Petition	Shiva Ayyadurai et al	Electors for President and Vice President of the United States		Dr. Shiva	Insufficient Signatures: Petition contains an insufficient number of potential signatures. A maximum number of 845 signatures are possible on the petition (i.e. number of pages multiplied by maximum number of signatures possible on the page) which is less than the 45,000 signatures required on an independent nominating petition for a statewide office. No Congressional District Distribution Schedule: The petition was not filed with the distribution schedule required by Election Law 6-142 and 9 NYCRR 6215.2 (d) (requiring schedule "which sets forth the volume and page number or each sheet on which signatures appear of at least five hundred or one per centum, whichever is less, of voters in each of at least one-half of the congressional districts of the state.")	Invalid Petition	Off
Petition	Jill Stein et al	Electors for President and Vice President of the United States		Green Party	Insufficient Signatures: Petition contains 34,120 claimed timely filed signatures, which is less than the 45,000 signatures required on an independent nominating petition for a statewide office. Untimely: Volumes: 24-157 - 24-169, and 24-171 - 24-173, were filed by mail and thus received untimely and are invalid for this additional reason. Failure to List Electors: The petition failed to list any electors and is invalid for that reason. Subsequent to filing the petition, a separate filing of a certificate naming electors was made which is not curative and a legal nullity.	Invalid Petition	Off
Petition	Cornel West et al	Electors for President and Vice President of the United States		Justice for All	Insufficient Signatures: Petition contains an insufficient number of potential signatures. A maximum number of 3,150 signatures are possible on the petition (i.e. number of pages multiplied by maximum number of signatures possible on the page) which is less than the 45,000 signatures required on an independent nominating petition for a statewide office. No Congressional District Distribution Schedule: The petition was not filed with the distribution schedule required by Election Law 6-142 and 9 NYCRR 6215.2 (d) (requiring schedule "which sets forth the volume and page number or each sheet on which signatures appear of at least five hundred or one per centum, whichever is less, of voters in each of at least one-half of the congressional districts of the state."). Failure to List Electors: The petition failed to list any electors and is invalid for that reason. Subsequent to filing the petition, acceptances for electors were filed but are a nullity as there is no nomination to which such acceptances relate.	Invalid Petition	Off
Petition	Larry Sharpe et al (and substituted candidate Chase Oliver et al)	Electors for President and Vice President of the United States		Libertarian Party	Insufficient Signatures: Petition contains 2,863 claimed signatures, which is less than the 45,000 signatures required on an independent nominating petition for a statewide office. Insufficient Congressional District Distribution Schedule: The distribution schedule required by Election Law 6-142 and 9 NYCRR 6215.2 (d) (requiring schedule "which sets forth the volume and page number or each sheet on which signatures appear of at least five hundred or one per centum, whichever is less, of voters in each of at least one-half of the congressional districts of the state.") was submitted in insufficient format. Invalidation Extends to Substituted Candidates: A petition invalid as initially filed is invalid as to any substituted candidates. Accordingly the facial invalidity of the initially filed petition extends to candidates substituted.	Invalid Petition	Off
