such candidate. Any abbreviation, misspelling or other minor variation in the form of the name of a candidate or a party or independent body shall be disregarded in determining the validity of the ballot, if the voter's intention can be ascertained.

5. Nothing in this section prohibits a representative of a candidate, political party, or independent body entitled to have watchers present at the polls in any election district in the board's jurisdiction from observing, without objection, the review of ballot envelopes required by subdivisions two, three, four, and seven of this section.

6. Casting and canvassing of *early mail*, absentee, military and special ballots. (a) The following provisions shall apply to the casting and canvassing of all valid ballots received before, on or after election day and reviewed and prepared pursuant to subdivision two of this section, and all other provisions of this chapter with respect to casting and canvassing such ballots which are not inconsistent with this subdivision shall be applicable to such ballots.

(b) The day before the first day of early voting, the central board of canvassers shall scan all valid ballots previously reviewed and prepared pursuant to this section as nearly as practicable in the following manner:

(i) Such ballots may be separated into sections before being placed in the counting machine and scanned;

(ii) Upon completion of the scanning of such valid ballots, the scanners used for such purpose shall be secured, and no tabulation of the results shall occur until one hour before the close of the polls on election day. Any ballots scanned during this period shall be secured in the same manner as voted ballots cast during early voting or on election day. The board of elections shall adopt procedures to prevent the public release of election results prior to the close of polls on election day and such procedures shall be consistent with the regulations of the state board of elections and shall be filed with the state board of elections at least ninety days before they shall be effective;

(iii) Any valid ballots that cannot be cast on a scanner shall be held inviolate and unexamined and shall be duly secured until after the close of polls on election day when such ballots shall be examined and canvassed in a manner consistent with subdivision two of section 9-110 of this article.

(c) After the close of the polls on the last day of early voting, the central board of canvassers shall scan all valid ballots received and prepared pursuant to this section, and not previously scanned on the day before the first day of early voting, in the same manner as provided in paragraph (b) of this subdivision using the same or different scanners.

(d) In casting and canvassing such ballots, the board shall take all measures necessary to ensure the privacy of voters.

(e) The board of elections may begin to obtain tabulated results for all ballots previously scanned, as required by this subdivision, one hour before the scheduled close of polls on election day; provided, however, no unofficial tabulations of election results shall be publicly announced or released in any manner until after the close of polls on election day at which time such tabulations shall be added into the election night vote totals.

(f) Upon completing the casting and canvassing of any remaining valid ballots as hereinabove provided for any election district, the central board of canvassers shall thereupon, as nearly as practicable in the manner provided in this article for

early mail, absentee, military and special ballots, verify the number of ballots so cast, tally the votes so cast, add such tally to the previous tally of all votes cast in such election district, and record the result.

(g) The record of the vote counted by each scanner and manually for each candidate and for and against each ballot proposal, printed by election district, shall be preserved in the same manner and for the same period as the returns of canvass for the election.

7. Post-election review and canvassing of affidavit ballots.
(a) Within four business days of the election, the board of elections shall review all affidavit ballots cast in the election. If the central board of canvassers determines that a person was entitled to vote at such election it shall cast and canvass such affidavit ballot; provided, however, if the board of elections receives one or more timely *early mail or* absentee ballots from a voter who also cast an affidavit ballot at a poll site, the last such timely *early mail or* absentee ballot received shall be canvassed and the affidavit ballot shall be set aside unopened; and provided further, if a voter was issued an *early mail or* absentee ballot and votes in person via an affidavit ballot and the board does not receive such *early mail or* absentee ballot, the affidavit ballot shall be canvassed if the voter is otherwise qualified to vote in such election.

(b) Affidavit ballots are valid when cast at a polling site permitted by law by qualified voters: (i) who moved within the state after registering; (ii) who are in inactive status; (iii) whose registration was incorrectly transferred to another address even though they did not move; (iv) whose registration poll records were missing on the day of such election; (v) who have not had their identity previously verified; (vi) whose registration poll records did not show them to be enrolled in the party in which they are enrolled; (vii) who are incorrectly identified as having already voted; and (viii) who have registered to vote pursuant to section 8-604 of this chapter.

(c) Affidavit ballots are valid to the extent that ministerial error by the board of elections or any of its employees caused such ballot envelope not to be valid on its face.

(d) If the central board of canvassers determines that a person was entitled to vote at such election, the board shall cast and canvass such affidavit ballot if such board finds that the voter appeared at a polling place, in the correct county, which is designated as a polling place for the correct assembly district, regardless of the fact that the voter may have appeared in the incorrect election district or polling place, and regardless of whether the voter's name was in the registration poll record; provided, however, that in the event such ballot includes one or more offices for which such person is not entitled to vote at such election, such ballot shall only be cast and canvassed for the offices for which such person is entitled to vote at such election.

(e) If the central board of canvassers finds that a voter submitted a voter registration application through the electronic voter registration transmittal system pursuant to title eight of article five of this chapter and signed the affidavit ballot, the board shall cast and canvass such affidavit ballot if the voter is otherwise qualified to vote in such election.

(f) If the central board of canvassers determines that a person was entitled to vote at such election, the board shall cast and canvass such affidavit ballot if such board finds that the voter substantially complied with the requirements of this chapter. For purposes of this paragraph, "substantially complied" shall mean the board can determine the voter's eligibility based on the statement of the affiant or records of the board.

(g) If the central board of canvassers finds that the statewide voter registration list supplies sufficient information to identify a voter, failure by the voter to include on the affidavit ballot envelope the address where such voter was previously registered shall not be a fatal defect and the board shall cast and canvass such affidavit ballot.

(h)(i) If a voter registration application for a person was received by a board of elections by the tenth day prior to the election, an affidavit ballot from the person shall be cast and counted if the voter is otherwise qualified to vote in such election, notwithstanding the fact that the person's name was omitted from a registration poll record or list of registered voters.

(ii) If the central board of canvassers finds that the voter registered or pre-registered to vote for the first time pursuant to title nine of article five of this chapter at least *ten* days before a primary, appeared at such primary election, and indicated on the affidavit ballot envelope the intent to enroll in such party, the affidavit ballot shall be cast and canvassed if the voter is otherwise qualified to vote in such election.

(i) A voter registration submitted by a person registering to vote at an early voting polling location pursuant to section 8-604 of this chapter shall be processed and an affidavit ballot from such person shall be cast and canvassed if the voter is otherwise qualified to vote in such election, notwithstanding the fact that the person's name is not on a registration poll record or list of registered voters.

(j) When the central board of canvassers determines that an affidavit ballot is invalid due to a missing signature on the affidavit ballot envelope, or because the signature on the affidavit ballot envelope does not correspond to the registration signature, such ballots shall be subject to the cure procedure in subdivision three of this section. *The absence of a signature on a registration poll record or computer generated list of registered voters shall not provide a basis for rejecting affidavit ballots submitted pursuant to section 8-604 of this chapter.*

(k) At the meeting required pursuant to paragraph (a) of subdivision eight of this section, each candidate, political party, and independent body shall be entitled to object to the board of elections' determination that an affidavit ballot is invalid. Such ballots shall not be counted absent an order of the court. In no event may a court order a ballot that has been counted to be uncounted.

(l) [As added by L.2021, c. 763, § 1 and redesignated from par. (k) by L.2023, c. 479, § 4. See, also, par. (l) below.] The board of elections shall enter information into the ballot tracking system, as defined in sections 8-414 and 8-712 of this chapter, to allow a voter who cast a ballot in an *early voting* or affidavit envelope to determine if the vote was counted.

(l) [As added by L.2023, c. 474, § 15. See, also, par. (l) above.] *The provisions of this subdivision shall apply notwithstanding any other provision of this chapter.*

8. Post-election review of invalid *early mail*, absentee, military and special ballots. (a) Within four business days of the election, the board of elections shall designate itself or such of its employees to act as a central board of canvassers as provided in subdivision one of this section and meet to review *early mail*, absentee, military and special ballots determined to be invalid pursuant to paragraph (a) of subdivision two of this section, ballot envelopes that were returned to the board as undeliverable, and ballot envelopes containing one or more curable defects that have not been timely cured.

(b) At least five days prior to the time fixed for such meeting, the board shall send notice by first class mail to each candidate, political party, and independent body entitled to have had watchers present at the polls in any election district in the board's jurisdiction. Such notice shall state the time and place fixed by the board for such post-election review.

(c) Each such candidate, political party, and independent body shall be entitled to appoint such number of watchers to attend upon each central board of canvassers as the candidate, political party, or independent body was entitled to appoint at the election in any election district for which the central board of canvassers is designated to act.

(d) Upon assembling at the time and place fixed for such meeting, each central board of canvassers shall review the ballot envelopes determined to be invalid and set aside in the review required by subdivision two of this section, ballot envelopes that were returned as undeliverable, and ballot envelopes containing one or more curable defects that have not been timely cured.

(e) Each such candidate, political party, and independent body shall be entitled to object to the board of elections' determination that a ballot is invalid. Such ballots shall not be counted absent an order of the court. In no event may a court order a ballot that has been counted to be uncounted.

9. State board of elections; powers and duties for canvassing of *early mail*, absentee, military, special and affidavit ballots. The state board of elections shall promulgate rules and regulations necessary for the implementation of the provisions of this section. Such rules and regulations shall include,

but not be limited to, provisions to (a) ensure an efficient and fair review process that respects the privacy of the voter, (b) ensure the security of the central count scanners used before election day, and (c) ensure that ballots cast as provided in this section are canvassed and counted as if cast on election day.

Validity

For validity of a prior version of this section, see Amedure v. State, 77 Misc.3d 629, 176 N.Y.S.3d 457 (Sup. Ct. Saratoga 2022).

§ 9-210. Statements of canvass by canvassing boards

Upon the completion of the canvass the canvassing board shall make statements thereof, showing separately the result for each office and ballot proposal. Each such statement shall set forth, in words written out at length, all votes cast for all candidates for each office; the name of each candidate; the number of votes so cast for each, and, in the case of a candidate who was nominated by two or more parties or independent bodies, the number, separately stated, of votes cast for him as the candidate of each party or independent body by which he was nominated; and all votes so cast upon any ballot proposal, and all the votes so cast in favor of and against the same respectively. Such statements shall show the total number of unrecorded or blank votes and the total number of votes cast for each office and each ballot proposal.

§ 9-210**ELECTION LAW**

Such statements shall be certified as correct over the signatures of the members of the board, or a majority of them, and such statements together with any tabulation sheets showing the vote by election districts from which such statements were made, shall be filed in the office of the board of elections. The separate statement relating to electors of president and vice-president shall be so filed immediately upon the making, signing and certification thereof. To facilitate its work, the board of elections may cause copies of such tabulation sheets to be printed in pamphlet form.

(L.1976, c. 233, § 1. Amended L.1978, c. 9, § 86; L.1982, c. 647, § 21, eff. Jan. 1, 1983.)

§ 9-211. Audit of voter verifiable audit records

1. Within fifteen days after each general or special election, within thirteen days after every primary election, and within seven days after every village election conducted by the board of elections, the board of elections or a bipartisan committee appointed by such board shall audit the voter verifiable audit records from three percent of voting machines or systems within the jurisdiction of such board. Such audits may be performed manually or via the use of any automated tool authorized for such use by the state board of elections which is independent from the voting system it is being used to audit. Voting machines or systems shall be selected for audit through a random, manual process. At least five days prior to the time fixed for such selection process, the board of elections shall send notice by first class mail to each candidate, political party and independent body entitled to have had watchers present at the polls in any election district in such board's jurisdiction. Such notice shall state the time and place fixed for such random selection process. The audit shall be conducted in the same manner, to the extent applicable, as a canvass of paper ballots. Each candidate, political party or independent body entitled to appoint watchers to attend at a polling place shall be entitled to appoint such number of watchers to observe the audit.

2. Within three days of any election, the board of elections or a bipartisan committee appointed by such board shall audit the central count ballot scanners by auditing the ballots from

three percent of election districts that were tabulated by such scanners within the jurisdiction of such board by that time. All provisions of this section shall otherwise apply to such audit. To the extent additional ballots are tabulated through central count ballot scanners after the initial audit, three percent of election districts shall thereafter be audited as to the additional ballots tabulated. The certification of the canvass shall not await the completion of such additional audit; provided, however, if upon the completion of such additional audit the criteria are met for the results of the audit to replace the canvass then the board of canvassers shall forthwith reconvene and adjust the canvass as required.

3. The audit tallies for each voting machine or system shall be compared to the tallies recorded by such voting machine or system, and a report shall be made of such comparison which shall be filed in the office of the state board of elections.

4. The state board of elections shall, in accordance with subdivision four of section 3-100 of this chapter, promulgate regulations establishing a uniform statewide standard to be used by boards of elections to determine when a discrepancy between the audit tallies and the voting machine or system tallies shall require a further voter verifiable record audit of additional voting machines or systems or a complete audit of all machines or systems within the jurisdiction of a board of elections. Any board of elections shall be empowered to order that any such audit shall be conducted whenever any such discrepancy exists.

5. If a complete audit shall be conducted, the results of such audit shall be used by the canvassing board in making the statement of canvass and determinations of persons elected and propositions rejected or approved. The results of a partial voter verifiable record audit shall not be used in lieu of voting machine or system tallies.

6. Notwithstanding subdivision *five* of this section, if a voting machine or system is found to have failed to record votes in a manner indicating an operational failure, the board of canvassers shall use the voter verifiable audit records to determine the votes cast on such machine or system, provided

such records were not also impaired by the operational failure of the voting machine or system.

§ 9-212. Determinations by county canvassing boards

1. The canvassing board shall determine each person elected by the greatest number of votes to each county office, and each person elected by the greatest number of votes to each city, town or village office of a city, town or village of which it is the board of canvassers. The canvassing board shall also determine whether any ballot proposal submitted only to the voters of the county, or only to the voters of a city, town or village of which it is the board of canvassers, as the case may be, has by the greater number of votes been adopted or rejected.

2. All such determinations shall be in writing and signed by the members of the canvassing board or a majority of them and filed and recorded in the office of the board of elections. Except in the city of New York and in the counties of Nassau, Orange and Westchester, the board of elections shall cause a copy of such determinations, and of the statements filed in its office upon which such determinations were based, to be published once in each of the newspapers designated to publish election notices and the official canvass. The statement of canvass to be published, however, shall not give the vote by election districts but shall contain only the total vote for a person, or the total vote for and the total vote against a ballot proposal, cast within the county, or within the portion thereof, if any, in which an office is filled or ballot proposal is decided by the voters if the canvass of the vote thereon devolves upon the county board of canvassers. Such totals shall be expressed in arabic numerals.

3. The board of elections shall prepare and forthwith transmit to each person determined by the canvassing board to have been elected a certified statement, naming the office to which such canvassing board has declared him elected.

4. The appropriate state or local election official shall establish a free access system (such as a toll-free telephone

number or an internet website) that any individual who casts an affidavit ballot may access to discover whether the vote of that individual was counted, and, if the vote was not counted, the reason that the vote was not counted.

(L.1976, c. 233, § 1. Amended L.1982, c. 647, § 22; L.1990, c. 635, § 5; L.2005, c. 179, § 6, eff. Jan. 1, 2006.)

§ 9-214. Transmission of statements of canvassing boards to state board of elections and secretary of state

The board of elections shall transmit by mail or cause to be delivered personally to the state board of elections, a certified copy of the statement of the canvassing board relating to the offices of electors of president and vice-president of the United States, United States senator, representatives in congress and state offices, including members of the state senate and assembly, and to the votes cast on any ballot proposal submitted to all the voters of the state, within twenty-five days after the election. If any certified copy shall not be received by the state board on or before the twenty-fifth day following a general election, or a special election, it shall dispatch a special messenger to obtain such certified copy, and the board of elections, immediately upon demand of such messenger at its office, shall make and deliver a certified copy to such messenger who shall deliver it forthwith to the state board.

The board of elections shall transmit to the secretary of state within twenty-five days after a general election, and within twenty days after a special election, a list of the names and residences of all persons determined by the canvassing board to be elected to any county office.

The board of elections shall transmit to the state board, on or before the tenth day of December following an election for governor, a certified tabulated statement, by election districts, of the official canvass of the votes cast for candidates for governor, to include, in the case of a candidate who was nominated by two or more parties or independent bodies, a separate statement of the number of votes cast for him as the candidate of each party or independent body by which he was nominated and if the county contains more than one assembly district or parts of more than one assembly district, a state-

ment of the number of votes cast for governor by assembly district.

(L.1976, c. 233, § 1. Amended L.1976, c. 234, § 52; L.1978, c. 373, § 86; L.1982, c. 647, § 23; L.1983, c. 286, § 1, eff. Sept. 1, 1983; L.2011, c. 4, § 4, eff. March 9, 2011; L.2013, c. 99, § 6, eff. July 8, 2013.)

§ 9-216. Canvass of statements of general and special elections by state board of canvassers

1. The state board of elections shall be the state board of canvassers. The records of the state board of canvassers shall be kept in the custody of the state board of elections, which shall assign a deputy or other assistant to act as the clerk of said board of canvassers.

2. The state board of canvassers shall canvass the certified copies of the statements of the county board of canvassers of each county. They shall canvass first the statements, if any, for the offices of president and vice-president and next the statements, if any, for the office of member of the state senate, and next the statements, if any, for the office of member of the state assembly. Three members of the board shall constitute a quorum. The state board of canvassers shall meet on or before the fifteenth day, or, in a year when electors of president and vice-president are chosen on or before the first Monday after the first Wednesday, of December next after each general election, and within forty days after each special election, to canvass such statements. The board may adjourn from day to day, not exceeding a term of five days. If any member of the board shall dissent from a decision of the board or shall protest against any of the proceedings of the board as irregular, he shall state such dissent or protest in a writing signed by him setting forth his reasons and file it in the office of the state board of elections.

3. Upon the completion of the canvass the board shall make separate tabulated statements, signed by the members of the board or a majority thereof, of the number of votes cast for all the candidates for each office voted for, the number of votes cast for each of such candidates, the number of votes cast in each county for each of them and if the voters of any one district of the state voted for any such candidate, the name and number of such district, the determination of the board as to

the persons elected to each office, the number of votes cast upon each ballot proposal, the number of votes cast in favor of and against each respectively, and the determination of the board as to whether it was adopted or rejected.

4. Such tabulated statements shall be filed and recorded in the office of the state board of elections. Thereupon, the state board of elections shall transmit a certified copy of each such statement of votes cast for candidates for any office to the person shown thereby to have been elected to such office. The state board of elections shall prepare a general certificate under the seal of the state and attested by the members of the state board of elections, addressed to the house of representatives of the United States, of the due election of all persons chosen at that election as representatives of this state in congress, and shall transmit the same to the house of representatives. If any person so chosen at such election shall have been elected to fill a vacancy in the office of representative in congress, the statement of the state board of elections shall so specify.

(L.1976, c. 233, § 1. Amended L.1982, c. 647, § 24; L.1983, c. 286, § 2; L.1988, c. 175, § 4, eff. June 27, 1988.)

§ 9-218. Proceedings by boards of canvassers to carry into effect a court order

1. Upon the re-convening of the state board of canvassers or any county board of canvassers, or of the board of elections of the city of New York as a county or city board of canvassers, by order of a court of competent jurisdiction, for the purpose of correcting an error or of performing a duty imposed by law or by an order of the court granted pursuant to law, the meeting for that purpose shall be deemed a continuance of its regular session, and any new or corrected statement, determination or certificate which is made to give effect to the order shall stand in lieu of the original statement, determination or certificate.

2. When a new or corrected statement or certificate, to give effect to an order of the court, shall vary from the original statement or certificate respecting the votes cast for an office for which the state board of canvassers is required to canvass statements made by county boards, the board of elections

§ 9-218**ELECTION LAW**

forthwith shall transmit certified copies of the new or corrected statement or certificates to the state board of elections. The state board of canvassers shall meet within five days after such a certified copy has been received by the state board of elections. From such certified copy, such board shall make a new statement as to the votes for such office cast in the state or political subdivision in which such office is filled, and shall determine and declare what person or persons whose votes are affected by such new or corrected statement have been, by the greatest number of votes, duly elected to the office or offices. The state board of canvassers and the state board of elections shall, respectively, have the same powers and duties in respect to new or corrected statements that they have in respect to original statements.

(L.1976, c. 233, § 1. Amended L.1983, c. 286, § 3, eff. Sept. 1, 1983.)

§ 9-220. Record in office of secretary of state of county officers elected

The secretary of state shall enter in a book to be kept in his office, the names of the respective county officers elected in this state, specifying the counties for which they were severally elected, and their places of residence, the offices to which they were elected, and their terms of office.

§ 10–104. Military voters; right to vote

A military voter of this state shall be entitled to vote as fully as if he were present at his polling place and to register and vote in the manner hereinafter provided except that the provisions of this article for absentee voting in primary elections shall not apply to the party positions of members of the ward, town, city or county committee.

(L.1976, c. 233, § 1.)

§ 10–106. Military voters; registration and application for ballots

1. On or before the thirty-fifth day preceding an election the names and addresses of all military voters who have filed applications for military ballots by such day and who were not already registered shall be registered by the board of elections in the election district of residence of such military voter as hereinafter provided.

2. Such board of elections shall cause such military voter to be registered in the manner provided by this chapter, and in the space designated “other remarks” shall be entered the military address of such voter or such military address shall be entered into the computer files from which the computer generated registration list is prepared. Such registration poll

When making such a request, the military voter may designate a preference for transmission of such voter registration application and military ballot application pursuant to section 10-107 of this article.

(b) The military ballot application shall allow the military voter to designate a preference for transmission of the military ballot pursuant to section 10-107 of this article.

(c) The procedures for receiving documents from and transmitting documents to a military voter shall, to the extent practicable, protect the security and integrity of the military voter registration and military ballot application request process and protect the privacy of the military voter, including the voter's identity and other personal data. Nothing in this paragraph shall limit the information that may be obtained pursuant to section 3-220 of this chapter.

4. Not earlier than the ninetieth or later than the seventy-fifth day before each general election, each county or city board of elections shall send, in accordance with the preferred method of transmission designated by the voter pursuant to section 10-107 of this article, to each person who is registered as a military voter and to every other military voter in such

county or city for whom it has a military address, an application for a military ballot for such general election in a form prescribed by the state board of elections, which shall include a place for such military voter to enroll in a party, and shall include the return address of such board of elections.

5. The state board of elections shall forward to the appropriate board of elections all applications for military ballots received by it. An application from a military voter not previously registered must be received by the appropriate board of elections not later than ten days before a general, *primary*, or special election in order to entitle the applicant to vote at such election. An application from a military voter who is already registered must be received at least seven days before an election in order to entitle the applicant to vote at such election; except that an application from such a military voter who delivers *their* application to the board of elections in person, must be received not later than the day before the election.

6. The board of elections shall immediately add to such registration records the name and residence and military address of every military voter, who was not previously registered, pursuant to this chapter, from whom it receives a valid application for a military ballot. If a valid application for a military ballot is received by a board of elections from a person already registered, other than as a military voter, from the residence address set forth in such application, such board shall mark the registration records of such voter in the same manner as the registration records of other military voters.

7. The board of elections in each year shall cause a list of names, residence addresses and, for a primary election, party enrollments of military voters appearing on such registration poll records to be prepared not later than seven days preceding an election. One copy shall be kept at the office of the board of elections for public inspection. The board shall transmit one copy to the chairman of each political party in the county, upon written request.

7-a. If a federal post card application form is received from a person who is qualified to vote as a military voter but who has not previously registered pursuant to the provisions of this article, such federal post card application form shall be treated

in all respects as an application for registration and enrollment as a military voter and for a military ballot pursuant to the provisions of this article. If such a federal post card application form is received from a person already registered as a military voter pursuant to the provisions of this article, such application shall be treated in all respects as an application for a military ballot pursuant to the provisions of this article.

8. If the board of elections denies the application of a person in military service to register to vote or to receive a military ballot, such board of elections shall immediately send the applicant a written explanation for such denial.

9. *Repealed.*

10. A qualified voter who shall have been inducted into or who shall have enlisted in the military service and who shall not have taken his oath of allegiance prior to thirty days preceding a general or special election, or the spouse, parent or child residing in the same election district as, and accompanying such voter, may register before the board of elections of his county of residence, on or before the tenth day preceding such election, provided he shall, on or before the day of such election, actually be in the military service. Such voter shall then receive a military ballot. Such registration record shall be stamped with the legend "military voter".

11. A board of elections may send to any spouse, parent, or adult child, brother or sister of a military voter serving inside or outside of the continental limits of the United States, an application for a military ballot, in a form prescribed by the state board of elections. Such application shall be on a post-card addressed to the appropriate board of elections and shall include the statement "I understand that this application will be accepted for all purposes as the equivalent of an affidavit and, if it contains a material false statement, shall subject me to the same penalties as if I had been duly sworn". Such application may be signed by the spouse, parent or adult child, brother or sister of such military voter. Upon receipt of such an application from such a relative of a military voter, the board of elections shall mail a military ballot to such military voter together with an application for a military ballot and instructions that such application must be completed and returned together with the envelope containing the military bal-

lot. No ballot sent to a military voter upon the application of a relative of such military voter shall be cast or canvassed unless a completed application for military ballot signed by such military voter is returned within the time limits for the receipt of the military ballot itself.

12. If the board of elections receives notice from a military voter that such voter has left the military service and is residing at his residence address, such board shall cross out or otherwise obliterate the “Military Voter” legend on such voter’s registration records and thereafter treat such records in the manner provided by this chapter for regularly registered voters.

1. A military voter may designate a preference to receive a voter registration application, a military ballot application or a military ballot by mail, facsimile transmission or electronic mail. Such designation shall remain in effect until revoked or changed by the military voter. If a military voter does not designate a preference, the board of elections shall transmit the voter registration application, military ballot application or military ballot by mail. If a military voter designates a preference for facsimile transmission or electronic mail but does not provide the necessary facsimile number or e-mail address, the board of elections shall transmit the voter registration application, military ballot application or military ballot by mail and request the omitted information. § 10-108. Military voters; distribution of ballots to

1. (a) Ballots for military voters shall be mailed or otherwise distributed by the board of elections, in accordance with the preferred method of transmission designated by the voter pursuant to section 10-107 of this article, as soon as practicable but in any event not later than forty-six days before a primary or general election; twenty-five days before a New York city community school board district or city of Buffalo school district election; fourteen days before a village election conducted by the board of elections; forty-five days before a special election; and twenty-three days before a special election held pursuant to paragraph b of subdivision three of section forty-two of the public officers law. A voter who submits a military ballot application shall be entitled to a military ballot thereafter for each subsequent election through and including the next two regularly scheduled general elections held in even numbered years, including any run-offs which may occur; provided, however, such application shall not be valid for any election held within seven days after its receipt. Ballots shall also be mailed to any qualified military voter who is already registered and who requests such military ballot from such board of elections in a letter, which is signed by the voter and received by the board of elections not later than the seventh day before the election for which the ballot is requested and which states the address where the voter is registered and the address to which the ballot is to be mailed. The board of elections shall enclose with such ballot a form of application for military ballot. In the case of a primary election, the board shall deliver only the ballot of the party with which the military voter is enrolled according to the military voter's registration records. In the event a primary election is uncontested in the military voter's election district for all offices or positions except the party position of member of the ward, town, city or county committee, no ballot shall be delivered to such military voter for such election; and the

military voter shall be advised of the reason why he or she will not receive a ballot.

(b) Upon the proclamation of a special election by the governor or otherwise pursuant to law, each board of elections shall, not later than three days after the establishment of the date of such special election, transmit by mail, facsimile transmission or electronic mail in accordance with the preferred method of transmission designated by the voter pursuant to section 10-107 of this article, a federal write-in absentee ballot to all military voters eligible to vote by military ballot in such special election.

(c) Each board of elections which is served with a court order restraining or enjoining the issuance of ballots in any election, other than a special election, in which any military voter is entitled to receive a ballot shall immediately notify the state board of elections of such fact and shall transmit in accordance with the preferred method of transmission designated by the voter, a federal write-in absentee ballot to all military voters eligible to vote in such election.

(d) A military voter who has received a federal write-in absentee ballot shall be entitled to receive a certified ballot notwithstanding the prior transmission of a federal write-in absentee ballot to such voter pursuant to paragraph (b) or (c) of this subdivision. Such certified military ballot shall be sent by the board of elections in accordance with the preferred method of transmission designated by the voter pursuant to section 10-107 of this article, or expedited mail if the military voter has not expressed a preference to receive same by facsimile transmission or electronic mail, and his or her request for a military ballot was made at least thirty-two days before the election.

2. In the event that the board of elections of any county shall not mail or otherwise distribute ballots to the military voters of such county by the date required by this section, such board shall notify the state board of elections in writing of the facts and reasons for such non-compliance.

3. Thereafter, ballots shall be so distributed to persons whose names and military addresses are added to the registration poll ledgers as military voters, except that the military

ballots may be delivered by hand to military voters who personally file an application with the board of elections of their county of residence. The military ballot shall be delivered to such military voter together with a ballot envelope and a second envelope addressed to the appropriate board of elections on which is printed "Official Election Balloting Material—Via Air Mail".

2. If any ballot, application form or other mail sent to a military voter at his military address by the board of elections is returned by the post office as undeliverable, the board of elections shall ascertain whether the military voter is residing at the address given on his registration records as his permanent address. If he is residing at such address, the board shall not send him any further military ballots unless he applies for them in the regular way, giving a new military address. If such military voter is not residing at such permanent address, the board of elections shall send a confirmation notice to such military voter at his last military address pursuant to the provisions of section 5-712 of this chapter and shall place the registration of such voter in inactive status. However, if such a voter notifies the board of elections that he has moved to a new military address, the board shall restore the registration of such voter to active status in the manner prescribed by section 5-213 of this chapter.

Such applications must be mailed to such board of elections not later than the seventh day before the election or delivered to such board not later than the day of such election.

b. Insofar as the provisions of this chapter providing for voting in person or by absentee ballot do not conflict with any provision of this section, such provisions apply to a person authorized to vote under this article. 2. Upon receipt of the application, the board of elections shall determine upon such inquiry as it deems proper whether the applicant has answered all the questions contained in the application and whether the applicant is legally qualified to receive and vote a special presidential ballot, and, if it finds he is not so qualified, shall reject the application and shall notify the applicant of such rejection and give the reason or reasons therefor. All investigations by the board of elections shall be concluded and all determinations made not later than the sixth day before election.

3. If the board of elections shall determine that the applicant making the application provided for in this section is qualified to receive and vote a special presidential ballot, it shall, as soon as practicable after it shall have so determined, mail to him at the residence address shown in his application, or deliver to him, or to any person designated by him in writing for such purpose, at the office of the board, such a special presidential ballot and an envelope therefor.

4. The board of elections shall keep a register of the persons who have made and signed applications for special presidential ballots and of the applicants who have been determined to be qualified. Such list shall be designated “List of Special Presidential Voters” and shall include a photostatic copy or duplicate of the signature of each person on such list. 11-220. Federal voting; applicability of general provisions.

§ 11-200. Special federal voters; qualifications

1. Every citizen of the United States now residing outside the United States whose last domicile in the United States immediately prior to his departure from the United States was in the state of New York, shall be entitled to vote from such last domicile, as a special federal voter in all primary, special and general elections for the public offices or party positions of president and vice-president of the United States, United States senator, representative in congress and delegates and alternate delegates to a national convention, provided such citizen, at the time of such departure from the United States, could have met all the present qualifications of this chapter to vote in federal elections from such last domicile, except the qualification with respect to minimum voting age, even though such citizen does not now maintain a place of abode or domicile in the state of New York, and provided further that such citizen does not maintain a place of abode or domicile, is not registered to vote and is not voting in any other election district, state, territory or possession of the United States and provided further that such citizen has a valid passport or card of identity and registration issued under the authority of the secretary of state of the United States.

1-a. Every citizen of the United States of voting age, residing outside of the United States, who has never resided within the United States, and who has one parent who qualifies as a special federal voter under subdivision one of this section, may register and vote as a special federal voter, from the qualifying parent's New York address, provided that person is otherwise qualified and eligible to vote.

2. Every person registered pursuant to this title shall continue to be eligible to vote in all elections in which special federal voters are eligible to vote except that in order to vote at a primary election of a party, a voter registered pursuant to this title must have been so registered and enrolled in such party before the previous general election; or, if such voter was not registered in New York state for the previous general election, such voter must so register and enroll in such party not later than *ten* days before such primary; or, if such voter

was registered in New York state for the last general election, such voter must have had the same party enrollment with such registration as such voter sets forth on *their* application for registration and enrollment as a special federal voter.

3. A special federal voter who moves from one address outside the United States to another address outside the United States shall not have to reregister unless his registration is cancelled pursuant to the provisions of section 5-400 of this chapter.

(Added L.1978, c. 8, § 33. Amended L.1978, c. 9, § 91; L.1986, c. 136, § 1; L.1988, c. 175, § 7; L.1989, c. 99, § 10; L.1992, c. 473, § 2; L.1996, c. 200, § 25; L.1998, c. 403, § 1, eff. July 22, 1998; L.2023, c. 113, § 13, eff. Jan. 1, 2023.)

§ 11-202. Registration and enrollment of special federal voters and application for special federal ballot

1. a. A person, who, pursuant to this title, is qualified to vote as a special federal voter may, by application received by the state board of elections or any local board of elections on or before the *tenth* day next preceding any election in which such person would be entitled to vote or the last day of local registration for such election, whichever is later, apply to the board of elections of the county in which *they resided* in person or by personal application by mail for registration and enrollment as a special federal voter. An application for registration and enrollment pursuant to this article shall be treated as an application for a special federal ballot for every election in which the applicant would be eligible to vote which is held through and including the next two regularly scheduled general elections held in even numbered years, including any run-offs which may occur.

b. A person who, pursuant to the provisions of this title, is already registered as a special federal voter, may, by application received by the state board of elections or any local board of elections, apply to the board of elections of the county in which he is so registered in person or by mail for a special federal ballot. Such an application shall entitle such a voter to receive a ballot for every election in which such voter is entitled to vote which is held through and including the next two regularly scheduled general elections held in even num-

bered years, including any run-offs which may occur, provided, however, such application shall not apply to any election held on or before the seventh day after receipt of such application.

c. Insofar as the provisions of this chapter providing for permanent personal registration and enrollment, and enrollment by mail or special enrollment, and voting in person or by absentee ballot do not conflict with any provision of this title, such provisions shall apply to a person authorized to register and vote under this title; in the case of any such conflict, the provision of this title shall prevail and such other provision of this chapter shall not apply. For the purposes of this title, any person eligible pursuant to the provisions of this chapter to vote by absentee ballot shall be eligible for absentee registration and enrollment.

d. In addition to any other method of registering to vote or of applying for a special federal ballot, a special federal voter may request a voter registration application or request a special federal ballot application by facsimile transmission to the board of elections or pursuant to the Uniformed and Overseas Citizens Absentee Voting Act¹ or by electronic mail. When making such a request, the special federal voter may designate a preference for transmission of such voter registration application and special federal ballot application pursuant to section 11-203 of this title.

e. The special federal ballot application shall allow the special federal voter to designate a preference to receive the special federal ballot pursuant to section 11-203 of this title.

f. The procedures for receiving documents from and transmitting documents to a special federal voter shall, to the extent practicable, protect the security and integrity of the special federal voter registration and special federal ballot application request process and protect the privacy of the special federal voter, including the voter's identity and other personal data. Nothing in this paragraph shall limit the information that may be obtained pursuant to section 3-220 of this chapter.

2. a. A form of application for registration and enrollment as a special federal voter and for a special federal ballot or a form of application for a special federal ballot by persons registered pursuant to this title shall be furnished by the board

of elections to the applicant who shall request such form within the time limited therefor. The application shall be made and signed by the applicant at the places thereon provided for such purpose and such applicant shall set forth therein all of the facts required to establish his qualifications to register and vote under this title.

b. The forms for use under this section shall be of a distinctive color and substantially in the form prescribed by the state board of elections and shall elicit all the information which may be necessary to determine eligibility to register and vote pursuant to the provisions of this title.

(Added L.1978, c. 8, § 33. Amended L.1978, c. 9, § 92; L.1986, c. 373, § 4; L.1991, c. 90, § 24; L.1991, c. 290, §§ 11, 11-a; L.2003, c. 262, § 6, eff. Dec. 15, 2003; L.2009, c. 165, § 5, eff. July 11, 2009; L.2010, c. 104, § 13, eff. June 2, 2010; L.2023, c. 113, § 14, eff. Jan. 1, 2023.)

§ 11-203. Special federal voters; designation of means of transmission by special federal voters

1. A special federal voter may designate a preference to receive a voter registration application, a special federal ballot application or a special federal ballot by mail, facsimile transmission or electronic mail. Such designation shall remain in effect until revoked or changed by the special federal voter. If a special federal voter does not designate a preference, the board of elections shall transmit the voter registration application, special federal ballot application or special federal ballot by mail. If a special federal voter designates a preference for facsimile transmission or electronic mail but does not provide the necessary facsimile number or e-mail address, the board of elections shall transmit the voter registration application, special federal ballot application or special federal ballot by mail and request the omitted information. All communications to the special federal voter shall include the mailing address of the board of elections.

2. Irrespective of the preferred method of transmission designated by a special federal voter, a special federal voter's original completed voter registration application, special federal ballot application and special federal ballot must be returned by mail or in person notwithstanding that a prior copy

was sent to the board of elections by facsimile transmission or electronic mail.

(Added L.2010, c. 104, § 14, eff. June 2, 2010.)

§ 11-204. Processing of applications by board of elections

1. The registration application forms shall be in a form prescribed by the state board of elections.

2. Upon receipt of an application, the board of elections shall determine upon such inquiry as it deems proper whether the applicant has answered all the questions contained in the application and whether the applicant is legally qualified to receive and vote a special federal ballot. If it finds he is not so qualified, the board shall reject the application and shall notify the applicant of such rejection and give the reason or reasons therefor in accordance with the preferred method of transmission designated by the voter pursuant to section 11-203 of this title. All investigations by the board of elections shall be concluded and all determinations made not later than the twentieth day before election.

3. If a federal post card application form is received from a person who is qualified to vote as a special federal voter but who has not previously registered pursuant to the provisions of this title, such federal post card application form shall be treated in all respects as an application for registration and enrollment and a special federal ballot pursuant to the provisions of this title. If such a federal post card application form is received from a person already registered as a special federal voter pursuant to the provisions of this title, such application shall be treated in all respects as an application for a special federal ballot pursuant to the provisions of this title.

4. If the board of elections shall determine that the applicant making the application provided for in this section is qualified to receive and vote a special federal ballot, it shall, as soon as practicable after it shall have so determined, or not later than forty-six days before each general or primary election or special election in which such applicant is qualified to vote, or three days after receipt of such an application, whichever is later, mail to him or her at the residence address outside the United States shown in his or her application, a

special federal ballot, an inner affirmation envelope and an outer envelope, or otherwise distribute same to the voter in accordance with the preferred method of transmission designated by the voter pursuant to section 11-203 of this title. The board of elections shall also mail, or otherwise distribute in accordance with the preferred method of transmission designated by the voter pursuant to section 11-203 of this title, a special federal ballot to every qualified special federal voter who is already registered and who requests such special federal ballot from such board of elections in a letter, which is signed by the voter and received by the board of elections not later than the seventh day before the election for which the ballot is first requested and which states the address where the voter is registered and the address to which the ballot is to be mailed. The board of elections shall enclose with such ballot a form of application for a special federal ballot.

5. The board of elections shall keep a list of the persons who have made and signed applications for special federal ballots and of the applicants who have been determined to be qualified. The board shall keep open to public inspection such list of applicants with their names, addresses, party enrollments, and application dates and shall give to the chairman of each political party in the county fifteen days before each election, a complete list of special federal voters eligible to vote in such election. Such list shall contain the names, party enrollments for a primary election and places of previous residence including the election district and ward, if any, and, in the city of New York and the county of Nassau, the assembly district of all such voters.

§ 11-206. Special federal voters; preparation of registration poll records and central file registration records

1. The board of elections shall prepare a registration poll record and a central file registration record for each voter

registered pursuant to this title or shall enter the name of each such voter into the computer files from which the computer generated registration list is prepared. Each such registration record shall be endorsed on both the front and rear with the endorsement "special federal voter". The records of special federal voters in such computer files shall be coded in a manner which distinguishes such voters from the other voters in such files.

2. *Repealed by L.1981, c. 163, § 3, eff. May 29, 1981.*

3. The central file registration records of special federal voters shall be maintained in a separate file at the appropriate office of the board of elections.

4. The registration poll records of special federal voters shall be filed, in alphabetical order, by election district. At each election at which special federal voters are eligible to vote, the registration poll records of all special federal voters shall be delivered to such inspectors of election together with the other registration poll records or the names of such voters shall be included in the computer generated registration list. Such records shall be delivered either in a separate poll ledger or a separate, clearly marked section, of the main poll ledger or be clearly marked in the computer generated registration list as the board of elections shall determine.

2. If any ballot, application form or other mail sent to a special federal voter at his address outside the United States by such board is returned by the post office as undeliverable, the board of elections shall send a confirmation notice to such special federal voter at such address pursuant to the provisions of section 5-712 of this chapter and shall place the registration of such voter in inactive status. If the board of elections

subsequently receives notice of a new address outside the United States for such voter, or notice that the voter is still at the same address outside the United States, the board shall restore the registration of such voter to active status in the manner prescribed by section 5-213 of this chapter.

3. The board of elections shall process and preserve the records of such registrations, including the original applications for such registrations, in the same manner and for the same period of time as the records of other voters registered under permanent personal registration.

4. A special federal voter whose registration is cancelled pursuant to the provisions of section 5-400 of this chapter shall be eligible to reregister in the manner provided by this title.

5. Upon cancelling the registration of a special federal voter pursuant to the provisions of section 5-400 of this chapter, the board of elections shall forthwith notify such voter at his last address outside the United States of the fact of the cancellation, the reason therefor, and of his right to reregister pursuant to this title.

Nothing contained in this subdivision shall be construed to relieve any political committee aiding or promoting the success or defeat of a candidate from any of the reporting requirements imposed by this article.

3. The state board of elections shall promulgate regulations with respect to the accounting methods to be applied in preparing the statements required by the provisions of this article and shall provide forms suitable for such statements.

Such copies, schedules and scripts shall be preserved by the officer with whom or the board with which it is required to be filed for a period of one year from the date of filing thereof.

2. 1. For purposes of this article:

(a) “Independent expenditure” means an expenditure made by an independent expenditure committee in the form of (i) an audio or video communication via broadcast, cable or satellite, (ii) a written communication via advertisements, pamphlets, circulars, flyers, brochures, letterheads or (iii) other published

statements, where such expenditure is conveyed to five hundred or more members of a general public audience, or in the form of any paid internet or digital advertisement targeted to fifty or more members of a general public audience, which: (i) irrespective of when such communication is made, contains words such as “vote,” “oppose,” “support,” “elect,” “defeat,” or “reject,” which call for the election or defeat of the clearly identified candidate, (ii) refers to and advocates for or against a clearly identified candidate or ballot proposal on or after January first of the year of the election in which such candidate is seeking office or such proposal shall appear on the ballot, or (iii) within sixty days before a general or special election for the office sought by the candidate or thirty days before a primary election, includes or references a clearly identified candidate. (b) Independent expenditures do not include expenditures in connection with:

(i) a written news story, commentary, or editorial or a news story, commentary, or editorial distributed through the facilities of any broadcasting station, cable or satellite unless such publication or facilities are owned or controlled by any political party, political committee or candidate; or

(ii) a communication that constitutes a candidate debate or forum; or

(iii) internal communication by members to other members of a membership organization of not more than five hundred members, for the purpose of supporting or opposing a candidate or candidates for elective office, provided such expenditures are not used for the costs of campaign material or communications used in connection with broadcasting, telecasting, newspapers, magazines, or other periodical publication, billboards, or similar types of general public communications; or

(iv) internal communications by members to other members of a membership organization of not more than five hundred members or communications by a corporation organized for charitable purposes pursuant to § 501(c)(3) of the internal revenue code, within sixty days before a general or special election for the office sought by the candidate or thirty days before a primary election, that includes or references a clearly identified candidate but does not otherwise qualify as an independent expenditure under this section.

(v) a communication published on the Internet, unless the communication is a paid advertisement.

(c) An independent expenditure committee shall not include payments or expenditures made by a party or constituted committee that is required to file disclosure reports under this chapter.

(d) Independent expenditures shall not include payments or expenditures where coordination occurs in the creation, formation, or operation of the independent expenditure committee making the payment or expenditure.

Coordination shall include:

(i) The candidate or the candidate's authorized committee, or an agent of the candidate or candidate's authorized committee, participated in the creation or formation of the independent expenditure committee within two years of the general election, primary or special election in which the candidate is a candidate for nomination or election and the payment or expenditure made is for the benefit of that candidate.

(ii) The candidate or an agent of the candidate appears at any fundraising event hosted by an independent expenditure committee, or its agent, making a payment or expenditure that benefits that candidate within two years of the general election, primary or special election in which the candidate is a candidate for nomination or election.

(iii) The independent expenditure committee making the payment or expenditure, or its agent, employed or retained an individual, other than an individual described in subparagraph (viii) of this paragraph, who was employed by the candidate, the candidate's authorized committee or an agent of the candidate or has held a policymaking, non-administrative position in

the office of the candidate's elected office within two years of the general election, primary or special election in which the candidate is a candidate for nomination or election, and the payment or expenditure is made for the benefit of that candidate.

(iv) The independent expenditure committee making the payment or expenditure, or its agent, is a member of the candidate's immediate family or is established, directed, or managed by a member of the immediate family of the candidate, and the payment or expenditure is made for the benefit of that candidate.

(v) The independent expenditure committee making the payment or expenditure benefiting the candidate, republishes, disseminates, or distributes, in whole or in part, any video, audio, written, or other campaign-related material prepared by the candidate or the candidate's authorized committee or by an agent of the candidate or the candidate's authorized committee. This paragraph shall not apply if the independent expenditure committee making the payment or expenditure obtains the communication or materials from a publicly available source.

(vi) The candidate or the candidate's authorized committee, or an agent of the candidate or the candidate's authorized committee, shares or rents space for a campaign-related purpose with or from the independent expenditure committee, or its agent, making the payment or expenditure benefiting the candidate.

(vii) The independent expenditure committee, or its agent, making the payment or expenditure benefiting the candidate has participated in strategic discussions with the candidate, the candidate's authorized committee, or an agent of the candidate or the candidate's authorized committee within two years of the general election, primary or special election in which the candidate is a candidate for nomination or election. Discussions shall be deemed strategic if information about the candidate's or opponent's electoral campaign plans, projects, or activities that is not obtained from a publicly available source is conveyed to the independent expenditure committee, or its agent, making the payment or expenditure. This paragraph shall only apply to discussions occurring after the independent

Information shall be deemed strategic if it relates to either party's respective campaign or independent expenditure plans, projects, or activities that are not obtained from a publicly available source. This subparagraph shall not prohibit a candidate, a candidate's authorized committee, or an agent of the candidate or the candidate's authorized committee from retaining the same professional campaign services provider as the independent expenditure committee, or its agent, making the payment or expenditure benefitting the candidate upon the professional campaign services provider entering into a confidentiality agreement with both parties expressly stating that it will not disclose strategic information regarding each party with the other party.

(ix) The independent expenditure committee, or its agent, making the payment or expenditure benefitting the candidate, utilizes strategic information or data related to the candidate, that is not from a publicly available source and is not otherwise available by subscription, from an individual who has been previously compensated, reimbursed or retained by the candidate as a consultant, political, media or fundraising advisor, vendor or contractor within two years of the general election, primary or special election in which the candidate is a candidate for nomination or election.

(e) The following shall not be coordination:

(ii) A public communication in which a candidate is clearly identified only in his or her capacity as the owner or operator of a business that existed prior to the candidacy is not a coordinated communication with respect to the clearly identified candidate if: (A) The medium, timing, content, and geographic distribution of the public communication are consistent with public communications made prior to the candidacy; and (B) The public communication does not promote, support, attack, or oppose that candidate or another candidate in their capacity as candidates who seeks the same office as that candidate.

(f) For purposes of this section, the term “immediate family” means spouse, child, parent, grandparent, brother, half-brother, sister, or half-sister of the candidate, and the spouses of such persons.

(g) For purposes of this section, “agent” means a person authorized by the candidate or the candidate’s authorized committee, who acts on behalf of or at the direction of a candidate or the candidate’s authorized committee; or a party committee or constituted committee acting on behalf of a candidate; or a person authorized by an independent expenditure committee who acts on behalf of or at the direction of such committee.

2. Whenever any person makes an independent expenditure, such communication shall, in a manner consistent with section 14–106 of this article, clearly state the name of the person who paid for, or otherwise published or distributed the communication and state, with respect to communications regarding candidates, that the communication was not expressly authorized or requested by any candidate, or by any candidate’s political committee or any of its agents; provided, however, that paragraphs three and four of section 14–106 of this article shall not apply to the disclosure requirements under this section.

3. § 14-107-b. Independent expenditure verification

1. Upon the purchase of a communication in the form of an independent expenditure, as defined in section 14-107 of this article, each television or radio broadcast station, provider of cable or satellite television, or online platform shall require that the independent expenditure committee making such purchase file with such station, provider or platform a copy of the registration form filed by such committee with the state board of elections pursuant to subdivision three of section 14-107 of this article.

2. The state board of elections shall promulgate regulations defining the scope of the term "online platform" as used in this section. In promulgating such regulations, the state board shall take into account the number of unique United States visitors to the platform and the extent to which the platform publishes paid internet or digital communications. Any public-facing website, web application, or digital application, including, but not limited to, a social network, ad network, or search engine, may be designated an "online platform" pursuant to the state board’s regulations. § 14-108. Time for filing statements

1. The statements required by this article shall be filed at such times as the state board of elections, by rule or regulation, shall specify; provided, however, that in no event shall the board provide for fewer than three filings in the aggregate in connection with any primary, general or special election, or in connection with a question to be voted on and two of said filings shall be before any such election, including one such filing not less than thirty days nor more than forty-five days prior to such election and one such filing not less than eleven days nor more than fifteen days prior to such election. In addition, the board shall provide that every political committee which has filed a statement of treasurer and depository shall make at least one filing every six months between the time such statement of treasurer and depository is filed and the time such committee goes out of business. If any candidate or committee shall be required by the provisions of this section, or by rule or regulation hereunder, to effect two filings within a period of five days, the state board of elections may, by rule or regulation, waive the requirement of filing the earlier of such statements. If a statement filed by a candidate or committee after the election to which it pertains is not a final statement showing satisfaction of all liabilities and disposition of all assets, such candidate or committee shall file such additional statements as the board shall, by rule or regulation provide until such a final statement is filed.

2. Each statement shall cover the period up to and including the fourth day next preceding the day specified for the filing thereof; provided, however, that any contribution or loan in excess of one thousand dollars, if received after the close of the period to be covered in the last statement filed before any primary, general or special election but before such election, shall be reported, in the same manner as other contributions, within twenty-four hours after receipt.

3. Each statement shall be preserved by the officer with whom or the board with which it is required to be filed for a period of five years from the date of filing thereof.

4. Each statement shall constitute a part of the public records of such officer or board and shall be open to public inspection.

§ 14–108**ELECTION LAW**

5. The state board of elections or other board of elections, as the case may be, shall not later than ten days after the last day to file any such statement notify each person required to file any such statement which has not been received by such board by such tenth day in accordance with this article of such person's failure to file such statement timely. Such notice shall be in writing and mailed to the last known residence or business address of such person by certified mail, return receipt requested. Failure to file within five days of receipt of such notice shall constitute prima facie evidence of a willful failure to file. If the person required to file such statement is a treasurer who has stated that the committee has been authorized by one or more candidates, a copy of such notice shall be sent to each such candidate by first class mail. A copy of any such notice sent by a board of elections other than the state board of elections shall be sent by such other board to the state board.

6. A statement shall be deemed properly filed when deposited in an established post-office within the prescribed time, duly stamped, certified and directed to the officer with whom or to the board with which the statement is required to be filed, but in the event it is not received, a duplicate of such statement shall be promptly filed upon notice by such officer or such board of its non-receipt.

7. On the twentieth day following the date by which such statements were required to be filed, the state board of elections shall prepare and make available for public inspection and distribution a list of those persons and committees from whom it has not yet received such statement.

§ 14–110. Place for filing statements

The places for filing the statements required by this article shall be determined by rule or regulation of the state board of elections; provided, however, that the statements of a candidate for election to the office of governor, lieutenant governor, attorney general, comptroller, member of the legislature, delegate to a constitutional convention, justice of the supreme

court or for nomination for any such office at a primary election and of any committee aiding or taking part in the designation, nomination, election or defeat of candidates for one or more of such offices or promoting the success or defeat of a question to be voted on by the voters of the entire state shall be filed with the state board of elections and in such other places as the state board of elections may, by rule or regulation provide.

(L.1976, c. 233, § 1. Amended L.1984, c. 46, § 1, eff. Apr. 10, 1984.)

§ 14-112. Political committee authorization statement

Any political committee aiding or taking part in the election or nomination of any candidate, other than a political action committee, shall file, in the office in which the statements of such committee are to be filed pursuant to this article, either a sworn verified statement by the treasurer of such committee that the candidate has authorized the political committee to aid or take part in his election or that the candidate has not authorized the committee to aid or take part in his election.

1. The following limitations apply to all contributions to candidates for election to any public office or for nomination for any such office, or for election to any party positions, and to all contributions to political committees working directly or indirectly with any candidate to aid or participate in such candidate's nomination or election, other than any contributions to any party committee or constituted committee:

a. In any election for a public office to be voted on by the voters of the entire state, or for nomination to any such office, no contributor may make a contribution to any candidate or political committee, participating in the state's public campaign financing system pursuant to title two of this article and no such candidate or political committee may accept any contribution from any contributor, which is in the aggregate amount greater than eighteen thousand dollars divided equally among the primary and general election in an election cycle;

provided however, that the maximum amount which may be so contributed or accepted, in the aggregate, from any candidate's child, parent, grandparent, brother and sister, and the spouse of any such persons, shall not exceed in the case of any nomination to public office an amount equivalent to the product of the number of enrolled voters in the candidate's party in the state, excluding voters in inactive status, multiplied by \$.025, and in the case of any election for a public office, an amount equivalent to the product of the number of registered voters in the state excluding voters in inactive status, multiplied by \$.025.

no contributor may make a contribution to any candidate or political committee in connection with a candidate who is not a participating candidate as defined in subdivision fourteen of section 14-200-a of this article, and no such candidate or political committee may accept any contribution from any contributor, which is in the aggregate amount greater than eighteen thousand dollars, divided equally among the primary and general election in an election cycle; provided however, that the maximum amount which may be so contributed or accepted, in the aggregate, from any candidate's child, parent, grandparent, brother and sister, and the spouse of any such persons, shall not exceed in the case of any nomination to public office an amount equivalent to the product of the number of enrolled voters in the candidate's party in the state, excluding voters in inactive status, multiplied by \$.025, and in the case of any election for a public office, an amount equivalent to the product of the number of registered voters in the state, excluding voters in inactive status, multiplied by \$.025.

d. e. *In any other election for party position or for election to a public office or for nomination for any such office, no contributor may make a contribution to any candidate or political committee and no candidate or political committee may accept any contribution from any contributor, which is in the aggregate amount greater than: (i) in the case of any election for party position, or for nomination to public office, the product of the total number of enrolled voters in the candidate's party in the district in which he or she is a candidate, excluding voters in inactive status, multiplied by \$.05, and (ii) in the case of any election for a public office, the product of the total number of registered voters in the district, excluding voters in inactive status, multiplied by \$.05, however in the case of a nomination within the city of New York for the office of mayor, public advocate or comptroller, such amount shall be not less than four thousand dollars nor more than twelve thousand dollars as*

increased or decreased by the cost of living adjustment described in paragraph f of this subdivision; in the case of an election within the city of New York for the office of mayor, public advocate or comptroller, twenty-five thousand dollars as increased or decreased by the cost of living adjustment described in paragraph f of this subdivision but in no event shall any such maximum exceed fifty thousand dollars or be less than one thousand dollars; provided however, that the maximum amount which may be so contributed or accepted, in the aggregate, from any candidate's child, parent, grandparent, brother and sister, and the spouse of any such persons, shall not exceed in the case of any election for party position or nomination for public office an amount equivalent to the number of enrolled voters in the candidate's party in the district in which he or she is a candidate, excluding voters in inactive status, multiplied by \$.25 and in the case of any election to public office, an amount equivalent to the number of registered voters in the district, excluding voters in inactive status, multiplied by \$.25; or twelve hundred fifty dollars, whichever is greater, but in no event shall any such maximum exceed one hundred thousand dollars.

f. (1) At the beginning of each fourth calendar year, commencing in nineteen hundred ninety-five, the state board shall determine the percentage of the difference between the most recent available monthly consumer price index for all urban consumers published by the United States bureau of labor statistics and such consumer price index published for the same month four years previously. The amount of each contribution limit fixed in this subdivision shall be adjusted by the amount of such percentage difference to the closest one hundred dollars by the state board which, not later than the first day of February in each such year, shall issue a regulation publishing the amount of each such contribution limit. Each contribution limit as so adjusted shall be the contribution limit in effect for any election held before the next such adjustment.

(2) Provided, however, that such adjustments shall not occur for candidates seeking statewide office, or the position of state senator or member of the assembly, whether such candidate does or does not participate in the public finance program established pursuant to title two of this article.

g. Notwithstanding any other contribution limit in this section, participating candidates as defined in subdivision fourteen of section 14-200-a of this article may contribute, out of their own money, three times the applicable contribution limit to their own authorized committee.

2. For purposes of this section, contributions other than of money shall be evaluated at their fair market value. The state board of elections shall promulgate regulations, consistent with law, governing the manner of computing fair market value.

3. As used in this section the term “contributor” shall not include a party committee supporting the candidate of such party or a constituted committee supporting the candidate of such party.

4. For purposes of this section, a portion of every contribution to a party committee, expended as other than non-candidate expenditures, and a portion of every contribution to a political committee authorized to support more than one candidate, shall be deemed contributed to every candidate supported by such committee. That portion shall be determined by allocating the contributions received by the committee among all the candidates supported by the committee in accordance with any formula based upon reasonable standards established by the committee. The statements filed by such committee in accordance with this article shall set forth, in addition to the other information required to be set forth, the total amount received by the committee from each contributor on behalf of all such candidates and the amount of each such contribution allocated to each candidate by dollar amount and percentage. Nothing in this subdivision shall require allocating contributions expended on non-candidate expenditures to candidates.

5. No constituted committee may expend, in any twelve month period terminating on the day of a general election, other than as non-candidate expenditures, any portion of any individual contribution which exceeds, in the case of a state committee, one-half of one cent for each registered voter in the state, or, in the case of any other constituted committee, the greater of one cent for each registered voter in the district in which the committee is organized or five hundred dollars. The number of such voters shall be determined as of the date of

such general election or as of the date of the general election in whichever of the preceding four years shall result in the greatest number.

6. a. A loan made to a candidate or political committee, other than a constituted committee, by any person, firm, association or corporation other than in the regular course of the lender's business shall be deemed, to the extent not repaid by the date of the primary, general or special election, as the case may be, a contribution by such person, firm, association or corporation.

b. A loan made to a candidate or political committee, other than a constituted committee, by any person, firm, association or corporation in the regular course of the lender's business shall be deemed, to the extent not repaid by the date of the primary, general or special election, as the case may be, a contribution by the obligor on the loan and by any other person endorsing, cosigning, guaranteeing, collateralizing or otherwise providing security for the loan.

c. Lobbyists, as defined by subdivision (a) of section one-c of the legislative law or by subdivision (a) of section 3-211 of the administrative code of the city of New York, political action committees, labor unions, and any person who has registered with the state board of elections as an independent expenditure committee pursuant to subdivision three of section 14-107 of this article are prohibited from making loans to candidates or political committees; provided, however, that a lobbyist shall not be prohibited from making a loan to himself or herself or to his or her own political committee when such lobbyist is a candidate for office.

7. For the purposes of this section, the number of registered or enrolled voters shall be determined as of the date of the general, special or primary election, as the case may be or as of the date of the general election in any of the preceding four years, whichever date shall result in the greatest number and candidates running jointly for the offices of governor and lieutenant governor in a general or special election shall be deemed to be one candidate.

8. Except as may otherwise be provided for a candidate and his family, no person may contribute, loan or guarantee in

excess of one hundred fifty thousand dollars within the state in connection with the nomination or election of persons to state and local public offices and party positions within the state of New York in any one calendar year. For the purposes of this subdivision “loan” or “guarantee” shall mean a loan or guarantee which is not repaid or discharged in the calendar year in which it is made.

9. *Repealed.*

10. a. No contributor may make a contribution to a party or constituted committee and no such committee may accept a contribution from any contributor which, in the aggregate, is greater than sixty-two thousand five hundred dollars per annum.

b. At the beginning of each fourth calendar year, commencing in nineteen hundred ninety-five, the state board shall determine the percentage of the difference between the most recent available monthly consumer price index for all urban consumers published by the United States bureau of labor statistics and such consumer price index published for the same month four years previously. The amount of such contribution limit fixed in paragraph a of this subdivision shall be adjusted by the amount of such percentage difference to the closest one hundred dollars by the state board which, not later than the first day of February in each such year, shall issue a regulation publishing the amount of such contribution limit. Such contribution limit as so adjusted shall be the contribution limit in effect for any election held before the next such adjustment.

11. A board of elections, as defined in subdivision twenty-six of section 1-104 of this chapter, shall calculate and publish on its website, on or before the fifteenth day of April, all contribution limits established pursuant to this section for the county, town, city and village offices on the ballot in that year, and within the same time period provide such calculated contribution limits to the state board of elections in the format required by such board.

§ 14–118. Treasurer and depository of political committee; filing of name and address

1. Every political committee shall have a treasurer and a depository, and shall cause the treasurer to keep detailed, bound accounts of all receipts, transfers, loans, liabilities, contributions and expenditures, made by the committee or any of its officers, members or agents acting under its authority or in its behalf. Such statement shall be signed by the treasurer and all other persons authorized to sign checks. Any change in the information required in any statement shall be reported, in an amended statement filed in the same manner and in the same office as an original statement filed under this section, within two days after it occurs, except that any change to the mailing address on any such statement filed at the state board may also be made in any manner deemed acceptable by the state board. Only a banking organization authorized to do business in this state may be designated a depository hereunder.

2. No candidate, political committee, or agent thereof may receive from any one person an aggregate amount greater than one hundred dollars except in the form of a check, draft or other instrument payable to the candidate, political committee or treasurer and signed or endorsed by the donor; except that such a candidate, political committee or agent may receive contributions in amounts greater than one hundred dollars which are made by credit card, provided that such candidate, political committee or agent preserves, together with the other accounts which such candidate, committee or agent is required to preserve pursuant to the provisions of this article, a copy of the document which was submitted to secure payment of the funds so contributed. All such checks, drafts or other instruments shall be deposited in the account of the candidate or committee in the designated depository. No candidate or political committee shall expend an amount in excess of one hundred dollars except by check drawn on the depository and signed by the candidate or person authorized to sign checks by him or in the case of a political committee, the treasurer or a person authorized to sign checks by him.

In the event that such partnership contribution to any such candidate or political committee exceeds twenty-five hundred dollars, the aggregate amount of such contribution shall

be attributed to each partner whose share of the contribution exceeds ninety-nine dollars.

3. (a) Notwithstanding any law to the contrary, all contributions made to a campaign or political committee by a limited liability company shall be attributed to each member of the limited liability company in proportion to the member's ownership interest in the limited liability company.

§ 14–200. Legislative findings and intent

The legislature finds that reform of New York state's campaign finance system is crucial to improving public confidence in the state's democratic processes and continuing to ensure a government that is accountable to all of the voters of the state regardless of wealth or position. The legislature finds that New York's current system of campaign finance, with its large contributions to candidates for office and party committees, has created the potential for and the appearance of corruption. The legislature further finds that, whether or not this system creates actual corruption, the appearance of such corruption can give rise to a distrust in government and citizen apathy that undermines the democratic operation of the political process.

The legislature also finds that the high cost of running for office in New York discourages qualified candidates from running for office and creates an electoral system that encourages candidates to spend too much time raising money rather than attending to the duties of their office, representing the needs of their constituents, and communicating with voters.

The legislature amends this article creating a new title to this article to reduce the possibility and appearance that special interests exercise undue influence over state officials; to increase the actual and apparent responsiveness of elected officials to all voters; to encourage qualified candidates to run for office; and to reduce the pressure on candidates to spend large amounts of time raising large contributions for their campaigns.

The legislature also finds that the system of voluntary public financing furthers the government’s interest in encouraging qualified candidates to run for office. The legislature finds that the voluntary public funding program will enlarge the public debate and increase participation in the democratic process. In addition, the legislature finds that the voluntary expenditure limitations and matching fund program reduce the burden on candidates and officeholders to spend time raising money for their campaigns.

Therefore, the legislature declares that these amendments further the important and valid government interests of reducing voter apathy, building confidence in government, reducing the reality and appearance of corruption, and encouraging qualified candidates to run for office, while reducing candidates’ and officeholders’ fundraising burdens.

(Added L.2020, c. 58, pt. ZZZ, § 4, eff. Nov. 9, 2022.)

§ 14-203. Eligibility

1. Terms and conditions. To be eligible for voluntary public financing under this title, a candidate must:

- (a) be a candidate in a covered election;
- (b) meet all the requirements of law to have his or her name on the ballot, subject to the requirements of subdivision three of section 1-104 and subdivision one of section 6-142 of this chapter;
- (c) in the case of a covered general or special election, be opposed by another candidate on the ballot who is not a write-in candidate;
- (d) submit a certification in the form of an affidavit, in such form as may be prescribed by the PCFB, that sets forth his or her acceptance of and agreement to comply with the terms and conditions for the provision of such funds in each covered election and such certification shall be submitted at least four months before a primary election and on the last day in which a certification of nomination is filed in a special election pursuant to a schedule promulgated by the PCFB;
- (e) be certified as a participating candidate by the PCFB;
- (f) not make, and not have made, expenditures from or use his or her personal funds or property or the personal funds or property jointly held with his or her spouse, or unemancipated children in connection with his or her nomination for election or election to a covered office, but may make a contribution to his or her authorized committee in an amount that does not exceed three times the applicable contribution limit from an individual contributor to candidates for the office that he or she is seeking;

(g) meet the threshold for eligibility set forth in subdivision two of this section;

(h) continue to abide by all requirements during the post-election period; and

(i) not have accepted contributions in amounts exceeding the contribution limits set forth for candidates in paragraphs a and b of subdivision one of section 14–114 of this article during the election cycle for which the candidate seeks certification;

(i) Provided however, that, if a candidate accepted contributions exceeding such limits, such acceptance shall not prevent the candidate from being certified by the PCFB if the candidate in a reasonable time, as determined by rule, pays to the fund or returns to the contributor the portion of any contribution that exceeded the applicable contribution limit.

(ii) If the candidate is unable to return such funds in a reasonable time, as determined by rule, because they have already been spent, acceptance of contributions exceeding the limits shall not prevent the candidate from being certified by the PCFB if the candidate submits an affidavit agreeing to pay to the fund all portions of any contributions that exceeded the limit no later than thirty days before the general election. If a candidate provides the PCFB with such an affidavit, any disbursement of public funds to the candidate shall be reduced by no more than twenty-five percent until the total amount owed by the candidate is repaid.

(iii) Nothing in this section shall be interpreted to require a candidate who retains funds raised during any previous election cycle to forfeit such funds. Funds raised during a previous election cycle may be retained and used by the candidate for the candidate's campaign in the next election cycle but funds shall not qualify for satisfying the threshold for participating in the public campaign finance program established in this title nor shall they be eligible to be matched. The PCFB shall adopt regulations to ensure that contributions that would satisfy the applicable contribution limits authorized in this title shall be transferred into the appropriate campaign account.

(iv) Contributions received and expenditures made by the candidate or an authorized committee of the candidate prior to

the effective date of this title shall not constitute a violation of this title. Unexpended contributions shall be treated the same as campaign surpluses under subparagraph (iii) of this paragraph. Nothing in this recommendation shall be construed to limit, in any way, any candidate or public official from expending any portion of pre-existing campaign funds for any lawful purpose other than those related to his or her campaign.

(v) A candidate who has raised matchable contributions but, in the case of a covered primary, general or special election, is not opposed by another candidate on the ballot who is not a write-in candidate, or who chooses not to accept matchable funds, may retain such contributions and apply them in accord with this title to the candidate's next campaign, should there be one, in the next election cycle.

2. Threshold for eligibility. (a) The threshold for eligibility for public funding for participating candidates shall be in the case of:

(i) governor, not less than five hundred thousand dollars in contributions including at least five thousand matchable contributions shall be counted toward this qualifying threshold;

(ii) lieutenant governor, attorney general and comptroller, not less than one hundred thousand dollars in contributions including at least one thousand matchable contributions shall be counted toward this qualifying threshold;

(iii) state senator, except as otherwise provided in paragraph (c) of this subdivision, not less than twelve thousand dollars in contributions including at least one hundred fifty matchable contributions shall be counted toward this qualifying threshold; and

(iv) member of the assembly, except as otherwise provided in paragraph (c) of this subdivision, not less than six thousand dollars in contributions including at least seventy-five matchable contributions shall be counted toward this qualifying threshold.

(b) However, solely for purposes of achieving the monetary thresholds in paragraph (a) of this subdivision, the first two hundred fifty dollars of any contribution of more than two hundred fifty dollars to a candidate or a candidate's committee which would otherwise be matchable except that it comes from

a contributor who has contributed more than two hundred fifty dollars to such candidate or candidate’s committee, is deemed to be a matchable contribution and shall count toward satisfying such monetary threshold but shall not otherwise be considered a matchable contribution.

(c) With respect to the minimum dollar threshold for participating candidates for state senate and state assembly, in such districts where average median income (“AMI”) is below the AMI as determined by the United States Census Bureau three years before such election for which public funds are sought, such minimum dollar threshold for eligibility shall be reduced by one-third. The PCFB shall make public which districts are subject to such reduction no later than two years before the first primary election for which funding is sought.

(d) Any participating candidate meeting the threshold for eligibility in a primary election for one of the foregoing offices shall be applied to satisfy the threshold for eligibility for such office in any other subsequent election held in the same calendar year. Any participating candidate who is nominated in a primary election and has participated in the public financing program set forth in this title, must participate in the general election for such office.

(Added L.2020, c. 58, pt. ZZZ, § 4, eff. Nov. 9, 2022.)

§ 14-204. Limits on public financing

The following limitations apply to the total amounts of public funds that may be provided to a participating candidate’s authorized committee for an election cycle:

1. In any primary election, receipt of public funds by participating candidates and by their participating committees shall not exceed:

(a) for Governor	\$3,500,000
(b) for Lieutenant Governor, Attorney General or Comptroller	\$3,500,000
(c) for State Senator	\$375,000
(d) for Member of the Assembly	\$175,000

2. In any general or special election, receipt of public funds by a participating candidate’s authorized committees shall not exceed:

(a) for Governor and Lieutenant Governor (combined)	\$3,500,000
(b) for Attorney General	\$3,500,000

CAMPAIGN RECEIPTS & EXPENDITURES**§ 14–205**

(c) for Comptroller	\$3,500,000
(d) for State Senator	\$375,000
(e) for Member of the Assembly	\$175,000

3. No participating candidate for nomination for an office who is not opposed by a candidate on the ballot in a primary election shall be entitled to payment of public matching funds, except that, where there is a contest in such primary election for the nomination of at least one of the two political parties with the highest and second highest number of enrolled members for such office, a participating candidate who is unopposed in the primary election may receive public funds before the primary election, for expenses incurred on or before the date of such primary election, in an amount equal to up to half the sum set forth in paragraph one of this section.

4. Nothing in this section shall be construed to limit the amount of private funds a candidate may receive subject to the contribution limits contained in section 14–114 of this article. Any contributions so received which are not expended in the general election may be applied to the next covered election for an office for which such candidate seeks nomination or election.

5. A candidate only on the ballot in one or more primary elections in which the number of persons eligible to vote for party nominees in each such election totals fewer than one thousand shall not receive public funds in excess of five thousand dollars for qualified campaign expenditures in such election or elections. For the purposes of this section, the number of persons eligible to vote for party nominees in a primary election shall be as determined by the state board of elections for the calendar year of the primary election. A candidate for office on the ballot in more than one primary for such office, shall be deemed, for purposes of this recommendation, to be a single candidate.

(Added L.2020, c. 58, pt. ZZZ, § 4, eff. Nov. 9, 2022.)

§ 14–205. Payment of public matching funds

1. Determination of eligibility. No public matching funds shall be paid to an authorized committee unless the PCFB determines that the participating candidate has met the eligibility requirements of this title. Payment shall not exceed the

amounts specified in subdivision two of this section, and shall be made only in accordance with the provisions of this title. Such payment may be made only to the participating candidate's authorized committee. No public matching funds shall be used except as reimbursement or payment for qualified campaign expenditures actually and lawfully incurred or to repay loans used to pay qualified campaign expenditures.

2. Calculation of payment. (a) In any election for a public office to be voted on by the voters of the entire state or for nomination to any such office, if the threshold for eligibility is met, the participating candidate's authorized committee shall receive payment for qualified campaign expenditures of six dollars of public matching funds for each one dollar of matchable contributions, obtained and reported to the PCFB in accordance with the provisions of this title. The maximum payment of public matching funds shall be limited to the amounts set forth in this section for the covered election.

(b) In any election for state senate or state assembly or for nomination to any such office, if the threshold for eligibility is met, the participating candidate's authorized committee shall receive payment for qualified campaign expenditures for matchable contributions of eligible private funds per contributor, obtained, and reported to the PCFB herein, of: twelve dollars of public matching funds for each of the first fifty dollars of matchable contributions; nine dollars of public matching funds for each of the next one hundred dollars of public matchable contributions; and eight dollars for the each of the next one hundred dollars of public matchable contributions. The maximum payment of public matching funds shall be limited to the amounts set forth in this section for the covered election.

3. Timing of payment. The PCFB shall make any payment of public matching funds to participating candidates as soon as is practicable. But in all cases, it shall verify eligibility for public matching funds within four days, excluding weekends and holidays, of receiving a campaign contribution report filed in compliance with section 14–104 of this article. Within two days of determining that a candidate for a covered office is eligible for public matching funds, it shall authorize payment of the applicable matching funds owed to the candidate. The PCFB shall schedule at least three payment dates in the thirty

days prior to a covered primary, general, or special election. If any of such payments would require payment on a weekend or federal holiday, payment shall be made on the next business day.

4. Notwithstanding any provision of this section to the contrary, the amount of public funds payable to a participating candidate on the ballot in any covered election shall not exceed one-quarter of the maximum public funds payment otherwise applicable and no participating candidate shall be eligible to receive a disbursement of public funds prior to two weeks after the last day to file designating petitions for a primary election unless the participating candidate is opposed by a competitive candidate. The PCFB shall, by regulation, set forth objective standards to determine whether a candidate is competitive and the procedures for qualifying for the payment of public funds.

5. Electronic funds transfer. The PCFB shall, in consultation with the office of the comptroller, promulgate rules to facilitate electronic funds transfers directly from the campaign finance fund into an authorized committee's bank account.

6. Irregularly scheduled elections. Notwithstanding any other provision of this title, the PCFB shall promulgate rules to provide for the prompt issuance of public matching funds to eligible participating candidates for qualified campaign expenditures in the case of any other covered election held on a day different from the day originally scheduled, including special elections. Provided, however in all cases, the PCFB shall: (a) within four days, excluding weekends and holidays, of receiving a report of contributions from a candidate for a covered office claiming eligibility for public matching funds, verify that candidate's eligibility for public matching funds; and (b) within two days of determining that the candidate for a covered office is eligible for public matching funds, it shall authorize payment of the applicable matching funds owed to the candidate.

(Added L.2020, c. 58, pt. ZZZ, § 4, eff. Nov. 9, 2022.)

§ 14-206. Use of public matching funds; qualified campaign expenditures

1. Public matching funds provided pursuant to this title may be used only by an authorized committee for expenditures

to further the participating candidate's nomination for election or election, including paying for debts incurred within one year prior to an election to further the participating candidate's nomination for election or election.

2. Such public matching funds may not be used for:

(a) an expenditure in violation of any law;

(b) an expenditure in excess of the fair market value of services, materials, facilities, or other things of value received in exchange;

(c) an expenditure made after the candidate has been finally disqualified from the ballot;

(d) an expenditure made after the only remaining opponent of the candidate has been finally disqualified from the general or special election ballot;

(e) an expenditure made by cash payment;

(f) a contribution or loan or transfer made to or expenditure to support another candidate or political committee or party committee or constituted committee;

(g) an expenditure to support or oppose a candidate for an office other than that which the participating candidate seeks;

(h) gifts, except brochures, buttons, signs, tee shirts and other printed campaign material;

(i) legal fees to defend against a criminal charge;

(j) any expenditure made to challenge the validity of any petition of designation or nomination or any certificate of nomination, acceptance, authorization, declination, or substitution;

(k) payments made to the candidate or a spouse, domestic partner, child, grandchild, parent, grandparent, brother or sister of the candidate or spouse or domestic partner of such child, grandchild, parent, grandparent, brother or sister, or to a business entity in which the candidate or any such person has a ten percent or greater ownership interest;

(l) an expenditure made primarily for the purpose of expressly advocating a vote for or against a ballot proposal, other than expenditures made also to further the participating candidate's nomination for election or election;

(m) payment of any settlement, penalty or fine imposed pursuant to federal, state or local law;

(n) payments made through advances, except in the case of individual purchases less than two hundred fifty dollars; or

(o) expenditures to facilitate, support, or otherwise assist in the execution or performance of the duties of public office.

(Added L.2020, c. 58, pt. ZZZ, § 4, eff. Nov. 9, 2022.)

§ 14-207. Composition, powers, and duties of the public campaign finance board

1. There shall be a public campaign finance board within the state board of elections that shall be comprised of the following commissioners: the four state board of elections commissioners and three additional commissioners, one jointly appointed by the legislative leaders of one major political party in each house of the legislature, one jointly appointed by the legislative leaders of the other major political party in each house of the legislature, and one of whom shall be appointed by the governor. Each commissioner must be a New York state resident and registered voter, and may not currently be, or within the previous five years have been, an officer of a political party or political committee as defined in the election law, or a registered lobbyist. The chair of the PCFB shall be designated by the PCFB from among the three additional commissioners. Each of the three additional commissioners shall receive a per diem of three hundred fifty dollars for work actually performed not to exceed twenty-five thousand dollars in any one calendar year. They shall be considered public officers for purposes of sections seventy-three-a and seventy-four of the public officers law. The three commissioners so appointed pursuant to this recommendation will be appointed for a term of five years to commence on July first, two thousand twenty and may be removed by his or her appointing authority solely for substantial neglect of duty, gross misconduct in office, inability to discharge the power or duties of office, after written notice and opportunity to be heard. During the period of his or her term as a commissioner appointed hereunder, each such commissioner is barred from making, or soliciting from other persons, any contributions to candidates for election to the offices of governor, lieutenant governor,

attorney general, comptroller, member of the assembly, or state senator. Any vacancy occurring on the PCFB shall be filled within thirty days of its occurrence in the same manner as the member whose vacancy is being filled was appointed. A person appointed to fill a vacancy occurring other than by expiration of a term of office shall be appointed for the unexpired term of the member he or she succeeds. Four members of the PCFB shall constitute a quorum, and the PCFB shall have the power to act by majority vote of the total number of members of the commission without vacancy. All members of the PCFB shall be appointed no later than the first day of July, two thousand twenty and the PCFB shall promulgate such regulations as are needed no later than the first day of July, two thousand twenty-one.

2. The PCFB and state board of elections may utilize existing state board of elections staff and hire such other staff as are necessary to carry out its duties. It may expand its staffing, as needed, to provide additional candidate liaisons to assist candidates in complying with the terms of this public campaign finance system as provided for in these recommendations, as well as auditors, trainers, attorneys, technical staff and other such staff as the PCFB determines is necessary to administer this system. Annually, on or before the first of every year, the PCFB shall submit to the governor and the division of the budget a request for appropriations for the next state fiscal year to fully support the administration of the public campaign finance program established in this title.

3. The PCFB shall develop a program for informing candidates and the public as to the purpose and effect of the provisions of this title, including by means of a webpage. The PCFB shall prepare in plain language and make available educational materials, including compliance manuals and summaries and explanations of the purposes and provisions of this title. The PCFB shall provide compliance counseling and guidance to candidates seeking to participate in public financing as provided for in this title, as well as to such candidates who participate. The PCFB shall prepare or have prepared and make available materials, including, to the extent feasible, computer software, to facilitate the task of compliance with the disclosure and record keeping requirements of this title.

4. The PCFB shall have the authority to promulgate such rules and regulations and provide such forms as it deems necessary for the administration of this title.

5. The PCFB shall provide an interactive, searchable computer database that shall contain all information necessary for the proper administration of this title, including information on contributions to and expenditures by candidates and their authorized committees, independent expenditures in support or opposition of candidates for covered offices, and distributions of moneys from the fund. Such database shall be accessible to the public on the PCFB's webpage.

6. Any advice provided by PCFB staff to a participating or non participating candidate with regard to an action shall be presumptive evidence that such action, if taken in reliance on such advice, should not be subject to a penalty or repayment obligation where such candidate or such candidate's committee has confirmed such advice in writing to such PCFB staff by registered or certified mail to the correct address, or by electronic or facsimile transmission with evidence of receipt, describing the action to be taken pursuant to the advice given and the PCFB or its staff has not responded to such written confirmation within seven business days disavowing or altering such advice, provided that the PCFB's response shall be by registered or certified mail to the correct address, or by electronic or facsimile transmission with evidence of receipt.

7. The PCFB and its proceedings shall be subject to articles six and seven of the public officers law.

8. Notwithstanding any other provision of law including, but not limited to, subdivision one of section 3-104 of this chapter, the PCFB shall have sole authority to investigate all referrals and complaints relating to the administration of the program established hereunder and violations of any of its provisions, and it shall have sole authority to administer the program established in this title and to enforce such provisions of this program except as otherwise provided in this title.

9. The PCFB may take such other actions as are necessary and proper to carry out the purposes of this recommendation.

(Added L.2020, c. 58, pt. ZZZ, § 4, eff. Nov. 9, 2022.)

§ 14-208. Audits and repayments

1. Audits. (a) The PCFB shall audit and examine all matters relating to the proper administration of this title and shall complete all such audits no later than one and one-half years after the election in question. This deadline shall not apply in cases involving potential campaign-related fraud, knowing and willful violations of this article, or criminal activity.

(b) Every participating candidate for statewide office who receives public funds as provided in this title, and every candidate for any other office who receives five hundred thousand dollars or greater in public funds as provided in this title, shall be audited by the PCFB along with all other candidates in each such race. Such audits shall be completed within one and one-half years of the election in question.

(c) Except as provided in paragraph (b) of this subdivision, the PCFB shall select not more than one-third of all participating candidates in covered elections for audit through a lottery which shall be completed within one year of the election in question. A separate lottery shall be conducted for each office. The PCFB shall select senate and assembly districts to be audited, auditing every candidate in each selected district, while ensuring that the number of audited candidates within those districts does not exceed fifty percent of all participating candidates for the relevant office. The lottery for senate and assembly elections shall be weighted to increase the likelihood that a district for the relevant office is audited based on how frequently it has not been selected for auditing during the past three election cycles. The PCFB shall promulgate rules concerning the method of weighting the senate and assembly lotteries, including provisions for the first three election cycles for each office.

(d) The cost of complying with a post-election audit shall be borne by the candidate's authorized committee using public funds, private funds, or any combination of such funds. Candidates who run in any primary or general election must maintain a reserve of three percent of the public funds received to comply with the post-election audit.

(e) The PCFB shall issue to each campaign audited a final audit report that details its findings.

2. Repayments. (a) If the PCFB determines that any portion of the payment made to a candidate's authorized committee from the fund was in excess of the aggregate amount of payments that such candidate was eligible to receive pursuant to this title, it shall notify such committee and such committee shall pay to the PCFB an amount equal to the amount of excess payments. Such committee shall first utilize the surplus for repayment of such sums and then such other funds as it may have. Provided, however, that if the erroneous payment was the result of an error by the PCFB, then the erroneous payment will be deducted from any future payment, if any, and if no future payment is to be made then neither the candidate nor the committee shall be liable to repay the excess amount to the PCFB. The candidate and the candidate's authorized committee are jointly and severally liable for any repayments to the PCFB.

(b) If the PCFB determines that any portion of the payment made to a candidate's authorized committee from the fund was used for purposes other than qualified campaign expenditures and such expenditures were not approved by the PCFB, it shall notify such committee of the amount so disqualified and such committee shall pay to the PCFB an amount equal to such disqualified amount. The candidate, the treasurer, and the candidate's authorized committee are jointly and severally liable for any repayments to the PCFB.

(c) If the total sum of contributions received and public matching payments from the fund received by a participating candidate and his or her authorized committee exceed the total campaign expenditures of such candidate and authorized committee for all covered elections held in the same calendar year or for a special election to fill a vacancy, such candidate and committee shall use such surplus funds to reimburse the fund for payments received by such authorized committee from the fund during such calendar year or for such special election. Participating candidates shall make such payments not later than twenty-seven days after all liabilities for the election have been paid and in any event, not later than the day on which the PCFB issues its final audit report for the participating candidate's authorized committee; provided, however, that all unspent public campaign funds for a participating candidate shall

be immediately due and payable to the PCFB upon a determination by the PCFB that the participant has delayed the post-election audit. A participating candidate may make post-election expenditures with public funds only for routine activities involving nominal cost associated with winding up a campaign and responding to the post-election audit. Nothing in this title shall be construed to prevent a candidate or his or her authorized committee from using campaign contributions received from private contributors for otherwise lawful expenditures.

3. Rules and regulations. (a) The PCFB shall promulgate regulations for the certification of the amount of funds payable by the comptroller from the fund established pursuant to section ninety-two-t of the state finance law, to a participating candidate that has qualified to receive such payment. These regulations shall include the promulgation and distribution of forms on which contributions and expenditures are to be reported, the periods during which such reports must be filed, and the verification required. The PCFB shall institute procedures which will make possible payment by the fund within four business days after receipt of the required forms and verifications.

(b) All rules and regulations promulgated pursuant to this recommendation shall be promulgated pursuant to the state administrative procedure act. The PCFB's determinations pursuant to such regulations and these recommendations shall be deemed final.

(Added L.2020, c. 58, pt. ZZZ, § 4, eff. Nov. 9, 2022.)

§ 14-209. Enforcement and penalties for violations and other proceedings

1. Civil penalties. Violations of any provisions regarding public campaign financing stated in this title or regulation promulgated pursuant to this title shall be subject to a civil penalty in an amount not in excess of fifteen thousand dollars and such other lesser fines as the PCFB may promulgate in regulation. Candidates may contest alleged failures to file, late reports and reports with noticed deficiencies and have an opportunity to be heard by the PCFB. The PCFB shall promulgate a regulation setting forth a schedule of fines for such

infractions including those that it may assess directly on violators. The PCFB shall investigate referrals and complaints. After investigation, it may recommend dismissal, settlement, civil action, or referral to law enforcement. The PCFB may assess penalties and it is authorized to commence a civil action in court to enforce all penalties and recover money due.

2. Notice of violation and opportunity to be heard. The PCFB shall:

(a) determine whether a violation of any provision of this title or regulation promulgated hereunder has been committed;

(b) serve written notice upon each person or entity it has reason to believe has committed a violation and such written notice shall describe with particularity the nature of the alleged violation including a written reference to a specific law or regulation alleged to have been violated;

(c) provide such person or entity an opportunity to be heard pursuant to the state administrative procedure act and any regulations of the PCFB; and

(d) if appropriate, assess penalties for violations, following such notice and opportunity to be heard.

3. Criminal conduct. Any person who knowingly and willfully furnishes or submits false statements or information to the PCFB in connection with its administration of this title shall be guilty of a misdemeanor in addition to any other penalty as may be imposed under this chapter or pursuant to any other law. The attorney general, upon referral from the PCFB, shall have exclusive authority to prosecute any such criminal violation. The PCFB shall seek to recover any public matching funds obtained as a result of such criminal conduct.

4. Court proceedings. Proceedings as to public financing brought under this title shall have preference over all other causes in all courts.

(a) The determination of eligibility pursuant to this title and any question or issue relating to payments for campaign expenditures pursuant to this title may be contested in a proceeding instituted in the Supreme Court, Albany county by any aggrieved candidate.

(b) A proceeding with respect to such a determination of eligibility or payment for qualified campaign expenditures pursuant to this chapter shall be instituted within fourteen days after such determination was made. The PCFB shall be made a party to any such proceeding.

(c) Upon the PCFB's failure to receive the amount due from a participating candidate or such candidate's authorized committee after the issuance of written notice of such amount due, as required by this title, the PCFB is authorized to institute a special proceeding or civil action in Supreme Court, Albany county to obtain a judgment for any amounts determined to be payable to the PCFB as a result of an examination and audit made pursuant to this title or to obtain such amounts directly from the candidate or authorized committee after a hearing at the PCFB.

(d) The PCFB shall settle or, in its sole discretion, institute a special proceeding or civil action in Supreme Court, Albany county to obtain a judgment for civil penalties determined to be payable to the PCFB pursuant to this title or to impose such penalty directly after a hearing at the PCFB.

(Added L.2020, c. 58, pt. ZZZ, § 4, eff. Nov. 9, 2022.)

§ 14-210. Reports

The PCFB shall review and evaluate the effect of this title upon the conduct of election campaigns and shall submit a report to the legislature on or before January first, two thousand twenty-five and every second year thereafter, and at any other time upon the request of the governor and at such other times as the PCFB deems appropriate. These reports shall include:

1. a list of the participating and nonparticipating candidates in covered elections and the votes received by each candidate in those elections;
2. the amount of contributions and loans received, and expenditures made on behalf of these candidates;
3. the amount of public matching funds each participating candidate received, spent, and repaid pursuant to this program;

4. analysis of the effect of this title on political campaigns, including its effect on the sources and amounts of private financing, the level of campaign expenditures, voter participation, the number of candidates, the candidates' ability to campaign effectively for public office, and the diversity of candidates seeking and elected to office; and

5. recommendations for further legislative and regulatory enactments, including changes in contribution limits, thresholds for eligibility, and any other features of the system.

(Added L.2020, c. 58, pt. ZZZ, § 4, eff. Nov. 9, 2022.)

§ 14–211. Debates for candidates for statewide office

The PCFB shall promulgate regulations to facilitate debates among participating candidates who seek election to statewide office. Participating candidates are required to participate in one debate before each election for which the candidate receives public funds, unless the participating candidate is running unopposed. Nonparticipating candidates may participate in such debates.

(Added L.2020, c. 58, pt. ZZZ, § 4, eff. Nov. 9, 2022.)

§ 14–212. Severability

If any clause, sentence, or other portion of paragraph (c) of subdivision two of section 14–203 of this title be adjudged by any court of competent jurisdiction to be invalid, then subparagraphs (iii) and (iv) of paragraph (a) of subdivision two of section 14–203 of this title shall read as follows:

(iii) state senator, except as otherwise provided in paragraph (c) of this subdivision, not less than ten thousand dollars in matchable contributions including at least one hundred and fifty matchable contributions in an amount greater than five dollars and no greater than the limits in this chapter, of which the first two hundred fifty dollars shall be counted toward this qualifying threshold; and

(L.1976, c. 233, § 1. Amended L.2011, c. 399, pt. E, § 4, eff. Aug. 15, 2011.)

§ 16-101. *Actions or proceedings challenging provisions of this chapter*

1. *Notwithstanding any other law to the contrary, in any action or proceeding in which any party challenges the constitutionality of a provision of this chapter, and any related statutory claims, venue shall be proper only in one of the following designated courts in a judicial department within which at least one plaintiff is located:*

(a) first judicial department: New York county;

- (b) *second judicial department: Westchester county;*
- (c) *third judicial department: Albany county; or*

(Added L.2023, c. 475, § 1, eff. Sept. 20, 2023.)

§ 16–102. Proceedings as to designations and nominations, primary elections, etc.

1. The nomination or designation of any candidate for any public office or party position or any independent nomination, or the holding of an uncontested primary election, by reason of a petition for an opportunity to ballot having been filed, or the election of any person to any party position, *or the certificate to fill a vacancy in a designation*, may be contested in a proceeding instituted in the supreme court by any aggrieved candidate, or by the chairman of any party committee or by a person who shall have filed objections, as provided in this chapter, except that the chairman of a party committee may not bring a proceeding with respect to a designation or the holding of an otherwise uncontested primary.

2. A proceeding with respect to a petition shall be instituted within fourteen days after the last day to file the petition, *within four days after the last day that a certificate to fill a vacancy in a designation shall be filed*, or within three business days after the officer or board with whom or which such petition was filed, makes a determination of invalidity with respect to such petition *or certificate to fill a vacancy*, whichever is later; except that a proceeding with respect to a petition for a village election or a nomination for a special election shall be instituted within seven days after the last day to file the certificate or petition for such village election or nomination or within three business days after the officer or board with whom or which such certificate or petition was filed, makes a

determination of invalidity with respect to such certificate or petition, whichever is later. A proceeding with respect to a primary, convention, meeting of a party committee, or caucus shall be instituted within ten days after the holding of such primary or convention or the filing of the certificate of nominations made at such caucus or meeting of a party committee.

3. The court may direct reassembling of any convention or the holding of a new primary election, or caucus where it finds there has been such fraud or irregularity as to render impossible a determination as to who rightfully was nominated or elected.

4. A final order including the resolution of any appeals in any proceeding involving the names of candidates on ballots or voting machines shall be made, if possible, at least five weeks before the day of the election at which such ballots or voting machines are to be used, or if such proceeding is commenced within five weeks of such election, no later than the day following the day on which the case is heard.

§ 16–104. Proceedings as to form of ballot, party name, etc.

1. The form and content of any ballot, or portion thereof, to be used in an election, and the right to use any emblem design, party or independent body name, may be contested in a proceeding instituted in the supreme court by any aggrieved candidate or by the chairman of any party committee or independent body.

2. The wording of the abstract or form of submission of any proposed amendment, proposition or question may be contested in a proceeding instituted by any person eligible to vote on such amendment, proposition or question.

3. A proceeding pursuant to subdivision two of this section must be instituted within seven days after the last day to certify the wording of any such abstract or form of submission.

4. A final order including the resolution of any appeals in any proceeding involving the contents of official ballots on voting machines shall be made, if possible, at least five weeks

before the day of the election at which such voting machines are to be used, or if such proceeding is commenced within five weeks of an election, no later than the day following the day on which the case is heard.

§ 16–106. Proceedings as to the casting and canvass of ballots

1. The post-election refusal to cast: (a) challenged ballots, blank ballots, or void ballots; (b) *early mail*, absentee, military, special, or federal write-in ballots; (c) emergency ballots; and (d) ballots voted in affidavit envelopes may be contested in a proceeding instituted in the supreme or county court, by any candidate or the chairman of any party committee, and by any voter with respect to the refusal to cast such voter’s ballot, against the board of canvassers of the returns from such district, if any, and otherwise against the board of inspectors of election of such district. If the court determines that the person who cast such ballot was entitled to vote at such election, it shall order such ballot to be cast and canvassed, including if the court finds that ministerial error by the board of elections or any of its employees caused such ballot envelope not to be valid on its face.

2. The canvass of returns by the state, or county, city, town or village board of canvassers may be contested, in a proceeding instituted in the supreme court by any voter, except a proceeding on account of the failure of the state board of canvassers to act upon new returns of a board of canvassers of any county made pursuant to the order of a court or justice, which may be instituted only by a candidate aggrieved or a voter in the county.

3. The attorney general, on behalf of the state, and the chairman of the state committee of a party, may institute any proceeding allowed herein relating to the returns of canvass by inspectors upon the vote of any ballot proposal submitted to the people of the state.

4. The court shall ensure the strict and uniform application of the election law and shall not permit or require the altering

of the schedule or procedures in section 9-209 of this chapter but may direct a recanvass or the correction of an error, or the performance of any duty imposed by this chapter on such a state, county, city, town or village board of inspectors, or canvassers.

5. In the event procedural irregularities or other facts arising during the election suggest a change or altering of the canvass schedule, as provided for in section 9-209 of this chapter, may be warranted, a candidate may seek an order for temporary or preliminary injunctive relief or an impound order halting or altering the canvassing schedule of *early mail*, absentee, military, special or affidavit ballots. Upon any such application, the board or boards of elections have a right to be heard. To obtain such relief, the petitioner must meet the criteria in article sixty-three of the civil practice law and rules and show by clear and convincing evidence, that, because of procedural irregularities or other facts arising during the election, the petitioner will be irreparably harmed absent such relief. For the purposes of this section, allegations that opinion polls show that an election is close is insufficient to show irreparable harm to a petitioner by clear and convincing evidence.

6. A proceeding under subdivisions one and three of this section must be instituted within twenty days and under subdivision two, within thirty days after the election or alleged erroneous statement or determination was made, or the time when the board shall have acted in the particulars as to which it is claimed to have failed to perform its duty, except that such a proceeding with respect to a village election must be instituted within ten days after such election, statement, determination or action.

(L.1976, c. 233, § 1. Amended L.1982, c. 647, § 27; L.1989, c. 359, § 29; L.1992, c. 91, § 12; L.1994, c. 659, § 52; L.2021, c. 763, § 5, eff. April 1, 2022; L.2023, c. 481, § 30, eff. Jan. 1, 2024.)

§ 16-108. Proceedings as to registration and voting

1. The supreme court, by a justice thereof within the judicial district, or the county court, by a county judge within his county, in a proceeding instituted by any voter to whom registration has been unlawfully refused, shall compel, by

order, the registration of such voter, and, in a proceeding instituted by any voter duly qualified to vote in this state, or by the state board of elections, shall, by order, direct the cancellation of the registration of any person who shall unlawfully be registered, and shall order the board of elections or other official charged with the conduct of registration to carry out such order.

2. In any such proceeding the board of elections or other official charged with the conduct of the election, in which it is claimed the registration of the voter unlawfully was refused or unlawfully registered, shall be a necessary party and the person whose name is sought to be stricken from the register shall likewise be a necessary party, and the board and such person shall receive such notice as the court, justice or judge shall direct.

3. Such court, in a proceeding instituted by any voter unlawfully denied the right to vote by the inspectors, shall, by order, direct that he be allowed to vote at his polling place and within the hours established by law. Such order shall, where necessary, direct the board of elections to complete the voter's registration and enrollment records.

4. Such court, justice or judge, in a proceeding instituted by any voter unlawfully denied an *early mail* or absentee ballot or the application therefor, shall compel, by order, the delivery to such voter of a ballot or application.

5. An affidavit by any officer or employee of the board of elections, or by any police officer, sheriff or deputy sheriff, or by any special investigator appointed by the state board of elections, that he or she visited the premises claimed by the applicant as his or her residence and that he interrogated an incarcerated individual, housedweller, keeper, caretaker, owner, proprietor or landlord thereof or therein as to the applicant's residence therein or thereat, and that he or she was informed by one or more of such persons, naming them, that they knew the persons residing upon such premises and that the applicant did not reside upon such premises thirty days before the election, shall be presumptive evidence against the right of the voter to register from such premises.

6. For each primary, special and general election, the presiding justice of the appellate division of the first and second

judicial department shall, and the presiding justice of the appellate division of the third and fourth judicial departments may assign one or more justices of the supreme court to sit at such offices of the board of elections and such other locations as may be designated to hear and determine all cases arising under this chapter relating to eligibility for voting of such election.

(L.1976, c. 233, § 1. Amended L.2021, c. 322, § 5, eff. Aug. 2, 2021; L.2023, c. 481, § 31, eff. Jan. 1, 2024.)

§ 16–110. Proceedings as to enrollment

1. The supreme court, by a justice thereof within the judicial district, or the county court, by a judge within his county, in a proceeding instituted by a duly enrolled voter of a party, not later than the second Friday before a primary election, shall direct the enrollment of any voter with such party to be cancelled if it appears that any material statement in the declaration of the voter upon which he was enrolled is false or that the voter has died or does not reside at the address on his registration record.

2. The chairman of the county committee of a party with which a voter is enrolled in such county, may, upon a written complaint by an enrolled member of such party in such county and after a hearing held by him or by a sub-committee appointed by him upon at least two days' notice to the voter, personally or by mail, determine that the voter is not in sympathy with the principles of such party. The Supreme Court or a justice thereof within the judicial district, in a proceeding instituted by a duly enrolled voter of the party at least ten days before a primary election, shall direct the enrollment of such voter to be cancelled if it appears from the proceedings before such chairman or sub-committee, and other proofs, if any, presented, that such determination is just.

(L.1976, c. 233, § 1. Amended L.1978, c. 373, § 102, eff. Dec. 1, 1978.)

§ 16–112. Proceedings for examination or preservation of ballots

The supreme court, by a justice within the judicial district, or the county court, by a county judge within his county, may direct the examination by any candidate or his agent of any

ballot or voting machine upon which his name appeared, and the preservation of any ballots in view of a prospective contest, upon such conditions as may be proper.

(L.1976, c. 233, § 1.)

§ 16-113. Proceeding with respect to voter verifiable records

The supreme court, by a justice within the judicial district, or the county court, by a county judge within his or her county, in a special proceeding by any candidate or his or her agent, may direct a manual audit of the voter verifiable audit records applicable to any candidate running for office within such judicial district or county where (1) the uniform statewide standard promulgated by regulation by the state board of elections pursuant to subdivision three of section 9-211 of this chapter with respect to discrepancies between manual audit tallies and voting machines or systems tallies requires a further voter verifiable record audit of additional voting machines or systems or all voting machines or systems applicable to such election, or (2) where evidence presented to the court otherwise indicates that there is a likelihood of a material discrepancy between such manual audit tally and such voting machine or system tally, or a discrepancy as defined in subdivision three of section 9-208 of this chapter, which creates a substantial possibility that the winner of the election as reflected in the voting machine or system tally could change if a voter verifiable record audit of additional voting machines or systems or of all voting machines or systems applicable to such election were conducted.

(Added L.2005, c. 181, § 15, eff. July 12, 2005. Amended L.2010, c. 129, § 1, eff. June 15, 2010; L.2010, c. 163, § 14, eff. July 7, 2010.)

§ 16-114. Proceedings to compel filing of statements or corrected statements of campaign receipts, expenditures and contributions

1. The supreme court or a justice thereof, in a proceeding instituted by any candidate voted for at the election or primary or by any five qualified voters or by the state or other board of elections may compel by order, any person required to file a statement of receipts, expenditures or contributions for campaign purposes, who has not filed any such statement within

the time prescribed by this chapter, to file such statement within five days after notice of the order.

2. The supreme court or a justice thereof, in a proceeding instituted by any candidate voted for at the election or primary or by any five qualified voters, or by the state or other board of elections in accordance with the provision of this chapter may compel by order any person required under the provisions of this chapter to file a statement of receipts, expenditures or contributions for campaign purposes, who has filed a statement which does not conform to the requirements of this chapter in respect to its truth, sufficiency in detail or otherwise, to file a new or supplemental statement which shall make the statement or statements true and complete within five days after notice of the order. The state board of elections shall be a necessary party in any such proceeding.

3. The supreme court or a justice thereof, in a proceeding instituted by any candidate voted for at the election or primary or by any five qualified voters, or by the state or other board of elections may compel by order any person who has failed to comply, or the members of any committee which has failed to comply, with any of the provisions of this chapter, to comply therewith.

4. In every proceeding instituted under this section, except a proceeding to compel the filing of a statement by a candidate for nomination to a public office at a primary election or for election thereto, or by the treasurer of a political committee, who has failed to file any statement, the petitioner or petitioners, upon the institution of the proceeding shall file with the county clerk an undertaking in a sum to be determined and with sureties to be approved by a justice of the supreme court conditioned to pay any costs imposed against him or them; provided, however, that no such undertaking shall be required in a proceeding instituted by the state or other board of elections.

(Added L.1989, c. 694, § 3, eff. Dec. 1, 1989.)

§ 16-116. Proceedings; provisions in relation thereto

A special proceeding under the foregoing provisions of this article shall be heard upon a verified petition and such oral or written proof as may be offered, and upon such notice to such officers, persons or committees as the court or justice shall direct, and shall be summarily determined. The proceeding shall have preference over all other causes in all courts. The petition in any such proceeding instituted by the state or other board of elections shall be verified by the persons specified in accordance with rules promulgated by the state board of elections. In the city of New York, a proceeding relating to a run-off primary brought pursuant to this article shall have first preference over all other proceedings.

1. The supreme court or a justice thereof, in a proceeding instituted by the state board of elections, may impose a civil

penalty, as provided for in subdivisions one and two of section 14–126 of this chapter.

2. Upon proof that a violation of article fourteen of this chapter, as provided in subdivision one of this section, has occurred, the court may impose a civil penalty, pursuant to subdivisions one and two of section 14–126 of this chapter, after considering, among other factors, the severity of the violation or violations, whether the subject of the violation made a good faith effort to correct the violation and whether the subject of the violation has a history of similar violations. All such determinations shall be made on a fair and equitable basis without regard to the status of the candidate or political committee.

In recognition of the protections for the right to vote provided by the constitution of the state of New York, which substantially exceed the protections for the right to vote provided by the constitution of the United States, and in conjunction with the constitutional guarantees of equal protection, freedom of expression, and freedom of association under the law and against the denial or abridgement of the voting rights of members of a race, color, or language-minority group, it is the public policy of the state of New York to:

PROTECTING ELECTIVE FRANCHISE

§ 17-204

1. Encourage participation in the elective franchise by all eligible voters to the maximum extent; and

2. Ensure that eligible voters who are members of racial, color, and language-minority groups shall have an equal opportunity to participate in the political processes of the state of New York, and especially to exercise the elective franchise.

§ 17-202. Interpretation of laws related to the elective franchise

In further recognition of the protections for the right to vote provided by the constitution of the state of New York, all statutes, rules and regulations, and local laws or ordinances related to the elective franchise shall be construed liberally in favor of (a) protecting the right of voters to have their ballot cast and counted; (b) ensuring that eligible voters are not impaired in registering to vote, and (c) ensuring voters of race, color, and language-minority groups have equitable access to fully participate in the electoral process in registering to vote and voting. The authority to prescribe or maintain voting or elections policies and practices cannot be so exercised as to unnecessarily deny or abridge the right to vote. Policies and practices that burden the right to vote must be narrowly tailored to promote a compelling policy justification that must be supported by substantial evidence.

(Added L.2022, c. 226, § 4, eff. July 1, 2023.)

§ 17-204. Definitions

For the purposes of this title:

1. “At-large” method of election means a method of electing members to the governing body of a political subdivision: (a) in which all of the voters of the entire political subdivision elect each of the members to the governing body; (b) in which the candidates are required to reside within given areas of the political subdivision and all of the voters of the entire political subdivision elect each of the members to the governing body; or (c) that combines at-large elections with district-based elections, unless the only member of the governing body of a political subdivision elected at-large holds exclusively executive

responsibilities. For the purposes of this title, at-large method of election does not include ranked-choice voting, cumulative voting, and limited voting.

2. “District-based” method of election means a method of electing members to the governing body of a political subdivision using a districting or redistricting plan in which each member of the governing body resides within a district or ward that is a divisible part of the political subdivision and is elected only by voters residing within that district or ward, except for a member of the governing body that holds exclusively executive responsibilities.

3. “Alternative” method of election means a method of electing members to the governing body of a political subdivision using a method other than at-large or district-based, including, but not limited to, ranked-choice voting, cumulative voting, and limited voting.

4. “Political subdivision” means a geographic area of representation created for the provision of government services, including, but not limited to, a county, city, town, village, school district, or any other district organized pursuant to state or local law.

5-a. “Language minorities” or “language-minority group” means persons who are American Indian, Asian American, Alaskan Natives or of Spanish heritage.

6. “Racially polarized voting” means voting in which there is a divergence in the candidate, political preferences, or electoral choice of members in a protected class from the candidates, or electoral choice of the rest of the electorate.

7. “Federal voting rights act” means the federal Voting Rights Act of 1965, 52 U.S.C. § 10301 et seq., as amended.

8. The “civil rights bureau” means the civil rights bureau of the office of the attorney general.

(Added L.2022, c. 226, § 4, eff. July 1, 2023.)

§ 17-206. Prohibitions on voter disenfranchisement

1. Prohibition against voter suppression. (a) No voting qualification, prerequisite to voting, law, ordinance, standard, practice, procedure, regulation, or policy shall be enacted or implemented by any board of elections or political subdivision in a manner that results in a denial or abridgement of the right of members of a protected class to vote.

(b) A violation of paragraph (a) of this subdivision shall be established upon a showing that, based on the totality of the circumstances, members of a protected class have less opportunity than the rest of the electorate to elect candidates of their choice or influence the outcome of elections.

2. Prohibition against vote dilution. (a) No board of elections or political subdivision shall use any method of election, having the effect of impairing the ability of members of a protected class to elect candidates of their choice or influence the outcome of elections, as a result of vote dilution.

(b) A violation of paragraph (a) of this subdivision shall be established upon a showing that a political subdivision:

(i) used an at-large method of election and either: (A) voting patterns of members of the protected class within the political subdivision are racially polarized; or (B) under the totality of the circumstances, the ability of members of the protected class to elect candidates of their choice or influence the outcome of elections is impaired; or

(ii) used a district-based or alternative method of election and that candidates or electoral choices preferred by members of the protected class would usually be defeated, and either:

(A) voting patterns of members of the protected class within the political subdivision are racially polarized; or (B) under the totality of the circumstances, the ability of members of the protected class to elect candidates of their choice or influence the outcome of elections is impaired; or

(c) For the purposes of demonstrating that a violation of paragraph (a) of this subdivision has occurred, evidence shall be weighed and considered as follows: (i) elections conducted prior to the filing of an action pursuant to this subdivision are more probative than elections conducted after the filing of the action; (ii) evidence concerning elections for members of the governing body of the political subdivision are more probative than evidence concerning other elections; (iii) statistical evidence is more probative than non-statistical evidence; (iv) where there is evidence that more than one protected class of eligible voters are politically cohesive in the political subdivision, members of each of those protected classes may be combined; (v) evidence concerning the intent on the part of the voters, elected officials, or the political subdivision to discriminate against a protected class is not required; (vi) evidence that voting patterns and election outcomes could be explained by factors other than racially polarized voting, including but not limited to partisanship, shall not be considered; (vii) evidence that sub-groups within a protected class have different voting patterns shall not be considered; (viii) evidence concerning whether members of a protected class are geographically compact or concentrated shall not be considered, but may be a factor in determining an appropriate remedy; and (ix) evidence concerning projected changes in population or demographics shall not be considered, but may be a factor, in determining an appropriate remedy.

3. In determining whether, under the totality of the circumstances, a violation of subdivision one or two of this section has occurred, factors that may be considered shall include, but not be limited to: (a) the history of discrimination in or affecting the political subdivision; (b) the extent to which members of the protected class have been elected to office in the political subdivision; (c) the use of any voting qualification, prerequisite to voting, law, ordinance, standard, practice, procedure, regulation, or policy that may enhance the dilutive

effects of the election scheme; (d) denying eligible voters or candidates who are members of the protected class to processes determining which groups of candidates receive access to the ballot, financial support, or other support in a given election; (e) the extent to which members of the protected class contribute to political campaigns at lower rates; (f) the extent to which members of a protected class in the state or political subdivision vote at lower rates than other members of the electorate; (g) the extent to which members of the protected class are disadvantaged in areas including but not limited to education, employment, health, criminal justice, housing, land use, or environmental protection; (h) the extent to which members of the protected class are disadvantaged in other areas which may hinder their ability to participate effectively in the political process; (i) the use of overt or subtle racial appeals in political campaigns; (j) a significant lack of responsiveness on the part of elected officials to the particularized needs of members of the protected class; and (k) whether the political subdivision has a compelling policy justification that is substantiated and supported by evidence for adopting or maintaining the method of election or the voting qualification, prerequisite to voting, law, ordinance, standard, practice, procedure, regulation, or policy. Nothing in this subdivision shall preclude any additional factors from being considered, nor shall any specified number of factors be required in establishing that such a violation has occurred.

4. Standing. Any aggrieved person, organization whose membership includes aggrieved persons or members of a protected class, organization whose mission, in whole or in part, is to ensure voting access and such mission would be hindered by a violation of this section, or the attorney general may file an action against a political subdivision pursuant to this section in the supreme court of the county in which the political subdivision is located.

5. Remedies. (a) Upon a finding of a violation of any provision of this section, the court shall implement appropriate remedies to ensure that voters of race, color, and language-minority groups have equitable access to fully participate in the electoral process, which may include, but shall not be limited to:

- (i) a district-based method of election;
 - (ii) an alternative method of election;
 - (iii) new or revised districting or redistricting plans;
 - (iv) elimination of staggered elections so that all members of the governing body are elected on the same date;
 - (v) reasonably increasing the size of the governing body;
 - (vi) moving the dates of regular elections to be concurrent with the primary or general election dates for state, county, or city office as established in section eight of article three or section eight of article thirteen of the constitution, unless the budget in such political subdivision is subject to direct voter approval pursuant to part two of article five or article forty-one of the education law;
 - (vii) transferring authority for conducting the political subdivision's elections to the board of elections for the county in which the political subdivision is located;
 - (viii) additional voting hours or days;
 - (ix) additional polling locations;
 - (x) additional means of voting such as voting by mail;
 - (xi) ordering of special elections;
 - (xii) requiring expanded opportunities for voter registration;
 - (xiii) requiring additional voter education;
 - (xiv) modifying the election calendar;
 - (xv) the restoration or addition of persons to registration lists; or
 - (xvi) retaining jurisdiction for such period of time on a given matter as the court may deem appropriate, during which no redistricting plan shall be enforced unless and until the court finds that such plan does not have the purpose of diluting the right to vote on the basis of protected class membership, or in contravention of the voting guarantees set forth in this title, except that the court's finding shall not bar a subsequent action to enjoin enforcement of such redistricting plan.
- (b) The court shall consider proposed remedies by any parties and interested non-parties, but shall not provide deference or priority to a proposed remedy offered by the political

subdivision. The court shall have the power to require a political subdivision to implement remedies that are inconsistent with any other provision of law where such inconsistent provision of law would preclude the court from ordering an otherwise appropriate remedy in such matter.

6. Procedures for implementing new or revised districting or redistricting plans. The governing body of a political subdivision with the authority under this title and all applicable state and local laws to enact and implement a new method of election that would replace the political subdivision's at-large method of election with a district-based or alternative method of election, or enact and implement a new districting or redistricting plan, shall undertake each of the steps enumerated in this subdivision, if proposed subsequent to receipt of a NYVRA notification letter, as defined in subdivision seven of this section, or the filing of a claim pursuant to this title or the federal voting rights act.

(a) Before drawing a draft districting or redistricting plan or plans of the proposed boundaries of the districts, the political subdivision shall hold at least two public hearings over a period of no more than thirty days, at which the public is invited to provide input regarding the composition of the districts. Before these hearings, the political subdivision may conduct outreach to the public, including to non-English-speaking communities, to explain the districting or redistricting process and to encourage public participation.

(b) After all draft districting or redistricting plans are drawn, the political subdivision shall publish and make available for release at least one draft districting or redistricting plan and, if members of the governing body of the political subdivision would be elected in their districts at different times to provide for staggered terms of office, the potential sequence of such elections. The political subdivision shall also hold at least two additional hearings over a period of no more than forty-five days, at which the public shall be invited to provide input regarding the content of the draft districting or redistricting plan or plans and the proposed sequence of elections, if applicable. The draft districting or redistricting plan or plans shall be published at least seven days before consideration at a hearing. If the draft districting or redistricting plan or plans

are revised at or following a hearing, the revised versions shall be published and made available to the public for at least seven days before being adopted.

(c) In determining the final sequence of the district elections conducted in a political subdivision in which members of the governing body will be elected at different times to provide for staggered terms of office, the governing body shall give special consideration to the purposes of this title, and it shall take into account the preferences expressed by members of the districts.

7. Notification requirement and safe harbor for judicial actions. Before commencing a judicial action against a political subdivision under this section, a prospective plaintiff shall send by certified mail a written notice to the clerk of the political subdivision, or, if the political subdivision does not have a clerk, the governing body of the political subdivision, against which the action would be brought, asserting that the political subdivision may be in violation of this title. This written notice shall be referred to as a “NYVRA notification letter” in this title. For actions against a school district or any other political subdivision that holds elections governed by the education law, the prospective plaintiff shall also send by certified mail a copy of the NYVRA notification letter to the commissioner of education.

(a) A prospective plaintiff shall not commence a judicial action against a political subdivision under this section within fifty days of sending to the political subdivision a NYVRA notification letter.

(b) Before receiving a NYVRA notification letter, or within fifty days of mailing of a NYVRA notification letter, the governing body of a political subdivision may pass a resolution affirming: (i) the political subdivision’s intention to enact and implement a remedy for a potential violation of this title; (ii) specific steps the political subdivision will undertake to facilitate approval and implementation of such a remedy; and (iii) a schedule for enacting and implementing such a remedy. Such a resolution shall be referred to as a “NYVRA resolution” in this title. If a political subdivision passes a NYVRA resolution, such political subdivision shall have ninety days after such passage to enact and implement such remedy, during which a prospective plaintiff shall not commence an action to enforce

this section against the political subdivision. For actions against a school district, the commissioner of education may order the enactment of a NYVRA resolution pursuant to the commissioner's authority under section three hundred five of the education law.

(c) If the governing body of a political subdivision lacks the authority under this title or applicable state law or local laws to enact or implement a remedy identified in a NYVRA resolution, or fails to enact or implement a remedy identified in a NYVRA resolution, within ninety days after the passage of the NYVRA resolution, or if the political subdivision is a covered entity as defined under section 17-210 of this title, the governing body of the political subdivision shall undertake the steps enumerated in the following provisions:

(i) The governing body of the political subdivision may approve a proposed remedy that complies with this title and submit such a proposed remedy to the civil rights bureau. Such a submission shall be referred to as a "NYVRA proposal" in this title.

(ii) Prior to passing a NYVRA proposal, the political subdivision shall hold at least one public hearing, at which the public shall be invited to provide input regarding the NYVRA proposal. Before this hearing, the political subdivision may conduct outreach to the public, including to non-English-speaking communities, to encourage public participation.

(iii) Within forty-five days of receipt of a NYVRA proposal, the civil rights bureau shall grant or deny approval of the NYVRA proposal.

(iv) The civil rights bureau shall only grant approval to the NYVRA proposal if it concludes that: (A) the political subdivision may be in violation of this title; (B) the NYVRA proposal would remedy any potential violation of this title; (C) the NYVRA proposal is unlikely to violate the constitution or any federal law; (D) the NYVRA proposal would not diminish the ability of protected class members to participate in the political process and to elect their preferred candidates to office; and (E) implementation of the NYVRA proposal is feasible.

(v) If the civil rights bureau grants approval, the NYVRA proposal shall be enacted and implemented immediately, not-

withstanding any other provision of law, including any other state or local law.

(vi) If the political subdivision is a covered entity as defined under section 17-210 of this title, the political subdivision shall not be required to obtain preclearance for the NYVRA proposal pursuant to such section upon approval of the NYVRA proposal by the civil rights bureau.

(vii) If the civil rights bureau denies approval, the NYVRA proposal shall not be enacted or implemented. The civil rights bureau shall explain the basis for such denial and may, in its discretion, make recommendations for an alternative remedy for which it would grant approval.

(viii) If the civil rights bureau does not respond, the NYVRA proposal shall not be enacted or implemented.

(d) A political subdivision that has passed a NYVRA resolution may enter into an agreement with the prospective plaintiff providing that such prospective plaintiff shall not commence an action pursuant to this section against the political subdivision for an additional ninety days. Such agreement shall include a requirement that either the political subdivision shall enact and implement a remedy that complies with this title or the political subdivision shall pass a NYVRA proposal and submit it to the civil rights bureau.

(e) If, pursuant to a process commenced by a NYVRA notification letter, a political subdivision enacts or implements a remedy or the civil rights bureau grants approval to a NYVRA proposal, a prospective plaintiff who sent the NYVRA notification letter may, within thirty days of the enactment or implementation of the remedy or approval of the NYVRA proposal, demand reimbursement for the cost of the work product generated to support the NYVRA notification letter. A prospective plaintiff shall make the demand in writing and shall substantiate the demand with financial documentation, such as a detailed invoice for demography services or for the analysis of voting patterns in the political subdivision. A political subdivision may request additional documentation if the provided documentation is insufficient to corroborate the claimed costs. A political subdivision shall reimburse a prospective plaintiff for reasonable costs claimed, or in an amount to which the

parties mutually agree. The cumulative amount of reimbursements to all prospective plaintiffs, except for actions brought by the attorney general, shall not exceed forty-three thousand dollars, as adjusted annually to the consumer price index for all urban consumers, United States city average, as published by the United States department of labor. To the extent a prospective plaintiff who sent the NYVRA notification letter and a political subdivision are unable to come to a mutual agreement, either party may file a declaratory judgment action to obtain a clarification of rights.

(f) Notwithstanding the provisions of this subdivision, in the event that the first day for designating petitions for a political subdivision's next regular election to select members of its governing board has begun or is scheduled to begin within thirty days, or in the event that a political subdivision is scheduled to conduct any election within one hundred twenty days, a plaintiff alleging any violation of this title may commence a judicial action against a political subdivision under this section, provided that the relief sought by such a plaintiff includes preliminary relief for that election. Prior to or concurrent with commencing such a judicial action, any such plaintiff shall also submit a NYVRA notification letter to the political subdivision. In the event that a judicial action commenced under this provision is withdrawn or dismissed for mootness because the political subdivision has enacted or implemented a remedy or the civil rights bureau has granted approval of a NYVRA proposal pursuant to a process commenced by a NYVRA notification letter, any such plaintiff may only demand reimbursement pursuant to this subdivision.

8. Coalition claims permitted. Members of different protected classes may file an action jointly pursuant to this title in the event that they demonstrate that the combined voting preferences of the multiple protected classes are polarized against the rest of the electorate.

(Added L.2022, c. 226, § 4, eff. July 1, 2023.)

§ 17–208. Assistance for language-minority groups

[Eff. June 20, 2025.]

1. Political subdivisions required to provide language assistance. A board of elections or a political subdivision that administers elections shall provide language-related assistance in voting and elections to a language-minority group in a political subdivision if, based on data from the American community survey, or data of comparable quality collected by a public office, that:

(a) more than two percent, but in no instance fewer than three hundred individuals, of the citizens of voting age of a political subdivision are members of a single language-minority group and are limited English proficient.

(b) more than four thousand of the citizens of voting age of such political subdivision are members of a single language-minority group and are limited English proficient.

(c) in the case of a political subdivision that contains all or any part of a Native American reservation, more than two percent of the Native American citizens of voting age within the Native American reservation are members of a single language-minority group and are limited English proficient. For the purposes of this paragraph, "Native American" is defined to include any persons recognized by the United States census bureau or New York as "American Indian" or "Alaska Native".

2. Language assistance to be provided. A board of elections or political subdivision required to provide language assistance to a particular language-minority group pursuant to this section shall provide voting materials in the covered language of an equal quality of the corresponding English language materials, including registration or voting notices, forms, instructions, assistance, or other materials or information relating to the electoral process, including ballots. Any registration or voting notices, forms, instructions, assistance, or other materials or information relating to the electoral process, including ballots, in a covered political subdivision, shall be provided in the language of the applicable language-minority group as well as in the English language, provided that where the language of the applicable language-minority group is historically oral or unwritten, the board of elections or political subdivision shall only be required to furnish oral

PROTECTING ELECTIVE FRANCHISE

§ 17-210

instructions, assistance, or other information relating to registration and voting.

3. Action for declaratory judgment for English-only voting materials. A board of elections or political subdivision subject to the requirements of this section which seeks to provide English-only materials may file an action against the state for a declaratory judgment permitting such provision. The court shall grant the requested relief if it finds that the determination was unreasonable or an abuse of discretion.

4. Standing. Any aggrieved persons, organization whose membership includes aggrieved persons or members of a protected class, organization whose mission, in whole or in part, is to ensure voting access and such mission would be hindered by a violation of this section, or the attorney general may file an action pursuant to this section in the supreme court of the county in which the alleged violation of this section occurred.

5. This section shall not apply to special districts as defined by section one hundred two of the real property tax law. (Added L.2022, c. 226, § 4, eff. June 20, 2025.)

§ 17-210. Preclearance

1. Preclearance. To ensure that the right to vote is not denied or abridged on account of race, color, or language-minority group, the enactment or implementation of a covered policy by a covered entity, as defined in subdivisions two and three of this section respectively, shall be subject to preclearance by the civil rights bureau or by a designated court as set forth in this section.

2. Covered policies. A “covered policy” shall include any new or modified voting qualification, prerequisite to voting, law, ordinance, standard, practice, procedure, regulation, or policy concerning any of the following topics:

- (k) Assistance offered to members of a language-minority group; and
- (l) Any additional topics designated by the civil rights bureau pursuant to a rule promulgated under the state administrative procedure act, upon a determination by the civil rights bureau that a new or modified voting qualification, prerequisite to voting, law, ordinance, standard, practice, procedure, regulation, or policy concerning such topics may have the effect of denying or abridging the right to vote on account of race, color, or language-minority group.

3. Covered entity. A “covered entity” shall include: (a) any political subdivision which, within the previous twenty-five years, has become subject to a court order or government enforcement action based upon a finding of any violation of this title, the federal voting rights act, the fifteenth amendment to the United States constitution, or a voting-related violation of the fourteenth amendment to the United States constitution; (b) any political subdivision which, within the previous twenty-five years, has become subject to at least three court orders or government enforcement actions based upon a finding of any violation of any state or federal civil rights law or the fourteenth amendment to the United States constitution concerning discrimination against members of a protected class; (c) any county in which, based on data provided by the division of criminal justice services, the combined misdemeanor and felony arrest rate of members of any protected class consisting of at least ten thousand citizens of voting age or whose members comprise at least ten percent of the citizen voting age popula-

tion of the county, exceeds the proportion that the protected class constitutes of the citizen voting age population of the county as a whole by at least twenty percent at any point within the previous ten years; or (d) any political subdivision in which, based on data made available by the United States census, the dissimilarity index of any protected class consisting of at least twenty-five thousand citizens of voting age or whose members comprise at least ten percent of the citizen voting age population of the political subdivision, is in excess of fifty with respect to non-Hispanic white citizens of voting age within the political subdivision at any point within the previous ten years. If any covered entity is a political subdivision in which a board of elections has been established, that board of elections shall also be deemed a covered entity. If any political subdivision in which a board of elections has been established contains a covered entity fully within its borders, that political subdivision and that board of elections shall both be deemed a covered entity.

4. Preclearance by the attorney general. A covered entity may obtain preclearance for a covered policy from the civil rights bureau pursuant to the following process:

(a) The covered entity shall submit the covered policy in writing to the civil rights bureau. If the covered entity is a county or city board of elections, it shall contemporaneously provide a copy of the covered policy to the state board of elections.

(b) Upon submission of a covered policy for preclearance, as soon as practicable but no later than within ten days, the civil rights bureau shall publish the submission on its website.

(c) After publication of a submission, there shall be an opportunity for members of the public to comment on the submission to the civil rights bureau within the time periods set forth below. To facilitate public comment, the civil rights bureau shall provide an opportunity for members of the public to sign up to receive notifications or alerts regarding submission of a covered policy for preclearance.

(d) Upon submission of a covered policy for preclearance, the civil rights bureau shall review the covered policy, and any public comment, and shall, within the time periods set forth

below, provide a report and determination as to whether, under this title, preclearance should be granted or denied to the covered policy. Such time period shall run concurrent with the time periods for public comment. The civil rights bureau shall not make such determination until the period for public comment is closed. The civil rights bureau may request additional information from a covered entity at any time during its review to aid in developing its report and recommendation. The failure to timely comply with reasonable requests for more information may be grounds for the denial of preclearance. The civil rights bureau's reports and determination shall be posted publicly on its website.

(e) In any determination as to preclearance, the civil rights bureau shall identify in writing whether it is approving or rejecting the covered policy; provided, however, that the civil rights bureau may, in its discretion, designate preclearance as "preliminary" in which case the civil rights bureau may deny preclearance within sixty days following the receipt of submission of the covered policy.

(i) The civil rights bureau shall grant preclearance only if it determines that the covered policy will not diminish the ability of protected class members to participate in the political process and to elect their preferred candidates to office. If the civil rights bureau grants preclearance, the covered entity may enact or implement the covered policy immediately.

(ii) If the civil rights bureau denies preclearance, the civil rights bureau shall interpose objections explaining its basis and the covered policy shall not be enacted or implemented.

(iii) If the civil rights bureau fails to respond within the required time frame as established in this section, the covered policy shall be deemed precleared and the covered entity may enact or implement such covered policy.

(f) The time periods for public comment, civil rights bureau review, and the determination of the civil rights bureau to grant or deny preclearance on submission shall be as follows:

(i) For any covered policy concerning the designation or selection of poll sites or the assignment of election districts to poll sites, whether for election day or early voting, the period for public comment shall be five business days. The civil

rights bureau shall review the covered policy, including any public comment, and make a determination to deny or grant preclearance for such covered policy within fifteen days following the receipt of such covered policy.

(ii) Upon a showing of good cause, the civil rights bureau may receive an extension of up to twenty days to make a determination pursuant to this paragraph.

(iii) For any other covered policy, the period for public comment shall be ten business days. The civil rights bureau shall review the covered policy, including any public comment, within fifty-five days following the receipt of such covered policy and make a determination to deny or grant preclearance for such covered policy. The civil rights bureau may invoke up to two extensions of ninety days each.

(iv) The civil rights bureau is hereby authorized to promulgate rules for an expedited, emergency preclearance process in the event of a covered policy occurring during or imminently preceding an election as a result of any disaster within the meaning of section 3-108 of this chapter or other exigent circumstances. Any preclearance granted under this provision shall be designated "preliminary" and the civil rights bureau may deny preclearance within sixty days following receipt of the covered policy.

(g) Appeal of any denial by the civil rights bureau may be heard in the supreme court for the county of New York or the county of Albany in a proceeding commenced against the civil rights bureau, pursuant to article seventy-eight of the civil practice law and rules, from which appeal may be taken according to the ordinary rules of appellate procedure. Due to the frequency and urgency of elections, actions brought pursuant to this section shall be subject to expedited pretrial and trial proceedings and receive an automatic calendar preference on appeal.

5. Preclearance by a designated court. A covered entity may obtain preclearance for a covered policy from a court pursuant to the following process:

(a) The covered entity shall submit the covered policy in writing to the following designated court in the judicial department within which the covered entity is located: (i) first

judicial department: New York county; (ii) second judicial department: Westchester county; (iii) third judicial department: Albany county; and (iv) fourth judicial department: Erie county. If the covered entity is a county or city board of elections, it shall contemporaneously provide a copy of the covered policy to the state board of elections.

(b) The covered entity shall contemporaneously provide a copy of the covered policy to the civil rights bureau. The failure of the covered entity to provide a copy of the covered policy to the civil rights bureau will result in an automatic denial of preclearance.

(c) The court shall grant or deny preclearance within sixty days following the receipt of submission of the covered policy.

(d) The court shall grant preclearance only if it determines that the covered policy will not diminish the ability of protected class members to participate in the political process and to elect their preferred candidates to office. If the court grants preclearance, the covered entity may enact or implement the covered policy immediately.

(e) If the court denies preclearance, or fails to respond within sixty days, the covered policy shall not be enacted or implemented.

(f) Appeal of any denial may be taken according to the ordinary rules of appellate procedure. Due to the frequency and urgency of elections, actions brought pursuant to this section shall be subject to expedited pretrial and trial proceedings and receive an automatic calendar preference on appeal.

6. Failure to seek or obtain preclearance. If any covered entity enacts or implements a covered policy without seeking preclearance pursuant to this section, or enacts or implements a covered policy notwithstanding the denial of preclearance, either the civil rights bureau or any other party with standing to bring an action under this title may bring an action to enjoin the covered policy and to seek sanctions against the political subdivision and officials in violation.

7. Rules and regulations. The civil rights bureau may promulgate such rules and regulations as are necessary to effectuate the purposes of this section.

(Added L.2022, c. 226, § 4, eff. Sept. 22, 2024.)

§ 17-212. Prohibition against voter intimidation, deception or obstruction

1. (a) No person, whether acting under color of law or otherwise, may engage in acts of intimidation, deception, or obstruction that affects the right of voters to access the elective franchise.

(b) A violation of paragraph (a) of this subdivision shall be established if:

(i) a person uses or threatens to use any force, violence, restraint, abduction or duress, or inflicts or threatens to inflict any injury, damage, harm or loss, or in any other manner practices intimidation that causes or will reasonably have the effect of causing any person to vote or refrain from voting in general or for or against any particular person or for or against any proposition submitted to voters at such election; to place or refrain from placing their name upon a registry of voters; or to request or refrain from requesting an *early mail* or absentee ballot; or

(ii) a person knowingly uses any deceptive or fraudulent device, contrivance or communication, that impedes, prevents or otherwise interferes with the free exercise of the elective franchise by any person, or that causes or will reasonably have the effect of causing any person to vote or refrain from voting in general or for or against any particular person or for or against any proposition submitted to voters at such election; to place or refrain from placing their name upon a registry of voters; or to request or refrain from requesting an *early mail* or absentee ballot; or

(iii) a person obstructs, impedes, or otherwise interferes with access to any polling place or elections office, or obstructs, impedes, or otherwise interferes with any voter in any manner that causes or will reasonably have the effect of causing any delay in voting or the voting process, including the canvassing and tabulation of ballots.

2. Standing. Any aggrieved persons, organization whose membership includes aggrieved persons or members of a protected class, organization whose mission, in whole or in part, is to ensure voting access and such mission would be hindered by a violation of this section, or the attorney general may file

§ 17-212**ELECTION LAW**

an action pursuant to this section in the supreme court of the county in which the alleged violation of this section occurred.

3. Remedies. Upon a finding of a violation of any provision of this section, the court shall implement appropriate remedies that are tailored to remedy the violation, including but not limited to providing for additional time to cast a ballot that may be counted in the election at issue. Any party who shall violate any of the provisions of the foregoing section or who shall aid the violation of any of said provisions shall be liable to any prevailing plaintiff party for damages, including nominal damages for any violation, and compensatory or punitive damages for any intentional violation.

(Added L.2022, c. 226, § 4, eff. July 1, 2023. Amended L.2023, c. 481, § 33, eff. Jan. 1, 2024.)

§ 17-214. Authority to issue subpoenas

In any action or investigation to enforce any provision of this title, the attorney general shall have the authority to take proof and determine relevant facts and to issue subpoenas in accordance with the civil practice law and rules.

(Added L.2022, c. 226, § 4, eff. July 1, 2023.)

§ 17-216. Expedited judicial proceedings and preliminary relief

Because of the frequency of elections, the severe consequences and irreparable harm of holding elections under unlawful conditions, and the expenditure to defend potentially unlawful conditions that benefit incumbent officials, actions brought pursuant to this title shall be subject to expedited pretrial and trial proceedings and receive an automatic calendar preference. In any action alleging a violation of this section in which a plaintiff party seeks preliminary relief with respect to an upcoming election, the court shall grant relief if it determines that: (a) plaintiffs are more likely than not to succeed on the merits; and (b) it is possible to implement an appropriate remedy that would resolve the alleged violation in the upcoming election.

(Added L.2022, c. 226, § 4, eff. July 1, 2023.)

§ 17-218. Attorneys' fees

In any action to enforce any provision of this title, the court shall allow the prevailing plaintiff party, other than the state or political subdivision thereof, a reasonable attorneys' fee, litigation expenses including, but not limited to, expert witness fees and expenses as part of the costs. A plaintiff will be deemed to have prevailed when, as a result of litigation, the defendant party yields much or all of the relief sought in the suit. Prevailing defendant parties shall not recover any costs, unless the court finds the action to be frivolous, unreasonable, or without foundation.

(Added L.2022, c. 226, § 4, eff. July 1, 2023.)

§ 17-220. Applicability

The provisions of this title shall apply to all elections for any elected office or electoral choice within the state or any political subdivision. The provisions of this title shall apply notwithstanding any other provision of law, including any other state law or local law; provided, however, that school districts and libraries shall continue to conduct their elections under the education law, subject to and not inconsistent with the provisions of this title, to ensure voters of race, color, and language-minority groups have equitable access to fully participate in the electoral process.

(Added L.2022, c. 226, § 4, eff. July 1, 2023.)

§ 17-222. Severability

If any provision of this title or its application to any person, political subdivision, or circumstance is held invalid, the invalidity shall not affect other provisions or applications of this title which can be given effect without the invalid provision or application, and to this end the provisions of this title are severable.

Sec. filed Oct. 15, 1974 eff. Oct. 15, 1974.

Section 6200.7. Resignation of a treasurer

(a) Before any treasurer of any political committee may resign his position at a time when his committee has unexpended funds or unsatisfied liabilities, such treasurer must first deliver a copy of his written resignation as treasurer to both the committee's chairman and the applicable filing officer for the committee's statements as set forth in section 6200.1 of this Part. The effective date of the resignation shall be five days after delivery to such filing officer unless the treasurer specifies a date later than five days after delivery, in which case said date shall be the effective date. Within two days after the effective date of his resignation, any such treasurer shall file a statement of receipts and expenditures with the appropriate filing officer, which statement shall include all transactions made by his committee from the date of the committee's last report up to and including the effective date of the treasurer's resignation.

(b) Upon the effective date of a resignation or upon the death of any treasurer of a political committee, no member of any such political committee or other person acting under its authority or in its behalf shall receive any money or other valuable thing or expend the same until the committee shall have chosen a new treasurer and the treasurer's name and address shall have been filed pursuant to section 14-118 of the Election Law with the appropriate filing officer. For the purposes of this subdivision, the term *political committee* shall not include a party or constituted committee.

(ii) A candidate who is the sole authorizing candidate of a political committee may designate a treasurer removal committee for such political committee.

(iii) A treasurer removal committee for a political committee authorized by more than one candidate is designated when all candidates authorizing such political committee make a unanimous designation. If such multi-candidate committee is subsequently authorized by one or more additional candidates, the treasurer removal committee designated prior to such additional candidate(s)' authorization shall remain operative for such committee until revoked or amended unanimously by all of the candidates composing the multi-candidate committee at the time of such amendment or revocation.

(iv) The designation of the treasurer removal committee shall be in a writing duly filed with the appropriate filing officer, and such designation may be likewise amended or revoked at any time in the same manner as the original designation.

(2) *Powers and composition of treasurer removal committee.* A treasurer removal committee shall have at least three members. The treasurer removal committee may at any time remove the treasurer and/or appoint a new treasurer, pursuant to section 14-104 of the Election Law. Such removal and/or appointment shall be made in a writing signed by a majority of the treasurer removal committee and shall be filed forthwith with the appropriate filing officer. (3) *Removal notice and responsibilities of removed treasurer.*

Section 6200.9. Legibility of financial disclosure forms

All filings made pursuant to sections 14-102, 14-104, 14-112 and 14-118 of the Election Law must be typed or printed legibly in black or blue ink. Upon receipt of a filing made pursuant to these sections, which the financial disclosure unit determines not to meet the requirements of this rule, the unit shall make a copy of such filing for placement in the public view file and return the original to the treasurer or candidate by first class mail. If a legible filing is not made to the board within 10 business days of the mailing of such form to the

treasurer or candidate, this shall be considered a failure to file under the provisions of the Election Law, section 14-126. Sec. filed June 30, 1993 eff. July 21, 1993.

Section 6200.10. Disclosure of independent expenditures

(a) Purpose and Overview. The purpose of this Regulation is to set forth the requirements under the New York State Election Law regarding compliance with Independent Expenditure disclosure. The New York State Election Law mandates how financial activity, including independent expenditures, is to be disclosed. Article 14 of the Election Law (“EL” sets forth the requirement that independent expenditures be disclosed through the filing of campaign financial disclosure reports.

(b) Definitions.

(1) *Independent expenditure* means an expenditure made by an independent expenditure committee conveyed to 500 or more members of a General Public Audience or any paid internet or digital advertisement targeted to 50 or more members of the General Public Audience, provided such expenditure is in a form described in subparagraph ¹ (i) of this paragraph and meets one of the three content and timing criteria described in subparagraph (ii) of this paragraph and is not a communication exempted from the definition of independent expenditure by paragraph (2) of this subdivision or other provision of law.

(i) An independent expenditure shall be in the form of:

(a) an audio or video communication via broadcast, cable or satellite;

(b) a written communication via advertisements, pamphlets, circulars, flyers, brochures, letterheads;

(c) other published statements which shall include, but not be limited to, digital media; or

(d) any paid internet or digital advertisement as defined in paragraph (11) of this subdivision.

(ii) An independent expenditure shall have the following attributes:

(a) irrespective of when such communication is made, contains words such as “vote,” “oppose,” “support,”

“elect,” “defeat,” or “reject,” which call for the election or defeat of the Clearly Identified Candidate;

(b) refers to and Advocates For or Against a Clearly Identified Candidate or ballot proposal on or after January 1st of the year of the election in which such candidate is seeking office or such proposal shall appear on the ballot; or

(c) within 60 days before a general or special election for the office sought by the candidate or 30 days before a primary election, includes or references a clearly identified candidate.

(1) For purposes of this regulation Advocates for or Against means—in the absence of explicit words of advocacy for or against a candidate or ballot proposal—that the expenditure, through the use of images, photos, or language, promotes, supports, attacks, or opposes the Clearly Identified Candidate or ballot proposal.

(2) For purposes of determining that a communication is advocating for or against a candidate or ballot proposal, the following factors shall be considered, but shall not be limited to:

(i) whether it identifies a particular candidate by name or other means such as party affiliation or distinctive features of a candidate’s platform or biography or identifies a ballot proposal;

(ii) whether it expresses approval or disapproval for said candidate’s positions or actions or for a ballot proposal;

(iii) whether it refers to a candidate or ballot proposal and is part of an ongoing series by the group on the same issue and the expenditure is made on or after January 1st of the year of the election in which such candidate is seeking office or such proposal shall appear on the ballot;

(iv) whether the issue raised in the communication has been raised as a distinguishing characteristic amongst the referenced candidates; and

(v) whether its timing and the identification of the candidate are related to a vote on legislation or a position on legislation by an officeholder who is also a candidate and is made on or after January 1st of the year of the election in which such candidate is seeking office.

(3) For purposes of determining that a communication is not advocating for or against a candidate or ballot proposal, the following factors shall be considered, but shall not be limited to:

(i) Whether it is part of an ongoing series by the group on the same issue and does not refer to a candidate or ballot proposal; and

(ii) Whether its timing and the identification of the candidate or ballot proposal are related to a non-electoral event (e.g. a vote on legislation or a position on legislation by an officeholder who is also a candidate) and is not made on or after January 1st of the year of the election in which such candidate is seeking office or such proposal shall appear on the ballot.

(4) However, even if some of the above factors in item (ii) or (iii) of this subclause are found, the communication must still be considered in its context before arriving at any conclusion.

(2) Independent expenditure ¹ shall not include:

(i) payments or expenditures made by a party or constituted committee that is required to file disclosure reports under the Election Law;

(ii) communications where such candidate, the candidate's political committee or its agents, a party committee or its agents, or a constituted committee or its agents or a political committee formed to promote the success or defeat of a ballot proposal or its agents, did authorize, request, suggest, foster or cooperate in such communication;

(iii) payments or expenditures where Coordination occurs in the creation, formation, or operation of the independent expenditure committee making the payment or expenditure.

(a) Coordination shall include:

(1) Candidate Participated in Creation/Formation of IE Committee within two years of Election. The candidate or the candidate's authorized committee, or an agent of the candidate or candidate's authorized committee, participated in the creation or formation of the independent expenditure committee within two years of the general election, primary or special election in which the candidate is a

candidate for nomination or election and the payment or expenditure made is for the benefit of that candidate;

(2) Candidate Appears at Fundraiser Hosted by IE Committee within two years of Election. The candidate or an agent of the candidate appears at any fundraising event hosted by an independent expenditure committee, or its agent, making a payment or expenditure that benefits that candidate within two years of the general election, primary or special election in which the candidate is a candidate for nomination or election;

(3) IE Committee Employed or Retained Former Employee of Candidate or Policymaker in Candidate office holder's office within two years of Election. The independent expenditure committee making the payment or expenditure, or its agent, employed or retained an individual, other than an individual described in subparagraph (viii) of this paragraph, who was employed by the candidate, the candidate's authorized committee or an agent of the candidate or has held a policymaking, non-administrative position in the office of the candidate's elected office within two years of the general election, primary or special election in which the candidate is a candidate for nomination or election, and the payment or expenditure is made for the benefit of that candidate;

(4) IE Committee is a Member of, or is Established, Directed or Managed by Candidate's Immediate Family Member. The independent expenditure committee making the payment or expenditure, or its agent, is a member of the candidate's immediate family or is established, directed, or managed by a member of the immediate family of the candidate, and the payment or expenditure is made for the benefit of that candidate;

(5) IE Committee Uses Campaign Material from Candidate. The independent expenditure committee making the payment or expenditure benefiting the candidate, republishes, disseminates, or distributes, in whole or in part, any video, audio, written, or other campaign-related material prepared by the candidate or the candidate's authorized committee or by an agent of the candidate or the candidate's authorized committee. This subclause shall not apply if the independent expenditure committee making the payment or expenditure obtains the communication or materials from a publicly available source;

(6) Candidate Shares or Rents Campaign Space With or From the IE Committee. The candidate or the candidate's authorized committee, or an agent of the candidate or the candidate's authorized committee, shares or rents space for a campaign-related purpose with or from the independent expenditure committee, or its agent, making the payment or expenditure benefitting the candidate;

(7) IE Committee has Participated in Strategic Discussions with the Candidate within two years of the Election. The independent expenditure committee, or its agent, making the payment or expenditure benefitting the candidate has participated in strategic discussions with the candidate, the candidate's authorized committee, or an agent of the candidate or the candidate's authorized committee within two years of the general election, primary or special election in which the candidate is a candidate for nomination or election. Discussions shall be deemed strategic if information about the candidate's or opponent's electoral campaign plans, projects, or activities that is not obtained from a publicly available source is conveyed to the independent expenditure committee, or its agent, making the payment or expenditure. This paragraph shall only apply to discussions occurring after the independent expenditure committee is formed or, one week after the candidate has been certified for that election, whichever occurs first;

(8) IE Committee and Candidate Retain Same Professional Campaign Service Provider within two years of the Election. The independent expenditure committee, or its agent, making the payment or expenditure benefitting the candidate, and the candidate or the candidate's authorized committee knowingly retain the same individual or entity to provide professional campaign services within two years of the general election, primary or special election in which the candidate is a candidate for nomination or election, and the professional campaign services provider discloses strategic information regarding one party with the other party. Information shall be deemed strategic if it relates to either party's respective campaign or independent expenditure plans, projects, or activities that are not obtained from a publicly available source. This subclause shall not prohibit a candidate, a candidate's authorized committee, or an agent of the candidate or the candidate's authorized committee from retaining the same profession-

al campaign services provider as the independent expenditure committee, or its agent, making the payment or expenditure benefitting the candidate upon the professional campaign services provider entering into a confidentiality agreement with both parties expressly stating that it will not disclose strategic information regarding each party with the other party;

(9) IE Committee utilizes Strategic Information or Data from Common Vendor/Campaign Professional of Candidate within two years of the Election. The independent expenditure committee, or its agent, making the payment or expenditure benefitting the candidate, utilizes strategic information or data related to the candidate, that is not from a publicly available source and is not otherwise available by subscription, from an individual who has been previously compensated, reimbursed or retained by the candidate as a consultant, political, media or fundraising advisor, vendor or contractor within two years of the general election, primary or special election in which the candidate is a candidate for nomination or election.

(b) Coordination shall not include:

(2) Public Communications by Candidate Owner/Operator of Business: a public communication in which a candidate is clearly identified only in his/her capacity as the owner/operator of a business that existed prior to the candidacy, if:

(EL 14-100(13)).

(5) *Labor organization* means any organization of any kind which exists for the purpose, in whole or in part, of

representing employees employed within the State of New York in dealing with employers or employer organizations or with a state government, or any political or civil subdivision or other agency thereof, concerning terms and conditions of employment, grievances, labor disputes, or other matters incidental to the employment relationship. (2) A paid internet or digital advertisement shall comply with the following:

(i) A paid internet or digital advertisement with text or graphic components must contain an attribution that is of sufficient type size to be clearly readable by the recipient or viewer of the communication. Place as many spheres, sequentially numbered, as there are candidates or independent bodies in the particular drawing, in a container with an opening narrow enough to prohibit the insertion of a hand, and wide enough to allow the release of no more than one sphere at a time. The person(s) designated to conduct the drawing

(7) The system shall incorporate multiple memories, including resident vote tabulation, storage of results and ballot images in resident memory, serving as a redundant means of verifying or auditing election results and ballot images, and further, the system shall be required to alert the election day worker that memory capacity is about to be reached.

(8) In a DRE voting system, the system must prevent voters from overvoting and indicate to the voter specific contests or ballot issues for which no selection or an insufficient number of selections has been made. A ballot marking device must prevent voters from overvoting and indicate to the voter specific contests or ballot issues for which no selection or an insufficient number of selections has been made. A ballot counting scanner must indicate to the voter specific contests or ballot issues for which an overvote is detected.

(9) The voting system shall provide a method for write-in voting and shall report the number of votes cast in each contest in write-in voting positions.

(10) The voting system shall be capable of accumulating and reporting a count of the number of ballots tallied for an election district and votes cast for each candidate, and the total vote for or against each ballot proposal, and shall be capable of separating and tabulating those election district totals to produce a report of the total of ballots tallied by groups of election districts such as legislative districts or wards.

(b) In addition to the requirements of subdivision (a) of this section, fully-accessible voting equipment certified by the State Board shall meet the following requirements for usability by voters who are disabled:

(1) The voting system or equipment shall be equipped with a voting device with tactile discernible controls, pursuant to Election Law, section 7-202. Such controls shall allow persons with limited reach and/or hand dexterity, the ability to cast their vote, and shall include, for example: raised buttons of different shapes and colors, large or raised numbers or letters, and light pressure switches.

(2) The voting system or equipment shall be equipped with an audio voting feature, pursuant to Election Law, section 7-202. The audio feature shall be able to be used either independently or simultaneously with the on-screen display.

(3) The voting system or equipment shall be capable of being equipped with a pneumatic switch, pursuant to Election Law, section 7-202.

(c) *Standards for noise level.*

(1) Voting systems or equipment to be certified by the State Board shall be constructed in a manner so that noise levels of the system or equipment during operation will not interfere with the duties of the election inspectors or the voting public.

(2) The noise level of write-in components of the system or equipment shall be so minimal that it will be virtually impossible under normal conditions for someone at the table used by the inspectors of elections to determine that a write-in vote is being cast or has been cast.

(d) *Standards for voter privacy.*

(1) Voting systems or equipment shall be constructed so that no one within the polling site will be able to see how a voter is casting a vote.

(2) Curtains, screens, shields or other privacy devices shall be designed so as to allow any voter, either electronically or manually, to open, close or otherwise use the device with ease when entering and exiting the system or equipment.

(e) *Environmental standards.* The voting system shall be designed to protect against dust and moisture during storage and transportation. Testing shall be similar to the procedure of MIL-STD-810F, Method 510.4, for dust, and MIL-STD-810F, Method 506.4 for moisture. These tests are intended to evaluate exposure to these elements when the system or equipment is in a non-operating configuration and the equipment or system's required protective cover is in place.

(f) *Voter verified paper audit trails (VVPAT).*

(1) The voting system shall print and display a paper record of the voter's ballot choices prior to the voter making the ballot choices final. In the case of a paper-based voting system, the ballot marked by the voter shall constitute the paper record referred to in this subdivision.

(i) The paper record shall constitute a complete record of ballot choices that can be used in audits of the accuracy of the voting systems electronic records, in audits of the election results, and in full recounts.

(ii) In the case of a DRE voting system, the paper record shall contain all information stored in the electronic record.

(iii) The voting system shall be capable of showing the information on both the display screen and the paper in a font size of 3.0mm, and should be capable of showing the information in at least two font ranges:

(a) 3.0-4.0 mm; and

(b) 6.3-9.0 mm, under control of the voter.

(iv) In the case of a DRE voting system, the paper and electronic display of the voter's selections shall be presented and positioned so as to allow the voter to easily read and compare the two.

(v) If the paper record cannot be displayed in its entirety, a means for moving the paper to show all paper record contents shall be provided.

(2) There shall be instructions for performing the verification process made available to the voter in a location on the voting system.

(3) The voting system shall display, print, and store a paper record in any of the alternative languages chosen for making ballot selections. *Candidate* names and other markings not related to the ballot selection on the paper record shall appear in English.

(4) The voting system shall allow the voter to approve or reject the paper record, in the case of DRE systems, marking the ballot as such in the presence of the voter.

(i) Any DRE voting system shall provide a means to reconcile the number of rejected paper records with the

number of occurrences of rejected electronic selections, and procedures shall be in place to address any discrepancies.

(ii) Prior to reaching the maximum number of ballots allowed pursuant to statute, any DRE voting system shall display a warning message to the voter indicating the voter may reject only one more ballot, and that the third ballot shall become the ballot of record.

(5) In case of conditions that prevent voter review of the paper record, there shall be a means for the voter to notify an election official, and in the case of a DRE voting system, shall cause an error message to be displayed and shall prevent the recording of the electronic record.

(6) In the case of a DRE voting system, procedures by which an election official can be notified and prescribed actions can be taken to address discrepancies if a voter indicates that the electronic and paper records do not match, shall be documented.

(7) The voting system shall not record the electronic record as being approved by the voter until the paper record has been stored.

(8) Vendor documentation shall include procedures for returning a voting system to correct operation after a voter has used it incompletely or incorrectly; this procedure shall not cause discrepancies between the tallies of the electronic and paper records.

(9) The voter's privacy and anonymity shall be preserved during the process of recording, verifying, and auditing ballot choices.

(i) The privacy and anonymity of the voter's verification of ballot choices and the creation and storage of these choices, both electronically and on paper record, shall be maintained.

(ii) The privacy and anonymity of voters whose paper records contain any of the alternative languages chosen for making ballots selections shall be maintained.

(iii) Information for the purposes of auditing the electronic or paper records that may permit a voter to reveal

his or her ballot choices shall be displayed so as not to be memorable to the voter.

(10) The voting system's ballot records shall be structured and contain information so as to support highly precise audits of their accuracy.

(i) All cryptographic software in the voting system shall have been approved by the U.S. Government's Crypto Module Validation Program (CMVP) as applicable.

(ii) This information shall contain, but not be limited to, the voting site/election district, type of election, ballot style, and whether the system is operating in a "test" mode.

(11) In the case of a DRE voting system, the electronic and paper records shall be linked by including a unique identifier within each record that can be used to identify each record uniquely and correspond the two accordingly.

(12) The voting system shall generate and store a digital signature for each electronic record.

(13) The electronic records shall be able to be exported for auditing or analysis on standards-based and/or information technology computing platforms.

(i) The exported electronic records shall be in an open, non-proprietary format.

(ii) The voting system shall export the records accompanied by a digital signature of the collection of records, which shall be calculated on the entire set of electronic records and their associated digital signatures.

(iii) The voting system vendor shall provide documentation as to the structure of the exported records and how they shall be read and processed by software.

(iv) The vendor shall provide a software program that will display the exported records and such software may include other capabilities, such as providing vote tallies and indications of undervotes.

(14) The voting system printers shall be physically secure from tampering.

(i) The voting system shall communicate with its printers over a standard, publicly documented printer port using a standard communication protocol.

(ii) The paper path between the printing, viewing and storage of the paper record shall be protected and sealed from access except by authorized election officials.

(iii) The printer shall not be permitted to communicate with any other system or machine other than the single voting system to which it is connected.

(iv) The printer shall only be able to function as a printer: it cannot store information or contain or provide any services that are not essential to system function, (*e.g.*, provide copier or fax functions) or have network capability.

(v) Printer access to replace consumables such as ink or paper shall only be granted if it does not compromise the sealed printer paper path.

(vi) Prior to the opening of polls on election day, poll workers shall demonstrate that the ballot storage devices are empty. The storage devices shall then be sealed and no further access shall be provided to polling place workers.

(vii) Tamper-evident seals or physical security measures shall protect the connection between the printer and the voting machine, so that the connection cannot be broken or interfered with without leaving extensive and obvious evidence.

(15) The voting system's printers shall be highly reliable and easily maintained.

(i) The voting system should include a printer port to which a commercial off-the-shelf printer which complies with paragraph (14) of this subdivision, could be attached for the purposes of printing paper records and any additional records.

(ii) The voting system shall detect errors and malfunctions such as paper jams or low supplies of consumables such as paper and ink that may prevent paper records from being correctly displayed, printed and stored.

(iii) If an error or malfunction occurs, the voting equipment attached to the defective printer shall suspend voting operations and shall present a clear indication to the voter and election workers of the error or malfunction.

(iv) There shall be adequate supplies of consumable items such as paper and printer ink on hand to operate from opening to closing of polls.

(a) Printing devices should contain paper and ink of sufficient capacity so as not to require reloading or opening equipment covers or enclosures and circumvention of security features, or reloading shall be able to be accomplished with minimal disruption to voting and without circumvention of security features such as seals.

(b) Printer consumables shall be stored within the temperature and humidity ranges specified by the manufacturer and shall be stored in State Board-approved containers to protect them from sustaining any damage.

(v) The vendor shall make recommendations as to appropriate numbers of printers to be used in conjunction with the number of voting systems being utilized. A sufficient number of replacement printers shall be available.

(16) Vendor documentation shall include procedures for investigating and resolving malfunctions including but not limited to misreporting of votes, unreadable paper records, paper jams, low ink, mis-feeds and power failures.

(17) Vendor documentation shall include procedures for ensuring, in the case of malfunctions, that electronic and paper records are correctly recorded and stored.

(18) Protective coverings intended to be transparent on voting system devices shall be maintainable via a predefined cleaning process. If the coverings become damaged such that they obscure the paper record, they shall be replaced.

(19) The paper record shall be sturdy, clean, and of sufficient durability to be used for manual auditing and recounts conducted manually. The paper record shall be able to be stored and remain fully readable without degradation for 22 months within the temperature and humidity

ranges specified by the manufacturer, but at a minimum temperature range of at least from -20° to 140°F, and at a humidity as high as 98 percent.

(g) Any submitted voting system's software shall not contain any code, procedures or other material which may disable, disarm or otherwise affect in any manner, the proper operation of the voting system, or which may damage the voting system, any hardware, or any computer system or other property of the State Board or county board, including but not limited to 'viruses', 'worms', 'time bombs', and 'drop dead', devices that may cause the voting system to cease functioning properly at a future time.

(h) Any submitted voting system shall provide methods through security seals or device locks to physically secure against attempts to interfere with correct system operations. Such physical security shall guard access to machine panels, doors, switches, slots, ports, peripheral devices, firmware, and software.

(i) The system shall provide a means by which the ballot definition code may be positively verified to ensure that it corresponds to the format of the ballot face and the election configuration.

Section 6209.4. Application process

(a) The election operations unit shall forward an application form within one week from the date of receipt of a request from a vendor, together with a copy of applicable rules and regulations and a pre-qualification test format for both a general and primary election ballot program.

RULES AND REGULATIONS

9 NYCRR 6209.4

(b) Said vendor shall return completed ballot layouts based upon the pre-qualification test format to the election operations unit. Upon approval of the layouts, the vendor shall program such system or equipment and complete the pre-qualification tests for both ballot programs provided, and enter the simulated votes upon said system or equipment for each election program.

(c) The completed application shall be returned by the vendor applicant, with a printout of tabulated votes from the primary and general election pre-qualification tests as cast on the voting system equipment which the applicant requests to have certified. The pre-qualification test programs shall be retained by the applicant for use in the certification process.

(d) The application and printouts shall be reviewed to determine if the voting system shall be considered for certification and the applicant shall be notified of such determination.

(f) A certified or bank check in the amount of \$5,000 shall accompany such application, and be applied towards the actual cost of the examination.

(g) Fees for the examination of a voting system shall be assessed against the vendor by the State Board based upon the cost to the State Board for examination of such voting system by an outside contractor, laboratory or other authorized examiner.

(h) A vendor submitting an application shall affirm that:

(1) the submitted voting system complies with all applicable rules adopted by the State Board, and with all applicable 2005 Federal Voting System Guidelines not inconsistent with State law or these regulations, and is suitable for use by voters;

(2) the vendor will quote and provide a statewide, uniform price for each unit of the voting system's equipment; and

(3) the submitted voting system's software does not contain any code, procedures or other material (including but not limited to 'viruses', 'worms', 'time bombs', and 'drop dead' devices that may cause the voting system to cease functioning at a future time), which may disable, damage, disarm or otherwise affect the proper operation of the voting system, any hardware, or any computer system or other property of the State Board or county board;

Sec. filed June 4, 1987; repealed, new filed May 23, 2006 eff. June 7, 2006; amd. filed Sept. 13, 2012 eff. Oct. 3, 2012.

Section 6209.5. Submission of voting systems equipment

(a) Voting systems considered for certification by the State Board shall be delivered to the State Board or its designee. Such equipment shall include documentation, operation manual(s), auxiliary components and equipment used to program ballot layout, and any other additional equipment used in the operation of said voting system.

(b) Vendors submitting systems or equipment for certification must also provide additional systems to be used by the State Board for the purposes of the voter demonstration test. See section 6209.6(g)(8) of this Part.

(c) If the voting systems equipment is certified by the State Board, the specific system or equipment and components examined by the State Board shall become the property of the State Board for as long as the system or equipment is in use in the State or for such shorter period as the State Board shall so determine. Voting systems or equipment not certified shall be disposed of pursuant to the vendor's direction.

(d) The applicant shall provide service and normal maintenance of said system or equipment after certification and shall supply to the State Board, at no cost, any modification to the system or equipment for upgrading of any feature during the period that said system or equipment is offered for sale and use in the State.

(e) The vendor shall provide, either at the time of submission or no later than the completion of certification testing by the State Board, a list of system proprietary and non-proprietary consumables, extended warranties, services, and other such items as may be considered by county boards for purchase, with the exception of programming, as county boards are prohibited from contracting with a vendor for programming services. Such list shall become a component of the contract.

(f) [*Reserved*]

(g) The vendor shall disclose, in the application for certification, any pecuniary interest in or any direct or indirect control over any testing laboratory as defined herein or which may be used in connection with the certification or acquisition of any voting system.

(h) Vendors shall make available to the State Board, in a quantity to be determined by the State Board, voting systems for the purpose of conducting a usability test, which will establish the minimum number of voting machines required in each polling place and the maximum number of voters that can vote on one voting machine during the course of an ordinary 15-hour election day. The ballots to be used for this test shall include both primary and general election ballots, with ample candidate selection options and ballot proposal selections. For the purposes of the usability test, voting shall occur by utilizing all the devices which a voter may use to make their selections. If a vendor has previously performed a usability test on the same or similar voting system which meets the requirements of this section, the State Board may consider the findings of same. Whenever the State Board is satisfied that a voting machine or system's usability analysis has provided adequate and accurate information relative to the requirements of Election Law, section 7-203.2, then the State Board may, in its discretion, accept such documenta-

tion as satisfaction of the usability test required by these regulations.

(i) For voting systems which are not PC-based, vendors shall submit recommendations for acceptance and maintenance testing to ensure that the firmware in systems purchased and used by county boards is identical to certified firmware.

Sec. filed June 4, 1987; repealed, new filed May 23, 2006 eff. June 7, 2006.

Section 6209.6. Examination criteria

(a) State Board testing and examination shall be performed in an open and public venue. Testing shall be performed in conformity with written procedures adopted by the State Board. Such procedures and the test reports of the State Board and its ITA, shall be available for public inspection at the office of the State Board, and at its website. Each tested system shall, at a minimum, conform to the EAC's 2005 Voluntary Voting System Guidelines, to the extent that they are consistent with State law and this Part.

(b) The State Board or its designee, as part of its examination, may at its discretion, submit the voting system for analysis by a testing laboratory.

(c) Whenever the State Board is satisfied that a voting machine or system has been proven to meet the environmental standards of section 6209.2(e) of this Part; and the vendor is able to provide documentation for the State Board's testing authority to establish that those standards have been met; then the State Board may, in its discretion, accept such documentation as satisfaction of the tests required by these regulations.

(d) All laboratory testing shall be conducted or verified by independent testing authorities appropriately certified by the National Association of State Election Directors, the EAC or approved by the commissioners of the State Board.

(1) Software and hardware qualification tests. Qualification of voting system software and hardware shall consist of a series of tests, code analyses, and inspection tests performed at the Federal and State levels, to verify that the software and hardware meet design requirements and that

characteristics are correctly described in the documentation items. Qualification shall also include a functional configuration audit and a physical configuration audit.

(2) Functional configuration audit. A functional configuration audit shall be performed to verify that the software complies with the software specification (as defined in paragraph [f][3] of this section) and applicable laws and regulations. Federal qualification test data may be used in partial fulfillment of this requirement; however, the State Board or its designee shall perform or supervise the performance of additional tests, or order additional laboratory testing, to verify system performance in all operating modes, including but not limited to disability access and alternate language modes and to validate the vendor's test data reports. The functional configuration audit shall be performed in a facility selected by the State Board.

(i) Vendor responsibility. The vendor shall provide a list of all documentation and data required to be included as part of the independent review, and vendor technical personnel shall be available to the State Board during the performance of the functional configuration audit.

(ii) Technical data. The vendor shall provide the following technical data:

(a) copies of all procedures used for module or unit testing, integration testing and system testing;

(b) copies of all test cases generated for each module and integration test and sample ballot formats or other test cases used for system;

(c) records of all tests performed by the procedures listed above, including error correction and retest.

(iii) Audit procedure. The State Board, with the assistance of an independent testing authority, shall subject each voting system to a complete functional test, including but not limited to actual use testing of all components used by voters to enter or review votes. Additionally, the State Board and its independent testing authority shall review the vendor's test procedures and test results. This review shall include an assessment of the adequacy of test cases and input data to exercise all

system functions and to detect program logic and data processing errors if such be present. The review shall also include an examination of all test data which is to be used as a basis for qualification.

(3) Physical configuration audit. The physical configuration audit is an examination of the software configuration against its technical documentation to establish a configuration baseline for approval. The physical configuration audit shall include an audit of all drawings, specifications, technical data and test data associated with the system hardware and this audit shall establish the system hardware baseline associated with the software baseline. All subsequent changes to the software or hardware shall be subject to re-examination.

(i) Vendor responsibility. The vendor shall provide a list of all documentation and data required to be audited by the State Board. Vendor's technical personnel shall be available to the State Board during the performance of the physical configuration audit.

(f) an identification and explanation of any changes between the physical configuration audit and the configuration submitted for the functional configuration audit.

(iii) Audit procedure. Required data items include draft and formal documentation of the vendor's software development program which are relevant to the design and conduct of qualification tests. The vendor shall

identify all documents, or portions of documents, which the vendor asserts contain proprietary information not approved for public release. The State Board or its designee shall agree to use any proprietary information contained therein solely for the purpose of analyzing and testing the software and shall refrain from disclosing proprietary information to any other person or agency without the prior written consent of the vendor or a court order. The State Board or its designee shall review the vendor's source code and documentation to verify that the software conforms to the documentation, and that the documentation is sufficient to enable the user to install, validate, operate and maintain the voting system. The review shall also include an inspection of all records of the baseline version against the vendor's release control system to establish that the configuration, being qualified, conforms to the engineering and test data.

(e) *Functional tests, security tests and simulated voting.* Prior to certifying a voting system, the State Board shall designate an independent expert to review, all source code made available by the vendor pursuant to this section and certify only those voting systems compliant with this Part. At a minimum, such review shall include a review of security, application vulnerability, application code, wireless security, security policy and processes, security/privacy program management, technology infrastructure and security controls, security organization and governance, and operational effectiveness, as applicable to that voting system.

(1) For all systems or equipment, functional tests shall consist of the validation of equipment functional performance, and shall be performed in an open and public venue, in conformity with written procedures adopted by the State Board.

(2) All votes entered shall use the identical interfaces as would be used by the actual voters during the actual voting process. By way of explanation, touch-screen votes, or votes cast via alternative accessible devices such as tactile-discernible key pads or pneumatic switches shall be used as the voter would use them rather than casting simulated

votes via any of these processes into the voting system using any type of diagnostic input cartridge.

(3) Functional tests of voting system software which runs on general purpose data processing equipment shall include all tests similar to those in procedures which are necessary to validate the proper functioning of the software and its ability to control the hardware environment. The tests shall also validate the ability of the software to detect and act correctly upon any error conditions which may result from hardware malfunctions. Detection capability may be contained in the software, the hardware or the operating system. It shall be validated by any convenient means up to and including the introduction of a simulated failure (power off, disconnect a cable, etc.) in any equipment associated with vote processing.

(4) Each system shall be submitted for electronic and technical security and integrity analysis by independent certified security experts, who shall be given full unrestricted access to production units of the system, for such analysis. Whenever the vendor is able to provide documentation for the State Board and its testing authority, to establish that the standards of this section of these regulations have been met; then the State Board may, in its discretion, accept such documentation as satisfaction of the tests required by this Part.

(5) Functional tests for the following types of equipment shall be required:

(i) Standard commercial, off-the-shelf production models of general purpose data processing equipment (PC's, printers, etc.) shown to be compatible with these requirements and with the voting system.

(ii) Production models of special purpose data processing equipment (scanners, bar code readers, etc.) having successfully performed in elections use and having been shown to be compatible with the voting system.

The voting system must be secure against attempts to interfere with correct system operation. The vendor shall identify each potential point of attack. For each potential point of attack, the vendor shall identify the technical safeguards embodied in the voting system to defend against attack, and the procedural safeguards that the vendor has recommended be followed by the election administrators to further defend against that attack. Each defense shall be classified as preventative, if it prevents the attack in the first place; detective if it allows detection of an attack; or corrective if it allows correction of the damage done by an attack. Security requirements and provisions shall include the ability of the system to detect, prevent, log and recover from the broad range of security risks identified. These procedures shall also examine system

capabilities and safeguards claimed by the vendor to prevent interference with correct system operations. The State Board, with the assistance of its ITA, shall conduct tests to confirm that the security requirements of this Part have been completely addressed. Notwithstanding any other provisions of this Part, the State Board shall determine whether all or a portion of such security requirements and security provisions shall be available for public inspection, but shall exclude any information which compromises the security of the voting system.

(xv) Programming specifications. The vendor shall provide an overview of the software design, structure and implementation algorithms. Whereas the functional specification of the preceding section provides a description of what functions the software performs and the various modes in which it operates, this section should be prepared so as to facilitate understanding of the internal functioning of the individual software modules. Implementation of functions shall be described in terms of software architecture, algorithms and data structures and all procedures or procedure interfaces which are vulnerable to degradation in data quality or security penetration shall be identified.

(xvi) Test and verification specifications. The vendor shall provide a description of the procedures used during software development to verify logical correctness, data quality and security. This description shall include existing standard test procedures, special purpose test procedures, test criteria and experimental design and validation criteria. In the event that this documentation is not available, the qualification test agency shall design test cases and procedures equivalent to those ordinarily used as a basis for verification (see below).

(xvii) Qualification test specification. The vendor shall provide a description of the specification for verification and validation of overall software performance, including acceptance criteria for control and data input/output, processing accuracy, data quality assessment and maintenance, exceptional handling and security. The specification shall identify specific procedures by means

of which the general suitability of the software for elections use can be assessed and demonstrated. The vendor's specification and procedure shall be used to establish the detailed requirements of the tests described in "Laboratory Environmental Test Procedures for Hardware and Software" of this standard.

(xviii) Acceptance test specification. The vendor shall provide a description of the specification for installation, acceptance and readiness verification. This specification shall identify specific procedures by means of which the capability of the software to accommodate actual ballot formats and format logic, and pre-election logic, accuracy and security test requirements of using jurisdictions may be assessed and demonstrated. The vendor's specification shall be used to establish the detailed requirements of the tests described in "Laboratory Environmental Test Procedures for Hardware and Software" of this standard performed to evaluate the adequacy of the vendor's procedures and it shall be suitable for inclusion in the regulations and procedures of user counties when preparing for the conduct of actual elections.

(xix) Appendices. The vendor shall provide descriptive material and data supplementing the various sections of the body of the software specification. The content and arrangement of appendices shall be at the discretion of the vendor. Topics recommended for amplification and treatment in appendix form include:

(a) Glossary. Provide a listing and brief definition of all software module names and variable names with reference to their locations in the software structure. Include abbreviations, acronyms and terms which are either not commonly used in data processing and software development or which are used in an uncommon semantic context.

(b) References. Provide a list of references to all related vendor documents, data, standards and technical sources used in software development and testing.

(c) Program analysis. Provide the results of software configuration analysis, algorithm analysis and selection, timing studies and hardware interface studies reflected in the final software design and coding.

(d) Security analysis. Provide a detailed description of the penetration analysis performed to preclude intrusion by unauthorized persons and fraudulent manipulation of elections data. Identify security policies and measures and selection criteria for audit log data categories.

(4) Operator information. This documentation shall include a physical description of the equipment sufficient to identify all features, controls and displays. It shall include a complete procedure for energizing the equipment, for testing and verifying operational status and for identifying all abnormal equipment states. It shall include a complete operating procedure for inserting ballots to be tabulated, for controlling the tabulation process, for monitoring the status of the equipment, for recovering from error conditions and for preparing output reports. It shall also include troubleshooting instructions. The documentation shall also include a description of the relationship of the sensitive area, voting target, and ballot position. For paper-based systems, this description shall include a description of the nature of the marks the system will and will not count as votes, for example, the types of marks made with each of a variety of pens and pencils that should be counted and that should not be counted. For DRE voting systems, this description shall include a description of the nature of the voter action required to cast a vote in the sensitive area, for example, the force and duration of contact required.

(5) Maintenance information.

(i) This documentation shall contain a complete physical and functional description of the equipment and a theory of operation which fully describes the electrical and mechanical function of the equipment, how the processes of ballot handling and reading are performed, how data are handled in the processor and memory sections, how data output is initiated and controlled, how power is converted or conditioned and how test and diagnostic information is acquired and used.

(ii) A complete parts and materials list shall be provided which contains sufficient descriptive information to identify all parts by type, size, value or range and manufacturer's designation.

(iii) Technical illustrations and schematic representations of electronic circuits shall be provided with indications of all test and adjustment points and the nominal value and tolerance or waveform to be measured. Fault detection, isolation and correction procedures or logic diagrams shall be prepared for all operational abnormalities identified by design analysis and operating experiences.

(6) Logistics, facilities and training. The vendor shall identify all operating and support requirements of the system or component. These requirements include material, facilities and personnel, including furnishings, fixtures, and utilities which will be required to support system operation, maintenance and storage.

(7) Maintenance training and supply.

(i) The vendor shall identify all corrective and preventive maintenance tasks, including the calibration of the system, as appropriate, and the level at which they shall be performed. Levels of maintenance shall include operator tasks, maintenance personnel tasks and factory repair.

(ii) Operator tasks shall be limited to the activation of controls to identify irrecoverable error conditions and to the replenishment of consumables such as printer ribbons, paper and the like.

(iii) Maintenance personnel tasks shall include all field maintenance actions which require access to internal portions of the equipment. They shall include the conduct of tests to localize the source of a malfunction; the adjustment, repair or replacement of malfunctioning circuits or components and the conduct of tests to verify restoration to service.

(iv) Factory repair tasks shall be minimized, and repairs shall be made on site whenever reasonably possible. Factory repairs shall only include complex and infrequent maintenance functions which require access to proprietary or to specialized facilities and equipment which cannot be obtained by the county board.

(v) The vendor shall identify by function all personnel required to operate and support the system. For each functional category, the number of personnel and their skills and skill levels shall be specified.

(vi) The vendor shall specify requirements for the training of each category of operating and support personnel, including but not limited to voters, poll workers, and elections staff. The vendor shall prepare all materials required in the training activity and shall provide or otherwise arrange for the provision of as many qualified instructors as are necessary to properly and fully train said personnel in each category.

(vii) The vendor shall recommend a standard complement of supplies, spares and repair parts which will be required to support system operation. This list shall include the identification of these materials and their individual quantities and sources from which they may be obtained. The vendor shall supply, at vendor's expense, any special tools required to repair or maintain the equipment.

(viii) The vendor shall provide complete instructions for all methods of voting which voters may use to cast their vote, including instructions on entering and changing votes, write-in voting, verifying votes and accepting the cast votes. Written and audio instructions shall be provided in each language in which voting shall occur within the State.

(8) Usability test. Vendors shall make available to the State Board, in a quantity to be determined by the State Board, voting systems for the purpose of conducting a usability test, which will establish the minimum number of voting machines required in each polling place and the maximum number of voters that can vote on one voting machine during the course of an ordinary 15-hour election day. The ballots to be used for this test shall include both primary and general election ballots, with ample candidate selection options and ballot proposal selections. For the purposes of the usability test, voting shall occur by utilizing all the devices which a voter may use to make their selections. If a vendor has previously performed a usability

test on the same or similar voting system which meets the requirements of this section, the State Board may consider the findings of same. Whenever the State Board is satisfied that a voting machine or system's usability analysis has provided adequate and accurate information relative to the requirements of Election Law, section 7-203.2, then the State Board may, in its discretion, accept such documentation as satisfaction of the usability test required by these regulations.

(9) Voter demonstration test.

(i) The purpose of this test is to provide, in a simulated election day environment, a public demonstration of the usability and accuracy of such systems or machines.

(ii) Vendor must submit, in a quantity to be determined by the State Board, additional voting systems or equipment that have been submitted for certification. These additional systems or equipment will be returned to the vendor upon the completion of voter demonstration testing.

(iii) The State Board shall make available to the public, all non-proprietary documentation submitted by the vendor.

(10) Certification.

(i) The State Board shall escrow a complete copy of all certified software that is relevant to functionality, setup, configuration, and operation of the voting system, including but not limited to, a complete copy of the source and executable code, build scripts, object libraries, application program interfaces, and complete documentation of all aspects of the system including, but not limited to, compiling instructions, design documentation, technical documentation, user documentation, hardware and software specifications, drawings, records, and data. Documentation shall include a list of programmers responsible for creating the software and a sworn affidavit that the source code includes all relevant program statements in low-level and high-level languages. The State Board may require that additional items be escrowed. If any vendor contracts to escrow

additional items, those items shall be subject to the provisions of this section.

(ii) The vendor shall immediately notify the State Board of any change in any item required to be escrowed by subparagraph (i) of this paragraph, and shall provide an updated version for deposit.

(iii) The chief executive officer of the vendor shall sign a sworn affidavit that the source code and other material in escrow is the same being used in its voting systems in the State. The chief executive officer shall have an ongoing obligation to ensure the statement is true.

(iv) The vendor shall promptly notify the State Board and each county board using its voting system of any decertification of the same system in any state, of any defect in the same system known to have occurred anywhere, and of any relevant defect known to have occurred in similar systems.

(v) Upon completion of testing, reports shall be produced by the ITA and State Board staff, and a recommendation either for or against certification shall be made to the State Board's commissioners.

(vi) If the State Board determines that a system meets the requirements of this Part, and is determined to be suitable for use by voters, it shall certify such system. A notice of provisional certification shall be prepared and forwarded to the vendor, forthwith. The vendor shall ensure that the voting system's software has been escrowed as set forth in Election Law, section 7-208, and the vendor has updated any affidavit and complied with the affidavit requirements, as set forth in section 6209.4(h) of this Part.

(vii) Upon compliance with the provisions set forth above, a notice of certification shall be awarded to the vendor. Notice of such certification shall also be provided to all county boards.

(viii) If the State Board fails to certify a system, the vendor shall be so notified.

(ix) Once a certified system is selected for purchase by a county board, that system's software shall be provided

to the county board by the State Board, and not the vendor.

Section 6209.7. Modifications and re-examination

(a) Any prospective modification to a previously certified voting system shall be submitted to and approved by the State Board before such modification is made.

(b) No modification of previously certified voting systems equipment shall be used in any election until such modification has been approved by the State Board.

(c) Prospective modification shall be reviewed by the State Board or by an examiner or testing laboratory selected by the State Board in accordance with the fee schedule established by section 7-201 of the Election Law.

(d) Upon completion of a review of such prospective modification, the State Board may cause a re-examination of the entire voting system, or within its discretion, grant continuation of certification pursuant to the provisions of section 7-201 of the Election Law.

Sec. filed June 4, 1987; repealed, new filed May 23, 2006 eff. June 7, 2006.

Section 6209.8. Rescission of certification

(a) If at any time subsequent to the State Board's approval of a voting system, the State Board determines that the voting system fails to fulfill the criteria prescribed by statute and these rules, the State Board shall notify any purchasers and vendors of that particular voting system's failure, post such notice on its website, and give notice by mail to the chairs of all political parties and interested persons who have previously requested notification of such information, that the State Board's approval or certification of that system in New York State is to be withdrawn.

(b) Failure of a vendor, its officers and its controlling shareholders to file affidavits as required in section 6209.4(i) of this Part may result in the rescission of certification. Notice of such failure shall be in writing and shall specify

the reasons why the approval or certification of the system is being rescinded.

(c) At the State Board's discretion and depending on the reason for rescission, a notice may also provide for a 30-day period within which the vendor must correct deficiencies, and shall further specify the date on which the rescission is to become effective.

(d) Any vendor or purchaser of such voting system, and any interested person or organization, may request in writing that the State Board reconsider its decision to rescind approval or certification of the voting system.

(e) Upon receipt of such request to reconsider, the State Board shall hold a public hearing for the purpose of reconsidering the decision to rescind the approval or certification, and shall give published notice of such hearing at least two weeks in advance, including posting it prominently on its website and giving notice by mail to public advocacy organizations which have requested such notification or requested that the State Board reconsider its decision. Any interested party shall be given the opportunity to submit testimony or documentation in support of or in opposition to the Board's decision to rescind approval or certification.

(f) The State Board may affirm or reverse its decision. Should the State Board affirm its decision, such vendor may be prevented from submitting a new application form for a period of two years following the date of the final decision.

Sec. filed June 4, 1987; repealed, new filed May 23, 2006 eff. June 7, 2006.

Section 6209.9. Contracts

(a) In addition to complying with all statutory requirements, all contracts for the purchase of voting systems by county boards, hereinafter to be designated 'purchaser', shall include the following requirements:

(1) Training. Vendors of voting systems shall provide for sufficient training of boards of elections personnel in the following:

(i) training prior to delivery of voting systems and equipment on procedures for unpacking, assembling and acceptance testing of such equipment;

(ii) training for proper use of such equipment including maintenance, storage and transportation procedures;

(iii) the vendor shall provide complete operations manuals (including operations manuals for any auxiliary features, programming, hardware, telecommunications systems and central vote tabulating systems) upon delivery of voting systems equipment to a jurisdiction. Such manuals shall include one copy of procedures to be followed by inspectors at polling places. The vendor shall permit this copy to be reproduced and distributed by the county board at its training school for election inspectors or the vendor shall supply as many copies of the procedures as required by purchaser for such distribution;

(iv) the vendor shall assist in the training of all elections personnel (including election inspectors) during the first two elections, to include a general election, in which the system or equipment is used. Such assistance relating to the number of people and the hours of assistance shall be identified in the executed contract.

(v) sufficient training for county board personnel in the use of the vendor's voting system's supporting software, procedures to be used to accomplish ballot face layout and ballot programming, and all other features of the software.

(2) Service provisions

(i) The contract shall identify the obligations of the vendor to promptly rectify any problems identified through testing any or all of the voting systems equipment delivered to the purchaser.

(ii) The vendor shall, without additional cost, provide to the purchaser a five-year guarantee of parts and service, that such voting systems equipment shall be kept in good working order and that other statutory requirements are met. Shipping costs for any factory repairs or part replacement will be incurred by the vendor.

(iii) The vendor shall provide to the purchaser of said voting systems equipment a detailed listing of proper maintenance, storage and transportation procedures to be carried out by each purchaser.

(iv) The vendor and the purchaser shall agree in writing as to the proper maintenance procedures to be implemented on each piece of equipment and shall further agree in writing as to the obligations of each party for servicing and maintenance procedures.

(v) The vendor must correct any problems or defects in the voting equipment or voting systems within a commercially reasonable time period. If the time for resolving problems or defects is insufficient to allow for adequate resolution prior to use in an election, an alternate machine or unit shall be provided by the vendor, and such machine or unit shall be subjected to the acceptance testing requirements of this Part.

(vi) The vendor shall provide the purchaser with the criteria necessary for the proper operation of the voting system or equipment at a polling place.

(3) Polling site survey.

(i) The vendor, together with the purchaser, shall survey the present polling places in a jurisdiction to which its voting system or equipment has been sold, to determine whether or not such polling places meet environmental conditions for the proper operation of the voting system or equipment. This provision shall apply to those polling places which are in use at the time of the proposed sale.

(ii) If any polling places are not compatible, the vendor shall advise the jurisdiction purchasing the voting system or equipment on the methods or procedures that the said jurisdiction may use to remedy any such problem.

(4) Additional requirements:

- (i) delivery schedule;
- (ii) acceptance testing requirements;
- (iii) storage and maintenance responsibilities; and

(iv) shipping delivery guidelines and requirements.

(v) a list of system proprietary and non-proprietary consumables, extended warranties, services, and other such items as may be considered by county boards for purchase, with the exception of programming, as county boards are prohibited from contracting with a vendor for programming services.

(b) A vendor entering into a contract shall affirm that:

(1) the submitted voting system complies with all applicable rules adopted by the State Board, and with all applicable 2005 Federal Voting System Guidelines;

(2) the vendor will quote and provide a statewide, uniform price for each unit of the voting system's equipment;

(3) the submitted voting system's software does not contain any code, procedures or other material (including but not limited to 'viruses', 'worms', 'time bombs', and 'drop dead' devices that may cause the voting system to cease functioning at a future time), which may disable, damage, disarm or otherwise affect the proper operation of the voting system, any hardware, or any computer system or other property of the State Board or county board; and

(4) any submitted voting system provides methods through security seals or device locks to physically secure against attempts to interfere with correct system operations. Such physical security shall guard access to machine panels, doors, switches, slots, ports, peripheral devices, firmware, and software.

(c) The vendor shall post a bond or letter of credit to cover any and all expenses, costs, and damages, including but not limited to all costs of inspecting or testing a voting system that does not meet the standards contained in this Part and all costs incurred in conducting any new election resulting from any breach of the warranties and representations required to be made anywhere in this Part, or in the New York State Election Law. Said bond or letter of credit shall be set by the State Board.

(d) For purposes of the initial purchases of voting machines and systems, pursuant to the Federal Help America Vote Act of 2002, and the State Election Reform and Mod-

ernization Act of 2005, all contracts entered by the State Board or county boards with vendors, must comply with Office of General Services (OGS) regulations on purchasing procedures and purchases from preferred sources, found in NYCRR Title 9, Subtitle G, Subchapter A, Part 250, section 250.0 through and including section 250.11.

Sec. filed June 4, 1987; repealed, new filed May 23, 2006; amd. filed May 11, 2007 eff. May 30, 2007. Amended (a)(4)(i).

Section 6209.10. Acceptance testing

(a) County boards, under the supervision of the State Board, shall conduct a public acceptance test on each unit of any voting system purchased by such county. Such acceptance testing shall begin within 72 hours of delivery of the equipment from the vendor to the purchaser and shall be completed prior to the use of the equipment in any election.

(b) Such testing shall be conducted under the supervision of the State Board in accordance with the testing requirements and formats provided by the State Board. This test may consist in part, of the original certification test deck as utilized by the State Board in the certification of the system.

(c) Acceptance testing for voting systems shall include the comparison of software installed on the delivered system to certified software, via the use of a Secure Hash Signature Standard (SHS) Validation Program, contained in Federal Information Processing Standards Publication 180-2 issued by the National Institute Standards Technology.

(d) Acceptance testing for non-PC-based voting systems shall include testing to be prescribed by the State Board at the time of system selection, pursuant to section 6209.5(i) of this Part, to verify that the voting system delivered to the county board is identical to the system certified by the State Board.

(e) The results of acceptance testing shall be both documented and attested to by the county board and the State Board, and the documentation placed in the maintenance log for the system, and on file with the State Board.

(f) If the acceptance test reveals any impropriety or fault in the ballot counting system's equipment, the vendor must

RULES AND REGULATIONS

make corrections to such improper or faulty equipment within 15 days from the date of such acceptance testing.

(g) The State Board, upon its review of the acceptance testing of such system's equipment may, at its discretion, rescind certification of said equipment in the State of New York in accordance with the provisions of section 6209.8 of this Part.

Sec. filed June 4, 1987; repealed, new filed May 23, 2006 eff. June 7, 2006.

Section 6210.1. Definitions

Except to the extent set forth below, the definitions contained in section 6209 of this Title shall apply in this section

(a) Pre-qualification test is a test prescribed by the State Board, conducted immediately prior to the voting systems' use in an election in which a predetermined set of votes are cast which will ensure that all voting positions for each ballot configuration are tested. Such votes shall be entered into the voting system in the same manner as they will be entered by voters during an election. If a voting system offers several methods for votes to be entered, such as touch-screen, push-button, or other electronic mechanism, a key pad and/or pneumatic switch for voters with disabilities, or alternate language displays, then a pre-determined set of votes shall be entered separately using each method and language display. The results of the casting of said votes and all voting system logs shall be extracted from the system as though during normal use in an election, and the results and logs shall be compared to the predetermined results of the test votes and vote totals prepared pursuant to regulations and procedures of the State Board.

(b) Printout means either the printed copy of zero totals, candidate names and offices and other information produced by the voting equipment prior to the official opening of the polls or the printed tabulation report of votes cast for each candidate and question, the names of candidates and the offices for each candidate and other information provided after the official closing of the polls.

(c) Election Mode. An operational setting and/or functional level of a voting system that would allow the user, under the required conditions stated by law, to make selections, and/or cast a ballot, and which also uniquely provides the potential to have a marked ballot officially accepted for counting at the time of a defined election. Note: This mode of operation may also be synonymous with the term “live vote mode” or similar. This mode may also be run at any time, either for the running of realistic simulations for testing, and/or after various maintenance activities. This mode is specifically required to be run in the conduct of an official election.

(d) Test Mode. An operational setting and/or functional level of a voting system that would allow the user to specify/select, access, and/or test various levels/areas of the device, either, for example, during possible upgrades, diagnostic testing, and/or specific maintenance activities that may not require full functional simulation, or capabilities at that time. Note: This mode of operation is a separate option from Election Mode, and is prohibited from being run in the conduct of an official election.

(e) Closed Network. A closed network is a stand-alone server that is used for a specific purpose, such as an Election Management System (EMS), and to which access is restricted to specific workstations and users and not connected to any other internal or external network.

Sec. filed Aug. 31, 1987 eff. Aug. 31, 1987; repealed and new added filed Oct. 31, 2008 eff. Nov. 19, 2008.

Section 6210.2. Routine testing of voting systems

(a) Testing of all voting systems shall be conducted by the county board before the use of the system in any election and at such other times of the year as prescribed by these regulations. Testing procedures shall be approved by the State Board. The voting system shall be tested to determine that the system is functioning correctly and that all system equipment, including but not limited to hardware, memory, and report printers, are properly integrated with the system and are capable of properly performing in an election. Testing, other than pre-qualification testing, shall be conducted

by casting manual votes and may include the casting of simulated votes.

(b) All voting equipment owned by a county board of election shall be tested at least once every calendar year. All other voting equipment that has not undergone pre-qualification testing prior to use in any election in the calendar year shall be tested no later than December 31st of the calendar year. Such tests are in addition to vendor-prescribed maintenance tasks and diagnostic tests, conducted by the county board. Whenever a voting system is to be tested for pre-qualification purposes, such test must be conducted while the voting system is in election mode. Votes cast for pre-qualification test purposes shall be manually cast using all of the devices available to voters on election day (i.e.: audio, key pads and or pneumatic switches, and/or alternate language displays).

(c) Testing shall include the comparison of software installed on the delivered system to certified software, via the use of a Secure Hash Signature Standard (SHS) Validation Program, as described in Federal Information Processing Standards Publication 180-2 issued by the National Institute Standards Technology (This publication is available electronically by accessing the NIST website. Alternatively, copies of NIST computer security publications are available from: National Technical Information Service (NTIS), 5285 Port Royal Road, Springfield, VA 22161.)

Testing shall consist of the re-calibration of equipment, as appropriate, pursuant to recommendations made in vendor's maintenance documentation, and the casting of a test deck by voting the minimum number of ballots, determined pursuant to the requirements of section 6210.8 of this Part, to ensure that all voting positions for each ballot configuration are tested. Votes cast for the purposes of this section shall be cumulative ballots cast on each piece of equipment.

(1) If the system does not accurately count the votes from the test deck cast manually, simulated, or both, (aside from those that were deliberately designed to fail), or the calibration test, the cause or causes for the error or errors shall be ascertained and corrected. The voting system shall be retested until there are two consecutive error-

free tests before the system is approved for use in the count of actual ballots. The commissioners of the county board or their designees shall certify that they have reviewed and verified the results of said testing. The summary results of all tests, including all inaccurate test results, their causes and the actions taken to correct them, as well as the results of all errorless counts, shall be entered upon the maintenance log. Maintenance logs are to be kept as a permanent record of the county board. All other documentation and/or test decks, simulation cartridges and any test data including but not limited to copies of ballot programming used for required maintenance tests shall be maintained in secure locked storage for two years after the election, pursuant to Election Law section 3-222.

(d) For pre-qualification testing of a system to be used in a primary election, the test ballot format for each piece of equipment assigned for use in said primary election shall consist of each primary ballot configuration as certified by the county board, if said equipment is to be utilized in a primary election. The voting system shall be cleared of all votes and a printed report shall be produced by the system, to verify the correct ballot configuration and election configuration, and to confirm that all voting positions are at zero. Ballots cast for the purposes of this test shall be manually cast and a printed tabulation report shall be produced. The system shall again be cleared of all votes and a printed report shall be produced by the system to confirm that all voting positions are at zero. Each officer or board charged with the duty of preparing voting machines for use in any election shall give written notice pursuant to Election Law sections 7-128 and 7-207, by first class mail, to the State Board and to all candidates, except candidates for member of the county committee, who are lawfully entitled to have their names appear thereon, of the time when, and the place where, they may inspect the voting machines to be used for such election. The candidates or their designated representatives may appear at the time and place specified in such notice to inspect such machines, provided, however, that the time so specified shall be not less than two days prior to the date of the election.

(e) For the period between ballot certification and seven days before the general election, the test ballot format for each piece of equipment shall consist of each general election ballot configuration as certified by the county board. The voting system shall be cleared of all votes and a printed report shall be produced by the system, to verify the correct ballot configuration and election configuration, and to confirm that all voting positions are at zero. Ballots cast for the purposes of this test shall be manually cast and a printed tabulation report shall be produced. The system shall again be cleared of all votes and a printed report shall be produced by the system to confirm that all voting positions are at zero. Each officer or board charged with the duty of preparing voting machines for use in any election shall give written notice pursuant to Election Law section 7-128 and section 7-207, by first class mail, to the State Board and to all candidates, except candidates for member of the county committee, who are lawfully entitled to have their names appear thereon, of the time when, and the place where, they may inspect the voting machines to be used for such election. The candidates or their designated representatives may appear at the time and place specified in such notice to inspect such machines, provided, however, that the time so specified shall be not less than two days prior to the date of the election.

(f) In addition to any vendor provided training, the State Board shall provide training on routine maintenance and testing of voting systems to county board personnel responsible for voting systems. The State Board shall provide sample tests to be utilized by each county board. The State Board may revise said testing format, based upon its audit and review.

(g) All results of any testing in addition to pre-qualification testing, including the final errorless test, shall be certified as accurate by the county board commissioners or their designees, and such certification shall be entered upon the maintenance log for each such piece of equipment, together with any other information prescribed in said log by the State Board.

(h) The county board shall certify to the State Board, the completion of any, testing including pre-qualification testing. All documentation and/or test decks, simulation cartridges and any test data including but not limited to copies of ballot programming used for required maintenance tests shall be maintained in secure locked storage for two years after the election, pursuant to Election Law section 3-222. Such certification shall be on a form prescribed and furnished by the State Board, and shall be accompanied by copies of each maintenance log.

(i) Each county shall keep a detailed log of maintenance performance and testing procedures. Such logs shall be in a format provided by the State Board and the same shall have been reviewed by the vendor.

(j) Such logs shall be provided upon completion of any testing, including pre-qualification testing or as requested by the State Board, for their review and inspection, and shall be made available to the public, upon request.

(k) The State Board may, upon review of the maintenance logs, require further testing of any such piece of equipment or may remove a piece of equipment from use in an election until further examination and testing has been completed, or may rescind certification pursuant to section 6209.8 of the State Board regulations.

(1) The State Board may reinstate the certification if the equipment passes these further tests, and a review of the maintenance logs supports such reinstatement.

(2) County boards shall make the system or equipment available to the State Board for any such additional testing and shall provide such assistance as may be deemed necessary.

(l) During the initial time period in which such system or equipment is used, to include a primary election and a general election, the State Board shall assist in the routine maintenance, testing and the operation of the voting machines or systems. Such assistance shall include but not be limited to:

(1) election configuration and ballot configuration related to voting system testing and use;

9 NYCRR 6210.2

ELECTION LAW

- (2) pre-qualification and post-election tests;
- (3) election day support, via phone, email, facsimile or on-site, as necessary;
- (4) post-election support, to include recanvass, challenges, and audit conducted pursuant to Election Law section 9-211;
- (5) staff training;
- (6) defining personnel requirements and tasks;
- (7) defining procedures for pre-qualification, post-election, and maintenance tests; and
- (8) defining procedures for canvassing and recanvassing votes cast in an election.

(m) During successive years, the State Board, whenever it deems necessary, or at the request of a county board, may assist in any or all aspects of the operation of the system.

Section 6210.4. Demonstration models

(a) During the first five years after purchase, any county which purchases precinct-based voting equipment systems shall provide a model, diagram, video or other electronic instruction (example CD ROM) of such voting system's equipment for each polling place in its jurisdiction.

(b) Any such model, diagram, video or other electronic instruction must be approved by the State Board and must meet the following specifications:

(1) may not contain the name of any party or independent body which has been continuously used in New York State.

(2) display a ballot layout which shall consist of at least two party rows and eight voting positions including at least one multiple-candidate office (vote for two).

(3) Demonstrate how a voter can:

(i) vote for a candidate, question or proposition.

(ii) verify in a private and independent manner the votes selected by the voter on the ballot before the ballot is cast and counted.

(iii) in a private and independent manner change the ballot or correct any error before the ballot is cast and counted, including the opportunity to correct the error through the issuance of a replacement ballot if the voter was otherwise unable to change the ballot or correct any error.

(iv) cast a write-in ballot.

(v) cast the ballot.

(vi) be notified on the effect of the voter casting multiple votes for an office or proposal in excess of the number permitted.

(vii) be notified on the effects of an undervote.

(viii) utilize the accept ballot/reject ballot feature, if any is available on such voting machine or system.

(c) If a model is used, each model must:

(1) be no less than 11 inches by 14 inches; and

(2) be operated by electricity and/or a battery power source.

(d) If a diagram is used it shall be no smaller than 11 inches by 17 inches.

sion's 2005 Voluntary Voting System Guidelines and any conditions specified in the State Board's certification of the voting system for use in New York elections.

(b) Only the county board shall have care, custody and control over all resources for the purposes of conducting elections, including but not limited to vote counting, preparation and custody of ballots, system maintenance and all testing. If it becomes necessary to transfer control of any equipment to a vendor for repairs, or to other political subdivisions for use by them in their elections, such voting systems and/or equipment shall not be used in a live election by the county board until such time as such equipment is returned to the care, custody and control of the county board and acceptance testing of each such system or equipment is performed pursuant to Section 6209.10 of the State Board Regulations.

Sec. filed Aug. 31, 1987 eff. Aug. 31, 1987; repealed and new added filed Oct. 31, 2008 eff. Nov. 19, 2008.

Section 6210.6. Personnel

It is the responsibility of the county board to provide sufficient and appropriate staff to perform the functions required for successful use of the voting system. All tasks shall be defined in written procedures, and personnel assigned shall be thoroughly trained to carry out their responsibilities.

Sec. filed Aug. 31, 1987; amd. filed Jan. 3, 1996 eff. Jan. 24, 1996; repealed and new added filed Oct. 31, 2008 eff. Nov. 19, 2008.

Section 6210.7. Ballots

(a) For the production of paper ballots or ballot faces for DRE voting systems, the county board shall contract with a printer or use in-house print services that have the requisite expertise, staff, and equipment for printing ballots of the complexity and in the volume required for the conduct of elections in that county, and that ensures delivery of finished ballots in time to comply with the relevant provisions of the Election Law and the election calendar.

(b) Detailed specifications for production of ballots shall be supplied to the county board by the voting system vendor. These shall include but not be limited to particulars of the

system's ballot such as weight, grain and color of stock; dimensions of ballot faces, ballots and ballot cards; corner cuts; perforations, both for ballot boundaries and for stub boundaries, when appropriate; ballot positions, sensitive areas and voting targets; pre-marks for imprinting of ballot configuration information; printing registration and tolerances; ink; use of drying powder; and packaging of printed ballots for shipment and for storage until time of use. The county board shall transmit these specifications to the printer chosen to produce its ballots.

(c) In the first year that the voting system is in use, a copy of the final form and arrangement of each ballot configuration shall be filed with the State Board.

(d) Ballots shall be identified by ballot configuration, using marks which are machine readable and human readable text. A sheet of ballot paper becomes a ballot when the contents of the ballot are printed thereon.

(e) Ballots to be used with poll site optical scan voting systems, shall be in a form consistent with Election Law. Each ballot shall have a numbered stub which can be separated from it along a perforated boundary. Such ballot shall be detached from the numbered stub prior to the election inspector giving the ballot to the voter and be retained by the county board in a manner consistent with election-related document retention requirements. Ballot stubs, however, shall not be required if the board of elections implements procedures to provide for ballot accountability equivalent to the use of ballot stubs as provided for in section 6210.10(b) of this Part.

(1) The ballot stubs, when required, shall be sequentially numbered, and shall include the date of the election, the political subdivision in which the ballot is valid, and in a primary election, the name of the party conducting the primary, and further, stubs may be color coded, to correspond to same.

(2) Ballot stubs, when required, shall include spaces for inspectors to indicate with their initials, whether the ballot was used for affidavit or emergency purposes.

(3) Ballots shall be bound in packages of 100, or in such other increments as a county board may, by written procedure, deem appropriate. When ballot stubs are used, binding shall be by staples, to help ensure ballot accountability. Packages of ballots not requiring ballot stubs shall be shrink wrapped or otherwise sealed in a heat-sealed or gummed bag with a cover.

(4) Ballot packages shall have a cover, on which shall be printed the date of the election, the political subdivision in which the ballot package shall be valid, the number of ballots therein, the sheet number of a ballot when it is part of a multiple sheet ballot, the range of sequential ballot stub numbers contained therein, if applicable, and such other administrative information as the county board may deem necessary. In primary elections, booklet covers shall include the name of the party conducting a primary, and may be color coded, to correspond to same.

(5) When more than one ballot package is to be used in any election district, a transmittal sheet shall accompany the packages, which shall specify how many packages are included, the number of ballots in total and the complete range of sequential ballot stub numbers for that district, if applicable, and shall further provide a space or spaces for inspectors to confirm receipt of all ballots.

(6) Ballot packages and any transmittal sheet, shall be delivered to inspectors with other election day supplies, in a separate, secure, sealed and labeled container, envelope or pouch.

(7) Only one ballot package at a time should be on the inspector table, and the remaining booklets shall be kept in their secure container, envelope or pouch.

(8) Upon opening a package of ballots that are not stubbed, the inspectors shall count the number of ballots in such package to ensure it is the number indicated on the coversheet. When all ballots in a package have been used, leaving only the cover and the stapled pad of stubs, in the case of ballots that are stubbed, such package shall be returned to the ballot package container/envelope/pouch and the next appropriately numbered ballot package shall be removed for use.

RULES AND REGULATIONS

9 NYCRR 6210.7

(9) After the close of polls, the transmittal sheet shall be completed by the inspectors, indicating which packages were completely used, partially used, or not used. The ballot package container/ envelope/pouch shall be sealed and returned to the county board with all other election day supplies.

(f) The county board shall cause its respective printer(s) to certify to the county board, upon delivery of ballots ordered:

- (1) the actual number of ballots printed;
- (2) the number of ballots delivered; and
- (3) that all other ballots printed have been destroyed.

The county board shall inventory all ballots and ensure the security of any and all ballots while they are in the possession of the county board.

(g) For central count paper-based voting systems, ballots printed for absentee voting, and those printed for emergency, special and affidavit purposes shall be tabulated by batch, and be subject to all appropriate provisions of these regulations. The county board shall provide a means by which affidavit, emergency, and special ballots shall be distinguished from absentee ballots.

(h) Ballots With Multiple Sheets. A board of elections may provide a voter a ballot consisting of more than one separate, unconnected sheets, provided:

(1) The ballot includes a statement that the voter must receive the number of ballot sheets the voter is entitled to, specifying such number. Such notice may be substantially in the following form: "Your ballot consists of (here insert the total number of sheets comprising the ballot) separate sheets. All of the sheets must be provided to you at the same time."

(2) Each ballot sheet shall be prominently labeled as "ballot sheet (here insert the number of the ballot sheet) of (here insert the total number of sheets comprising the ballot)."

(3) Ballot accountability and reconciliation procedures shall apply to each sheet of a multiple sheet ballot. Each sheet of a multiple sheet ballot may be spoiled without

spoiling another sheet comprising the same multiple sheet ballot.

(i) Ballots Printed on Demand

(1) Ballot on demand printers and supplies shall be secured as provided by the procedures of the State Board of Elections.

(2) Inspectors shall keep a record of the number of ballots of each ballot style printed by a ballot on demand printer. Such ballots shall be considered delivered to the inspectors at the time of printing, and the inspectors shall record the distribution of such ballots in the same manner as provided for in this section. Logs maintained by the ballot on demand printer application may be used by the inspectors to meet the requirements of this paragraph to record the number of ballots printed.

Sec. filed Aug. 31, 1987 eff. Aug. 31, 1987; repealed and new added filed Oct. 31, 2008 eff. Nov. 19, 2008; emergency rulemaking eff. Aug. 13, 2019, expired Nov. 10, 2019; emergency rulemaking eff. Nov. 5, 2019, expired Jan. 3, 2020; amd. filed Dec. 30, 2019 eff. Jan. 15, 2020.

Section 6210.8. Test deck procedures

Each county board shall prepare a test deck to be used to verify that the voting system's election configuration and ballot configuration is correct and that the voting system will accurately cast and count votes within each individual ballot configuration.

(a) The ballots shall be voted with a pre-determined number of valid votes for each candidate, each write-in position, and each voting option on every proposal that appears on the ballot as certified by the county board in order to verify that the vote system is programmed to correctly count the ballots. The deck includes one or more ballots that are intended to fail, have been improperly voted, or which are voted in excess of the number allowed by law, and one or more ballots on which no votes are cast, in order to test the ability of the system to recognize and/or notify of an under or over vote. If there is more than one ballot configuration for an election, a separate test deck is created for each ballot configuration. In election districts that will utilize a single voting system for two or more ballot configurations, required

testing shall consist of a different test deck for each ballot configuration to be utilized on such voting system, to ensure that the addition of multiple ballot configurations has not affected the accurate casting and counting of votes within individual ballot configurations.

(b) Test decks which include sub-decks are created once election configuration and ballot configuration tasks have been completed, and ballot configurations have been verified, utilizing detailed procedures for preparation of a test deck prescribed to the county board by the State Board. Using a tool or tools, (ie Excel) make a test script for each specific ballot within the test deck, such that when all test ballots within the test deck are completely cast it will accurately test all positions, undervotes, overvotes, write-in positions, propositions and ballots that are deliberately designed to fail.

(1) To create a test deck on an optical scan voting system, test ballots must be marked, following the pattern determined to sufficiently test the ballot programming, logic, and accuracy.

(i) For optical scan voting systems, the test deck includes one or more ballots on which two or more votes are cast for a candidate whose name appears on the ballot more than once for the same office in order to test the ability of the system to count only the first of such votes for the candidate.

(2) To create a test deck for DRE systems, the creation of a test script is required, so that the pattern of votes can be followed, to facilitate the manual casting of same.

(i) For DRE Systems, the test deck includes one or more ballots in which an attempt is made to cast two or more votes for a candidate whose name appears on the ballot more than once for the same office in order to test the ability of the system to accurately cast the voters choice(s) for such office.

(3) Assign each ballot in the script a unique ballot number.

(4) Calculate the number of ballots required to conduct each test. This calculation is the minimum number of

ballots that must be cast on each voting machine or system where such ballot configuration is programmed, pursuant to section 6210.2(c) of this Part.

(c) Upon creation of a test deck and prior to use in pre-qualification testing, the test deck must be validated by casting the ballots in the test deck on a voting machine or system, printing out the tabulation report and comparing same to the predetermined expected results for that test deck to ensure accuracy. Any corrections to the test deck must be made prior to its use in pre-qualification testing.

(d) Once a test deck has been validated, test decks are run by a bi-partisan team on each voting system for which that particular ballot configuration is valid. The team shall enter at least one ballot from each sub-deck using each feature intended for people with disabilities, and enter at least one ballot from each sub-deck using each language provided on the unit. While one team member casts 1 vote for the test, the other member shall monitor that votes are cast correctly.

(1) The test shall be documented by the bi-partisan team, on a log to be prescribed by the State Board, and the team shall affix their signatures to the log. The log shall include but not be limited to:

(i) The date the test was executed.

(ii) The names of the persons who performed the test and recorded the results.

(iii) The serial number of the machine on which the test was executed.

(iv) The protective counter number of the machine on which the test was executed as it appeared both at the beginning and conclusion of testing.

(v) The name or description of the test performed.

(vi) The version number of the software under test.

(vii) The test result, either pass if the results match the expected results exactly, or fail if there is even one discrepancy.

(e) The bi-partisan team shall compare the accuracy of the results reported by the voting system to the expected results

and determine if the machine passed or failed. Any discrepancies indicate a failure and must be investigated.

(1) If a test deck is run on a DRE, and the pre-determined vote count does not compare to the results reported by the voting system, the bi-partisan team shall document the problem, and then compare the paper audit trail transactions to the unique test ballot scripts, to be sure votes were cast correctly. Any corrections to the test deck itself, or to the casting of the test deck shall be made, and the test deck shall be re-run until two error-free test results are produced, pursuant to section 6210.2(c)(1) of this Part.

(2) If a test deck is run on an optical scan voting system, and the pre-determined vote count does not match the computer generated tabulation, then the bi-partisan team shall document the problem and compare the unique ballot script pattern with the test deck pattern to ensure that the test deck was made correctly and that all ballots were run. Any corrections to the test deck itself, or to the casting of the test deck, shall be made and the test deck shall be re-run until two error-free test results are produced, pursuant to section 6210.2 (c)(1) of this Part.

(3) If the test deck and voting system fail to produce two consecutive error-free results, the system shall not be used until such time as the problem is resolved in a manner consistent with vendor documentation and State Board procedure.

(f) For DRE systems, the paper audit trail records with the accumulation report shall be signed by the testing team, then bound and placed in secure storage. For optical scan voting systems, the results report shall be signed by the bi-partisan team, and placed in secure storage. After all voting systems upon which a particular ballot configuration is valid have been tested, the test deck shall be stored with all corresponding reports, audit trails, log sheets and system logs required to be produced and reviewed pursuant to paragraph (e)(3) of this section.

(g) For Central Count Paper-Based systems, after entering all election ballot codes and creating header cards, if required by the software, the following verification procedures shall be performed:

9 NYCRR 6210.8

ELECTION LAW

(1) Place one ballot from the appropriate ballot configuration behind each header card.

(2) Process the complete set of header cards containing the single ballots against the absentee counting system and ballot counting program.

(3) If the software rejects a header or ballot card, the cause of the error shall be ascertained and corrected.

(4) Re-process all cards which generated errors to verify correction.

(5) At the discretion of and mutual agreement of a county board's commissioners, a resolution may be adopted for a specific election, which may provide that ballots be canvassed manually, rather than by using the Central Count Paper-Based voting system. Such resolution shall be filed with the county board's official minutes, and notice of the resolution and decision shall be provided in writing, to the State Board and to all party chairs and candidates, whose names appear on the ballots to be counted manually. The county board shall give written notice, by first class mail, to the State Board and to all party chairs and candidates who are lawfully entitled to have their names appear on the ballots, of such resolution.

Sec. filed Aug. 31, 1987 eff. Aug. 31, 1987; repealed and new added filed Oct. 31, 2008 eff. Nov. 19, 2008.

Section 6210.9. Vote tabulation

(a) Preparation of ballots for tabulation by Central Count Paper-Based Systems.

(1) Ballots shall be reviewed pursuant to the provisions of section 6210.13 of this Part, to determine if the ballot is machine-readable or if the ballot requires that it be manually counted, then recorded in the official canvass of the votes for the election.

(2) Ballots shall be assembled in separate batches by election district unless otherwise directed by the county board to preserve the secrecy of the ballot.

(i) Each batch shall be identified by a header card and at the end of all batches there shall be an end- or trailer-card, if required by the software. Header and trailer

cards shall be visually distinct from ballots. Such distinction may be made, for example, by using a different color card stock, or different edge marking, or by other appropriate means.

(ii) The bi-partisan team of county board personnel shall place header cards, in order that the votes recorded on each ballot shall be attributed to the correct election district. When placing header cards, as each is placed by one person, the other person shall verify that the header card is the correct one for the batch of ballots which follows it and that it is correctly oriented in the batch.

(3) Ballots shall then be fed into the Central Count Paper-Based voting system. Following the counting of all ballots, a tabulation report shall be printed. Two back-up copies of the tabulation report shall be locked in secure storage.

(4) Where the number of ballots to be canvassed is small, the county board may provide for canvassing of the ballots by larger units of representation.

(b) Testing During Ballot Tabulation by Central Count Paper-Based Systems. The system shall be so designed and constructed that, at the discretion of the county board, it shall be possible to halt the ballot tabulation at a point when a portion of the election districts have been counted, and run the test deck to demonstrate, as in the tests listed in section 6210.2 of this Part, the accuracy and dependability of the count without interrupting or affecting any official tabulation of results that may be on the equipment at that time.

Sec. filed Aug. 31, 1987 eff. Aug. 31, 1987; repealed and new added filed Oct. 31, 2008 eff. Nov. 19, 2008; amd. filed May 5, 2014 eff. May 21, 2014.

Section 6210.10. Ballot accounting

(a) Following the counting of all votes in an election, a full accounting of paper ballots shall be made, and shall be reported on a form to be provided by the State Board, and attested to by the county board commissioners which shall be retained in accordance with Election Law section 3-222, which shall include:

(1) For each entire election and for each ballot configuration used in it, the number of paper ballots shall equal the sum of paper ballots issued to voters and paper ballots not issued to voters, returned but not sent for tabulation because the voter voted at the polls, ballots spoiled, and paper ballots not returned. In each category of ballots issued, the report shall specify how many, if any, and in what category any emergency or affidavit ballots were used.

(2) For each entire election and for each ballot configuration used in it, the number of paper ballots not issued to voters shall equal the sum of the number of paper ballots used for testing/sample purposes and paper ballots remaining unissued and unused.

(b) Discontinuance of ballot stubs. Ballot stubs shall not be required if the board of elections provides for the following ballot accountability requirements:

(1) Election inspectors shall confirm receipt of ballot quantities by confirming ballot packages received and counting the number of ballots in a ballot package when it is first opened to confirm the quantity stated on the cover-sheet.

(2) Election inspectors shall retain a written running tally of ballots distributed by ballot style, including the total number of ballots distributed to voters, included in such number the number distributed as affidavit ballots, and the number of ballots spoiled. Such tally shall be maintained in a manner that would permit an interim reconciliation of ballots at any time during voting.

(3) At the close of polls, the inspectors shall record ballot reconciliation totals to verify the number of ballots distributed to voters or spoiled when added to the number of unvoted ballots equals the number of ballots received by the inspectors at the beginning of voting.

(c) Certification of ballot stub discontinuance. Upon certification authorized by a majority vote of the commissioners of a board of elections filed with the State Board of Elections, that the procedures required in subdivision (b) of this section and all other applicable ballot requirements of this Part will be followed, for any election conducted thereafter

the board of elections may determine not to use ballot stubs. Nothing herein shall be construed to prevent a board of elections from using ballot stubs as provided for in this Part at any election, and nothing herein shall prevent the optional use of party color on a primary ballot.

Sec. filed Aug. 31, 1987 eff. Aug. 31, 1987; repealed and new added filed Oct. 31, 2008 eff. Nov. 19, 2008; emergency rulemaking eff. Aug. 13, 2019, expired Nov. 10, 2019; emergency rulemaking eff. Nov. 5, 2019, expired Jan. 3, 2020; amd. filed Dec. 30, 2019 eff. Jan. 15, 2020.

Section 6210.11. Voting systems security

County board election officials shall take all steps necessary to ensure that the voting systems and election processes entrusted to them are protected against errors, accidents and malicious or fraudulent manipulation, consistent with voting system security procedures developed by the State Board.

(a) The county board shall establish procedures and policies which protect the voting system facility itself, the voting systems stored therein, and servers and computer systems used therein. The county board shall also ensure that any security features or processes recommended by the vendor, such as virus protections, shall be implemented. The county board shall further provide within the facility, locked, secure storage for all ballots, system test materials, copies of software, copies of ballot programming, programming devices, memory devices, disability access devices, voting system keys, key cards, and all ancillary devices or voting system components and materials.

(b) County boards shall adopt security procedures which restrict and document all access to voting systems, computer systems, software, firmware, system components, programming, test materials and any other ballot creation, counting or other system components. All programming, maintenance testing, pre-qualification and post-election testing and canvassing/re canvassing, shall be conducted by bi-partisan teams and be performed in secure, restricted-access space, and logs shall be maintained indicating task/staff assignments, time in and out, security password change dates and other such pertinent data.

(c) Internal security procedures shall require the frequent changing of passwords at established intervals, including prior to setup for use in any election.

(1) If at any time the county board discovers that any password has been lost, shared or otherwise compromised, all passwords shall be changed.

(2) If persons with administrative passwords are assisting in the performance of election tasks not related to the administration of the voting system, they shall perform such work using their staff password, and not their administrative password.

(d) The county board shall maintain a log, in a manner prescribed by the State Board, which clearly tracks a chain of custody for each voting system.

(1) A log shall be maintained for each voting system, identifying the placement of and serial number on each tamper-evident seal used to secure the voting system and its devices while in the custody of the county board, used to secure the device for delivery to poll sites, and for the securing and return of same, after the close of polls.

(i) At any stage of the administration, programming or conduct of an election, if a tamper-evident seal is found to have been compromised, or if serial numbers as logged do not match those on the device, the matter shall be immediately documented and investigated.

(ii) The county board shall adopt procedures which direct their actions in such investigations, and which identify methods for the resolution or amelioration of such breaches of security.

(2) A copy of county board security procedures and policies shall be filed with the State Board upon adoption.

(e) The Voting System Supporting Software, the Election Management Software (EMS) and the specific election configuration and ballot configuration for each election shall be maintained under control of the county board and placed in secure locked storage at all times when not in use. Master copies of all election configuration and ballot configuration shall be retained in secured locked storage as designated by the county commissioners and separate from the location of

working copies, from the time of completion of pre-qualification demonstration testing and for as long after the election as required by law, these regulations, as ordered by a court, or as directed by the State Board.

(f) The county board shall enforce the provisions of the Election Law which relate to canvassing and recanvassing of votes cast in an election, as well as these Regulations and directives of the State Board.

(g) The voting system and any computers or other peripheral devices shall be dedicated solely to election configuration, ballot configuration (layout) and vote counting functions, including tests listed in section 6210.2 of this Part pre-qualification and post-election testing. The system components used specifically for voting, such as any scanner, DRE or ballot marking device, shall not be capable of being networked: no modem, telecommunications nor wireless communications devices may be components of a voting system. Other components that are not physically or electronically connected to a scanner, DRE, ballot marking device or other component used specifically for voting may be configured as a Closed Network which can not be connected to any other internal or external network. Such Closed Network may be used for the preparation of ballot configuration (layout) and vote counting functions. Any EMS system configured as a Closed Network requires prior approval and testing by the State Board of Elections. No unapproved software or hardware may be installed or run at any time on any part of the voting system.

(h) Audit records shall be prepared for all phases of election configuration and ballot configuration using devices under the care, custody and control of the county board. Such audit records shall address the election configuration and ballot configuration phase, pre-qualification tests, and voting and ballot-counting operations. The Voting System Supporting Software shall log and report audit data such that:

(1) Systems shall provide the capability to create and maintain a real-time audit record to record and provide the operator or election inspector with continuous updates on voting system status.

9 NYCRR 6210.11

ELECTION LAW

(2) All systems shall include a real-time clock as part of the system's hardware. The system shall maintain an absolute record of the time and date or a record relative to some event whose time and data are known and recorded.

(3) All audit record entries shall include the time-and-date stamp.

(4) The generation of audit record entries shall not be able to be terminated or altered by program control, hardware control or by the intervention of any person. The physical security and integrity of the record shall be maintained at all times.

(5) The system shall be capable of printing a copy of the audit record.

(6) Any and all reports produced by the printer shall be retained by the county board in accordance with Election Law and these Regulations.

(i) All vote counting programs, including the voting system supporting software and the specific election configuration and ballot configuration coding for each election, shall be available for inspection by the State Board.

(j) The county board shall adopt a contingency plan, which addresses how an election shall be configured, tested, conducted, and tabulated, in the event of an unanticipated or unavoidable event. Such plan shall, at a minimum, identify an alternate site within the county, from which election management, administrative or canvassing tasks can be conducted, in the event their own facility is unavailable to them or otherwise compromised.

(k) Following voting and ballot accounting, the ballots as originally secured at the close of polls on Election Day, shall be reassembled, packaged, sealed and labeled.

(1) The county board shall develop a written plan for the retention and storage of the foregoing, and any other data processing materials related to the vote counting, and of all documentation of the election.

(2) All such ballots, materials and documents shall be placed in locked storage in a secure location and shall remain there until the expiration of the period for chal-

lending elections and for as long as required by law, State Board Regulations, or unless a court orders their release.

(l) Voting systems and election management systems shall be implemented such that the county board's voting system will only accept election configuration and ballot configuration from that board's election management system and an election management system will only accept results from that board's voting systems, unless two or more county boards enter into a mutually-acceptable written agreement to share election configuration and ballot configuration programming services. A copy of such written agreement shall be filed with the State Board.

Section 6210.12. Procedures

The county board shall adopt written procedures to further implement those provisions of the Election Law, the State Board Regulations and the United States Election Assistance Commission's 2005 Voluntary Voting System Guidelines and any conditions specified in the State Board's certification of the voting system for use in New York elections. Such procedures shall include, but not be limited to, ballot security, ballot distribution and counting, the challenge process and systems evaluation. Such procedures shall also include security provisions covering the physical protection of facilities, data and communications access control, internal procedural security, contingency plans, and standards for programming, acceptance testing, audit trails and documentation. The State Board shall develop guidelines for the development of security procedures. All procedures shall be submitted to and approved by the State Board prior to the first use of these systems in an election.

Section 6210.13. Standards for determining valid votes

The State Board hereby adopts the following regulations to provide for uniform, non discriminatory standards for establishing what constitutes a vote and what shall be counted as a

vote for all categories of voting systems and voting procedures used in New York.

The following standards shall apply in determining whether a ballot has been properly voted and whether a vote should be counted for any office or ballot question.

(a) The following general standards shall apply in the counting of all ballots and votes, regardless of the voting system used:

(1) A ballot that is marked or signed by the voter in such a way that it can be identified from other ballots must be voided and none of its votes counted. Examples of such markings include, but are not limited to: voter signature, initials, voter name and address, voter identification number, messages or text, or unusual markings not related to indication of the vote choice for a contest. If there are distinctly identifiable markings on one page of a multiple-page ballot, the entire ballot must be voided.

(2) A vote for any candidate or ballot measure shall not be rejected solely because the voter failed to follow instructions for marking the ballot. If, for any reason, it is impossible to determine the choice of the voter for any candidate or ballot question, the vote for that candidate or ballot question shall be considered void.

(3) A mark is considered valid when it is clear that it represents the voter's choice and is the technique consistently used by the voter to indicate his or her selections. Such marks may include, but are not limited to, properly filled in voting position targets, cross mark "X" a checkmark "✓" circles, completed open arrow "<--" or any other clear indication of the voter's choice.

(i) A mark crossed out by the voter, an erasure, or words such as no next to a candidate's name or a voting position target area for a ballot question shall not be considered to be a valid vote but will, instead, be deemed an indication that the voter did not choose to cast a vote for that candidate or measure and the vote for that candidate or proposition shall be considered void.

(4) In determining the validity of a partially filled-in voting position target area, the consistency of a voter's marks on the entire ballot shall be taken into consideration. A hesitation mark such as a dot in the voting position target area shall not be considered a valid mark unless it is demonstrated that the voter consistently marked his or her ballot in such a manner.

(5) Overvote. If a contest is marked with a greater number of choices of different candidates or ballot questions than the number for which he or she is lawfully entitled to vote, the vote shall not be counted for that contest, but shall be counted in all other contests in which there are no overvotes and the voter's choice can be clearly determined.

(6) Undervote. If a contest is marked with a lesser number of choices of candidates or ballot questions than the number for which he or she is lawfully entitled to vote, the votes cast for all otherwise properly marked candidates or ballot questions shall be counted.

(7) If a ballot is marked in each of two or more target areas or sensitive areas for a candidate whose name appears on the ballot more than once for the same office, and the total number of votes cast for such race for different candidates does not exceed the number for which he or she is lawfully entitled to vote, only the first vote for such candidate with multiple markings shall be counted for such candidate.

(8) Ballots that are damaged, torn by the Board of Elections or its agents, or otherwise non-machine processable as submitted by the voter, shall be manually counted by a bipartisan team of election inspectors and such vote totals shall be added to the canvass of such other valid ballots for the respective office(s) and ballot questions.

(9) Unintended machine marks placed on a ballot by the voting system that are not made at the direction of the voter shall not invalidate the ballot.

(10) If two or more persons are to be nominated or elected to the same office or position, a voter may vote for one or more persons whose names do appear on the ballot

and one or more persons whose names do not appear on the ballot, provided that the total number of votes cast by the voter for that office or position does not exceed the number of persons to be elected or nominated to such office or position.

(11) Abandoned ballot.

(i) If a voter leaves the voting machine or system without casting their ballot, a bipartisan team of election inspectors shall cause the ballot to be cast as the voter left it, without examining the ballot.

(ii) If a voter leaves their paper ballot in a privacy booth and leaves the polling place without first casting that ballot on the voting device, such ballot shall be marked spoiled and retained by the election inspectors, accounted for in the Statement of Canvass, and returned in secure storage with such other spoiled ballots to the county board.

(12) Write-in votes are votes cast for a person or persons whose name(s) do not appear on the official ballot.

(i) Write-in votes for persons whose names appear on the official ballot for that office or party position shall not be counted.

(ii) A write-in vote may be cast by the use of a name stamp.

(iii) A write-in vote must be cast in the appropriate place on the machine, or it shall be void and not counted.

(iv) A voter need not write in the first and last name of a candidate in every situation; the standard is whether the election inspectors can reasonably determine the intent of the voter when they cast their ballot.

(13) If a ballot is received that is a Federal write-in absentee ballot (pursuant to 42 USC section 1973ff-2), the county board shall canvass the ballot as follows:

(i) If the overseas voter designated a candidate by writing in the name of the candidate or writing in the name of a political party, the vote is counted for the candidate of that party.

(ii) If the overseas voter wrote in only the last name of a candidate whose name appears on the ballot, the vote is counted for that candidate.

(iii) If the voter wrote in the name of only a candidate for president or only a candidate for vice-president whose name appears on the ballot, the vote is counted for the electors of that candidate. The name is entered into the canvass as the official ballot name of the presidential candidate.

(iv) Abbreviations, misspellings or other minor variations in the form of the name of a candidate or political party shall be disregarded if the intention of the voter can be ascertained. The name is entered into the canvass so that its spelling matches the spelling of the candidate's official ballot name. If it is impossible to determine the voter's choice of a candidate or candidates for an office upon the official ballot, such vote shall not be counted, but shall be returned as a blank vote.

Sec. filed Aug. 31, 1987 eff. Aug. 31, 1987; repealed and new added filed Oct. 31, 2008 eff. Nov. 19, 2008.

Section 6210.14. Standards for determining valid votes on direct recording electronic (DRE) equipment

(a) A vote cast on a DRE voting device shall be the choice made by a voter, not to exceed the maximum allowable votes per race or question than the number for which the voter is eligible to vote, by pressing the appropriate sensitive area, or using an approved accessibility device to cast a vote on the DRE voting device in a manner to cause an "X" highlight or similar designation to display in the voting target position of the name of the candidate or ballot question for which the voter desires to vote, followed by the voter activating the cast vote indicator.

(b) To select a candidate or vote on a ballot question, the voter shall:

(1) Press the appropriate sensitive area on the touch-screen, press the button, target area, or use an approved accessibility device to choose a candidate or vote on a ballot question for which the voter desires to vote;

(2) Type on the touchscreen, or use the scrolling device to select on the screen, the letters for the name of a write-in candidate in accordance with the instructions for voting on the DRE voting system and press the appropriate place on the touchscreen or press the button to record the write-in vote in the designated write-in space;

(3) Press the appropriate place on the official ballot to designate a write-in candidate and write the name of a candidate on the paper provided in the write-in candidate window; or

(4) Use an approved accessibility device on an accessible voting unit to signify the voter's selection of a particular candidate or to vote on a ballot question for which the voter desires to vote.

(c) To verify selections the county board shall allow the voter in a private and independent manner to review and verify the votes selected by the voter on the ballot before the ballot is cast and counted, including the opportunity to change the ballot or correct any error before the ballot is cast and counted, including the opportunity to correct the error through the issuance of a replacement ballot if the voter was otherwise unable to change the ballot or correct the error.

(d) To cast a ballot, the voter shall:

(1) Press the place on the touchscreen or press the button to activate the cast ballot indicator; or

(2) Use an approved accessibility device for the accessible voting unit to signify the voter's desire to cast the ballot.

Sec. filed Oct. 31, 2008 eff. Nov. 19, 2008.

Section 6210.15. Standards for determining valid votes on optical scan voting systems and/or paper ballots

(a) Standards Indicating a Valid Vote. A vote cast on a paper ballot shall be the choice made by a voter, not to exceed the maximum allowable votes per race or question than the number for which the voter is eligible to vote, by: (the examples below in this section apply to all types of

voting position target areas on ballots, regardless of what form they may take e.g. rectangle, oval, circle, square, open arrow):

(1) Voter indicates vote choice by consistently filling inside the entire voting position target;

(2) Voter indicates choice by consistently filling in less than the entire voting position target for all vote choices on the ballot and the ballot is processed in a manner consistent with the use procedures provided and approved for the voting system;

(3) Voter indicates vote choice by consistently placing a distinctive mark, such as properly filled in voting position targets, a cross mark “X” a checkmark “√” a circle, or complete an open arrow “<--” inside the associated voting position target area for a candidate choice or ballot question;

(4) Voter marks vote choices by circling the entire voting position target area for a candidate or ballot question;

(5) Voter writes in or stamps the name of a candidate in the designated write-in space for that race, even if the write-in square, oval or arrow is not marked;

(6) A write-in vote in addition to a vote for another candidate for the office, with a greater number of choices of different candidates than the number for which he or she is lawfully entitled to vote, the vote shall not be counted for that contest, but shall be counted in all other contests in which there are not overvotes and the voter’s choices can be clearly determined;

(7) Any ballot which has any other mark or marks in the target area or sensitive area including circling the target area and/or candidate’s name or making a mark through the target area, provided that the votes do not exceed the maximum allowable votes per race or question than the number for which the voter is eligible to vote, shall be counted as a vote for such candidate(s) or ballot question(s);

(8) Any ballot which has a mark or marks in the target area or sensitive area for one candidate, which extended partially into one or more other target areas or sensitive

areas, shall be counted as a vote for the candidate so marked only if it is readily apparent that at least 3/4th of the mark is in that candidate's area or target area, and no other candidate is similarly marked;

(9) Any ballot which has a mark that is clearly next to (either before or after) a candidate's name, or across the name, shall be recognized as a mark and shall be counted as a vote for the candidate or question so marked; or

(10) Writings or remarks which appear to be ranking the candidates (e.g. letters, numbers +/-) shall not be considered valid marks unless the number of such marks does not exceed the maximum allowable votes per race than the number for which the voter is eligible to vote.

(b) Standards Indicating an Invalid Vote. A voter's choice shall be considered an invalid vote, if the:

(1) Voter uses random markings and there is no distinctive and consistent voting pattern to clearly indicate voter choice(s).

(2) A mark that is between or across more than one candidate's name, target areas or sensitive areas shall not be recognized as a mark and no vote shall be counted.

(c) Whenever paper ballots are to be counted manually, the county board of elections shall use the accompanying "Ballot Examples for Counting Paper Ballots" as guidance for such counts.

Sec. filed Oct. 31, 2008 eff. Nov. 19, 2008.

Section 6210.17. Standards for determining valid votes on lever type voting machine

A vote cast on a lever-type voting machine, as specified by the legally valid ballot instructions, shall be the choice made by a voter, not to exceed the maximum allowable votes per race or question than the number for which the voter is eligible to vote, by either operating the lever adjacent to the name of the candidate or ballot question or by writing or stamping the name of a write-in candidate whose name does not otherwise appear on the ballot for that office, in or upon the proper

receptacle or device provided, followed by the voter activating the cast vote mechanism.

Sec. filed Oct. 31, 2008 eff. Nov. 19, 2008.

Section 6210.18. Three-percent audit

(a) As required by NYS Election Law, section 9-211, the Board of Elections or a bipartisan team appointed by such board shall manually count all votes of the voter verifiable paper audit trail (VVPAT) from no less than three percent of each type of voting machine or system used within the county, provided, however, that there shall be a manual count of at least one of each type of voting machine or system used therein for each public office and any questions or proposals appearing on the ballot. The conduct of such random audit shall be in a manner consistent with procedures prescribed by the State Board of Elections.

(b) The voting machines or systems to be audited to meet the county-wide minimum requirement set forth in subdivision (a) of this section shall be selected by lot through a transparent, random, manual process where all selections of machines or systems used in the county are equally probable. The voting machines or systems to be audited to meet the requirements for a specific contest set forth in subdivision (a) of this section shall be selected by lot through a transparent, random, manual process where all selections of machines or systems used in the contest within each county are equally probable. The county boards shall adopt one of the random, manual selection methods prescribed by the State Board of Elections or such county board may submit for approval by the State Board a proposed alternative random, manual selection method. County Board adoption of the prescribed random, manual selection method shall take place not later than 45 days after the purchase of a voting system and notice by the County Board of the adoption of such random, manual selection method shall be filed with the State Board.

(1) As required by NYS Election Law, section 9-211, not less than five days prior to the time fixed for the random selection process, the Board of Elections shall send notice by first class mail to each candidate, political party and

independent body entitled to have had watchers present at the polls in any election district in such board's jurisdiction and to the State Board. Such notice shall state the time and place fixed for such random selection process. Such random selection process shall not occur until after election day. Each candidate, political party or independent body entitled to appoint watchers to attend at a polling place shall be entitled to appoint such number of watchers to observe the random selection process and the subsequent audit.

(2) Such notice shall also announce the date, time, and location that the audit shall commence, information on the number of audit teams which will conduct such audit, and such other information that the County Board deems necessary.

(3) The county board shall at a single session randomly select from all machines and systems used within the county in the election so that no further drawings are required if anomalies are encountered during the manual audit. The audit shall commence on the same day as the random, manual selection process.

(4) Prior to auditing the audit records, the county board shall distribute to those in attendance at the audit session, copies of the list showing the number of machines and systems needed to meet the audit requirement and the unofficial vote results per voting machine or system selected for audit.

(c) For each voting machine or system subject to be audited, the manual audit shall consist of a manual tabulation of the voter verifiable paper audit trail records and a comparison of such count, with respect to all candidates and any questions or proposals appearing on the ballot, with the electronic vote tabulation reported for such election district.

(1) A reconciliation report, on a form prescribed by the State Board of Elections, that reports and compares the manual and electronic vote tabulations for each audited candidate for each contest and any question or proposal from each machine or system subject to the audit by election district, including tallies of overvotes, undervotes, blank ballots, spoiled ballots and rejections recorded on

the VVPAT, along with any discrepancies, shall be prepared by the board of elections or a bipartisan team appointed by such board and signed by such members of the audit team.

(2) Any discrepancies between the corresponding audit results and initial electronic vote counts shall be duly noted, along with a description of the actions taken by the county board of elections for resolution of discrepancies. The number and type of any damaged or missing paper records shall be duly noted.

(3) If any unresolved discrepancy is detected between the manual count described in this subdivision and the machine or system electronic count, even an unresolved discrepancy of a single vote, the manual count shall be conducted a second time on such machine or system to confirm the discrepancy.

(d) The reconciliation report required in subdivision (c) of this section shall be transmitted to the County Board commissioners or their designees upon completion of the initial phase of the audit for determination on the expansion of the audit conducted pursuant to subdivisions (e) through (g) of this section.

(e) The county board shall aggregate the audit results reported pursuant to paragraph (c)(2) of this section that are applicable to any contests, questions or proposals. The aggregated results for each contest, question or proposal shall be used to determine whether further auditing is required as follows:

(1) For any contest, question or proposal, an expanded audit will be required if either or both of the following criteria apply to the aggregated audit results:

(i) any one or more discrepancies between the confirming manual counts described in paragraph (c)(3) of this section and the original machine or system electronic counts, which taken together, would alter the vote share of any candidate, question or proposal by 0.1 percent or more of the hand counted votes for respective contests, questions or proposals in the entire sample; or

(ii) if discrepancies of any amount are detected between the confirming manual count described in paragraph (c)(3) of this section and the original machine or system electronic count from at least 10 percent of the machines or systems initially audited then the board or bipartisan team appointed by such board shall manually count the votes recorded on all the voter verifiable paper audit trail records from no less than an additional five percent of each type of the same type of voting machine or system which contains any such discrepancy or discrepancies;

(iii) when determining whether discrepancies warrant expanding the audit, the percentage-based thresholds in this section shall be rounded down by truncating the decimal portion (with a minimum of one).

(f) A further expansion of the audit will be required if either or both of the following criteria apply to the audit results:

(1) For each contest, question or proposal, the county board shall aggregate the results from the initial audit as required in subdivision (a) of this section and the expanded five percent audit. If, such aggregated results of unresolved discrepancies satisfy the criteria in subparagraph (e)(1)(i) of this section, a further expansion of the audit will be required.

(2) For each contest, question or proposal, the county board shall take the results of the five percent expanded audit under subdivision (e) of this section, and, if such results of unresolved discrepancies satisfy the criteria in subparagraph (e)(1)(ii) of this section, a further expansion of the audit will be required.

(3) When an expanded audit is required for a contest pursuant to this section, each county board or bipartisan team appointed by such board shall manually count all voter verifiable paper audit trail records from no less than an additional 12 percent of each type of the same type of voting machine or system which contains any such discrepancy or discrepancies.

(4) When determining whether discrepancies warrant expanding the audit, all percentage-based thresholds in

this section shall be rounded down by truncating the decimal portion (with a minimum of one).

(g) A further expansion of the audit will be required if either or both of the following criteria apply to the audit results:

(1) For each contest, question or proposal, the county board shall aggregate the results from the initial audit as required in subdivision (a) of this section and the expanded audit as required in subdivisions (e) and (f) of this section. If, such aggregated results of unresolved discrepancies satisfy the criteria in subparagraph (e)(1)(i) of this section, a further expansion of the audit will be required.

(2) For each contest, question or proposal, the county board shall take the results of the 12 percent expanded audit under subdivision (f) of this section, and, if such results of unresolved discrepancies satisfy the criteria in subparagraph (e)(1)(ii) of this section, a further expansion of the audit will be required.

(3) When an expanded audit is required for a contest pursuant to this section, each county board shall manually count all voter verifiable paper audit trail records from all the remaining unaudited machines and systems where the contest appeared on the ballot.

(4) When determining whether discrepancies warrant expanding the audit, all percentage-based thresholds in this section shall be rounded down by truncating the decimal portion (with a minimum of one).

(h) The standards set forth in subdivisions (a)—(g) of this section are not intended to describe the only circumstances for a partial or full manual count of the voter verifiable paper audit record, but instead are designed to set a uniform statewide standard under which such hand counts must be performed. The county boards of elections, as well as the courts, retain the authority to order manual counts of those records in whole or in part under such other and additional circumstances as they deem warranted. In doing so, they should take into consideration:

(1) whether the discrepancies were exclusively or predominantly found on one type of voting machine or system;

- (2) the size of the discrepancies;
- (3) the number of discrepancies;
- (4) the percentage of machines or systems with discrepancies;
- (5) the number and distribution of unusable voter-verified paper audit trail records as described in subdivision (j) of this section;
- (6) the number of cancellations recorded on the voter-verified paper audit trail records reported pursuant to paragraph (c)(1) of this section; and
- (7) whether, when projected to a full audit, the discrepancies detected (no matter how small) might alter the outcome of the contest, question or proposal result.

(i) If the audit officials are unable to reconcile the manual count with the electronic vote tabulation on a voting machine or system, then the board of elections shall conduct such further investigation of the discrepancies as may be necessary for the purpose of determining whether or not to certify the election results, expand the audit, or prohibit that voting machine or system's use in such jurisdiction.

(j) If a complete audit is conducted, the results of such audit shall be used by the canvassing board in making the statement of canvass and determinations of persons elected and propositions approved or rejected. The results of a partial audit shall not be used in lieu of voting machine or system tabulations, unless a voting machine or system is found to have failed to record votes in a manner indicating an operational failure. When such operational failure is found, the board of county canvassers shall use the voter verifiable audit records to determine the votes cast on such machine or system, provided such records were not also impaired by the operational failure of the voting machine or system. If the voter verified paper audit trail records in any machine or system selected for an audit are found to be unusable for an audit for any reason whatsoever, another machine or system used in the same contest shall be selected at random by the county board to replace the original machine or system in the audit sample. All such selections shall be made randomly in the presence of those observing

the audit. The County Board shall inquire in an effort to determine the reason the voter verified paper audit trail records were compromised and unusable and such inquiry shall begin as soon as practicable. The results of the inquiry shall be made public upon completion.

(k) Any anomaly in the manual audit shall be reported to and be on a form prescribed by the State Board and shall accompany the certified election results.

(l) Notwithstanding any other provision of this section, voting machines or systems used for early voting shall be separately audited pursuant to this subdivision and the provisions of this section not inconsistent with this subdivision after the date of the election. For purposes of selecting the voting machine(s) or system(s) used in early voting to be audited, each separate memory storage device containing election results, exclusive of any redundant memory storage devices, used during early voting from which a result tape is generated shall be considered a separate voting machine or system for purpose of the audit. As provided by the procedures of the state board of elections and the provisions of this Part consistent with this subdivision, initially three percent of such voting machines or systems used for early voting shall be audited in addition to the initial audit of three percent of voting machines or systems used on election day as provided for in subdivision (a) of this section. The audit expansion steps for ballots voted early shall be the same as for other ballots, and both early voted ballots and all other ballots counted by machine shall be included in any full manual count conducted pursuant to this section. The cast ballots corresponding to each memory storage device containing election results shall be kept together and not intermingled with any other voted ballots. This subdivision is applicable in relation to any election at which early voting is held pursuant to title VI of article 8 of the election law as enacted by chapter 6 of the laws of 2019.

Section 6210.19. Minimum number of voting machines

(a) The purpose of these determinations is to establish the minimum number of required voting machines and privacy booths needed for each polling place based upon whether the voting system is used on election day or for the early voting period, and the type of voting system and the number of registered voters (excluding voters in inactive status) assigned to use that specific voting device in accordance with NYS Election Law, sections 7-200, 7-203 and 8-600.

(b) Minimum Number of Voting Machines For Election Day Polling Sites.

(1) Direct recording electronic voting systems.

(i) There shall be at least one direct recording electronic voting device for every 550 registered voters (excluding voters in inactive status) assigned to a polling place.

(2) Precinct based optical scan voting systems.

(i) There shall be at least one scanning device for every 4,000 registered voters (excluding voters in inactive status) assigned to a polling place.

(ii) Privacy booths:

(a) there shall be at least one privacy booth for every 300 registered voters (excluding voters in inactive status), except that in a general election for governor, or at elections at which electors for President of the United States are selected there shall be at least one privacy booth for every 250 registered voters (excluding voters in inactive status);

(b) at polling places that accommodate more than 6,000 registered voters (excluding voters in inactive status), there shall be one privacy booth for every 350 registered voters (excluding voters in inactive status) in a general election for governor, or at elections at which electors for President of the United States shall be selected; and one privacy booth for every 400 active voters in all other elections; and

(c) a sufficient number of the privacy booths must be accessible to voters with disabilities.

(c) Minimum Number of Voting Machines for the Early Voting Period.

(1) Direct recording electronic voting systems.

(i) There shall be at least one direct recording electronic voting device for every 3,000 registered voters (excluding voters in inactive status) assigned to the early voting period polling place; provided, however, no early voting site shall have less than two direct recording electronic devices.

(2) Precinct based optical scan voting systems.

(i) There shall be at least one scanning device for every 25,000 registered voters (excluding voters in inactive status) assigned to the early voting polling place; provided, however, no early voting site shall have less than two optical scanners.

(ii) Privacy booths:

(a) there shall be at least one privacy booth for every 4,200 registered voters (excluding voters in inactive status), except that in a general election for governor, or at elections at which electors for President of the United States are selected there shall be at least one privacy booth for every 3,600 registered voters (excluding voters in inactive status);

(b) a sufficient number of the privacy booths must be accessible to voters with disabilities.

(3) Distribution of Voting Systems and Privacy Booths for Vote Centers. In counties where a voter is able to vote at more than one early voting site, the total number of voting systems and privacy booths required by this section at such sites shall be determined in the aggregate for such sites and such voting systems and privacy booths shall be divided amongst such early voting sites in the manner the board determines will best meet the needs of the voters, provided no fewer than two voting systems are assigned to each site, and sufficient voting systems and privacy booths are assigned to ensure voter wait time is less than thirty minutes.

(d) Obligations of the county boards of elections.

(1) County boards shall deploy sufficient voting equipment, election workers and other resources so that voter waiting time at a poll site does not exceed 30 minutes. Each county board of elections may increase in a non-discriminatory manner, the number of voting devices used

in any specific polling place. If the voter waiting time at an early voting site exceeds 30 minutes the board of elections shall deploy such additional voting equipment, election workers and other resources necessary to reduce the wait time to less than 30 minutes as soon as possible but no later than the beginning of the next day of early voting.

(2) The inspectors in each election district and at each early voting site shall record the number of persons using audio, tactile or pneumatic switch ballot devices. The county board of elections shall furnish additional voting machines equipped with audio, tactile or pneumatic switch ballot devices when it appears that the number of persons historically using such devices warrant additional devices.

(e) The State Board of Elections may authorize a reduction in the number of voting devices and privacy booths provided in these regulations upon application of a county board of elections which demonstrates that such a reduction will not create excessive waiting time by voters. The request for such a reduction shall be made by both commissioners, in writing, to the co-executive directors of the state board and shall set forth the rationale being used for the requested reduction. The request for such reduction shall be made no later than 20 days before the beginning of the early voting period.

(f) Provisions of this section applicable to early voting shall apply in relation to any election at which early voting is held pursuant to title VI of article 8 of the election law as enacted by chapter 6 of the laws of 2019.

Section 6210.20. Use of automated audit tool

(a) Use of automated audit tool.

(1) Notwithstanding the requirement of section 6210.18 of this Part that the post-election audit shall be a manual or hand count, a Board of Elections may use an automated audit tool approved by the State Board of Elections pursuant to subdivision 1 of section 9-211 of the Election Law, to perform a machine-assisted audit in accordance with

the substantive requirements of section 6210.18 of this Part. Machine-assisted audit results shall then stand in place of the manual count for all audit purposes. The configuration of such audit tool for use in a machine-assisted audit shall be done in a bipartisan manner, or may be done by an independent third party, subject to bipartisan review and validation. Such ballot configuration shall include pre-election test processes, pursuant to section 6210.18 of this Part.

(b) Definitions. For purposes of this section:

(1) *Automated audit tool* shall mean software, device or other similar product which is developed without access to proprietary election management software or hardware, and is based upon separate software that is programmed separate and apart from any election management software that is used to configure ballots and tabulate votes as cast on certified voting systems.

(2) *Machine-assisted audit* shall mean an audit pursuant to section 6210.18 of this Part utilizing automated tools approved for county board use by the State board, to rescan ballots, then comparing audit tool results to those produced from voting system results media, and which further requires the manual comparison of some paper ballots or voter-verified paper audit records to the corresponding cast vote records produced by the audit tool to ensure a human-observable check of vote tabulation which does not depend upon any voting system's hardware or software component.

(3) *Rescanned ballot* shall mean a paper ballot that is scanned and interpreted by the audit tool.

(4) *Cast vote record* shall mean the audit tool's interpretation of the votes cast on a rescanned ballot.

(c) Confirmation of machine-assisted audit accuracy.

(1) To provide a human-observable check of the vote tabulation accuracy of the audit tool, a random sample of rescanned ballots shall be selected. For each rescanned ballot in the sample, the votes shall be manually interpreted, and these manual interpretations shall be compared to the audit tool interpretations of votes on that ballot.

9 NYCRR 6210.20

ELECTION LAW

(2) The requisite number of rescanned ballots to be manually compared:

Number of Rescanned Ballots	Number of Manually Compared Ballots
≤ 2,500	25
2,501--5,000	32
5,001--7,500	39
7,501--10,000	46
10,001--20,000	56
20,001--30,000	66
30,001--40,000	76
40,001--50,000	86
50,001--60,000	96
60,001--70,000	106
70,001--80,000	116
80,001--90,000	126
90,001--100,000	136

If the number of rescanned ballots exceeds 100,000 the number to be manually compared shall be 136 plus .05 percent (.0005) of the number of machine assisted audited ballots in excess of 100,000.

(3) Before the random selection of ballots to be manually compared, a computer-readable file of audit tool Cast Vote Records (CVR), representing all rescanned ballots, shall be produced in a commonly available format such as comma-separated value (CSV), such that each CVR can be associated with the corresponding paper ballot. This file, along with the vote totals for each audited machine as produced by the audit tool, and any documentation needed to interpret the contents, shall be made available to a watcher upon request on a physical medium.

(4) The county Board of Elections shall, as required by section 6210.18(b) of this Part, provide notification of the random selection of ballots to be manually compared.

(5) The rescanned ballots to be compared shall be randomly selected from the total number of rescanned ballots in the county. Such random selections shall be made by a random number generator or such other process approved by the State board. The selection shall be based on a sequential number assigned to each rescanned ballot reflecting the order in which the ballot is reviewed by the independent automated tool.

(6) The results of the comparisons between audit tool vote counts and voting system results, and of the manual comparison between paper ballots and audit tool CVRs, including a full description and explanation of any discrepancies found, shall be reported to the State Board of Elections and shall accompany the certified election results. In explaining discrepancies between audit tool vote counts and voting system results, the paper ballots shall be examined, including a hand count of any batch for which any unexplained discrepancy is found.

(7) The expansion of any audit in which an automated audit tool is used shall be based on the same criteria provided for in section 6210.18(e)(1) of this Part, taking into account both discrepancies found during the manual comparison and discrepancies between the audit tool vote totals and the totals reported by the voting system. Any expansion performed with an audit tool will be subject to similar observable manual comparison.

(d) Implementation procedures. The county Board of Elections shall adopt procedures based upon the State board's standard post-election audit procedures for machine assisted audits no later than upon the completion of acceptance testing of any automated audit tool, and such county-specific procedures shall be filed with the State Board of Elections. Such specific procedures shall not take effect until approved by the State Board of Elections.

Sec. filed March 27, 2018 eff. April 11, 2018.

Section 6210.21. Absentee ballot envelope cures

(a) Curable Absentee Ballot Envelope Defects.

The following are curable defects related to an absentee ballot affirmation envelope:

- (1) the affirmation envelope is unsigned; or
- (2) an affirmation ballot envelope signature does not correspond to the registration signature and thus does not appear to verify the voter; or
- (3) the affirmation envelope does not have the required witness to a mark; or

(4) the ballot is returned without an affirmation envelope in the return envelope: or

(5) the affirmation envelope is signed by the person that has provided assistance to the voter but is not signed or marked by the voter him/herself; or

(6) the voter has failed to sign the affirmation envelope and someone else has signed the affirmation.

(b) Notice to the Voter.

(1) Upon a bipartisan determination of the board of elections that any of the curable conditions in subdivision (a) have occurred, within one day of making such determination, the board of elections shall mail the voter a notice explaining the reason for such rejection and the procedure to cure the rejection.

(2) The notice shall be sent to the absentee voter's address indicated in the registration records and, if different, the mailing address indicated on the absentee ballot application.

(3) The board of elections shall also attempt to contact the voter by electronic mail and telephone, if such information is available to the board in the voter's registration information or absentee application, to notify the voter of the deficiency and the opportunity and the process to cure the deficiency. If more than one email address is available to the board, send the notice to all email addresses in the voter's file. Any notification attempted by email shall include a copy of the notice and cure affirmation. If more than one phone number is available to the board, the board shall contact each phone number in the voter's file.

(4) Where applicable, the board will email notice and make an initial telephone attempt within one day of making the determination of error. To the extent practicable, the board shall make at least three attempts, over at least two days, at different times of the day to contact the voter by telephone.

(5) If upon reaching the actual voter and confirming the voter's identity by asking their name, date of birth, and voter registration address, the absentee voter then provides an email address to which such cure affirmation may

be emailed, the board shall send the cure affirmation to the voter via email.

(c) Form of Cure Affirmation. The voter may cure the aforesaid defects by filing a duly signed affirmation attesting to the same information required by the affirmation envelope and attesting that the signer of the affirmation is the same person who submitted such absentee ballot. The board shall include the form of such affirmation with the notice to the voter. The affirmation shall be substantially in the form promulgated by the New York State Board of Elections.

(d) Deadlines for Cure.

(1) Pre-election.

(i) The cure affirmation shall be filed (postmarked if by mail) with the Board of Elections on or before either the last day to apply for an absentee ballot or seven business days after notification by mail, whichever is later.

(ii) Such cures may be filed with the boards of elections by email, facsimile, in person or by mail; provided, however, if the voter's application for the absentee ballot did not contain a "wet" signature the cure affirmation must be filed with the board by mail or personal delivery.

(2) Post-election. The cure affirmation shall be filed in the same method as pre-election cures, however, they shall be filed within seven business days after notification by mail.

(e) Determination of Cure. Provided the board determines that such affirmation remedies the curable defect, the rejected ballot shall be reinstated and duly canvassed at the time of canvass. If the board of elections is split as to the sufficiency of the cure affirmation, such envelope shall be set aside for three days and then canvassed unless the board is directed otherwise by court order.

(f) Notice of Any Rejection.

(1) When the board of elections invalidates an absentee ballot envelope for any reason that is not otherwise curable, and this determination is made prior to election day, the voter shall be notified by mail, and email where

available, of the rejection of their ballot. The rejection notification shall be sent within one business day of such rejection. To the extent practicable, this notice shall inform the voter of options still available to them to vote, such as voting in person or if applicable obtaining another absentee ballot.

(2) When the board of elections invalidates an absentee ballot envelope for any reason that is not otherwise curable, and this determination is made after election day, the voter shall be notified by mail, or email where available, of the rejection of their ballot. No rejection notification shall be required when an absentee ballot is deemed invalid because the voter has voted in person on election day or during early voting.

(3) Whenever a cure affirmation is submitted prior to the day of election and is found to be insufficient, to the extent practicable the board of elections shall forthwith inform the voter by mail, email and phone of such finding and shall advise the voter of all then existing options for voting.

(g) Special Provision Related to Unsealed Envelope.

(1) If an absentee ballot affirmation envelope is received by the board of elections prior to the election and is found to be unsealed and thus invalid, the board shall forthwith notify the voter of such defect and notify the voter of other options for voting, and, if time permits, provide the voter with a new absentee ballot.

(2) Notwithstanding the foregoing paragraph, if the unsealed affirmation envelope is received in a fully sealed, but not taped (unless required for envelope construction) outer mailing envelope, such ballot envelope shall be treated as a ballot filed without an affirmation envelope and shall be curable by the filing of the cure affirmation. The affirmation envelope shall be immediately sealed by the board of elections without examining the ballot therein.

(h) Signature Comparison Standards, Procedure and Training.

(1) Prior to any staff person being assigned to do signature reviews, they shall be trained and prepared for such

task in accordance with guidance developed by the State Board of Elections.

(2) When a bipartisan staff team makes a preliminary ruling that the signature on the absentee affirmation does not match the voter registration signature on file, the decision shall be elevated to a manager. The bipartisan team of managers has full authority to overrule the initial determination of invalidity. If the managerial team, after reviewing the affirmation signature and all signature exemplars that the board has on file, affirms the initial finding of a signature mismatch, the cure procedures outlined above shall be followed. If the initial signature comparison is conducted by the commissioners of the board of elections, managerial review of their initial determination of a mismatch shall not be required and the cure procedures outlined above shall be followed.

(3) When verifying signatures, the bipartisan team shall keep in mind that everyone writes differently, and no one signs his or her name exactly the same way twice. Some variation in signatures is to be expected. There are many factors that can lead to signature variance, including but not limited to age, disability, underlying health conditions, writing implement/ surface and level of concentration. The bipartisan team shall presume that the documents were signed by the same person. If any differences observed can be reasonably explained, the signature should be accepted.

(i) Additional Instructions For Absentee Ballot Envelopes As To Circumstances Not Requiring Cure. Absentee ballot envelopes are not invalid and do not require a cure under these circumstances:

(1) Undated or Wrongly Dated Voter Signature. An absentee ballot affirmation envelope that is undated or clearly has the wrong date (e.g. the wrong year or month) by the voter is not invalid, provided it is postmarked on or prior to Election Day and or is otherwise received timely by the board of elections.

(2) Misplacement of Signature or Mark. A voter who signs or marks the ballot affirmation envelope at a place on the envelope other than the designated signature line shall not be invalidated for this reason. The signature or

mark need only appear on the same envelope as the affirmation.

(3) Use of Ink or Pencil. A voter may use any combination of ink (of any color) or pencil to complete the ballot envelope.

(4) Extrinsic Materials Exception. Any papers found in the affirmation envelope with the ballot shall not void the ballot if the papers are materials from the board of elections, such as instructions or an application sent by the board of elections.

(5) Envelope Irregularities. Any extrinsic marks or tears on the ballot envelope that appear to be there as a result of the ordinary course of mailing and/or transmittal, shall not invalidate the ballot.

Emergency rulemaking eff. Jan. 26, 2021, expires April 25, 2021; new adopted filed April 30, 2021 eff. May 19, 2021.

each county, including voters in active and inactive status as of February 21st.

For counties with at least five hundred thousand registered voters, there shall be at least one early voting site for every full increment of forty thousand registered voters.

For counties with less than five hundred thousand registered voters, there shall be at least one early voting site for every full increment of thirty thousand registered voters, provide, however, any such county shall not be required to designate more than ten early voting sites, as follows:

(i) If the number of voters in the county is less than 59,999, the county must have at least one early voting site.

(x) If the number of voters in the county is equal to or more than 300,000 the county must have at least ten early voting sites.

(2) For a primary election or special election, the minimum number of early voting sites shall be based on the number of voters eligible to participate in the election pursuant to paragraph (1) of this subdivision, unless the Board of Elections adopts a resolution determining that a lesser number of early voting sites is sufficient to meet the needs of early voters. Such resolution shall state the basis of such determination and shall specify how the Board of Elections will monitor voter wait times at early voting sites and ensure compliance with section 6210.19(d) of this Title throughout the period of early voting.

(3) The Board of Elections may designate more early voting sites than the minimum number required for the convenience of voters.

(4) All sites must be open for voting for the hours required by Election Law section 8-600, but the Board of Elections may expand the hours the early voting sites are open beyond the statutory minimums.

(c) Standards for early voting site designation.

(1) Adequate and equitable access. Early voting sites shall be located so that voters in each county have adequate and equitable access to early voting, and such sites shall comply with the provisions of the Election Law related to poll sites and accessibility for voters with physical disabilities. A polling place accessibility survey shall be completed, filed and updated for each early voting site as required by Part 6206 of this Title.

(2) The Board of Elections shall consider, in totality, the following factors when designating early voting sites:

- (i) population density;
- (ii) travel time to the early voting location from the voter's place of residence;
- (iii) proximity of an early voting site to other early voting sites;
- (iv) whether the early voting site is on or near public transportation routes;

(v) commuter traffic patterns;

(vi) any other factors the Board of Elections deems appropriate.

(3) As determined by the most recent federal census, the city with the largest population in each county or, if there is no city in the county, the municipality with the highest population, or the county seat in Washington County, shall have situated therein at least one early voting site designated pursuant to subdivision (b) of this section, and such site if practicable shall be situated along a public transportation route.

Such plan shall be approved or rejected by the co-executive directors of the state board of elections within two weeks of filing. If such plan is rejected, notice shall be provided to the board of elections of the reasons therefor. The board of elections shall then have three business days to amend the plan and resubmit for approval. An approved plan shall remain in effect until amended by the board of elections and such amendment is approved as provided herein.

(b) The manner of canvassing the voting machines used at early voting and announcing the results shall be consistent

with section 8-600 of the election law and in the same manner as provided by title one of article 9 of the election law and the procedures of the state board of elections, except that the canvass of ballots cast during the early voting period may begin no earlier than at eight o'clock p.m. on Election Day, provided the board of elections adopts procedures to prevent the public release of any election results prior to the close of polls on election day. Such procedures must be consistent with the regulations of the state board of elections and must be filed with the state board of elections at least sixty days before the first early voting period for an election to which they will apply, and shall remain in effect until amended by the board of elections and such amendment is filed as provided herein. To prevent the premature release of voting results prior to the close of all polls on Election Day, all persons lawfully present at the canvass of ballots cast during early voting period shall remain incommunicado with all persons outside of the place of canvass and shall remain at the room or area of the canvass once the canvass has begun, absent exigency or a board of elections purpose that requires leaving the canvass room or area, until at least the close of polls on the day of election.

April 8, 2020.

Section 6211.6. Voter history and prevention of duplicate voting

(a) During the early voting period, the voting history record for each voter shall be continually updated to reflect that a voter has voted early. A record indicating a voter has voted during the early voting period shall be available to poll workers at every early voting site at which a voter is eligible to vote in near real time. In such instance where a voter is only eligible to vote at one early voting site, the single poll book at such site for such voter may serve as the continually updated record of voter history throughout the early voting period.

(b) By Election Day, the voting history record of each voter who has cast a ballot during the early voting period shall be entered into the voter registration system of the board of elections. Such voting history shall be included in the voter registration poll record that is used on Election Day to determine the eligibility of voters. Such Election Day record must differentiate voters who voted early from those who appeared to vote on the day of election.

(c) Any voter who the board of elections has identified as having voted during the early voting period shall not be eligible to vote on Election Day, except such voter shall be entitled to complete an affidavit ballot if such voter claims not to have voted early. Such affidavit shall be marked as such.

(d) No later than the third day after an election, the voting history record of each voter who has signed a poll record and thus cast a ballot on such election day shall be entered into the voter registration system of the board of elections, and the voter history for such election day voters, early voters and all voters with a notation pursuant to Election Law § 9-209 (1) (d) that indicates that the voter has voted in such election shall be uploaded to the statewide voter registration list.

(e) Not later than the third day after an election, by five o'clock p.m. on such day, the board of elections shall prepare a list, including data elements prescribed by the board

of elections and in the format specified by the state board of elections, of all persons who submitted an affidavit ballot. Such list shall be provided to the state board of elections, and the state board of elections shall provide a combined list of all affidavit ballots submitted statewide to the boards of elections.

(f) No later than seven businesses days after the completion of the canvass, the voting history record of each voter who has cast an absentee, military, special or federal ballot on Election Day or who has cast an affidavit ballot during early voting or on Election Day for whom such information was not already entered shall be entered into the voter registration system of the board of elections and the statewide voter registration list.

(g) Boards of elections shall provide information regarding voter registration records or voting records in their custody to other boards of elections, upon request, as soon as reasonably practicable.

(h) The board of elections, as required by Election Law § 8-600 (1), shall establish procedures to ensure that persons who vote during early voting shall not be permitted to vote subsequently in the same election. Such procedures shall remain in effect until amended by the board of elections and shall be filed with the state board of elections on or before the sixtieth day preceding the first day of the early voting period. Such procedures shall be approved or rejected by the co-executive directors of the state board of elections within two weeks of filing. If such procedures are rejected, notice shall be provided to the board of elections of the reasons therefor. The board of elections shall then have three business days to amend their procedures and resubmit the same to the state board of elections for approval.

(i) Boards of elections shall provide to the state board, in the manner specified by the state board, the number of voters who vote early on each day of early voting by the next business day after such day of early voting.

Section 6212.1. Definitions

The terms used in this Part shall have the significance herein defined unless another meaning is clearly apparent in language or content.

(a) *Computer registration file* means a data base of voter registration information stored and maintained on computer which includes, *inter alia*, a computerized image of the voter's signature.

(b) *Ledger* means the binder, or notebook, in which registration poll records for an election district are stored.

(c) *Registration poll list* means a printed list of voters in alphabetical order for a single election district generated from a computer registration file for each election and containing, for each voter listed, a facsimile of the signature of the voter. Such a list may be in a single volume or in more than one volume. In any election district in which there are two voting machines, there must be two volumes (A-L; M-Z). The list is utilized, in place of registration poll records, to establish a person's eligibility to vote in the polling place on election day.

(d) *Registration poll record* means an original voter registration application, or card, or the document which replaces it because its election day sign-in section is filled to capacity, utilized to establish a person's eligibility to vote in the polling place on election day. Often referred to as "buff card".

(e) *Source document* means an original record from which a computer-stored image is created, or from which data is entered into a computer data base.

Sec. filed Aug. 8, 1990 eff. Aug. 29, 1990.

Section 6212.2. Applicability

These rules are applicable to the process by which a county board of elections in New York State, in accordance with the provisions of section 5-506 of the Election Law, discontinues preparation, use and maintenance of registration poll records and prepares, uses and maintains instead a computer registration file (hereinafter sometimes referred to as “the file”) which includes, *inter alia*, a computer-stored image of the signature of each voter and from which the registration poll list for use at each polling place on election day shall be produced.

Sec. filed Aug. 8, 1990 eff. Aug. 29, 1990.

Section 6212.3. Initiating the process

(a) Before purchasing any equipment to be used to create a computer registration file and/or to produce registration poll lists, contracting for service to be rendered in connection with that process, or embarking on the conversion of the existing records, the county board shall submit to the State Board of Elections:

(1) A statement of goals and intentions for the creation of a computer registration file which will include a signature facsimile for each voter and from which registration poll lists can be produced to replace registration poll records at the polling place on election day.

(2) A copy of any proposed solicitation document (Invitation to Bid, Request for Proposal, etc.) to be published and circulated for the purpose of procuring goods and services. The document shall include a draft schedule for conversion of the existing records which is consistent with the demands of the election calendar during the period of conversion and shall require the following:

- (i) training of all personnel needed for creation of the file and for operation of the system to be purchased;
- (ii) reference materials for use by staff after the training has been completed;
- (iii) detailed specifications for all hardware;
- (iv) complete documentation for all software;
- (v) escrow of all software with an agent approved by the State Board of Elections; if software in use by a

county is modified, the State Board shall be notified and the modified version along with documentation therefor shall replace the version then on deposit with the escrow agent; and

(vi) if the original voter registration records are to be removed from the board office for the purpose of creating the file, a stipulation that the vendor may not retain in his possession a copy, on any medium, of any of the original records or of information contained in the original records.

(3) If the original voter registration records are to be removed from the board office during conversion or maintenance, a written plan for guaranteeing the safety and integrity of records while they are outside the board office.

(4) A written plan for secure delivery of the registration poll lists to the polling places for use on election day and for their return to board custody following election.

(5) A written plan for replacement of a registration poll list in the event it is lost or damaged.

(b) Within 10 working days after receipt of the material specified in subdivision (a) of this section, the State Board shall either approve or disapprove of the submission and shall notify the local board of its decision. In the event of disapproval, the State Board shall specify what modifications must be made to qualify for its approval. The county board may not disseminate the solicitation document and proceed with the project until the submission is approved.

(c) Before entering into any contract for goods or services for such a computerized registration file, the county board shall submit a copy of such contract to the State Board for review. It shall contain, *inter alia*, the requirements of the approved solicitation document (see paragraph [a][2] of this section) and a plan for acceptance testing of the system by the county board after delivery by the vendor. (See section 6212.6 of this Part for detail of acceptance testing.) Within 10 calendar days after receipt of the proposed contract, the State Board shall complete its review and notify the county board of its approval or disapproval. In the event of disapproval, the State Board shall specify what modifications

must be made to qualify for its approval. In its review, the State Board shall act expeditiously so as not to delay unnecessarily the progress of negotiations between the county board and the vendor.

Sec. filed Aug. 8, 1990 eff. Aug. 29, 1990.

Section 6212.4. Characteristics of the system

In writing specifications and/or making a decision for purchase of a system, the county board shall take the following into consideration:

- (a) Speed for creation of computer-stored images of voter signatures and, if applicable, of the full voter registration document.
- (b) Ease of operation of all equipment and understanding of all software.
- (c) Capability to obtain satisfactory images from documents to be used as source documents.
- (d) Time required for correction of images deemed to be unsatisfactory.
- (e) Capability to accommodate the various source documents to be used for imaging, including all versions of original voter registration cards, documents of different background colors, different inks used for voter signature, varying layout, etc.
- (f) The quality of the facsimile signature produced by the system when projected on a computer terminal screen or when printed for such purposes as a registration poll list, should be such that the person utilizing the facsimile to determine if it does represent or replicate the actual signature can make that judgment readily. Copying or reduction of the image should be permitted only if the ability to make such a judgment is not impaired thereby.
- (g) Capability to meet the schedule established for conversion of the records and creation of a computer registration file.
- (h) Capability to perform the work of the board in maintaining the file after conversion and to meet the requirements of peak load activity, including processing of all new

voter registrations and changes to existing voter registration records as well as production of the registration poll lists for each election day.

(i) In the event of a system malfunction, availability of backup facilities and/or service.

Sec. filed Aug. 8, 1990 eff. Aug. 29, 1990.

Section 6212.5. System management

(a) The county board shall have primary responsibility for all aspects of the creation, maintenance and use of the file. Although support, guidance and assistance may be obtained from the State Board, a vendor or vendors or other outside sources, the county board of elections is responsible for ensuring compliance with the Election Law and for carrying out these regulations and any relevant directives of the State Board.

(b) The county board shall prepare a work plan for conversion of the existing registration poll records to a computer registration file with signature images and use of that file to produce registration poll lists for the polling places each election day. The work plan shall include a schedule for conversion of the existing records with estimates of resources required and data on which those estimates are based and a calendar for completion of the work with interim milestones indicated. The work plan shall be amended as necessary during the course of conversion.

(c) The board shall write and adopt procedures for all tasks in the process of conversion to, or maintenance of, the file and shall modify and amend those procedures as experience dictates. The procedures should provide for quality control, particularly at points in the process known to be error prone. Personnel employed in conversion or maintenance shall be trained in the procedures and required to follow them.

(d) The processes of conversion to and maintenance of the computer registration file shall be fully documented. Logs shall be maintained indicating what was done, when and by whom. Such documentation is subject to review by the State Board.

(e) Access to computer file in which signature images are stored shall be limited to those persons authorized for access by the county board and a written plan for accomplishing that purpose shall be adopted by the board. Each access to the file other than inquiry shall be recorded. Such records shall include date and time of such access and the name of the person accessing. The board shall designate a person or persons to be responsible for controlling, recording and monitoring access to the file. That person or persons shall immediately report any unauthorized access to the board.

(f) The board of elections must maintain, as public records at the appropriate office of the board, a complete and current hard copy alphabetized list of all registered voters which includes the address, town or city, assembly district or ward, where appropriate, election district, registration serial number, party enrollment, date of registration, sex and date of birth of each such voter and a complete and current hard copy list of all registered voters which is arranged by election district and which contains all the information required to be included for each voter on the registration poll list prepared for use at an election, together with the facsimile signature of each such voter. The county board shall ensure that voter registration lists on any medium, which are sold or distributed, other than for use by the board or to comply with the order of a court of competent jurisdiction, do not include facsimile voter signatures or the capability to generate facsimile voter signatures, but do include all other data contained in those records.

(g) A complete list is printed not less than once per year following completion of the purge and is updated weekly by a reprinting of the complete list or by the printing of supplements showing additions or deletions to the master file occurring during the preceding week.

(h) As soon as feasible following the first use of registration poll lists in an election, the county board shall convene and conduct an evaluation of the project, including all aspects of contract administration, creation and maintenance of the computer registration file, training of personnel including poll workers, utility of the registration¹ poll lists, public understanding and acceptance of the system, etc. The

State Board shall participate in the evaluation. A report of the evaluation shall be written and filed with the State Board.

Sec. filed Aug. 8, 1990 eff. Aug. 29, 1990.

¹ So in original.

Section 6212.6. Acceptance testing

(a) All hardware and software purchased shall be tested following delivery. The purpose of the acceptance testing is to determine if the hardware, software, documentation and other materials delivered meet the terms of the contract.

(b) Acceptance testing shall be performed in accordance with the plan submitted to and approved by the State Board as part of the proposed contract before purchase, except that other requirements may be added to the plan if, at the time of delivery or in the course of testing, the county board or State Board deems it advisable to do so.

(c) Acceptance testing shall include but not be limited to the following:

(1) Examination of the manufacture's specifications for all hardware delivered in order to confirm that the equipment supplied is that which was promised and described in the contract.

(2) Functional testing of the system, hardware and software, by county board personnel with instruction and assistance of vendor personnel. The functional testing shall be performed with actual source documents, including specimens of all the varying types of such source documents that will be used in the conversion and maintenance. Special attention shall be given to such factors as the speed of the equipment, ease of understanding and operation, the adequacy of the software documentation, capability for accommodating the variety of source documents and quality of signature facsimile both on the screen and on hard copy. The testing shall not be cursory but shall be as extensive as possible and shall take into consideration the response of the system at times of high stress.

(d) The process of acceptance testing shall be documented by the county board of record all testing performed and the findings therefrom.

(e) The county board shall certify to the State Board that acceptance testing has been completed and shall supply to the State Board a copy of the documentation of that testing.

Sec. filed Aug. 8, 1990 eff. Aug. 29, 1990.

Section 6212.7. Training

(a) The county board shall assure that all personnel assigned to work on creation and maintenance of the file, or on the production of registration poll lists and other documents generated from the file, are thoroughly trained in their responsibilities. Initial training shall be provided under the contract by which the system is procured and the terms of the contract shall not be deemed to have been fulfilled until the board is satisfied that the training specified therein has been completed. Additional training in use of the system shall be provided by the board as needed to assure continuing satisfactory performance.

(b) During both conversion and maintenance, the board shall monitor and evaluate the procedures and the performance of the staff and shall modify procedures and provide additional training to the staff where, in the board's judgment, the operation can be improved.

(c) A written summary of the training shall be filed with the State Board at time of making application for discontinuance of registration poll records (see section 6212.12[a] of this Part.)

Sec. filed Aug. 8, 1990 eff. Aug. 29, 1990.

Section 6212.8. Record processing during conversion and maintenance

(a) The county board shall adopt, and ensure compliance with, procedures to guarantee the security and integrity of registration poll records during conversion and maintenance. A copy of these procedures shall be filed with the State Board at time of making application for discontinu-

ance of registration poll records (see section 6212.12[a] of this Part.)

(b) When such documents are removed from ledgers, they shall be maintained and processed in uniquely identified batches. Each batch and each document therein shall be accounted for through use of logs which record every processing transaction in which it is involved, from the time of removal from the ledger until returned to the ledger. For each transaction the log shall indicate the action taken, date, time and by whom.

(c) Any of the following may be used as a source document for a voter signature image:

(1) The original registration poll record or a replacement registration poll record created because the preceding one was filled to capacity. A signature appearing either on the front or on the back of a registration poll record may serve as the basis for the computer image.

(2) Any other original voter registration record including school board registration, military registration, special Federal registration, change of name registration and Federal Post Card Application (FPCA).

(3) Absentee voting application.

(4) Absentee ballot envelope.

(5) Affidavit ballot envelope.

(6) Registration poll list or the challenge report used in connection with that list.

(7) Special form, card, or letter mailed to a voter for the purpose of obtaining a signature.

(d) Standards for quality of the signature image and facsimile shall be established by the board and applied by staff in producing the signature image for the file. Such standards shall include, but not be limited to, provisions to assure:

(1) that the image produced for a particular voter's registration record is the signature of the voter;

(2) that the image is properly positioned; and

(3) that the quality of the image on the screen is such that a hard copy facsimile generated from it will enable an

election inspector to make a comparison between the facsimile and the signature the voter signs on election day.

(e) If, in the judgment of the board, the quality and usefulness of a signature image in the file can be improved by substituting therefor one created from a different signature of the same voter, that substitution may be made.

(f) All records in the computer registration files shall be verified by the local board before they are used to generate a registration poll list. That verification process shall include at least the following:

- (1) confirmation that every eligible voter is on the file; and
- (2) confirmation that the signature facsimile included in each record is the correct signature for that voter.

Sec. filed Aug. 8, 1990 eff. Aug. 29, 1990.

Section 6212.9. Registration poll list

(a) For each election, a registration poll list shall be prepared in alphabetical order for each election district which shall include the name and other information required by the law and these regulations relating to each voter eligible to vote in that district in that election. The pages of the list shall be bound or fastened so that all pages are securely held together and the list shall be identified as an official document of the county board.

(b) For each individual voter, the following information shall be in the registration poll list:

- (1) name;
- (2) street address;
- (3) date of birth;

ELECTION LAW

(8) a place for the inspector to record the number appearing on the stub of any election day paper ballot given to the voter.

(c) Each page of the registration poll list shall contain:

(1) The number of the election district, assembly district, legislative district, town, ward, etc. in which such election district is located.

(2) Date of the election for which the list is prepared.

(3) Page number. The last page of the list shall be so marked.

(4) Range of names listed on that page.

(d) Prior to the first election in which a registration poll list is used to replace the registration poll ledger, the State Board shall review and approve the content, format and layout of the registration poll list, as well as the adequacy of the facsimile signatures included in it. For that purpose, the county board shall submit a specimen registration poll list containing the records of at least 500 voters. At the same time, the county board shall certify to the State Board that the verification of the file required by section 6212.8(f) of this Part has been performed.

(e) Registration poll lists shall be preserved in secure storage by the board until the end of the second calendar year following the election in which they were used.

Sec. filed Aug. 8, 1990 eff. Aug. 29, 1990; amd. filed Feb. 8, 2012 eff. Feb. 29, 2012.

Section 6212.10. Storage of computer readable records

(a) The complete, current computer registration file shall be produced periodically in duplicate on electronic storage medium.

(b) One copy of the file shall be stored in a different building from the other copy. If one or both copies is stored in a location not directly under the board's control, the board shall provide for security of such copy of the file and shall ensure that access to it will be limited to those authorized by the board. Conditions in a facility used for storage of

a computer registration file shall meet generally accepted standards for storage of data on electronic media.

Sec. filed Aug. 8, 1990 eff. Aug. 29, 1990.

Section 6212.11. Storage of original voter registration records

(a) Original registration poll records shall be maintained in their ledgers, emplaced as they have been when used in polling places, and available for reference until after the board has successfully conducted an election in a county or portion thereof using registration poll lists with voter signature facsimiles, and the State Board has approved discontinuation of the preparation, use and maintenance of registration poll records by that board.

(b) Following successful use of the registration poll lists for one election and State Board approval of the county board's application to discontinue preparation, use and maintenance of registration poll records, the registration poll records in the ledgers may be removed therefrom. They shall be preserved, along with original voter registration records received after conversion of the file, for as long as registration records are otherwise preserved, organized and labeled in such a manner so that they are available for examination.

Sec. filed Aug. 8, 1990 eff. Aug. 29, 1990.

Section 6212.12. State Board responsibilities

The State Board shall:

(a) Prepare and distribute to the county boards of elections procedures for a county board to initiate and carry out the process of creating a computer registration file with signature images and to apply to discontinue preparation, use and maintenance of registration poll records and substitute therefor registration poll lists with voter signature facsimiles.

(4) The specimen registration poll list and the certification of the verification of the file as required by section 6212.9(d) of this Part.

(5) An application for discontinuation of preparation, use and maintenance of registration poll records by a county board which has successfully conducted an election using registration poll lists (see subdivision [a] of this section). Before granting such approval, the State Board shall be satisfied that the county has met the requirements of the Election Law and this Part.

(c) Adopt and apply standards for clarity and speed of the printer to be used for printing registration poll lists.

(d) Monitor and, when appropriate, assist and support county boards in conversion to and maintenance of computer registration files including assistance to a county board in obtaining compliance with any contract entered into in connection with such work.

(e) On request of a county board, supply specimen forms, materials and procedures for guidance in planning conversion and maintenance.

(f) With respect to ongoing use of a computer registration file, order compliance with law and regulations when it finds that a county board has not so complied. If the county board fails to comply, the State Board shall withdraw approval for use of registration poll lists and require such board to resume preparation, use and maintenance of registration poll records.

Complaints raising similar questions of law and/or fact may be consolidated by the SBOE.

(2) If the complaint is not properly completed or lacks the information necessary to process the complaint, the SBOE, through its Counsel's Office, shall within three business days notify the complainant that he/she must re-submit a corrected or completed complaint in order for it to be accepted for filing.

Section 6217.6. Voter identification verification

(a) The county board shall promptly, and in any event, not later than 21 days after receipt by it of the voter registration application, verify the identity of the applicant who has not previously had his or her identification verified. The voter's registration and enrollment shall be complete upon receipt of the application by the appropriate county board. The failure of a county board to verify an applicant's identity shall not be the basis for the rejection of a voter's application; provided, however, that such verification failure shall be the basis for requiring county board to take the additional verification steps provided by the Election Law, section 5-210 and this Part.

(b) In order to do so, the county board shall utilize the information provided on the application and shall attempt to verify such information through NYSVoter with the information provided by the New York State Department of Motor Vehicles, or the United States Social Security Administration and any other lawfully available information source. The county board shall do so by transmitting such information to NYSVoter. The county board shall deem as verified for the purposes of this section an application received from the Department of Motor Vehicles processed simultaneously and integrated with an application for a motor vehicle driver's license, a driver's license renewal or an identification card if such card is issued by the Department of Motor Vehicles in its normal course of business, pursuant to section 5-212 of the Election Law.

(c) NYSVoter shall compare the New York State Department of Motor Vehicles driver license or non-driver number, name, and date of birth of the voter with the New York State Department of Motor Vehicles records for verification of the voter's identification as required by statute. The New York State Department of Motor Vehicles shall report back to NYSVoter. Based upon this report, the County Board shall determine if they have sufficient information to verify the voter's identity, or whether additional information is required to verify the voter's identity.

(d) If necessary to verify a voter's identity, NYSVoter shall compare the last four digits of the voter's social security

number, name and date of birth, through the New York State Department of Motor Vehicles with the United States Social Security Administration records for verification of the voter's identification as required by statute. The United States Social Security Administration through the New York State Department of Motor Vehicles shall report back to NYSVoter. Based upon this report, the county board shall determine if they have sufficient information to verify the voter's identity, or whether additional information is required to verify the voter's identity.

(e) If the county board is unable to verify the identity of the applicant within 21 days of the receipt of the application, it shall immediately take steps to confirm that the information provided by the applicant was accurately utilized by such county board, was accurately verified with other information sources and that no data entry error, or other similar type of error, occurred.

(f) Following completion of the preceding steps, the county board shall mail:

(1) a notice of its approval; or

(2) a notice of its approval which includes an indication that such board has not yet been able to verify the identity of the applicant and a request for more information so that such verification may be completed; or

(g) The request for more information shall inform the voter that: "THE FAILURE TO CONTACT THE BOARD OF ELECTIONS AND CORRECT ANY INACCURACIES IN THE APPLICATION OR PROVIDE REQUESTED ADDITIONAL INFORMATION MAY RESULT IN A REQUEST FOR IDENTIFICATION AT THE POLLS IN ORDER TO CAST A VOTE ON A VOTING MACHINE." If such notice is returned undelivered without a new address, the board shall forthwith send such applicant a confirmation notice pursuant to the provisions of section 5-712 of the Election Law and place such applicant in inactive status.

(i) If the Board of Elections has been unable to verify the identity of the applicant within 45 days of the application, the board shall mail a second request for more information to the applicant. This notice shall inform the voter that "THE FAILURE TO CONTACT THE BOARD OF ELECTIONS AND CORRECT ANY INACCURACIES IN THE APPLICATION OR PROVIDE REQUESTED ADDITIONAL INFORMATION MAY RESULT IN A REQUEST FOR IDENTIFICATION AT THE POLLS IN ORDER TO CAST A VOTE ON A VOTING MACHINE."

(j) If the county board is unable to verify the identity of the applicant it shall so indicate with a notation next to the voter's name on the registration list. Such voter may provide information to assist the county board to verify their identity at any time and such notation shall be removed by the county board upon such verification.

(k) If a voter's identity is not verified before election day, the voter will be asked to provide identification before they vote for the first time. Forms of identification include a valid photo identification, a current utility bill, bank statement, government check, or some other form of government document that shows the voter's name and address. If the voter provides such identification or the voter cast an affidavit ballot pursuant to Election Law, section 8-302 and the county board verifies the identity of such affidavit voter the county board shall indicate to NYSVoter that the voter's identity has been verified.

(l) The notices of approval and notices of approval with requests for more information shall also advise the registrant:

- (1) of the date when his registration and enrollment is effective;
- (2) of the date and the hours of the next regularly scheduled primary or general election in which he will be eligible to vote;

(3) of the location of the polling place of the election district in which he is or will be a qualified voter, whether such polling place is accessible to physically handicapped voters;

(4) an indication that physically handicapped voters or voters who are ill or voters who will be out of the city or county on the day of the primary or general election, may obtain an absentee ballot and the phone number to call for absentee ballot applications;

(m) The notice of approval, notice of approval with request for more information or notice of rejection shall also advise the applicant to notify the Board of Elections if there is any inaccuracy. The form of such mail notification shall be prescribed by the State Board and shall contain such other information and instructions as it may reasonably require to carry out the purposes of the Election Law and this Part.

(n) The notice of rejection shall also advise the applicant with instructions on how to complete the application and the period of time which the application must be provided in order to be eligible to vote in the next election. The form of such mail notification shall be prescribed by the State Board and shall contain such other information and instructions as it may reasonably require to carry out the purposes of the Election Law and this Part.

Section 6217.7. Processing voters who move between counties

(a) NYSVoter shall identify as voters that have moved between counties those voters who have stated on their application that the last year they voted, or were registered to vote, was in a county other than where they are applying to register to vote and the voter provided the previous address at which they were registered.

(b) NYSVoter shall notify affected counties of an apparent duplicate voter record, and thus a possible move between counties based upon a match of an applicant's name and date of birth.

(c) NYSVoter shall provide the capability for the county to verify that a voter has moved between counties based upon a match of the applicant's signature and either the New York State Department of Motor Vehicles driver license or non-driver number or last four digits of the voter's social security number or matching of the previous address of the voter.

(d) When a board of elections receives notice that a voter on the statewide list has moved to an address in such board of elections' county or city, the board of elections shall transfer the voter to the new address and send a transfer notice as provided for in Election Law, section 5-208(1)(5).

(e) NYSVoter shall notify the "from county" if a voter has moved their voter registration between the counties. (f) NYSVoter shall notify the "from county" if a voter has moved their voter registration between counties. In such cases, the "from county," upon determining that such records are for the same voter, shall cancel the voter record in their county and provide the required cancellation notice to the voter pursuant to Election Law, section 5-402. In such cases where the "from county" is unable to determine that the proposed duplicate records are from the same voter, after providing the required notice to the voter, the "from county" shall place such voter in inactive status.

(g) NYSVoter shall facilitate the move process if the "to county" has been informed of the registrant's "from county" on the voter registration form or from the registrant.

(h) The moving of voters from one county to another may occur as a result of a new voter registration form being

processed or by any mechanism provided for in Election Law § 5-208.

(i) Applicable to Transfers. Any board of elections which receives information that a voter has moved to an address in another county in New York State which would have permitted such “from county” board to transfer the voter registration address within the county if the address indicated was an in-county change of address, shall send a copy of the address transfer information, including a voter registration number to the “to county” board of elections where the voter has moved. The “to county” shall, using such voter’s information contained in NYSVoter, including enrollment and signature exemplar, along with the new address information, place the voter at the new address pursuant to Election Law § 5-208 and provide notice to the voter in the manner provided in this section. When the “from county” forwards transfer information to another county board of elections for further processing, the “from county” shall send a confirmation notice in a form approved by the State Board to the prior address of such voter in the “from county.” Further list maintenance steps as required by this Part shall be undertaken upon notification by NYSVoter that the voter is registered at an address in another county in New York or upon notification received from the voter.

(j) If such registration or change of address information effectuating such transfer also reflects a change of enrollment as evidenced by the NYSVoter record, the “to county” Board of Elections shall also treat such as an application for a change of enrollment pursuant to Election Law 5-304.

Section 6217.8. Processing duplicate voters

(a) NYSVoter shall identify possible duplicate voter registrations as needed by the county board based upon a match of an applicant’s first name, last name, and date of birth.

(b) NYSVoter shall identify possible duplicate voter registrations in near real time at or near the time of data entry for all registration application transactions based upon a match

of an applicant's first three letters of the first name and the first five letters of the last name, date of birth, and, if available, the unique identification number, or the New York State Department of Motor Vehicles driver license or non-driver number or last four digits of the voter's social security number. An image of the potential duplicate voter's signature shall be made available to the county boards for comparison.

(c) NYSVoter shall notify the counties with matching records if voters are potential duplicate registrations between counties. The notification shall include pertinent information regarding the voter.

(d) If the information received by the Board of Elections through NYSVoter indicates that a voter is currently registered to vote more than once, the local Board of Elections containing the registration record of the earlier dated registration record, the "from county" shall send such voter the confirmation notice prescribed by section 5-712 of the Election Law and place such voter on inactive status pursuant to section 5-213 of the Election Law.

(e) After determining that the voter is a duplicate, the "to county" will activate a new record.

(f) After determining that the voter is a duplicate, the "to county" will substitute the unique identifier with the unique identifier from the "from county"

(g) *Effective date.* Effective immediately except that subdivisions (b) and (f) of this section shall become effective on July 1, 2007.

Sec. filed Aug. 28, 2006; amd. filed May 11, 2007 eff. May 30, 2007. Amended (c).

Section 6217.9. Voter registration status

(a) Each voter maintained in NYSVoter will be assigned a voter registration status by the county board which will determine the voter's eligibility to vote. The voter registration status will be updated after an application is processed and an application disposition has been assigned. The discreet voter registration statuses and their definitions to be stored by NYSVoter are described below.

(1) Active. The voter is properly registered and is eligible to vote in elections. There are several categories of active voters, as specified below:

- (i) active;
- (ii) active military;¹
- (iii) active UOCAVA;
- (iv) active special presidential; and
- (v) active special Federal.

(2) Inactive. The voter is still eligible to vote in elections, but is not included in the poll book. NYSVoter shall allow a county election official to designate a voter as inactive, noting the reason for the designation, such as “election material mailed to registrant returned as undeliverable” or “moved with an out of county forwarding address”, “affidavit ballots”.

(3) Purged. The voter is no longer eligible to vote in an election, and will not appear in the list of registered voters. This list is to be utilized to prevent deceased voters from overwhelming valid voters when doing voter searches and to allow for voters who later re-register to vote to resurrect and utilize their unique identifier.

(4) Pre-registered. The voter has met all the requirements to be an active voter but has not yet attained the age of 18. Pre-registered voters that will be 18 years old on or before the election date are included in the poll book and are eligible to vote in the election. The voter must be at least 16 years old to pre-register.

(5) NYSVoter store reason codes for inactive and purged voters indicating or explaining the reason for a specific voter’s status, as follows:

- (i) inactive status—mail check, NCOA, returned mail;
- (ii) purged status—death, voter request, felon, ADF (adjudicated) incompetent, NVRA, moved out of country.

Sec. filed Aug. 28, 2006; amd. filed May 11, 2007 eff. May 30, 2007; amd. filed June 25, 2019 eff. July 10, 2019.

Section 6217.10. Voter registration list changes and list maintenance

(a) *List maintenance activities and schedules.*

(1) The State Board, in consultation with local boards of elections, shall establish minimum standards for statewide voter registration list maintenance activities and schedules for such activities.

(2) The list maintenance performed shall be conducted in a manner consistent with the Election Law and these regulations to ensure that:

(i) the name of each registered voter appears in the statewide voter registration list;

(ii) only names of persons who are not registered or who are not eligible to vote are removed from such list; and

(iii) the prior registrations of duplicate names are removed from such list.

(b) *Notices of cancellation.*

(1) Where a county board determines that a voter's registration shall be cancelled, the record shall be flagged with a status of purged and the appropriate purged reason code and a cancellation notice as provided for in Election Law, section 5-402, shall be sent to the voter, except that no cancellation notice shall be sent to a person whose voter registration record has been flagged as deceased or who has made a personal request for such cancellation.

(2) The county board shall electronically file with the State Board a cancellation and removal report indicating all cancellations and removal actions taken by the local board of elections from the list of eligible voters. Such report shall be filed in a format and at such intervals as directed by the State Board.

(c) *Address, name and enrollment changes within a county.*

(1) When a review and query of a voter registration application indicates that the voter is already registered to vote within the county, and is initiating a change to their record, such change shall be processed, and the record updated and the appropriate notice shall be sent to the voter:

(i) For an address change—a transfer notice as provided for in Election Law, section 5-208(1)(5).

(ii) For a name change, or the addition or deletion of a post office box—an approval notice as provided for in Election Law, section 5-210(9).

(iii) For a change of enrollment—a letter from the county board confirming receipt of the same and stating the effective date of the enrollment change.

(2) Before an update or change can be applied to an existing voter registration record, a county board shall perform a search of existing voters to ensure that the application is not a new registration and is an update or change to an existing record within the county.

(d) *Notifications of a death, felony conviction or adjudication of mental incompetence.*

(1) NYSVoter shall receive death notifications including the voter's first name, middle name, last name, gender, date of death, date of birth, street address, city, and ZIP code, from New York State Department of Health and New York City Department of Health and Mental Health. NYSVoter may be matched against the United States Social Security Administration's Master Death Index. Notification shall be sent to the appropriate county for follow-up and determination.

(2) NYSVoter shall receive notices of felons sentenced to a term of imprisonment and of persons adjudicated mentally incompetent including the voter's last name, first name, middle name, gender, date of birth, street address, city, state, ZIP code, county, and a code indicating whether the person is a convicted felon sentenced to a term of imprisonment or a person adjudicated mentally incompetent from the New York State Office of Court Administration or any court having jurisdiction over such matters. Notifications shall be sent to the appropriate county for follow-up and determination.

(3) Each local board of elections shall, within 25 days after receiving such list of decedents or list of persons subject to forfeiture of the right to vote pursuant to section 5-106 of the Election Law, use such lists to identify and

remove decedents and persons subject to forfeiture of the right to vote pursuant to section 5-106 of this article from the list of eligible voters.

(e) *National change of address.* National change of address processing shall be conducted with a United States Postal Service approved vendor at least annually. The processing shall at a minimum identify voter address change information, whether permanent or temporary; provide data which can be used to standardize addresses and provide enhanced ZIP code extensions, to assist in more accurate delivery of voter mail; and notification of deceased status. Notifications shall be sent to the appropriate county for follow-up and determination.

Sec. filed Aug. 28, 2006; amd. filed May 11, 2007 eff. May 30, 2007.

Section 6217.11. Voter registration list security and user administration

(a) *Statewide.* NYSVoter relies on shared security with both the county board and State Board having responsibilities over specific system resources and administration. The State Board will be responsible for providing tools necessary for county boards to authorize local users to NYSVoter functions, verify that local users identified in transaction headers are authorized for that purpose, and for insuring that a message was not altered in transmission.

(b) *County board.* Security over county voter registration systems and networks, administration of local users, authentication and authorization of county board personnel will be the responsibility of each county board. Each county board will configure the local county user to have access pursuant to NYSVoter. Since access to NYSVoter will be through the county voter registration system, administration and authorization to the county voter registration system must include the assignment of a user ID and password for the county voter registration system that has a role or user-based security management. County boards will have the rights to create and modify county users as well as delete users when appropriate in their own county.

Sec. filed Aug. 28, 2006 eff. Sept. 13, 2006.

Section 6217.12. Reports and information queries

(a) NYSVoter shall provide to county board operators the ability to:

- (1) query all records in the database, regardless of county;
- (2) conduct user-defined searches of voter records;
- (3) generate pre-defined and *ad hoc* queries and reports in formats as needed;
- (4) filter reports based on key data fields contained in the output (*e.g.*, date, county);
- (5) provide a third party reporting tool (*e.g.*, query by example) for *ad hoc* reporting requests; and
- (6) sort voter registration data by county, election district, jurisdiction, birth date, and other information (*e.g.*, last name, first name, voter registration number, unique identification number, address order).

(2) whether the subject of the complaint has made a good faith effort to correct the violation; and

Such proposed findings of fact shall recite basic facts and not evidentiary facts and shall not be conclusions of law. A basic fact would be "John Jones visited Syracuse," and not "John Jones testified that he visited Syracuse," which is an evidentiary fact. A conclusion of law would be "John Jones has demonstrated untrustworthiness within the meaning of section 441-c of the Real Property Law." In general, it is expected that the complaint will allege the basic facts which would otherwise be contained in a statement of proposed findings of fact. In accordance with section 307(1) of the State Administrative Procedure Act, the person assigned to render a decision will rule on each finding of fact. Such decision maker will do so by marking the instrument setting forth the proposed findings of fact a part of the decision and noting in the margin thereof the ruling, i.e., "Found," "Not Found," "Irrelevant," "Evidentiary," "Conclusion of Law," which rulings may be abbreviated meaningfully. The body of the decision will contain such findings of fact as the decision maker deems relevant, but need not be expressed in the same language as presented in the proposed findings.

Section 6218.5. Scope and time of settlement

The Chief Enforcement Counsel may, in the exercise of discretion, enter into settlement agreements with willing respondents, provided such provisions are not contrary to law or the rules, regulations and relevant formal or advisory opinions of the State Board. Settlement agreements shall be entered into on a fair, equitable and uniform basis without regard to the status of the respondent who is the subject of the Report. If a settlement agreement is entered into before the Hearing Officer makes findings of fact, such settlement agreement shall, in accordance with its terms and conditions, constitute a final administrative disposition of the adjudicatory proceeding.

(3) the candidate and political committee are required to repay public funds previously received, as described in this part, or the candidate or political committee has failed to pay any outstanding claim of the PCFB for the payment of civil penalties or the repayment of public funds against such candidate or such candidate's authorized committee or an authorized committee of such candidate from a prior covered election, provided that the candidate and treasurer have received written notice of the potential payment obligation and potential ineligibility determination in advance of the certification deadline for the current covered election and an opportunity to present reasons for such candidate's eligibility for public funds to the PCFB;

(4) previous public funds payments to the candidate for the election equal the maximum permitted by the Title 2 of Article 14 of the Election Law; or

(5) the candidate has been found by the PCFB to have committed fraud or material misrepresentation in the course of participating in the public campaign finance program or to be in breach of certification pursuant to paragraph c of section 6221.7 of this part.

(c) Following an enforcement action pursuant to 6221.42 which finds a fundamental breach of certification, the candidate will be deemed by the PCFB to be ineligible for public funds for the covered election and to have forfeited all public funds previously received for the elections covered by the certification. Additionally, the candidate will be subject to such civil and criminal sanctions as are applicable under Title 2 of Article 14 of the Election Law and other applicable law.

(1) The PCFB can consider any of the following to be a fundamental breach of a candidate's certification:

(i) the submission to the PCFB of documentation or information that the candidate knew or reasonably should have known was false in whole or in part, including a disclosure statement which the candidate knew or reasonably should have known includes fraudulent matchable contribution claims;

(ii) the misrepresentation by the candidate of a material fact in any submission of such documentation or information to the PCFB;

(iii) the falsifying or concealment of any such documentation or information;

(iv) the use of public funds to make or reimburse campaign expenditures that the candidate knew or reasonably should have known were fraudulent;

(v) coordination, as defined in section 14-107 of the Election Law, in alleged independent expenditures, whereby material or activity that directly or indirectly assists or benefits a candidate's nomination or election, which is purported to be paid by independent expenditures, was in fact authorized, requested, suggested, fostered, or cooperated in by the candidate; and

Filed Aug. 30, 2022 eff. Sept. 14, 2022 (Register dated September 14, 2022).

Section 6221.9. Eligibility Criteria

(a) In order to qualify for funds pursuant to Title 2 of Article 14 of the Election Law, the candidate must:

(1) be a candidate for a covered election;

(2) meet all of the requirements to appear on the ballot as provided in Articles 1 and 6 of the New York State Election Law and appear on the ballot;

(3) In the case of a covered general, primary or special election, be opposed by another candidate on the ballot who is not a write-in candidate;

(4) submit an application and certification as provided for in section 6221.7 of this part and be certified as a participating candidate by the PCFB;

(5) not make, and not have made, expenditures from their personal funds or property or the personal funds or property jointly held with their spouse, or unemancipated children in connection with the candidate's nomination for election or election to a covered office; provided, however,

that the candidate may make a contribution to their authorized committee in an amount that does not exceed three times the applicable contribution limit from an individual contributor to candidates for the office that the candidate is seeking. Further, a candidate may not loan their committee funds in excess of three times the applicable contribution limit from an individual contributor to candidates for the office that the candidate is seeking.

(6) meet the threshold for eligibility outlined in section 6221.11 of this part;

(7) continue to abide by all requirements during the post-election period including audits and repayments to the fund as required by the PCFB;

(8) not have accepted contributions in amounts exceeding the contribution limits set forth for candidates in paragraphs a and b of subdivision 1 of section 14-114 of the Election Law during the election cycle which the candidate seeks funds;

i. However, if a candidate accepted contributions exceeding such limits prior to being certified for participation in the program, such acceptance shall not prevent the candidate from being certified by the PCFB if the candidate pays to the fund or returns to the contributor the portion of any contribution that exceeded the applicable contribution limit prior to them being certified to participate in the program.

a. If a candidate issues a refund for such portion of a contribution after the contribution has been deposited in the committee's account, the contribution and corresponding refund must be documented and reported to the PCFB. The documentation must demonstrate that the refund cleared the committee account and was cashed or deposited by the contributor.

b. If a candidate pays to the fund such portion of a contribution, the contribution and payment to the fund must be documented and reported to the PCFB. The documentation must demonstrate that the payment cleared the committee account and was received by the fund.

ii. If the candidate is unable to return such funds within a reasonable time of the submission of a certifica-

tion form, because their campaign funds have already been depleted, acceptance of contributions exceeding the limits shall not prevent the candidate from being certified for participation by the PCFB if prior to that certification the candidate submits an affidavit agreeing that such amount shall be deducted from any matching payments due to them until such amount is fully accounted for. Such reduction of funds for repayment shall occur at a rate of twenty-five percent until the total amount of the excess contributions is repaid to the fund.

a. If a candidate pays to the fund the portion of contributions exceeding the limit, the contribution and payment to the fund must be documented and reported to the PCFB. The documentation must demonstrate that the payment cleared the committee account and was received by the fund.

Filed Aug. 30, 2022 eff. Sept. 14, 2022 (Register dated September 14, 2022).

Section 6221.10. Retaining Funds

(a) A candidate or political committee who retains funds lawfully raised during any previous election cycle is not required to forfeit such funds in order to participate in the public campaign finance program. Funds raised during a previous election cycle may be retained and used subject to the limitations in this section by the committee or candidate for the candidate's campaign in the next election cycle, but funds shall not qualify for satisfying the threshold for participating in the public campaign finance program; nor shall they be eligible to be matched. The date that such funds shall be considered funds from the previous election cycle shall be on or before Election Day in the year such contributions were made.

(b) Contributions received and expenditures made by the candidate or an authorized committee of the candidate prior to the effective date of title 2 of Article 14 of the Election Law shall not constitute a violation of such title. Unexpended contributions shall be treated the same as the campaign funds highlighted under subdivision (a) of this section.

(c) A candidate who has raised matchable contributions but, in the case of a covered primary, general or special

election, is not opposed by another candidate on the ballot who is not a write-in candidate, or who chooses not to accept matchable funds, may retain such contributions and apply them in accord with this title to the candidate's next campaign, should there be one, in the next election cycle. Such funds shall not qualify for satisfying the threshold for participating in the public campaign finance program; nor shall they be eligible to be matched.

Any organization, other than the selected host, that simultaneously broadcasts the debate after receiving the consent of the host shall not automatically be deemed a host of such debate. Hosting of a debate may only be granted by the board. Further, such broadcast plan shall provide for a livestream of the debate on the internet at no cost to the public.

(iii) Any broadcast plan shall provide for plans for accessibility to the debate location and presentation of said debate for persons with disabilities, including, but not limited to, live closed captioning as well as American Sign Language interpretation of the debate.

(iv) Each debate held pursuant to these provisions shall be broadcast simultaneously, to the extent technologically practicable and in accordance with federal law and the rules and regulations of the federal communications commission. Additionally, debates shall be made

Upon a determination by the PCFB that a participating candidate inexcusably fails to participate in any debate required under this section before an election, the candidate shall potentially be ineligible to receive any further matching funds for that election and may also be fined or sanctioned for such failure. For purposes of this subdivision, each primary or general election shall be considered a separate election. In each such matter, as a basis for the vote, staff shall prepare a memorandum to the Board outlining the issue(s), making a recommendation for opening or not opening the investigation. The action taken by the board on the staff's recommendation and the rationale for that action, along with any alterations or modifications made by the Board, redacting any identifying information, shall be reflected in the executive session minutes, and shall be made part of the record, along with of the vote of each member of the board, subject to 6221.40 (f) regarding complaints.

Rejection of a complaint shall not prevent the PCFB from investigation, on its own initiative, of any portion of a complaint received if it deems it appropriate to do so.

(3) Upon receipt of notice from the PCFB, the subject(s) of a complaint ("respondent(s)") shall have twenty (20) business days from the date the notice was sent to the respondent(s) to submit to the board a written answer to

the allegations contained in the complaint and described in the notice; provided, however, that the time in which a respondent(s) has to respond to such notice and provide a written answer may be less than twenty business (20) days for a complaint that is received less than ninety (90) days before an election in which the respondent is a candidate. A determination to open an investigation shall be made upon a majority vote of the board.

(i) If the respondent fails to answer a notice of complaint, the PCFB shall do whatever due diligence it deems necessary in order to make its determination on whether to open an investigation into the allegations contained in the complaint or whether such complaint shall be dismissed based on the information it possesses and that which is contained in the complaint.

(e) ¹At no time shall public funds be used or earmarked for paying any fees associated with any action being maintained pursuant to this title.

(f) The PCFB shall keep confidential all complaints, notice to candidates, candidates' answers, and facts about investigations related thereto until the complaint is dismissed pur-

The PCFB may grant an additional 30 days upon a showing of need. Section 6221.43. Hearing Officers

(a) Hearings requested by a candidate or political committee shall be presided over by a Hearing Officer.

(b) Hearing Officers shall be selected from the panel of hearing officers that are appointed pursuant to section 3-104 of the Election Law and 9 NYCRR 6218.2.

(c) A Hearing Officer shall be assigned randomly to a particular matter. Such random assignment process shall be administered by the co-directors of the PCFB or their designees and shall occur upon each matter. For each assignment, all approved Hearing Officers shall be randomly listed, and the assignment shall be offered in the order of the list until an available Hearing Officer shall accept the assignment.

(d) Hearing Officers shall exercise, to the extent consistent with Article 14 of the Election Law and the Rules, Regulations and Opinions of the PCFB, the powers and obligations

of presiding officers as defined by the State Administrative Procedure Act (SAPA), in addition to such other powers and obligations as the Election Law and this part shall provide.

(e) A Hearing Officer's remuneration, working conditions, case assignments, discipline or removal, shall not be based in any way on how a Hearing Officer's rulings, decisions or other actions favor or disfavor any party. There shall not be established any quotas or similar expectations for any Hearing Officer that relate in any way to how the Hearing Officer's rulings, decisions or other actions favor or disfavor the PCFB or any other party.

(f) In any pending adjudicatory proceeding, the Hearing Officer may not be ordered or otherwise directed to make any particular finding of fact, to reach any particular conclusion of law, or to make or recommend any specific disposition of a charge, allegation, question or issue by any party or other person.

(g) Unless otherwise authorized by law, a Hearing Officer shall not communicate in connection with any issue that relates in any way to the merits of an adjudicatory proceeding pending before such officer with any person except upon notice and opportunity for all parties to participate. A Hearing Officer may, however, communicate with staff of the State Board of Elections as expressly permitted by subdivision 2 of section 307 of the State Administrative Procedure Act.

(h) A Hearing Officer shall not participate in any proceeding to which they are a party; in which they have been attorney, counsel or representative; in which they are interested; or if they are related by consanguinity or affinity to any party to the controversy. A Hearing Officer shall recuse themselves from any case in which they believe that there is, or there may be perceived to be, a conflict of interest or colorable question as to their impartiality.

Section 6221.44. Hearing Procedure

(a) When a candidate, treasurer or political committee requests a hearing, the PCFB shall request the assignment of

a Hearing Officer from the SBOE, serve a Notice of Hearing and the Report of the PCFB (“Report”) upon the respondents and provide the Report to the assigned Hearing Officer. The Report, which is also the Complaint initiating the adjudicatory process, shall consist of:

- (1) a statement of the legal authority and jurisdiction under which the proceeding is to be held;
- (2) a reference to the particular sections of the statutes, rules, regulations or opinions of the PCFB involved;
- (3) a plain and concise statement of the facts constituting the alleged violation of the Election Law;
- (4) a statement and citation indicating the penalty that has been determined;
- (5) a statement that interpreter services are available if needed.

(b) The Notice Hearing shall provide the respondent at least ten (10) business days from the date of service in which to file a written Answer to the Report. The notice shall state that the matter will be decided on the submitted papers unless the Respondent requests an in-person hearing in their written Answer. The notice shall state failure to answer may constitute a default determination in PCFB’s favor.

(c)(1) The Notice of Hearing shall be served by personal service consistent with the Civil Practice Law and Rules or by certified mail; and, if known by the PCFB, supplemented by electronic mail of the Respondents. When by certified mail, service shall be complete when the notice of hearing and report are received by respondent.

- (2) Every Notice of Hearing shall be served with a copy of these rules, a plain language summary of these rules, a copy of articles 3, 4 and 5 of the State Administrative Procedure Act and relevant definitions under section 102 of the State Administrative Procedure Act.

(d) Every party shall be accorded the right to appear in person or by or with counsel, at their own expense.

(e) Respondent shall serve an Answer within ten (10) business days after service of the Notice of Hearing and Report. Such Answer may dispute the report of charges and interpose affirmative defenses, if any. If the respondent fails

to answer, a default determination may be entered upon motion by the PCFB; provided, however, that the Hearing Officer may entertain untimely filings of an Answer by the candidate or political committee upon a showing of good cause. The PCFB, on notice to the Hearing Officer, may consent to an extension of time for respondent to answer the Report. Such request shall be in writing to an address so designated by the PCFB for such purpose and must be received no later than the close of business on the 5th business day after service of the Notice of Hearing and Report. If the PCFB denies the request for an extension, the Hearing Officer may grant such extension for good cause shown.

(f) The Hearing Officer shall, if an in-person hearing is requested in the Answer, coordinate the date of the hearing with PCFB staff and then notify the respondent of the date and time of the hearing by mail and, if provided, email. The date of the hearing shall be not less than seven (7) business days after the receipt of the Answer.

(g) The Hearing Officer assigned shall set the time at which a hearing shall be held, and shall grant or deny adjournments or continuations thereof. To the extent practicable, adjournments shall be scheduled by the Hearing Officer upon consultation with all participants. Notices of adjournment or continuation shall be transmitted directly to the parties by the Hearing Officer, with Notice provided to the PCFB.

(h) At the discretion of the Hearing Officer, conferences may be held for the formulation and simplification of issues, the possibility of obtaining admissions or stipulations of fact and of admissibility and authenticity of documents, the order of proof and of witnesses, discovery issues, legal issues, pre-hearing applications, scheduling, and settlement of the case.

(i) Other than conferences, all proceedings shall be open to the public.

(j) All adjudicatory proceedings will be conducted in accordance with the State Administrative Procedure Act, the Election Law, rules, regulations and opinions of the PCFB and all other applicable legal authority. Such law, regula-

tions, opinions and authority shall, as relevant, be binding on all determinations and findings of the Hearing Officer. In all instances, due process of law will be observed, including the creation of a transcription of any hearing, which shall be done via audio recording.

(k) A respondent may request the Hearing Officer to direct the PCFB to provide a more definite statement or particularization of an alleged violation in the Report. If the Hearing Officer determines such request is reasonable, the Hearing Officer shall direct the PCFB to provide a more definite statement within a reasonable time frame.

(l) Upon request, an in-person hearing may be held by telephone; video conference; or in person, at the Hearing Officer's discretion.

(m) The strict rules of evidence do not apply to administrative proceedings under this Part.

(n) If a party requires a subpoena to produce a witness or necessary materials for the specific purpose of an adjudicatory hearing conducted pursuant to this Part, an application for a subpoena may be made to the Hearing Officer and, upon good cause shown, shall be issued by the Hearing Officer as provided for by the State Administrative Procedure Law.

(o) Any person compelled to appear or who voluntarily appears before a Hearing Officer as a witness shall be accorded the right to be accompanied, represented and advised by counsel.

(p) The Hearing Officer shall make findings of fact and conclusions of law ("Determination") based on a preponderance of the evidence as to whether a violation has been established and, if so, who is responsible for such violation. If it is determined that a violation has occurred, any penalty associated shall be consistent with 6221.45 and 6221.46 of this Title. The determination of the Hearing Officer shall be forwarded to the PCFB with a copy thereof being forwarded to the respondent(s) by certified mail and email.

(q) Any party may submit proposed findings of fact within time limitations set by the Hearing Officer. Such findings of fact shall be captioned, and shall be consecutively numbered

and shall be typed legibly on plain, white bond, standard weight paper, 8 1/2 × 11 inches in size, or electronically, at the discretion of the Hearing Officer. Such proposed findings of fact shall recite basic facts and not evidentiary facts and shall not be conclusions of law. A basic fact would be “John Jones visited Syracuse,” and not “John Jones testified that he visited Syracuse,” which is an evidentiary fact. A conclusion of law would be “John Jones has demonstrated untrustworthiness within the meaning of section 441-c of the Real Property Law.” In general, it is expected that the complaint will allege the basic facts which would otherwise be contained in a statement of proposed findings of fact. In accordance with section 307(1) of the State Administrative Procedure Act, the person assigned to render a decision will rule on each finding of fact. Such decision maker will do so by marking the instrument setting forth the proposed findings of fact a part of the decision and noting in the margin thereof the ruling, i.e., “Found,” “Not Found,” “Irrelevant,” “Evidentiary,” “Conclusion of Law,” which rulings may be abbreviated meaningfully. The body of the decision will contain such findings of fact as the decision maker deems relevant, but need not be expressed in the same language as presented in the proposed findings.

(r) Except by consent of the parties, every adjudicatory proceeding under this Part shall be brought to completion by the issuance of the Hearing Officer’s findings of fact and conclusions of law within thirty (30) days after, as applicable:

- (1) the date of the hearing; or
- (2) if no hearing was held, the date the Answer was served; or
- (3) if no Answer is served, the date the Answer was due.

(s) A failure of the Hearing Officer to observe the time limitations established by this section shall be reviewable under article 78 of the Civil Practice Law and Rules in a proceeding in the nature of mandamus.

(t) The PCFB may, in the exercise of discretion, enter into settlement agreements with willing respondents, provided such provisions are not contrary to law or the rules, regula-

tions and relevant opinions of the PCFB. Settlement agreements shall be entered into on a fair, equitable and uniform basis without regard to the status of the respondent who is the subject of the Report. If a settlement agreement is entered into before the Hearing Officer makes findings of fact, such settlement agreement shall, in accordance with its terms and conditions, constitute a final administrative disposition of the adjudicatory proceeding and shall be brought before the PCFB for final approval

(u) Determinations of the Hearing Officer shall be forwarded to the commissioners of the PCFB. The commissioners may accept the Hearing Officer's determination, or may alter such determination based on the record presented if it is found that an error has been made in the finding of fact or application of the law or these rules and regulations. If the commissioners alter the hearing officer's determination, it shall provide a written justification explaining the rationale for such alteration. Such written justification shall be provided to the respondent of the hearing.

(v) The PCFB shall provide written notice of the final determination to the respondents via certified mail and electronic mail.

(w) The PCFB shall be responsible for the costs of administering hearings. This shall not include any expenses of any complainant or respondent to the hearing.

Section 6221.45. Penalties and Fines; Assessment, Settlement or Payment

(a) Upon a determination by the PCFB commissioners that a violation occurred, pursuant to section 6221.44(u) of this part, or through a final audit report pursuant to section 6221.27, a fine shall be issued against the committee, candidate and/or treasurer, as applicable, consistent with the schedule provided in section 6221.46 of this part; provided, however, that a penalty or fine above the standard amount may be recommended to the PCFB for imposition if the violation is found to have been knowing or willful.

(b) PCFB staff shall have the discretion to issue no penalty in cases of de minimis violations. For purposes of this section, de minimis violations shall include, but not be limited to, violations with an aggregate penalty of \$300 or less. Such matters shall be noted in the committee's record, and shall be referred for training.

(c) The PCFB shall use the standard penalty schedule in Part 6221.46 to determine penalties for violations of Article 14 of the Election Law and the rules of this Title. This schedule provides standard penalties for such violations.

(d) Failure to file required campaign finance statements or the failure to repay public matching funds for which it is found that the candidate was not eligible to receive shall be issued a fine consistent with section 6221.46 of this part.

(e) Treasurers, the authorized committee, and in certain instances as set out in the statute, the Candidate, may be held jointly and severally liable for the payment of penalties or the repayment of funds.

(f) Satisfaction of any penalty or fine issued by the PCFB, future payments may be reduced, prior payments may be recouped and/or a special proceeding or civil action may be instituted pursuant to section 14-209 of the Election Law to obtain a judgment. Upon its discretion, the PCFB may also settle any fines and penalties in a final determination.

Filed Aug. 30, 2022 eff. Sept. 14, 2022 (Register dated September 14, 2022).

Section 6221.46. Standard Penalties

(a) The schedule of penalties in this section shall only apply to the election cycles between November 9, 2022 through November 3, 2026, and shall not be applicable to future election cycles. Subsequently, the PCFB shall adopt regulations adopting a schedule for future election cycles.

(b) Accepting a contribution of more than \$5,000 from a corporation, limited liability company (LLC), or partnership is prohibited.

If the overage was returned on or before the cure provision provided by the PCFB or, if an extension is granted, by the new deadline	If the overage was returned no later than thirty-days of the date of the notification from PCFB	If returned later than the thirty-days of the date of the notification from PCFB or not returned at all
No penalty shall be issued	The greater of \$125 or 25% of the amount of the overage	The amount of the overage, plus the greater of: 1) \$250 or 2) 50% of the amount of the contribution

(c) Campaigns are prohibited from accepting contributions (monetary or in-kind) in excess of the applicable contribution limit. No violation shall be issued if the overage is returned by the first deadline provided by the PCFB (or, if an extension is granted, by the new deadline).

If the overage was returned on or before the cure provision provided by the PCFB or, if an extension is granted, by the new deadline	If the overage was returned no later than thirty-days of the date of the notification from PCFB	If returned later than the thirty-days of the date of the notification from PCFB or not returned at all
No penalty shall be issued	The greater of \$250 or 50% of the amount of the overage	The amount of the overage, plus the greater of: 1) \$250 or 2) 50% of the amount of the contribution

(d) Campaigns are prohibited from accepting contributions from anonymous sources. No penalty shall be issued if disgorgement is made by the first deadline provided by the PCFB (or, if an extension is granted, by the new deadline),

If disgorgement on or before the cure provision provided by the PCFB or, if an extension is granted, by the new deadline	If disgorgement was returned no later than thirty-days of the date of the notification from PCFB	If disgorged later than the thirty-days of the date of the notification from PCFB or not returned at all
No penalty shall be issued	The greater of \$250 or 50% of the amount of the contribution	The amount of the overage, plus the greater of: 1) \$250 or 2) 50% of the amount of the contribution

(e) Campaigns are required to file timely and substantially complete disclosure statements on scheduled dates. Filing

late Disclosure Statements shall be issued penalties as follows:

	Assembly, Senate	Lieutenant Governor, Attorney General, Comptroller	Governor
Daily Penalty	\$50	\$100	\$200

provided, however, that such penalties shall be capped at the failure to file penalty below, in which such violation shall be considered a failure to file.

(f) A statement that is not filed by the due date of the next statement shall be considered a “failure to file.” Any otherwise matchable contributions contained within that filing when made, or that are received during the applicable timeframes for reporting on that filing, shall be excluded from being matched. In addition, a fine of (see below) shall be imposed.

	Assembly, Senate	Lieutenant Governor, Attorney General, Comptroller	Governor
	\$1,000	\$3,500	\$5,000

(g)(1) Campaigns are required to maintain all receipts and to provide bank records, including bank statements and deposit slips, to substantiate their reporting upon request.

(2) Campaigns shall report all financial transactions in disclosure statements filed according to the schedule provided by the Board. If further documentation regarding receipts and/or expenditures is requested, a committee shall provide the requested documentation within 10 days of such request; provided, however, that if a request for documentation is made within 30 days of an election or post-election, a committee shall have 2 days to provide the requested documentation.

(i) If further documentation regarding receipts or expenditures is requested by the PCFB pursuant to paragraph (2) of subdivision (g) of this section, and upon review thereof it is found a discrepancy exists in what is reported and what should have been reported during a particular timeframe, the committee shall be given two (2) days to amend the filings to be compliant and shall be assessed a penalty in the amount of 5% of the total

funds that should have been reported as received or expended on any particular report; provided, however, that the penalty shall be 20% of the total funds that should have been reported as received or expended on any particular report if such report was to be filed within 30 days of election day.

(ii) In the event that a campaign fails to provide the requested documentation, such campaign shall be suspended from further participation in the program until such documents are provided, or an adequate explanation of why they cannot be provided is given.

(iii) If the filings are not amended to be compliant within the time frame provided, in addition to the penalty provided for in subparagraph (i) of this paragraph, an additional penalty in the amount of 10% of the total amount received or expended shall be imposed, and such failure to amend a filing shall be deemed a failure/late filing and the applicable penalties provided for by this section shall be assessed. For purposes of assessing a penalty, the filing due date shall be considered the last day to amend the filing pursuant to this paragraph.

(iv) In the event that the board staff, in consultation with the campaign, determines that the reporting error was an error in entering the information or another type of minor transcription error, the fine may be waived.

(h) Campaigns are required to report the occupation, employer, and business address of each contributor whose total contributions exceed \$99. Each filer shall be given notice on the first two filings that contain less than 5 of these omissions. After those two notices for any filing missing this required information the standard penalty for this violation is \$2 per contribution for any required information was not provided.

(i) Campaigns are prohibited from converting campaign funds to a personal use, as prohibited under section 14-130. The standard penalty for purchasing goods or services for personal use that total less than Two Thousand Five Hundred (\$2,500.00) Dollars, such as personal or household items shall be 125% of the amount spent, in addition to the return of that amount to the campaign. However, for conver-

sion of campaign funds to a personal use the value of which is greater than Two Thousand Five Hundred (\$2500.00) Dollars, the Board shall assess a penalty of up to Five Thousand (\$5,000.00) Dollars per violation and require the candidate to return all public funds previously received pursuant to a finding of breach of certification. In addition, a referral to law enforcement shall be made.

(j) Campaigns are required to use funds for campaign related expenditures. The standard penalty for noncampaign related expenditures (other than personal use) is 25% of the amount of the transactions.

(k) After an election and before repaying leftover campaign funds to the Board, participants may spend campaign funds only to pay campaign-related expenses incurred in the preceding election and for “routine activities involving nominal cost associated with winding up a campaign and responding to the post-election audit.” The standard penalty for this violation is the amount of transactions at issue. The penalty may be increased to 125% of the amount of the transactions if either 1) the expenditures are in the form of excessive additional payments to pre-election staff (e.g., a staff member’s pay rate during the post-election period increases significantly from their pre-election pay rate without sufficient explanation) after a hearing is held, or 2) the amount of the expenditures is 25% or more of the amount that the campaign would otherwise be required to repay in public funds.

(l) Campaigns must comply with the “paid for by” requirements under section 14-106 of the Election Law. If a campaign has been found to violate 14-106 of the Election Law, it shall be subject to the standard penalty of the lesser of Five Hundred (\$500.00) or 25% of the cost of the communication. If the communication does contain a “paid for by” or “authorized by” notice that is not of a “conspicuous size and style” or clearly spoken, the standard penalty is the lesser of Fifty (\$50.00) Dollars or 10% of the cost of the communication.

(n) Prior to or during an audit, campaigns are required to provide copies of bank, credit card, and merchant account statements, for all accounts used for each election. The

standard penalty for failing to provide bank or credit card statements within the allotted time frame is: One hundred (\$100.00) Dollars per statement for candidates for the Senate and Assembly; Two Hundred (\$200.00) Dollars per statement for candidates for lieutenant governor, attorney general, and comptroller; and Two Hundred Fifty (\$250.00) Dollars per statement for candidates for governor. The standard penalty for failing to provide merchant account statements is Fifty (\$50.00) Dollars per statement. Such statement may be waived if the PCFB staff are convinced that the campaign has made all efforts to obtain such statement but has been unable to do so. The criteria for "all efforts made" shall be outlined by the PCFB and shall be applied equally to all such waiver requests.

(o) Campaigns are prohibited from accepting cash contributions in the aggregate from a contributor greater than One Hundred (\$100.00) Dollars. The standard penalty for this violation is 25% of the overage plus the amount of the overage. If the over-the-limit portion is refunded, the penalty is 25% of the overage.

(p) Campaigns are required to maintain records, such as copies of checks, invoices, and bank records, to verify financial transactions reported in disclosure statements, and campaigns are required to provide such records to the Board upon request and to respond to specific questions regarding compliance with PCFB rules. If campaigns provide such documentation late, the penalty shall be Fifty (\$50.00) Dollars per day late, up to the greater of 2% of public funds received or Five Hundred (\$500.00) Dollars. If the campaign fails to respond, the penalty shall be the greater of 10% of public funds received, up to Fifteen Thousand (\$15,000.00) Dollars, or One Thousand (\$1,000.00) Dollars.

(q) If after a hearing the PCFB finds that there has been material misrepresentation, fraud, or submission of false or fictitious information, it shall cancel the candidate certification to participate and require the campaign to return all public funds previously received. Additionally, the campaign shall be fined up to Fifteen Thousand (\$15,000.00) Dollars and refer all such campaigns and candidates found to have knowingly participated in such fraud to law enforcement.

(r) Participating candidates for statewide office are required to participate in debates held pursuant to section 6221.34 of this part. In addition to civil penalties, a candidate who fails to participate in a required debate shall be liable for the return of any public funds previously received and shall be ineligible to receive additional public funds for the current election, unless the PCFB determines that the failure to debate occurred under circumstances beyond the control of the candidate. The standard penalty for this violation is the greater of \$1,000 or 2% of aggregate matchable contributions, up to a maximum of \$15,000.

(r) ¹Nothing in this section shall preclude the PCFB from issuing a fine or penalty for a violation of Article 14 of the Election Law or these regulations that is not listed in this schedule.

(u) ¹A penalty above the standard amount may be issued if the violation is found to have been willful or the result of reckless disregard for the law. If a penalty is determined to be above the standard amount, the candidate and political committee will be informed of the reason for the increase in the enforcement notice and will be given an opportunity to respond to the allegation that it acted willfully or with reckless disregard for the law.
